## Limited Review Report on Unaudited Quarterly Standalone Financial Results of Thomas Cook (India) Limited under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

## To the Board of Directors of Thomas Cook (India) Limited

- 1. We have reviewed the accompanying Statement of unaudited standalone financial results of Thomas Cook (India) Limited ("the Company") which includes financial information of Thomas Cook (India) Limited Employee Trust for the quarter ended 30 June 2021 ("the Statement").
- 2. This Statement, which is the responsibility of the Company's management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "*Interim Financial Reporting*" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to issue a report on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
- 4. Attention is drawn to the fact that the figures for the 3 months ended 31 March 2021 as reported in these financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.
- 5. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with applicable accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. Emphasis of Matter

We draw attention to Note 10 to the standalone financial results, which describes the possible effect of uncertainties relating to COVID-19 pandemic on the Company's financial performance as assessed by the management.

10 The lockdowns and restrictions imposed on various activities due to COVID–19 pandemic have posed challenges to all the businesses of the Company and its subsidiaries and associates. The initial lockdown guidelines issued by Central/State governments mandated cessation of air traffic and other forms of public transport as well as closure of hotel operations; while these restrictions have been relaxed over the past few quarters, the second wave of the pandemic has been a serious hindrance to normalisation of business in India. However, the Company has been able to restart some of its businesses in the foreign exchange and domestic ticketing & leisure travel segments in India. The Company expects operations to normalise in a phased manner after the lockdown is fully lifted, a sizeable portion of the population gets vaccinated and the confidence of corporates / travellers is restored. The Company has assessed the impact of COVID-19 on the carrying amount of its assets and revenue recognition. In developing the assumptions relating to the possible future uncertainties, the Company, as on date of approval of these standalone financial results has used internal and external sources of information to the extent available. The Company, based on current estimates and information, expects the carrying amount of these assets to be recovered.

The Company has also assessed the impact for existing and anticipated effects of COVID-19 on the future cash flow projections on the basis of significant assumptions as per the available information. The Company has undertaken various cost saving initiatives to maximise operating cash flows and conserve cash position in the given situation. The Company has raised funds through issuance of Optionally Convertible Cumulative Redeemable Preference Shares and has liquidity to meet its commitments. In addition to this, funds are expected to be generated from the operating activities as business picks up and stabilises.

Based on aforesaid assessment, management believes that as per estimates made conservatively, the Company will continue as a going concern. The Company continues to monitor any material changes to its COVID-19 impact assessment, resulting from the future economic conditions and future uncertainty, if any.

13 The lockdowns and restrictions imposed on various activities due to COVID-19 pandemic have posed challenges to all the businesses of the Group and associates. The initial lockdown guidelines issued by Central/State governments mandated cessation of air traffic and other forms of public transport as well as closure of hotel operations; while these restrictions have been relaxed over the past few quarters, the second wave of the pandemic has been a serious hindrance to normalisation of business in India. However, the Company has been able to restart some of its businesses in the foreign exchange and domestic ticketing & leisure travel segments in India. Further, in some of territories where the Group operates notably in Middle East and USA the business volumes have started picking up. The Company expects operations to normalise in a phased manner after the lockdown is fully lifted, a sizeable portion of the population gets vaccinated and the confidence of corporates / travellers is restored. The Company has assessed the impact of COVID-19 on the carrying amount of its assets and revenue recognition. In developing the assumptions relating to the possible future uncertainties, the Company, as on date of approval of these standalone financial results has used internal and external sources of information to the extent available. The Company, based on current estimates and information, expects the carrying amount of these assets to be recovered.

The Company has also assessed the impact for existing and anticipated effects of COVID-19 on the future cash flow projections on the basis of significant assumptions as per the available information. The Company has undertaken various cost saving initiatives to maximise operating cash flows and conserve cash position in the given situation. The Company has raised funds through issuance of Optionally Convertible Cumulative Redeemable Preference Shares and has liquidity to meet its commitments. In addition to this, funds are expected to be generated from the operating activities as business picks up and stabilises.

Based on aforesaid assessment, management believes that as per estimates made conservatively, the Company will continue as a going concern. The Company continues to monitor any material changes to its COVID-19 impact assessment, resulting from the future economic conditions and future uncertainty, if any.
