INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF TC VISA SERVICES (INDIA) LIMITED

Report on Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **TC Visa Services (India) Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("the Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit (including other comprehensive income), its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing ("the SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in report of board of directors but

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

does not include the standalone financial statements and our auditor's report thereon. The report of board of directors is expected to be made available to us after the date of this report.Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraphs 3 and 4 of the Order.

2. As required by section 143 (3) of the Act, we report that:

   (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (ii) In our opinion and to the best of our information and according to the explanations given to us proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   (iii) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;

   (iv) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act, read with relevant rules issued thereunder and relevant provisions of the Act;

   (v) On the basis of the written representations received from the directors as on March 31, 2026 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of section 164(2) of the Act;

   (vi) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";

   (vii) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

   In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid remuneration to its directors during the year. Accordingly, the provisions of section 197 of the Act are not applicable to the Company; and

   (viii) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, as

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

amended, in our opinion and to the best of our information and according to the explanations given to us:

a) The Company has disclosed the impact of pending litigations on its financial position in note no. 20 of its standalone financial statements;

b) The Company did not have any material foreseeable losses on long-term contracts including derivative contracts;

c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

d) (i) The Management has represented that, to the best of its knowledge and belief, as stated in Note No. 24, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The Management has represented, that, to the best of its knowledge and belief, as stated in Note No. 24, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(iii) Based on the audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above, contain any material mis-statement;

e) The interim dividend declared and paid by the Company during the year and until the date of this audit report is in accordance with section 123 of the Act; and

f) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and that has operated throughout the

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and has been preserved by the company in accordance with statutory record retention requirements to the extent it was enabled and recorded in the prior year.

Annexure A to the Independent Auditor's Report

Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on the standalone financial statements for the year ended March 31, 2026 :

To the best of our information and according to the explanation provided to us by the Company and the books of account and records examined by us in the normal course of our audit, we state that:

(i) (a) to (d) The Company does not have any property, plant and equipment and hence provision of paragraph 3(i)(a) to (d) of the Order is not applicable; and

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.

(ii) (a) The Company's nature of operations does not require it to hold inventories. Consequently, paragraph 3(ii)(a) of the Order regarding physical verification of inventories and maintenance of records is not applicable; and

(b) During the year, the Company has not been sanctioned any working capital limits. Accordingly, reporting under paragraph 3(ii)(b) of the Order is not applicable.

(iii) (a) to (f) During the year, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, reporting under paragraph 3(iii)(a) to (f) of the Order are not applicable to the Company.

(iv) The Company has not granted any loan, made investment or provided guarantee or security to the parties covered under section 185 and 186 of the Act. Therefore, paragraph 3(iv) of the Order is not applicable to the Company.

(v) In our opinion and according to the information and explanation given to us, the Company has not accepted deposits or amounts which are deemed to be deposits therefore, the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under are not applicable to the Company. We have been informed by the management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard.

(vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Act, for the business activities carried

out by the Company. Hence, reporting under paragraph 3(vi) of the Order is not applicable.

(vii) (a) The Company is regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess, and any other statutory dues, as applicable, to the appropriate authorities. According to the information and explanations given to us and based on verification carried out by us on test basis, there are no arrears of statutory dues outstanding as on the last day of the financial year concerned for a period of more than six months from the date, they became payable; and

(b) The details of statutory dues as referred to in sub- paragraph (a) above which have not been deposited with the concerned authorities as on March 31, 2026, on account of dispute are given below:

(Rs. in Lakhs)

Name of the statute	Nature of dues	Amount Involved	Amount Unpaid	Period for which the amount relates	Forum where dispute is pending
Finance Act 1994	Service Tax	12.6	11.6	FY 2014-15	Commissioner Appeals

(viii) There are no transaction which are not recorded in the books of accounts and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender;

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority;

(c) The Company has not taken any terms loan. Accordingly, reporting under paragraph 3(ix)(c) of the Order is not applicable to the Company;

(d) The Company has not raised any funds on short-term basis. Accordingly, the reporting under paragraph 3(ix)(d) of the Order is not applicable to the Company; and

(e) & (f) The Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under paragraph 3(ix)(e) and (f) of the Order is not applicable.

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under paragraph 3(x)(a) of the Order is not applicable to the Company; and

(b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the current financial year. Accordingly, the reporting under paragraph 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) We have neither come across any instance of fraud by the Company or any material instance of fraud on the Company by its officers or employees, noticed or reported during the year;

(b) No report under section 143(12) of the Act has been filed during the year by the auditors in Form ADT-4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government; and

(c) There are no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under paragraph 3(xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 177 and 188 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc., as required by the applicable accounting standards.

(xiv)(a) & (b) The Company does not have an internal audit system and is not required to have an internal audit system as per provisions of the Act.

(xv) The Company has not entered into any non-cash transaction with directors. We have been informed that no such transactions have been entered into with persons connected with directors.

(xvi) (a) to (c) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under paragraph 3(xvi) (a) (b) and (c) of the Order is not applicable; and

(d) The Group does not have any CIC as part of the Group as per definition of Group contained in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence the reporting under paragraph 3(xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses during the financial year and in the immediately preceding financial year.

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

(xviii) There has been no resignation of the statutory auditors during the year and accordingly reporting under paragraph 3(xviii) of the Order is not applicable.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The provisions of section 135(5) and 135(6) of the Act are not applicable to the Company. Accordingly, the reporting under paragraph 3(xx)(a) and (b) of the Order is not applicable to the Company.

(xxi) The Company does not have subsidiary, associate or joint venture hence is not required to prepare consolidated financial statements. Accordingly, reporting on paragraph 3(xxi) of the Order is not applicable.

Annexure B to the Independent Auditor's Report

Referred to in paragraph 2(vi) under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on the standalone financial statements for the year ended March 31, 2026

Opinion

We have audited the internal financial controls with reference to the standalone financial statements of the Company as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to the standalone financial statements and such internal financial controls with reference to the standalone financial statements were operating effectively as at March 31, 2026 based on the internal controls with reference to the standalone financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for Internal Financial Controls

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of internal financial controls with reference to the standalone financial statements, assessing the risk that a material

weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the standalone financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

General Information

TC Visa Services (India) Limited (the "Company") was incorporated on August 30, 2011 with main object to render consultancy and / or advisory services in connection with obtaining / arranging visas. The Company is a wholly owned subsidiary of Thomas Cook (India) Limited. The Company commenced operations from February 1, 2013.

1 Material Accounting Policies

1.1 Basis of preparation of financial statements

(a) Statement of compliance with Ind AS

The Financial Statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') In accordance with proviso of the Rule 4A of Companies Accounting Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act as amended from time to time that are notified and effective as at 31st March, 2025.
Financial for the Year Ended March 31, 2026 is prepared based on Ind AS.

Current V/s Non-Current

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of services and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current-noncurrent classification of assets and liabilities.

(b) Historical cost convention

The Financial Statements have been prepared on a historical cost basis.

(c) Use of estimates and judgments

The preparation of Standalone Financial Information requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Information. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

1.2 Revenue Recognition

To recognize revenues, the Company applies the following five step approach:
1. identify the contract with a customer;
2. identify the performance obligations in the contract;
3. determine the transaction price;
4. allocate the transaction price to the performance obligations in the contract; and
5. recognize revenues when a performance obligation is satisfied.

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.
Revenue comprises of consultancy and / or advisory services in connection with obtaining / arranging visas. The revenue arising from providing consultancy and/or advisory services in connection with obtaining Visa clearance services is included on the basis of margins earned, since inclusion on the basis of their gross value would not be meaningful and potentially misleading as an indicator of the level of the Company's business.

Revenue is recognised when services towards obtaining /arranging Visa clearance(s) are rendered i.e. submission of relevant documents to the Consulate.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

A receivable is a right to consideration that is unconditional upon passage of time. Revenue in excess of billing is classified as Accrued Revenue and is classified as a financial asset because, in these cases, right to consideration is unconditional upon passage of time. While invoicing in excess of revenue is classified as Income received in Advance.

The Company presents revenues net of indirect taxes in its statement of profit and loss.

1.3 Other Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income is recognized when the right to receive dividend is established.

TC VISA SERVICES (INDIA) LIMITED

1.4 Taxes on Income

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Income Tax:

Income tax for the period comprises of current tax and deferred tax. Income tax is recognised in the Statement of Profit and Loss except to the extent that it relates to items recognised in 'Other comprehensive income or directly in equity, in which case the tax is recognised in 'Other comprehensive income' or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the Balance Sheet date, and any adjustments to tax payable in respect of previous years. Interest income/expenses and penalties, if any, related to income tax are included in current tax expense.

Deferred Tax:

Deferred tax is recognised using the liability method on taxable temporary differences between the tax base and the accounting base of items included in the Balance Sheet of the Company.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Certain temporary differences arising on initial recognition of assets or liabilities that affect neither accounting nor taxable profit are not recognised.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

1.5 Impairment of Assets

Financial Assets

A financial asset not carried at fair value is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

The entity considers evidence of impairment for receivables for each specific asset. All individually significant receivables are assessed for specific impairment.

1.6 Provisions and contingent liabilities

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations shall be small. Provisions are measured at the present value of management's best estimate of the expenditure require to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

TC VISA SERVICES (INDIA) LIMITED

1.7 Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cheques/drafts on hand, remittances in transit, balances with bank held in current account, demand deposits with maturities of three months or less, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are repayable on demand and form an integral part of an entity's cash management, and are included as a component of cash and cash equivalents. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.8 Trade receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Although the Company recognises the revenue relating to commission on net and agent basis, the trade receivables and trade payables are recognised on the gross value of services rendered and services received respectively.

1.9 Financial Instruments

(a) Financial assets

(i) Initial recognition and measurement

Financial assets are recognised when the entity becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value. Transaction costs are expensed in the Statement of Profit and Loss, expect for financial instruments carried at amortised cost, where transaction costs are adjusted in the amortised cost of the asset.

(ii) Subsequent Measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') on the basis of:
- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

(a) **Measured at amortised cost** : Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model with the objective of holding the assets to collect contractual cash flows, are subsequently measured at amortised cost using the effective interest rate ('EIR') method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised in the Statement of Profit and Loss.

(b)**Measured at fair value through other comprehensive income** : Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, is measured at fair value through other comprehensive income. It is subsequently measured at fair value with unrealised gains or losses recognised in the other comprehensive income ('OCI'), except for interest income which is recognised as 'other income' in the Statement of Profit and Loss using the EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

('c) **Measured at fair value through profit or loss**: A financial asset not measured at either amortised cost or FVOCI, is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company shall, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

(iii) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset On transfer of the financial asset, the Company evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

TC VISA SERVICES (INDIA) LIMITED

2.0 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.1 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.2 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs or decimals thereof as per the requirement of schedule III (division II), unless otherwise stated.

2 Critical Accounting Estimates and Judgements:

The preparation of Standalone Financial Information requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Information. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.
Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that shall have a financial impact on the Company and that are believed to be reasonable under the circumstances.

The carrying amounts of trade receivable, cash and cash equivalents, other financial assets, trade payables, other financial liabilities are considered to be the same as their fair values due to their short-term nature.

Note 15: Financial risk management

(i) Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the policies and processes. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the management is responsible for overseeing the Company's risk assessment and management policies and processes.

(ii) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for payments that are 365 days past due as it represents its estimate of expected credit loss in respect of trade and other receivables.

Cash and cash equivalents
The Company held cash and cash equivalents with credit worthy banks and financial institutions of INR 254.2 Lakhs and INR 1216.1 Lakhs as at March 31, 2026 and March 31, 2025 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company had working capital of INR 85.6 Lakhs as at March 31, 2026 and INR 1051.8 Lakhs as at March 31, 2025.

(iv) Market risk

(a) Foreign currency risk

The Company does not deal in foreign currency and hence there is no foreign currency risk exposure.

(b) Cash flow and interest rate risk

The entity does not have any borrowings with fluctuating interest rates and hence it is not exposed to interest rate risk.

(c) Price risk

The entity does not have investsment which are exposed to market fluctuations and hence it is not exposed to price risk.

Note 16: Capital management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Board of Directors, at its meeting held on 20 June, 2025 declared a interim dividend of INR 2,000 per ordinary share of INR 10 each and paid as on 24 June, 2025 for the Financial Year 2025-26.

INDEPENDENT AUDITOR'S REPORT
To the Members of TC Tours Limited

Report on Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **TC Tours Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("the Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit (including other comprehensive income), its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing ("the SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in report of the board of directors but does not include the standalone financial statements and our auditor's report thereon. The report of board of directors is expected to be made available to us after the date of this report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

G. M. KAPADIA & CO. ★ MUMBAI ★ Chartered Accountants

with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one

G. M. KAPADIA & CO. MUMBAI Chartered Accountants

resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraphs 3 and 4 of the Order.

2. As required by section 143 (3) of the Act, we report that:

   (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (ii) In our opinion and to the best of our information and according to the explanations given to us, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

G. M. KAPADIA & CO. MUMBAI Chartered Accountants

(iii) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;

(iv) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act, read with relevant rules issued thereunder and relevant provisions of the Act;

(v) On the basis of the written representations received from the directors as on March 31, 2026 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of section 164(2) of the Act;

(vi) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";

(vii) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid remuneration to its directors during the year. Accordingly, the provisions of section 197 of the Act are not applicable to the Company;

(viii) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

a) The Company does not have any pending litigations, which would impact the financial position of the Company;

b) The Company did not have any material foreseeable losses on long-term contracts including derivative contracts;

c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

d) (i) The Management has represented that, to the best of its knowledge and belief, as stated in note no. 29, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The Management has represented, that, to the best of its knowledge and belief, as stated in note no. 29, no funds have been received by the Company from any

G. M. KAPADIA & CO. ★ MUMBAI ★ Chartered Accountants

person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(iii) Based on the audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above, contain any material mis-statement;

e) The Interim dividend declared and paid by the Company during the year is in accordance with section 123 of the Act.

f) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and has been preserved by the company in accordance with statutory record retention requirements to the extent it was enabled and recorded in the prior year.

Annexure A to the Independent Auditor's Report

Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2026

To the best of our information and according to the explanation provided to us by the Company and the books of account and records examined by us in the normal course of our audit, we state that:

(i) (a) & (b) The Company does not have any property, plant and equipment and hence provision of paragraph 3(i)(a) and (b) of the Order is not applicable;

(c) The Company does not have any immovables properties except where the Company is the lessee and the lease agreements are duly executed in favour of the lessee. Hence, reporting under paragraph 3(iii)(c) of the Order is not applicable;

(d) The Company does not have any property, plant and equipment or intangible assets. The Company has not revalued its right to use assets during the year and hence, reporting under paragraph 3(iii)(d) of the Order is not applicable; and

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder;

(ii) (a) The Company's nature of operation does not require it to hold inventories. Consequently, paragraph 3(ii)(a) of the Order regarding physical verification of inventories and maintenance of records is not applicable; and

(b) According to the information and explanations given to us, and the procedures performed by us the Company has been sanctioned any working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. The quarterly statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company

(iii) (a) to (d) During the year, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties. Accordingly, reporting under paragraph 3(iii)(a) to (d) and (f) of the Order is not applicable to the Company; and

(e) The Company has not given any term loan. Accordingly, reporting under paragraph 3(iii)(e) of the Order is not applicable to the Company.

(iv) The Company has not granted any loan, made investment or provided guarantee or security to the parties covered under section 185 and 186 of the Act. Therefore, paragraph 3(iv) of the Order is not applicable to the Company.

G. M. KAPADIA & CO. MUMBAI Chartered Accountants

(v) The Company has not accepted deposits from the public and therefore, the provisions of section 73 to 76 or any other relevant provisions of the Act and rules framed thereunder are not applicable to the Company. We have been informed that no order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard.

(vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Act, for the business activities carried out by the Company. Hence, reporting under paragraph 3(vi) of the Order is not applicable.

(vii) (a) The Company is regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess, and any other statutory dues, as applicable, to the appropriate authorities. According to the information and explanations given to us and based on verification carried out by us on test basis, there are no arrears of statutory dues outstanding as on the last day of the financial year concerned for a period of more than six months from the date, they became payable; and

(b) The details of statutory dues referred to in sub- paragraph (a) above which have not been deposited with the concerned authorities as on March 31, 2026, on account of dispute are given below:

(Rs. in millions)

Name of the statute	Nature of dues	Amount Involved	Amount Unpaid	Period for which the amount relates	Forum where dispute is pending
Income Tax Act,1961	Income Tax	42.1	42.1	AY 2018-19	Commissioner of Income Tax (Appeals)
Income Tax Act,1961	Income Tax(TDS)	1.0	1.0	AY 2021-22	Commissioner of Income Tax (Appeals)
Income Tax Act,1961	Income Tax(TDS)	6.1	6.1	AY 2022-23	Commissioner of Income Tax (Appeals)
Income Tax Act,1961	Income Tax	23.8	23.8	AY 2023-24	Commissioner of Income Tax (Appeals)

G. M. KAPADIA & CO. ★ MUMBAI ★ Chartered Accountants

Income Tax Act,1961	Income Tax	9.6	9.6	AY 2024-25	Commissioner of Income Tax (Appeals)
Goods and Services Tax Act,2017	ITC Mismatch	8.0	8.0	AY 2018-19	Commissioner Appeals
Goods and Services Tax Act,2017	ITC Mismatch	8.6	8.6	AY 2020-21	Commissioner Appeals
Goods and Services Tax Act,2017	ITC Mismatch	2.9	2.9	AY 2021-22	Commissioner Appeals

(viii) There are no transaction which are not recorded in the books of accounts and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender;

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority;

(c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company; and

(e) & (f) The Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under paragraph 3(ix)(e) and (f) of the Order is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under paragraph 3(x)(a) of the Order is not applicable to the Company;

(b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the current financial year. Accordingly, the reporting under paragraph 3(x)(b) of the Order is not applicable to the Company.

G. M. KAPADIA & CO. ★ Chartered Accountants ★ MUMBAI

(xi) (a) We have neither come across any instance of fraud by the Company or any material instance of fraud on the Company by its officers or employees, noticed or reported during the year;

(b) No report under section 143(12) of the Act has been filed during the year by the auditors in Form ADT-4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government; and

(c) There are no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under paragraph 3(xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 177 and 188 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc., as required by the applicable accounting standards.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business; and

(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedure.

(xvi) (a) to (c) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under paragraph 3(xvi) (a), (b) and (c) of the Order is not applicable;

(d) The Group does not have any CIC as part of the Group as per definition of Group contained in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence the reporting under paragraph 3(xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses in the financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly reporting under paragraph 3(xviii) of the Order is not applicable.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that

G. M. KAPADIA & CO. ★ Chartered Accountants ★ MUMBAI

our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) There is no amount remaining unspent by the Company under section 135 of the Act. Accordingly, the reporting under paragraph 3(xx)(a) and (b) of the Order is not applicable to the Company.

Annexure B to the Independent Auditor's Report
Referred to in paragraph 2(vi) under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of TC Tours Limited on standalone financial statements for the year ended March 31, 2026

Opinion

We have audited the internal financial controls with reference to financial statements of TC Tours Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2026 based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for Internal Financial Controls

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

G. M. KAPADIA & CO. ★ MUMBAI ★ Chartered Accountants

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

TC TOURS LIMITED
Notes to financial statements for the year ended March 31, 2026
(All amounts in INR Million, unless otherwise stated)

General Information

TC Tours Limited (CIN-U63040MH1989PLC054761) (the "Company") was incorporated in the state of Maharashtra on December 26, 1989 under the Companies Act, 1956. It's main object is to inter-alia to carry on the trades or business of general passengers, tourists and transport agents and contractors. The Company is a 100% subsidiary of Thomas Cook (India) Limited.

1 Material Accounting Policies

1.1 Basis of preparation of financial statements

(a) Statement of compliance with Ind AS
These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act as amended from time to time that are notified and effective as at March 31, 2025. In accordance with proviso of the Rule 4A of Companies Accounting Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting Standards.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of services and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current-non current classification of assets and liabilities.

(b) Historical cost convention
The financial statements have been prepared on a historical cost basis, except for defined benefit plans & Investments measured at fair value.

1.2 Foreign currency translation and transactions

(a) Functional and presentation currency
A Company's functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

Presentation currency is the currency in which the financial statements are presented. These financial statements are presented in Indian Rupees (INR), which is Company's functional and presentation currency.

(b) Transactions and balances
(i) Initial Recognition
On initial recognition, foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction.

(ii) Subsequent Recognition
As at the reporting date, non - monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the period end exchange rates are recognised in profit or loss. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

All monetary items denominated in foreign currency are restated at Foreign Exchange Dealers Association of India (FEDAI) rates and the exchange variations arising out of settlement / conversion at the FEDAI rates are recognised in the Statement of Profit and Loss.

1.3 Revenue Recognition
Revenue is measured based on transaction price, which is the consideration paid for services. Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue from rendering of services is net of Indirect taxes and discounts.

(a) Income from operations
The Company earns revenue from travel and related services and human resource services.
(i) Travel and related services
It comprises of leisure tours packages within India and outside India. Revenue on leisure tours/holiday packages are recognized on the completion of the performance obligation which is on the date of departure of the tour.

It also includes income from the sale of airline tickets which is recognized, as an agent, on the basis of net commission earned, at the time of issuance of tickets, as the Company does not assume any performance obligation post the confirmation of the issuance of an airline ticket to the customer. Performance linked bonuses from airlines/global distribution systems ('GDSs') are recognized as and when the performance obligations under the schemes are achieved.

(b) Contract balances
(i) Contract assets
A contract asset is the right to consideration in exchange for services rendered to the customer. If the Company performs by rendering services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

(ii) Contract liabilities
A contract liability is the obligation to transfer services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company renders services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

TC TOURS LTD.

1.4 **Other Income**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Dividend income is recognized when the right to receive dividend is established.

1.5 **Taxes on Income**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Income tax for the period comprises of current tax and deferred tax. Income tax is recognised in the statement of profit and loss except to the extent that it relates to items recognised in 'Other comprehensive income or directly in equity, in which case the tax is recognised in 'Other comprehensive income' or directly in equity, respectively.

Current Tax:

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the Balance Sheet date, and any adjustments to tax payable in respect of previous years. Interest income/expenses and penalties, if any related to income tax are included in current tax expense.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. The company offsets the current tax assets as against the liability for provision for tax.

Deferred Tax:

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred Taxes on items classified under Other Comprehensive Income ('OCI') has been recognised in OCI.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

1.6 **Leases**

The company's lease asset classes primarily consist of leases for buildings, vehicles and office equipment's. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether:
(1) the contract involves the use of an identified asset
(2) *the company has substantially all of the economic benefits from use of the asset through the period of the lease and*
(3) the company has the right to direct the use of the asset."

At the date of commencement of the lease, the company recognizes a "Right of Use" ("ROU") asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses if any and adjusted for any remeasurement of the lease liability.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option.

TC TOURS LTD.

1.7 Employee Benefits

(a) Long-term Employee Benefits

(i) Defined Contribution Plans

The Company has Defined Contribution Plan for post employment benefits in the form of Provident Fund which is Government administered provident fund. Under such Defined Contribution Plan, the Company has no further obligation beyond making the contributions. The Company's contributions to Defined Contribution Plan is charged to the Statement of Profit and Loss as incurred.

(ii) Defined Benefit Plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income (OCI).

(b) Short-term Employee Benefit

As per the leave policy of the Company, employees are entitled to avail 30 days of annual leave during a calender year. Any carry forward or encashment of the same is not allowed and all unutilised leaves necessarily lapse at the end of the calender year. Provision on actual basis is created for proportionate unutilised leaves as at year end.

1.8 Impairment of Assets

A financial asset not carried at fair value is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not otherwise consider, indications that a debtor or issuer will enter bankruptcy, the disappearance of an active market for a security. The entity considers evidence of impairment for receivables for each specific asset. All individually significant receivables are assessed for specific impairment.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognized in statement of profit and loss and are reflected as an allowance account against receivables. Interest on the impaired asset continues to be recognized through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through statement of profit and loss.

The cumulative loss that is removed from other comprehensive income and recognized in profit or loss is the difference between the acquisition cost, net of any principal repayment and amortization, and the current fair value, less any impairment loss previously recognized in statement of profit and loss. Changes in impairment provisions attributable to time value are reflected as a component of interest income.

Carrying amount of tangible assets, intangible assets and investments in subsidiaries (which are carried at cost) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.
In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.
For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Company's assets (cash-generating units). Non- financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period

1.9 Provisions and contingent liabilities

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognized if the likelihood of an outflow with respect to any one item included in the same class of obligations is more probable than not. Provisions are measured at the present value of management's best estimate of the expenditure require to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.0 Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cheques/drafts on hand, remittances in transit, balances with bank held in current account, demand deposits with maturities of three months or less, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are repayable on demand and form an integral part of an entity's cash management, and are included as a component of cash and cash equivalents. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

2.1 Trade receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Although the Company recognises the revenue relating to commission on net and agent basis, the trade receivables and trade payables are recognised on the gross value of services rendered and services received respectively.

2.2 Financial Instruments

(a) Financial assets

(i) Initial recognition and measurement

Financial assets are recognised when the entity becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value. Transaction costs are expensed in the Statement of Profit and Loss, expect for financial instruments carried at amortised cost, where transaction costs are adjusted in the amortised cost of the asset.

(ii) Subsequent Measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') on the basis of:
(i) the entity's business model for managing the financial assets and
(ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost : Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model with the objective of holding the assets to collect contractual cash flows, are subsequently measured at amortised cost using the effective interest rate ('EIR') method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised in the Statement of Profit and Loss.

(b)Measured at fair value through other comprehensive income : Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, is measured at fair value through other comprehensive income. It is subsequently measured at fair value with unrealised gains or losses recognised in the other comprehensive income ('OCI'), except for interest income which is recognised as 'other income' in the Statement of Profit and Loss using the EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(c) Measured at fair value through profit or loss: A financial asset not measured at either amortised cost or FVOCI, is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to mensure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss when the company's right to receive payments is establishes.

(iii) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset On transfer of the financial asset, the Company evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

(b) Financial liabilities

(i) Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value plus transaction costs for all financial liabilities not carried at fair value through profit or loss. Financial liabilities carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

(ii) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

(iii) Derecognition:

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

TC TOURS LTD.

2.3 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.4 Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.5 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.6 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.7 Current versus non-current classification

The Company presents its assets and liabilities in the Balance Sheet based on current / non-current classification. An asset is treated as current if it is :a) expected to be realised or intended to be sold or consumed in normal operating cycle; b) held primarily for the purpose of trading; c) expected to be realised within twelve months after the reporting period; ormonths after the reporting period.All other assets are classified as non-current.A liability is current when : a) it is expected to be settled in normal operating cycle; b) it is held primarily for the purpose of trading; c) it is due to be settled within twelve months after the reporting period; or d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current on net basis. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its normal operating cycle.

2.8 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs or decimals thereof as per the requirement of schedule III (division II), unless otherwise stated.

Critical Accounting Estimates and Judgements:

The preparation of Standalone Financial Information requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Information. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Estimation of defined benefit obligation (Refer note 10) involves critical estimates and judgements.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

**Refer Note 11a, INR 166.90 million is current portion of total 358.1 million ECLGS loan.*

Loan amounting to Rs. 358.1 million (net of processing fees/stamp duty) from HDFC Bank Limited is secured by way of second ranking charge over existing primary and collateral securities including mortgages created in the favour of bank and security created over the assets of the borrower purchased out of this facility. The applicable rate of interest as on balance sheet date is 8.00% p.a. However, the applicable interest rate shall change in accordance with every reset/change of the reference rate / change of reference rate or change of spread by the bank. Duration of the loan is 72 month consisting of moratorium period of initial 24 month and 48 monthly instalment after moratorium period. Interest is serviced on monthly basis.

Note 10: Employee Benefit Obligations

Particulars	As at March 31, 2026			As at March 31, 2025		
	Non Current	Current	Total	Non Current	Current	Total
Leave Entitlement	-	1.4	1.4	-	1.1	1.1
Gratuity	26.9	1.5	28.4	14.2	0.2	14.4
Employee Benefit Payables	-	7.4	7.4	-	28.3	28.3
Total	26.9	10.3	37.2	14.2	29.6	43.8

(i)Leave Obligations - Leave Entitlement

The leave obligations cover the Company's liability for earned leave.

The amount of the provision of INR 1.4 (31 March 2025 - INR 1.1) is presented as current, since the company does not have an unconditional right to defer settlement for any of these obligations. The following amounts reflect leave that is expected to be taken or paid within the next 12 months.

Particulars	As at March 31, 2026	As at March 31, 2025
Current leave obligations expected to be settled within next 12 months	1.4	1.1

(ii) Post Employment Obligations

Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service.

(iii) Defined contribution Plans

The Company also has certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is INR 4.7 mn (31 March 2025 - INR 4.5 mn).

Balance Sheet Amounts - Gratuity

The amounts recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as follows:

Particulars	Present value of obligation	Fair value of plan assets	Net amount
April 1, 2024	12.4	2.2	10.2
Current service cost	1.4	-	1.4
Interest expense/(income)	0.8	0.3	0.5
Total amount recognised in profit and loss	2.2	0.3	1.9
Remeasurements			
Return on plan assets, excluding amount included in interest expense/(income)	-	(0.1)	0.1
(Gain)/loss from change in demographic assumptions	2.5		2.5
(Gain)/loss from change in financial assumptions	(0.2)		(0.2)
Experience (gains)/losses	(0.1)	-	(0.1)
Total amount recognised in other comprehensive income	2.2	(0.1)	2.3
Employer contributions	-	0.0	(0.0)
Benefit payments	(1.2)	(1.2)	-
Liabilities assumed / (settled)*	-	-	-
March 31, 2025	15.6	1.2	14.4

Particulars	Present value of obligation	Fair value of plan assets	Net amount
April 1, 2025	15.6	1.2	14.4
Current service cost	2.0	-	2.0
Past service cost	10.0	-	10.0
Interest expense/(income)	1.2	0.2	1.0
Total amount recognised in profit and loss	13.2	0.2	13.0
Remeasurements			
Return on plan assets, excluding amount included in interest expense/(income)	-	(0.1)	0.1
(Gain)/loss from change in demographic assumptions	-		-
(Gain)/loss from change in financial assumptions	(0.9)		(0.9)
Experience (gains)/losses	1.8	-	1.8
Total amount recognised in other comprehensive income	0.8	(0.1)	0.9
Employer contributions	-	-	-
Benefit payments	(0.4)	(0.4)	-
Liabilities assumed / (settled)*	-	-	-
March 31, 2026	29.3	0.9	28.4

*On Account of business inter group transfer

TC TOURS LTD.

The net liability disclosed above relates to funded and unfunded plans are as follows:

Particulars	As at March 31, 2026	As at March 31, 2025
Present value of funded obligations	29.3	15.6
Fair value of plan assets	0.9	1.2
Deficit of funded plan	28.4	14.4
Unfunded plans	-	-
Deficit of gratuity plan	28.4	14.4

Significant estimates: Actuarial assumptions and sensitivity

The significant actuarial assumptions were as follows:

Particulars	As at March 31, 2026	As at March 31, 2025
Discount rate	7.05%	6.70%
Salary growth rate	7.50%	7.50%

(iv) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	March 31,2026	March 31,2025	March 31,2026	March 31,2025	March 31,2026	March 31,2025
Discount rate	50 basis point	50 basis point	-4.31%	-4.44%	4.61%	4.76%
Salary growth rate	50 basis point	50 basis point	4.57%	4.70%	-4.31%	-4.43%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior year.

(v) Risk Exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below :

a) **Asset volatility-** The plan liabilities are calculated using a discount rate set with reference to bond yields, if the plan assets underperform this yield, this will create a deficit. Further any Decrease in the bond yields will increase the plan liabilities.

b) **Salary growth & Demographic assumptions-** The plan liabilities are calculated using the salary escalation and demographic assumptions which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lumpsum in nature the plan is not subject to any longevity risks.

(vi) Defined benefit liability and employer contributions

The weighted average duration of the defined benefit obligation is 8.91 years (2025 - 9.19 years). The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
Post Employment Obligations as at March 31, 2026	2.4	3.4	5.8	49.7	61.3
Post Employment Obligations as at March 31, 2025	1.4	1.2	3.8	25.8	32.1

Income tax expense	87.7	39.5

TC TOURS LTD.

Note 19: Fair value measurements

Trade receivables, cash and cash equivalents, other financial assets, trade payables and other financial liabilities have been carried at amortised cost. The carrying amounts of these financial assets and financial liabilities are considered to be the same as their fair values due to their short-term nature. Hence, no fair value disclosures / information for these financial assets and financial liabilities has been disclosed since the carrying amount is a reasonable approximation of fair value.

Note 20: Financial risk management

(i) Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the policies and processes. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the management is responsible for overseeing the Company's risk assessment and management policies and processes.

(ii) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for payments that are 365 days past due as it represents its estimate of expected credit loss in respect of trade and other receivables. The Company does not have any financial assets, other than receivables from group entities, that are 365 days past due but not impaired.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers including group entities is as follows:

		As at March 31, 2026	As at March 31, 2025
Past due 1–180 days		1,366.0	1,607.4
Past due 180–365 days		6.5	10.9
Past due > 365 days		2.7	15.0
		1,375.2	1,633.3

Reconciliation of loss allowance provision – Trade receivables

Reconciliation of loss allowance	Amount
Loss allowance on March 31, 2024	(7.4)
Changes in loss allowance	3.0
Loss allowance on March 31, 2025	(4.4)
Changes in loss allowance	2.3
Loss allowance on March 31, 2026	(2.1)

Expected credit loss assessment for customers as at March 31, 2026 and March 31, 2025
Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. As Company's customer is mainly its holding company and few corporate customers (for whom based on information available in the public domain about there credibility/financial performance no impairment indicator exist) hence impairment of trade receivables do not reflect any significant credit losses. Considering the duration of the operations and given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend to continue. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behavior and extensive analysis of customer credit risk.

Cash and cash equivalents
The Company held cash and cash equivalents with credit worthy banks and financial institutions of INR 506.0 million and INR 121.2 million as at March 31, 2026 and March 31, 2025 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company had working capital of INR 692.1 mn as at March 31, 2026 and INR 743.9 mn as at March 31, 2025.

TC TOURS LTD.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

		Contractual cash flows				
March 31, 2026	Carrying amount	Total	1 year	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities						
Trade payables	2,282.5	2,282.5	2,282.5	-	-	-
Other financial liabilities	-	-	-	-	-	-
Total	2,282.5	2,282.5	2,282.5	-	-	-

		Contractual cash flows				
March 31, 2025	Carrying amount	Total	1 year	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities						
Trade payables	2,437.6	2,437.6	2,437.6	-	-	-
Other financial liabilities	0.7	0.7	0.7	-	-	-
Total	2,438.3	2,438.3	2,438.3	-	-	-

(iv) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is not exposed to any market risk-sensitive financial instruments, foreign currency risk and interest rate risk since it does not have any investments in securities, foreign currency receivables and payables or debts.

Note 21: Capital management

The Company's objective for Capital management is to maximise shareholder's value and support the strategic objectives of the Company. The Company determines the capital requirements based on its financial performance, operating and long term investment plans. The funding requirements are met through operating cash flows.

Note 26: Segment Information

Based on the "management approach" as defined in Ind AS 108, the Chief Operating Decision Maker (CODM), comprises of Directors and Senior management, evaluates the Company's performance and reviews the segment business. The Company is primarily engaged in a single segment business of 'Travel related services'. All assets of the Company are domiciled in India and the Company earns majority of its revenue from its operations in India.

Note 27 - IND AS 115 'Revenue from Contracts with Customers':

As per Ind AS 115 'Revenue from Contracts with Customers' revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for services to a customer.

i) Details of revenue from contracts with customers recognised by the Company, net of indirect taxes, in its Statement of Profit and Loss.

Particulars	For the Year ended March 31, 2026	For the Year ended March 31, 2025
Travel and Related Services	2,843.4	3,677.3
	2,843.4	3,677.3

TC TOURS LTD.

India	2,631.1	3,492.3
Overseas	212.2	185.0
	2,843.4	3,677.3

Revenue based on product and services

Particulars	For the Year ended March 31, 2026	For the Year ended March 31, 2025
Travel and Related Services	2,843.4	3,677.3
	2,843.4	3,677.3

Note 28: Gratuity - Exceptional charge

Effective 21 November 2025, the Government of India consolidated 29 existing labour regulations into four Labour codes, namely, The Code on Wages, 2019, The Industrial Relations Code, 2020, The Code on Social Security, 2020 and the Occupational Safety, Health and Working Conditions Code, 2020, collectively referred to as the 'New Labour Codes'. The Ministry of Labour & Employment has published draft Central Rules and FAQs to enable assessment of the financial impact due to notification of New Labour Codes.

Based on the requirements of New Labour Codes and relevant Accounting Standards, the Company has estimated the liability for employee benefits, which has resulted in an incremental expense on account of recognition of past service costs. Considering the material, one-time nature of the incremental amount, the Company has presented the same as an 'Exceptional Item' in the standalone financial results for the year ended 31 March 2026 amounting to Rs. 10 Mn, on the basis of guidance provided by ICAI.

The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments, if any, in subsequent periods.

Note 29:

No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). The Company has not received any fund from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(All amounts in INR Million, unless otherwise stated)

Note 30: Key Financial Ratios

	Financial performance ratios	Numerator	Denominator	2025-26	2024-25	% Change
A	**Performance Ratios**					
	Net Profit ratio (in %) (i)	Profit after tax	Revenue from operations	9.1%	3.1%	191%
	Net Capital Turnover Ratio (in times)	Revenue from operations	Closing working capital	4.1	4.9	-17%
	Return on Capital Employed (in %) (ii)	Profit before interest and tax	Closing capital employed	47.3%	27.7%	71%
	Return on Equity ratio (in %) (iii)	Profit after tax	Closing shareholder's equity	38.1%	22.1%	73%
	Return on Investment	Income Generated from invested funds	Average invested funds in market	NA	NA	
	Debt Service Coverage ratio (in times) (iv)	Profit before interest, tax and , Depreciation and amortisation	Closing Debt Service	1.1	0.5	147%
B	**Leverage Ratios**					
	Debt- Equity Ratio (in Times) (v)	Debt consists of borrowings and lease liabilities	Total Equity	0.5	1.0	-48%
C	**Liquidity Ratios**					
	Current ratio (in times)	Total Current Assets	Total Current Liabilities	1.3	1.3	0%
D	**Activity Ratio**					
	Inventory Turnover ratio	Cost of goods sold	Closing inventory	NA	NA	NA
	Trade Receivable Turnover Ratio (vi)	Revenue from operations	Average current trade receivables	1.9	2.8	-32%
	Trade Payable Turnover Ratio (vii)	Cost of goods sold	Average trade payable	0.9	1.6	-40%

Reason for Variance

i Significant improvement in profitability due to better margins and reduced operational costs compared to prior year.
ii Higher EBIT relative to capital employed is on account of efficient use of capital resources and improved operating performance.
iii Increased net profit for the year resulted in higher returns for shareholders relative to equity invested.
Iv Improved EBITDA and reduced debt service obligations have strengthened the company's ability to service its debt.
v Debt-Equity ratio improved significantly due to repayment of ECLGS loan during the year, reducing leverage.
vi Due to reduction in revenue during current year.
vii Due to decrease in cost of goods sold.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF BORDERLESS TRAVEL SERVICES LIMITED

Report on Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **BORDERLESS TRAVEL SERVICES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("the Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit (including other comprehensive income), its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing ("the SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in report of the board of directors, but does not include the standalone financial statements and our report thereon. The report of board of directors is expected to be made available to us after the date of this report.

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

G.M. KAPADIA & CO. ★ MUMBAI ★ Chartered Accountants

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraphs 3 and 4 of the Order.

2. As required by section 143 (3) of the Act, we report that:

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

(i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

(ii) In our opinion and to the best of our information and according to the explanations given to us, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

(iii) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;

(iv) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act, read with relevant rules issued thereunder and relevant provisions of the Act;

(v) On the basis of the written representations received from the directors as on March 31, 2026 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of section 164(2) of the Act;

(vi) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";

(vii) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid remuneration to its directors during the year. Accordingly, the provisions of section 197 of the Act are not applicable to the Company;and

(viii) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

a) The Company does not have any pending litigations, which would impact the financial position of the Company;

b) The Company did not have any material foreseeable losses on long-term contracts including derivative contracts;

c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

d) (i) The management has represented that, to the best of its knowledge and belief, as stated in note no.23 no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The management has represented, that, to the best of its knowledge and belief, as stated in note no.23 no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(iii) Based on the audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above, contain any material mis-statement;

e) The Company has neither declared nor paid any dividend during the year; and

f) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software. . Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and has been preserved by the company in accordance with statutory record retention requirements to the extent it was enabled and recorded in the prior year.

Annexure A to the Independent Auditor's Report

Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2026 :

To the best of our information and according to the explanation provided to us by the Company and the books of account and records examined by us in the normal course of our audit, we state that:

(i) (a) to (d) The Company does not have any property, plant and equipment and hence provision of paragraph 3(i)(a) to (d) of the Order is not applicable; and

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The Company's nature of operation does not require it to hold inventories. Consequently, paragraph 3(ii)(a) of the Order regarding physical verification of inventories and maintenance of records is not applicable; and

(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under paragraph 3(ii)(b) of the Order is not applicable.

(iii) (a) to (f) During the year, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, reporting under paragraph 3(iii)(a) to (f) of the Order is not applicable to the Company.

(iv) The Company has not granted any loan, made investment or provided guarantee or security to the parties covered under section 185 and 186 of the Act. Therefore, paragraph 3(iv) of the Order is not applicable to the Company.

(v) The Company has not accepted deposits from the public and therefore, the provisions of section 73 to 76 or any other relevant provisions of the Act and rules framed thereunder are not applicable to the Company. We have been informed that no order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard.

(vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Act, for the business activities carried out by the Company. Hence, reporting under paragraph 3(vi) of the Order is not applicable.

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

(vii) (a) The Company is regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, and any other statutory dues, as applicable, to the appropriate authorities. According to the information and explanations given to us and based on verification carried out by us on test basis, there are no arrears of statutory dues outstanding as on the last day of the financial year concerned for a period of more than six months from the date, they became payable; and

(b) There are no such statutory dues as referred to in sub- paragraph (a) above which have not been deposited with the concerned authorities as on March 31, 2026, on account of dispute.

(viii) There are no transaction which are not recorded in the books of accounts and have been surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under paragraph 3(ix)(a) of the Order is not applicable to the Company;

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority;

(c) The Company has not taken any terms loan. Accordingly, reporting under paragraph 3(ix)(c) of the Order is not applicable to the Company;

(d) The Company has not raised any funds on short-term basis. Accordingly, the reporting under paragraph 3(ix)(d) of the Order is not applicable to the Company;

(e) & (f) The Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under paragraph 3(ix)(e) and (f) of the Order is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under paragraph 3(x)(a) of the Order is not applicable to the Company; and

(b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the current financial year. Accordingly, the reporting under paragraph 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) We have neither come across any instance of fraud by the Company or any material instance of fraud on the Company by its officers or employees, noticed or reported during the year;

(b) No report under section 143(12) of the Act has been filed during the year by the auditors in Form ADT-4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government; and

(c) There are no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under paragraph 3(xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 177 and 188 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc., as required by the applicable accounting standards.

(xiv) (a) & (b) The Company does not have an internal audit system and is not required to have an internal audit system as per provisions of the Act.

(xv) The Company has not entered into any non-cash transaction with directors. We have been informed that no such transactions have been entered into with persons connected with directors.

(xvi) (a) to (c) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under paragraph 3(xvi) (a), (b) and (c) of the Order is not applicable; and

(d) The Group does not have any CIC as part of the Group as per definition of Group contained in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence the reporting under paragraph 3(xvi)(d) of the Order is not applicable.

(xvii) The Company has incurred cash losses amounting to Rs.14.8 Lakhs during the financial year covered by our audit and Rs.15.9 Lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly reporting under paragraph 3(xviii) of the Order is not applicable.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans, in our opinion though material uncertainty exists as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date, management has represented and as stated in the Note 21 to the financial statements that, the Holding Company has undertaken to provide financial support that may be required in Company's obligation towards third parties.

G. M. KAPADIA & CO. MUMBAI Chartered Accountants

(xx) Based on the audit procedures performed by us, the provisions of sub-section (5) and (6) of section 135 of Act are not applicable to the Company. Accordingly, the reporting under paragraph 3(xx)(a) and (b) of the Order is not applicable to the Company.

(xxi) The Company does not have subsidiary, associate or joint venture hence is not required to prepare consolidated financial statements. Accordingly, reporting on paragraph 3(xxi) of the Order is not applicable.

Annexure B to the Independent Auditor's Report
Referred to in paragraph 2(vi) under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2026

Opinion

We have audited the internal financial controls with reference to standalone financial statements of the Company as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2026 based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note. on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for Internal Financial Controls

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

General Information

Borderless Travel Services Limited was incorporated on August 25, 2015. The Company is a wholly owned subsidiary of Thomas Cook (India)

1 Material Accounting Policies

1.1 Basis of preparation of financial statements

(a) Statement of compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') In accordance with proviso of the Rule 4A of Companies Accounting Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 that are notified and effective as at March 31, 2025.
This financial statements for the year ended March 31, 2026 has prepared under Ind AS.

Current V/s Non-Current

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of services and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current-noncurrent classification of assets and liabilities.

1.2 Provisions and contingent liabilities

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small. Provisions are measured at the present value of management's best estimate of the expenditure require to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

1.3 Cash and Cash Equivalents

In the cash flow statement, Cash and Cash Equivalents includes Cash on Hand, Cheques/Drafts on Hand, Remittances in Transit, Balances with Bank held in Current Account and Demand Deposits with maturities of three months or less. Bank overdrafts are repayable on demand and form an integral part of an entity's cash management, and are included as a component of cash and cash equivalents.

1.4 Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, and excluding treasury shares other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.
Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account
• The after income tax effect of interest and other financing costs associated with dilutive potential equity shares,
• The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.
The diluted potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (that is the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date.

Borderless Travel Services Limited

Material Accounting Policies *(continued)*

1.5 **Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest rupees or decimals thereof as per the requirement of schedule III (division II), unless otherwise stated.

2 **Critical Accounting Estimates and Judgements:**

The preparation of Standalone Financial Information requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also need to exercise judgment in applying the group's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Restated Standalone Financial Information.

Critical estimates and Judgements

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Borderless Travel Services Limited

Note 14: Fair value measurements

Trade receivables, cash and cash equivalents, other financial assets, trade payables, and other financial liabilities have been carried at amortised cost. The carrying amounts of these financial assets and financial liabilities are considered to be the same as their fair values due to their short-term nature. Hence, no fair value disclosures / information for these financial assets and financial liabilities has been disclosed since the carrying amount is a reasonable approximation of fair value.

Note 15: Financial risk management

Being a non - operating company, the company is not exposed to any kind of risk.

Note 16: Capital management

The Company's objectives when managing capital (consisting of equity capital and unremitted profit in the financial statements) are to safeguard its ability to continue as a going concern, so it can continue to provide services for the holding company and related entities and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or change the capital structure, the Company may adjust the amount of profits for remittance to holding company, return equity capital, or require holding company to infuse additional capital to support its operations.

There are no externally imposed capital requirements on the Company.

The Company has not proposed any Dividend for the year ended March 31, 2026 and March 31, 2025.

INDEPENDENT AUDITOR'S REPORT
To the Members of Indian Horizon Marketing Services Limited

Report on Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Indian Horizon Marketing Services Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("the Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its loss (including other comprehensive income), its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing ("the SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in report of board of directors but does not include the standalone financial statements and our auditor's report

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

thereon. The report of board of directors is expected to be made available to us after the date of this report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraphs 3 and 4 of the Order.

2. As required by section 143 (3) of the Act, we report that:

   (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (ii) In our opinion and to the best of our information and according to the explanations given to us, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   (iii) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;

   (iv) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act, read with relevant rules issued thereunder and relevant provisions of the Act;

   (v) On the basis of the written representations received from the directors as on March 31, 2026 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of section 164(2) of the Act;

   (vi) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";

   (vii) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

   In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid remuneration to its directors during the year. Accordingly, the provisions of section 197 of the Act are not applicable to the Company; and

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

(viii) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

a) The Company does not have any pending litigations, which would impact the financial position of the Company;

b) The Company did not have any material foreseeable losses on long-term contracts including derivative contracts;

c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

d) (i) The Management has represented that, to the best of its knowledge and belief, as stated in note no. 25, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The Management has represented, that, to the best of its knowledge and belief, as stated in note no. 25, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(iii) Based on the audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above, contain any material mis-statement;

e) The Company has neither declared nor paid any dividend during the year; and

f) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software. Further, during the

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

course of our audit we did not come across any instance of audit trail feature being tampered with and has been preserved by the company in accordance with statutory record retention requirements to the extent it was enabled and recorded in the prior year.

Annexure A to the Independent Auditor's Report

Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2026:

To the best of our information and according to the explanation provided to us by the Company and the books of account and records examined by us in the normal course of our audit, we state that:

(i) (a)(A) The Company does not have any property, plant and equipment and hence provision of paragraph 3(i)(a)(A), of the Order is not applicable;

(B) The Company has maintained proper records showing full particulars of intangible assets;

(b) & (c) The Company does not have any property, plant and equipment and hence provision of paragraph 3(i)(b) to (c) of the Order is not applicable;

(d) The Company has not revalued any of its intangible assets during the year; and

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The Company's nature of operations does not require it to hold inventories. Consequently, paragraph 3(ii) (a) of the Order regarding physical verification of inventories and maintenance of records is not applicable; and

(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under paragraph 3(ii) (b) of the Order is not applicable.

(iii) (a) to (f) During the year, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, reporting under paragraph 3(iii)(a) to (f) of the Order are not applicable to the Company.

(iv) The Company has not granted any loan, made investment or provided guarantee or security to the parties covered under section 185 and 186 of the Act. Therefore, paragraph 3(iv) of the Order is not applicable to the Company.

(v) The Company has not accepted deposits or amounts which are deemed to be deposits therefore, the provisions of sections 73 to 76 or any other relevant

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

provisions of the Act and the rules framed there under are not applicable to the Company. We have been informed by the management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard.

(vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Act, for the business activities carried out by the Company. Hence, reporting under paragraph 3(vi) of the Order is not applicable.

(vii) (a) The Company has generally been regular in depositing with appropriate authorities undisputed statutory dues such as goods and services tax, income tax, cess and other applicable statutory dues. According to information and explanations given to us, no undisputed statutory dues payable were in arrears as at March 31, 2026, for a period of more than six months from the date they became payable; and

(b) There are no such statutory dues as referred to in sub- paragraph (a) above which have not been deposited with the concerned authorities as on March 31, 2026, on account of dispute.

(viii) There are no transaction which are not recorded in the books of accounts and have been surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961.

(ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under paragraph 3(ix)(a) of the Order is not applicable to the Company;

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority;

(c) The Company has not taken any terms loan. Accordingly, reporting under paragraph 3(ix)(c) of the Order is not applicable to the Company;

(d) The Company has not raised any funds on short-term basis. Accordingly, the reporting under paragraph 3(ix)(d) of the Order is not applicable to the Company; and

(e) & (f) The Company does not have any subsidiaries, associates or joint ventures. Accordingly, the reporting under paragraph 3(ix)(e) and (f) of the Order is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly,

reporting under paragraph 3(x)(a) of the Order is not applicable to the Company; and

(b) The Company has made allotment on a private placement of equity shares during the year. For such allotment of shares, the Company has complied with the requirements of Section 42 of the Act and the funds raised have been, prima facie, applied by the Company during the year for the purposes for which the funds were raised. The Company has not made any preferential allotment or private placement of (fully or partly or optionally) convertible debentures during the year.

(xi) (a) We have neither come across any instance of fraud by the Company or any material instance of fraud on the Company by its officers or employees, noticed or reported during the year;

(b) No report under section 143(12) of the Act has been filed during the year by the auditors in Form ADT-4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government; and

(c) There are no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under paragraph 3(xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with section 177 and 188 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc., as required by the applicable accounting standards.

(xiv)(a) & (b) The Company does not have an internal audit system and is not required to have an internal audit system as per provisions of the Act.

(xv) The Company has not entered into any non-cash transactions with its directors. We have been informed that no such transactions have been entered into with persons connected with directors.

(xvi)(a) to (c) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under paragraph 3(xvi) (a), (b) and (c) of the Order is not applicable; and

(d) The Group does not have any CIC as part of the Group as per definition of Group contained in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence the reporting under paragraph 3(xvi)(d) of the Order is not applicable.

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

(xvii) The Company has not incurred any cash losses during the financial year covered by our audit; however it had incurred cash losses of Rs. 648 thousands in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly reporting under paragraph 3(xviii) of the Order is not applicable.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The provisions of section 135(5) and 135(6) of the Act are not applicable to the Company. Accordingly, the reporting under paragraph 3(xx)(a) and (b) of the Order is not applicable to the Company.

Annexure B to the Independent Auditor's Report
Referred to in paragraph 2(vi) under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of Indian Horizon Marketing Services Limited on standalone financial statements for the year ended March 31, 2026

Opinion

We have audited the internal financial controls with reference to the standalone financial statements of Indian Horizon Marketing Services Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to the standalone financial statements and such internal financial controls with reference to the standalone financial statements were operating effectively as at March 31, 2026 based on the internal controls with reference to the standalone financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for Internal Financial Controls

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of internal financial controls with reference to the standalone financial statements, assessing the risk that a

G.M. KAPADIA & CO. MUMBAI Chartered Accountants

material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the standalone financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

General Information

Indian Horizon Marketing Services Limited was incorporated on December 26th, 1989 The Company was a 100% subsidiary of Thomas Cook (India) Limited (till 7th November, 2024) and subsequently became Joint Venture of Thomas Cook (India) Limited and Atirath Technologies Private Limited.

1 Material Accounting Policies

1.1 Basis of preparation of financial statements

(a) Statement of compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') In accordance with proviso of the Rule 4A of Companies Accounting Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 that are notified and effective as at 31st March, 2025.

These financial statements for the year ended 31st March, 2026 has prepared under Ind AS.

Current V/s Non-Current

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of services and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current-noncurrent classification of assets and liabilities.

1.2 Revenue recognition

Revenue is measured based on transaction price, which is the consideration paid for services. Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue from rendering of servies is net of indirect taxes and discounts.

Income from operations

The Company earns revenue from AI modules developed for travel related services. Revenue from AI software licenses is recognized over the period of the subscription where the customer simultaneously receives and consumes the benefits. For contracts involving multiple deliverables, the transaction price is allocated to each distinct performance obligation based on their standalone selling prices and recognized as and when the respective obligation is satisfied.

1.3 Other Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
Dividend income is recognized when the right to receive dividend is established.

1.4 Taxes on Income

Income Tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred Tax:

Deferred tax is recognised using the liability method on taxable temporary differences between the tax base and the accounting base of items included in the Balance Sheet of the Company.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Certain temporary differences arising on initial recognition of assets or liabilities that affect neither accounting nor taxable profit are not recognised.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Indian Horizon Marketing Services Limited

1.5 Intangible assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over their estimated useful lives. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the statement of profit and loss.

The carrying value of these intangible assets is reviewed at least annually for impairment and adjusted to the recoverable amount if required.

The estimated useful life are as mentioned below:

Type of Asset	Useful Life
Intangible Assets	7 Years

1.6 Provisions and contingent liabilities

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small. Provisions are measured at the present value of management's best estimate of the expenditure require to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

1.7 Cash and Cash Equivalents

In the cash flow statement, Cash and Cash Equivalents includes Cash on Hand, Cheques/Drafts on Hand, Remittances in Transit, Balances with Bank held in Current Account and Demand Deposits with maturities of three months or less. Bank overdrafts are repayable on demand and form an integral part of an entity's cash management, and are included as a component of cash and cash equivalents.

1.8 Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, and excluding treasury shares other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

The diluted potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (that is the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date.

1.9 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest rupees or decimals thereof as per the requirement of schedule III (division II), unless otherwise stated.

2 Critical Accounting Estimates and Judgements:

The preparation of Standalone Financial Information requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Information. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

(iv) Terms and rights attached to shares

The Company has two class of equity shares having a par value of Rs. 10 per share.

Equity Shares:

Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the residual assets of the Company after distribution to all secured creditors, if any, of all preferential amounts, in proportion to their dues.

Class A Equity Shares:

Class A Equity Share will not carry any voting rights and will not be entitled to any dividend distribution. In the event of liquidation, the equity shareholders of Class A Equity Shares are not eligible to receive any amounts from the proceeds of liquidation, except in accordance with Applicable Law and as agreed to by the Board and Shareholders.

Thomas Cook (Mauritius) Holding Company Limited

Commentary of the directors

The directors present their report together with the audited financial statements of Thomas Cook (Mauritius) Holding Company Limited (the "Company") for the year ended 31 March 2026.

Incorporation

The company was incorporated in the Republic of Mauritius on 20 December 1994 under the Companies Act 2001 as a private company with limited liability by shares.

PRINCIPAL ACTIVITY

The principal activity of the Company is that of investment holding.

RESULTS AND DIVIDENDS

The results for the year are as shown on page 9.

The directors did not recommend the payment of dividend for the year under review (2025: USD 100,000).

Directors

The present membership of the board is set out on page 2.

STATEMENT OF DIRECTORS' RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

Companies Act 2001 requires the directors to prepare financial statements for each financial year which present fairly the financial position, financial performance and cash flows of the Company. In preparing those financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether IFRS Accounting Standards as issued by the International Accounting Standard Board ("IFRS Accounting Standard") have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business for the foreseeable future.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the requirements of the Companies Act 2001. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors confirm that they have complied with the above requirements in preparing the financial statements.

The directors have made an assessment of the Company's ability to continue as a going concern and have no reason to believe that the business will not be a going concern.

Thomas Cook (Mauritius) Holding Company Limited

Commentary of the directors (Continued)

Directors' interests

The directors do not hold any interests in the ordinary shares of the Company.

Significant contracts

No contracts of significance exist between the Company and its directors.

Donations

The Company has not made any donations during the year under review (2025: Nil).

Directors' remuneration

INDEPENDENT AUDITOR'S REPORT
To the Shareholder of Thomas Cook (Mauritius) Holding Company Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Thomas Cook (Mauritius) Holding Company Limited (the "Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements on pages 9 to 32 give a true and fair view of the financial position of the Company as at 31 March 2026, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board and in compliance with the requirements of the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements section* of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants ("IESBA Code")* together with the ethical requirements that are relevant to our audit of the financial statements in Mauritius, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Directors and Those Charged with Governance for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board Board and in compliance with the requirements of the Mauritius Companies Act 2001, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Baker Tilly is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

INDEPENDENT AUDITOR'S REPORT
To the Shareholder of Thomas Cook (Mauritius) Holding Company Limited

Report on the Audit of the Financial Statements (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

► Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

► Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

► Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

► Conclude on the appropriateness of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

► Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT
To the Shareholder of Thomas Cook (Mauritius) Holding Company Limited

Report on the Audit of the Financial Statements (Continued)

Other Information

The directors are responsible for the other information. The other information comprises the Company information, Commentary of the directors and Secretary's certificate.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Report on Other Legal and Regulatory Requirements

Mauritius Companies Act 2001

We have no relationship with or interests in the Company other than in our capacity as auditor and tax advisor.

We have obtained all the information and explanations we have required.

In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Other Matter

This report has been prepared for and only for the Company's shareholder, in accordance with Section 205 of the Mauritian Companies Act 2001 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed to our prior consent in writing.

1. GENERAL INFORMATION

Thomas Cook (Mauritius) Holding Company Limited, the "Company", was incorporated in the Republic of Mauritius under the Companies Act 2001 on 20 December 1994 as a private company with liability limited by shares. The Company's registered office is C/o Executive Services Limited, 2nd Floor, Les Jamalacs Building, Vieux Conseil Street, Port Louis Republic of Mauritius.

The principal activity of the Company is to hold investments.

2. BASIS OF PREPARATION

(i) Statement of compliance

The financial statements of Thomas Cook (Mauritius) Holding Company Limited have been prepared in accordance with the IFRS Accounting Standards ("IFRS") as issued by the International Accounting Standards Board (IASB) and in compliance with the requirements of Companies Act 2001.

Details of the Company's accounting policies are included in Note 4.

(ii) Basis of measurement

The financial statements have been prepared on the going concern basis using historical cost basis except as otherwise stated in the notes to the financial statements.

(iii) Functional and presentation

The financial statements are presented in United States dollar (USD) which is the Company's functional currency. All amounts have been rounded to the nearest USD unless otherwise stated.

(iv) Going concern

Management has made an assessment of the Company's ability to continue as going concern and is satisfied that the Company has the resources to continue in business in the foreseeable future. Refer to Note 21 for further details. Therefore, the financial statements continue to be prepared on the going concern basis. The directors are satisfied that the Company are in a sound financial position and that both has access to sufficient bank facilities to meet foreseeable cash requirements. The directors are not aware of any new material changes that may adversely impact the Company. The directors are also not aware of any material non-compliance.

(v) Use of estimates and judgement

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

(i) Application of new and revised IFRS Reporting standards("IFRS")

The following amendment issued by the International Accounting Standards Board ("IASB") became effective for annual reporting periods beginning on or after 1 April 2025 and has been applied by the Company in the current financial year:

Lack of Exchangeability (Amendments to IAS 21)

In August 2023, the IASB issued amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates to clarify how an entity determines whether a currency is exchangeable into another currency and how to determine the spot exchange rate when exchangeability is lacking. The amendments also introduce additional disclosure requirements to enable users of financial statements to assess the impact of a currency not being exchangeable.

The adoption of these amendments did not have a material impact on the Company's financial position, performance or cash flows.

(ii) Standards and interpretations issued and not yet effective for the financial year ended 31 March 2026

The following new standards and amendments to existing standards were issued but are not yet effective for the financial year ended 31 March 2026. The Company has not early adopted these standards and amendments.

The Company is currently assessing the potential impact of these standards and amendments on its financial statements.

New standards/Amendments to:	Effective for accounting period beginning on or after
Amendments to IFRS 9 and IFRS 7 – Classification and Measurement of Financial Instruments	01 January 2026
Annual Improvements to IFRS Accounting Standards – Volume 11	01 January 2026
Contracts Referencing Nature-dependent Electricity – Amendments to IFRS 9 and IFRS 7	01 January 2026
IFRS 18 – Presentation and Disclosure in Financial Statements	01 January 2027
Amendments to IFRS 19 – Subsidiaries without Public Accountability	01 January 2027
Amendment to IAS 21 – Translation to a Hyperinflationary Presentation Currency	01 January 2027

Amendments to IFRS 9 and IFRS 7 – Classification and Measurement of Financial Instruments

In May 2024, the IASB issued targeted amendments to IFRS 9 and IFRS 7 to address matters identified during the post-implementation review of IFRS 9. The amendments:

- clarify the date of recognition and derecognition of certain financial assets and financial liabilities, including a new exception for certain financial liabilities settled through electronic cash transfer systems;
- provide additional guidance on assessing whether financial assets meet the solely payments of principal and interest (SPPI) criterion;

3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (CONTINUED)

(ii) Standards and interpretations issued and not yet effective for the financial year ended 31 March 2026(Continued)

- introduce enhanced disclosure requirements for financial instruments with contractual terms that may change cash flows, including instruments linked to environmental, social and governance (ESG) targets; and
- update disclosures for equity instruments designated at fair value through other comprehensive income (FVOCI).

The amendments are effective for annual periods beginning on or after 1 April 2025, with early application permitted. The Company does not expect these amendments to have a material impact on its financial statements.

Annual Improvements to IFRS Accounting Standards – Volume 11

The Annual Improvements include amendments to:

- IFRS 1: Hedge accounting by a first-time adopter
- IFRS 7: Gain or loss on derecognition
- IFRS 7: Disclosure of deferred difference between fair value and transaction price
- IFRS 7: Introduction and credit risk disclosures
- IFRS 9: Lessee derecognition of lease liabilities
- IFRS 9: Transaction price
- IFRS 10: Determination of a 'de facto agent'
- IAS 7: Cost method

The amendments do not include transition requirements, other than that an entity is required to apply the amendment to IFRS 9:2.1(b)(ii) to lease liabilities that are extinguished on or after the beginning of the annual reporting period in which the entity first applies that amendment. The amendments are effective for annual reporting periods beginning on or after 1 January 2026 with earlier application permitted. The Company does not expect these amendments to have a material impact on its financial statements.

Contract Referencing Nature Dependent – Amendments to IFRS 9 and IFRS 7

In December 2024, the Board issued contracts Referencing Nature- Dependent Electricity (Amendments to IFRS 9 and IFRS 7). The amendments include:

- Clarifying the application of the 'own use' requirements
- Permitting hedge accounting if these contracts are used as hedging instruments
- introduce additional disclosure requirements to enhance transparency regarding their effects on financial performance and cash flows

The amendments are effective for annual reporting periods beginning on or after 1 January 2026. Early application is permitted. The amendments shall be applied retrospectively; prior periods need not be restated to reflect the application of the amendments. The Company does not expect these amendments to have a material impact on its operations or financial statements.

3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (CONTINUED)

(ii) Standards and interpretations issued and not yet effective for the financial year ended 31 March 2026 (Continued)

IFRS 18 – Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new. It also requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes. In addition, narrow-scope amendments have been made to IAS 7 Statement of Cash Flows, which include changing the starting point for determining cash flows from operations under the indirect method, from 'profit or loss' to 'operating profit or loss' and removing the optionality around classification of cash flows from dividends and interest. In addition, there are consequential amendments to several other standards.

IFRS 18, and the amendments to the other standards, is effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively. The Company is currently working to identify all impacts the amendments will have on the financial statements.

Amendments to IFRS 19 – Subsidiaries without Public Accountability

Following the issuance of IFRS 19 in May 2024, the IASB issued amendments to IFRS 19 to align its reduced disclosure framework with IFRS Accounting Standards issued between February 2021 and May 2024 that were not reflected in the original version of IFRS 19.
The amendments update and refine the disclosure requirements applicable to eligible subsidiaries applying IFRS 19 and:

- remove certain disclosure objectives, including those relating to supplier finance arrangements, lack of exchangeability and non-current liabilities with covenants;
- reduce disclosure requirements relating to supplier finance arrangements;
- remove disclosure requirements that are interpretative guidance rather than mandatory disclosures; and
- replace disclosure requirements relating to management-defined performance measures with a cross-reference to IFRS 18 Presentation and Disclosure in Financial Statements.

The amendments have the same effective date as IFRS 19, being annual reporting periods beginning on or after 1 January 2027, with early application permitted.

The Company is currently assessing whether it qualifies to apply IFRS 19 and, if applicable, the potential impact of applying IFRS 19 and these amendments on its financial statements.

Amendment to IAS 21 - Translation to a Hyperinflationary Presentation Currency

In November 2025, the International Accounting Standards Board ("IASB") issued Translation to a Hyperinflationary Presentation Currency (Amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates).

3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (CONTINUED)

(ii) Standards and interpretations issued and not yet effective for the financial year ended 31 March 2026 (Continued)

Amendment to IAS 21 - Translation to a Hyperinflationary Presentation Currency (continued)

The amendments address how an entity translates amounts when its functional currency is the currency of a non-hyperinflationary economy and its presentation currency is the currency of a hyperinflationary economy. The amendments aim to reduce diversity in practice by clarifying the translation approach in these circumstances and introduce additional disclosure requirements. The amendments are effective for annual reporting periods beginning on or after 1 January 2027, with early application permitted. The Company is currently assessing the potential impact of these amendments on its financial statements.

4 MATERIAL ACCOUNTING POLICIES

(a) Overall considerations

The financial statements have been prepared using material accounting policies and measurement has bases summarised.

Its ultimate holding company,Fairfax Financial Holdings Limited prepares consolidated financial statements in accordance with IFRS. Hence management has taken the advantage of paragraph 4 of the IFRS 10 - Consolidated Financial Statements, which dispenses it from the need to present consolidated financial statements.

(b) Consolidation exemption

The Company has not consolidated its investment in subsidiary given that it is exempt from preparing the consolidated financial statements based on the following:

The Company is wholly owned subsidiary of Thomas Cook (India) Limited, which has been informed about, and does not object to following:

The Company not presenting the consolidated statements for its investments in subsidiaries.

- The Company's debt or equity instruments are not traded in a public market (a domestic or foreign stock exchange or an over-the-counter market, including local and regional markets);
- The Company did not file, nor is it in the process of filing, its financial statements with a securities commission or other regulatory organization, for the purpose of issuing any class of instruments in a public market; and
- The ultimate or any Intermediate parent of the Company produces financial statements available for public use that comply with IFRS Accounting Standards, in which subsidiaries are consolidated or are measured at Fair Value Through Profit or Loss.

Based on above criteria, the Company is exempted from the preparation of consolidated financial statements as the ultimate holding company Fairfax Financial Holdings Limited, a Canadian registered company, prepares the consolidated financial statements in accordance with IFRS Accounting Standards and is available for public use. The registered office of Fairfax Financial Holdings Limited is located in Toronto, Ontario, Canada and the consolidated financial statements of are publicly available on its website.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(c) Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(i) Classification and initial measurement of financial assets

All financial assets are initially measured at fair value adjusted for transaction costs, where appropriate.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- Amortised cost
- Fair value through profit or loss (FVTPL)
- Fair value through other comprehensive income (FVOCI)

In the current year, the Company does not have any financial assets categorised as FVOCI.

Financial assets - Business model assessment

The Company make an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes: The company's financial assets include:

- the stated policies and objectives for the portfolio and the operation of those policies in practice.

These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets:

- how the performance of the portfolio is evaluated and reported to the Company's management.
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed.
- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(c) Financial Instruments (Continued)

Financial assets - Business model assessment

All income and expenses relating to financial assets that are recognised in the statement of comprehensive income are presented within finance income or finance costs, except for impairment losses which are presented within other expenses.

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows.
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, loan to related party and most of its receivables fall into this category of financial instruments.

Financial assets – Subsequent measurement and gains and losses

The Company's financial liabilities include accruals.

Financial liabilities are classified as measured at amortised cost. Financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Financial assets at fair value through profit or loss

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model, financial assets where contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL.

Assets in this category are measured at fair value with gains or losses recognised in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(c) Financial Instruments (Continued)

Financial assets at fair value through profit or loss (Continued)

The Company holds investment in Travel Circle International (Mauritius) Ltd, an unquoted company and the objective of holding this investment is not for returns from capital appreciation or investment income. Hence the directors consider the cost of this investment to be a fair reflection of the fair value.

Impairment

(i) Non derivative financial assets

The Company recognise loss allowances for ECLs on financial assets measured at amortised cost.

The Company measure loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 90 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).
The maximum period considered when estimating ECLs is the maximum contractual period over which the Group and the Company is exposed to credit risk.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expect to receive.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(c) Financial Instruments (Continued)

Impairment (Continued)

(i) Non derivative financial assets (Continued)

ECLs are discounted at the effective interest rate of the financial asset

Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:
- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company has a policy of writing off the gross carrying amount when the financial asset is 90 days past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually make an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expect no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(ii) Non-financial assets

At each reporting date, the Company review the carrying amounts of its non-financial assets (other than deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(c) Financial Instruments (Continued)

Impairment (Continued)

(ii) Non-financial assets (continued)

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit or loss. Impairment losses recognised in prior periods are assessed at the end of each reporting date for any indications that the loss has decreased or not longer exists.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Derecognition

Financial assets

The Company derecognise a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which either substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfer nor retain substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company enter into transactions whereby it transfers assets recognised in their statement of financial position but retain either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised

Financial Liabilities

The Company derecognise a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group and the Company also derecognise a financial liability when its terms are ,modified and the cashflows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (excluding any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(d) Fair value measurement

.

Fair value measurement of financial instruments

Financial assets measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. This grouping is determined based on the level of significance inputs used in fair value measurement, as follows:

- **Level 1**-quoted prices (unadjusted) in active market, for identical assets or liabilities
- **Level 2** - inputs other than quoted prices included within Level 1 that are observable for the asset or.
- **Level 3** - unobservable inputs for the asset or liability.

(e) Investments in subsidiary

A subsidiary is an entity over which the Company has control. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has ability to affect those returns through its power over the entity.

Investments in subsidiaries are stated at cost less impairment. Where an indication of impairment exists, the recoverable amounts of the investments are assessed. Where the carrying amounts of the investments are greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is charged to statement of comprehensive income. On disposal of the investments, the difference between the net disposal proceeds and the carrying amount is charged or credited to the statement of comprehensive income.

(f) Income tax

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting years, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting date.

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amount of assets and liabilities and their tax bases.

(g) Cash and equivalents

Cash and cash equivalents comprise of cash on hand and demand deposits together with other short-term, highly liquid investments maturing within 90 days that are readily convertible into known amounts of cash and which are subject to an insignificant risk of change in value. The Company has elected to present the statement of cashflows using the indirect method.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(h) Stated Capital

Ordinary Shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

(h) Foreign currency

Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency of the Company, using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in profit or loss.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

(i) Revenue recognition

Interest income is accounted on an accrual basis unless collectability is in doubt.

Dividend income is recognised when the right to receive payment is established.

To determine whether to recognise revenue, the Company ensures that the following 5 conditions are satisfied:

1. Identifying the contract with a customer.
2. Identifying the performance obligations.
3. Determining the transaction price.
4. Allocating the transaction price to the performance obligations.
5. Recognising revenue when/as performance obligation(s) are satisfied.

The Company also earns management service fees from the provision of accounting services to a sister company which are recognised over time, that is when the Company satisfies performance obligations by transferring the promised services to its client.

(j) Impairment of non-financial assets

At each reporting date, management reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered any impairment loss. When an indication of impairment loss exists, the carrying amount of the asset is assessed and written down to its recoverable amount.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(k) Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required from the Company and a reliable estimate of the amount can be made. At time of effective payment, the provision is deducted from the corresponding expenses. All known risks at the reporting date are reviewed in detail and provision is made where necessary.

(l) Related parties

A related party is a person or company where that person or company has control or joint control of the reporting company; has significant influence over the reporting company; or is a member of the key management personnel of the reporting company or of a parent of the reporting company.

(m) Expense recognition

All expenses are accounted for on the accrual basis.

(n) Critical accounting estimates and judgement

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Significant management judgement

Significant management judgement in applying the accounting policies of the Company that has the most significant effect on the financial statements is set out below.

Determination of functional currency

The determination of the functional currency of the Company is critical since recording of transactions and exchange differences arising there from are dependent on the functional currency selected. The directors have considered those factors and have determined that the functional currency of the Company is the USD.

Impairment of investment in subsidiary

The determination of impairment of investment in subsidiary requires significant judgement. In making this judgement, management at group level evaluates, among other factors, the duration and extent to which the fair value of an investments is less than its cost; and the financial health of and short-term business outlook for the investee, including factors such as industry and sector performance, changes in technology and operational and financing cash flows.

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

Estimation uncertainty

At 31 March 2026, there were no estimates and assumptions that would have a significant effect on the recognition and measurement of assets, liabilities, income and expenses.

5 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activity exposes it to a variety of financial risks: market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Company's risk management is carried out under policies approved by the Board of Directors and focuses on securing the Company's short to medium term cash flows by minimising the exposure to financial risks.

(a) Market Risk

Foreign exchange sensitivity

The Company is not exposed to foreign currency risk at the reporting date as all transactions are carried out in USD.

Interest rate sensitivity

The exposure to interest rates for the Company's bank balance is considered immaterial. The Company has interest bearing financial asset in the form of loan receivable. The interest on the loan receivable is 6.75%.

(b) Credit risk analysis

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The financial assets that potentially expose the Company to credit risk consist of cash and cash equivalents, loan receivable and receivables. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised below:

	2026	2025
Current assets:	**USD**	USD
Loan receivables	**1,470,000**	1,270,000
Receivables	**97,844**	171,650
Cash and cash equivalents	**53,304**	95,199
	1,621,148	1,536,849

The credit risk for the bank balance is considered negligible since the Company transacts with a reputable bank. The directors do not expect any default on the loan advanced to the related party as it operates under a single treasury management where the credit risk is considered low.

The cash and cash equivalents are held with The Mauritius Commercial Bank Ltd which is rated AAA based on Moody's ratings.

5 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(c) Liquidity risk analysis

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as and when they fall due. The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Ultimate responsibility for liquidity risk management rests with the Board of Directors who also monitors the Company's short, medium and long-term funding and liquidity management requirements.

The following are the contractual maturities of financial liabilities.

	Carrying amount USD	Contractual cash flows USD	Less than one year USD	1-5 years USD
31 March 2026				
Accruals	**7,009**	**7,009**	**7,009**	**-**
31 March 2025				
Accruals	8,906	8,906	8,906	-

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern in order to provide returns to its member and other stakeholders.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid, buy back shares or issue new shares.

The Company monitors capital on the basis of the gearing ratio. The Company was not geared at the reporting date.

6. CAPITAL MANAGEMENT POLICIES AND PROCEDURES

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern in order to provide returns to its member and other stakeholders.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid, buy back shares or issue new shares.

The reporting date. Company monitors capital on the basis of the gearing ratio. The Company was not geared at the reporting date.

7 FAIR VALUE MEASUREMENT

(a) Fair value measurement of financial statements

Financial assets measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. This grouping is determined based on the level of significance inputs used in fair value measurement, as follows:

Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; or
Level 3 - unobservable inputs for the asset or liability.

The Company's financial assets at fair value through profit or loss are classified under Level 3

The hierarchy of the fair value measurement of the Company's financial assets are as follows:

	Level 1 USD	Level 2 USD	Level 3 USD	Total USD
31 March 2026				
Financial assets as fair value through profit or loss				
Investment in an unquoted company	**-**	**-**	**6**	**6**
31 March 2025				
Financial assets as fair value through profit or loss				
Investment in an unquoted company	-	-	6	6

The directors consider the cost of the investment to be a reflection of the fair value.

(b) Fair value measurement of non-financial assets and non-financial liabilities

The Company did not have any non-financial instruments at the reporting date.

8. INVESTMENT IN SUBSIDIARY

(i) Unquoted and at cost:

	2026 USD	2025 USD
At 01 April	**138,255**	138,255
Impairment loss	**-**	-
At 31 March	**138,255**	138,255

(ii) Details of the investment are as follows:

Name of investee company	Country of incorporation	Type of investment	2026 holding	2025 holding
Thomas Cook (Mauritius) Operations Company Limited	Republic of Mauritius	Ordinary shares	**100**	100

(iii) No consolidated financial statements are presented as the Company's ultimate holding company, Fairfax Financial Holdings Limited, will present consolidated financial statements under IFRS. The registered office of Fairfax Financial Holdings Limited is 95 Wellington Street West, Suite 800 Toronto, Ontario, Canada. The directors have hence taken the advantage of section 10.4 of IFRS 10- Consolidated Financial Statements, which dispenses it from the need to present consolidated financial statement.

The directors have carried out an impairment assessment of the investment in subsidiaries and except for Thomas Cook Holidays, that will be wound up, the directors have identified that no impairment is required.

9 FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

Name of Investee company	Country of incorporation	Type of investment	% Holding	2026	2025
Travel Circle International (Mauritius) Ltd	Republic of Mauritius	Ordinary Shares	0.00002	6	6

(i) The Company subscribed to 1 share in Travel Circle International (Mauritius) Ltd, a related company incorporated in Mauritius.

(ii) The cost of the investments is regarded as a reflection of the fair values. As the Company forms part of a group, all impairment assessment is done at the holding company's level.

10 Loan receivable

Travel Circle International (Mauritius) Ltd

	12,000	792,600

18 Taxation

(i) Income tax

The Company is liable to income tax at the rate of 15 % and Corporate Social Responsibility at the rate of 2% at 31 March 2026 it had income tax liability of **USD 4,528** (2025: USD 3,492)

Current tax expense

	2026 USD	2025 USD
Income tax based on taxable profits at 15%	**4,017**	3,119
Corporate Social Responsibility 2%	**425**	373
Prior year under provision	**86**	-
	4,528	3,492

18 Taxation (Continued)

The income tax on the Company's profit before tax differs from the theoretical amount that would arise using the effective tax rate is as follows:

Reconciliation of effective tax rate

	2026 USD	2025 USD
Profit before tax	**89,774**	816,527
Tax at effective rate of 15%	**13,466**	122,479
Non-allowable expenses	**852**	3,016
Exempt income	**(10,301)**	(122,376)
	4,017	3,119

(ii)-Income tax reconciliation

Reconciliation of income tax liability in the statement of financial position

	2026 USD	2025 USD
Balance as at 1 April	**3,492**	3,053
Income tax	**4,017**	3,119
Prior year under provision	**86**	-
Paid during the year	**(3,578)**	(3,053)
Corporate Social Responsibility	**425**	373
	4,442	3,492

(iii)-Deferred transactions

Deferred income taxes are calculated on all temporary differences under the liability method at the rate of 15%. No provision for deferred tax asset has been recognized as no taxable income is probable in the foreseeable future.

19 Related parties' transactions

For the year ended 31 March 2026, the Company had transactions with its related parties. The nature, volume of transactions and the balances are as follows:

Name of related parties	Nature relationships	Nature transactions	Volume of transactions USD	Balance on 31 Mar 26 USD	Volume of transactions USD	Balance on 31 Mar 25 USD
Travel Circle International (Mauritius) Limited	Investee company	Loan receivable	**(200,000)**	**1,470,000**	(680,000)	1,270,000
Travel-Circle International (Mauritius) Limited	Investee company	Loan receivable	**(73,807)**	**97,844**	56,802	171,650

All related party transactions are done at arm's length.

20 Holding companies

The directors consider Thomas Cook (India) Limited, a company listed on the Bombay Stock Exchange, India, as the immediate holding company and Fairfax Financial Holdings Limited, a company listed on the Toronto Stock Exchange, Canada, as the ultimate holding company.

Thomas Cook (India) Limited holds 100% of the shares of Thomas Cook (Mauritius) Holding Company Limited.

Fairbridge Capital (Mauritius) Limited ("Fairbridge"), a subsidiary of Fairfax Financial Holdings Limited (the "ultimate parent"), Canada and its affiliates, held equity shares of INR 1 each corresponding to 63.83% stake in Thomas Cook (India) Limited as on 31 March 2019. As at the financial year ended 31 March 2026, the Fairbridge held equity shares if INR 1 each corresponding to 63.83% stake in Thomas Cook (India) Limited.

21 Going concern

The financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The directors believe that the Company have adequate financial resources to continue in operation for the foreseeable future and accordingly the financial statements have been prepared on a going concern basis. The directors are satisfied that the Company are in a sound financial position and that both has access to sufficient bank facilities to meet foreseeable cash requirements. The directors are not aware of any new material changes that may adversely impact the Company. The directors are also not aware of any material non-compliance.

22 Contingencies and capital commitments

The Company does not have any contingent liability and capital commitment at year.

23 Events after reporting date

The Company does not have any contingent liability and capital commitment at year.

ANNUAL REPORT

The directors present their annual report together with the audited financial statements of THOMAS COOK (MAURITIUS) OPERATIONS COMPANY LIMITED, the "Company", for the year ended 31 March 2026.

The Company was incorporated in the Republic of Mauritius on 14th February 2000 under the Companies Act 2001 as a private company with liability limited by shares.

PRINCIPAL ACTIVITY

The principal activity of the Company is to deal in foreign exchange under a foreign exchange dealer licence issued by the Bank of Mauritius.

RESULTS AND DIVIDENDS

The results for the year are as shown on page 21.

The directors have not recommended any payment of dividend for the year under review (2025: MUR 36,000,000).

DIRECTORS

The present membership of the Board is set out on page 2.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

Companies Act 2001 requires the directors to prepare financial statements for each financial year which present fairly the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows of the Company. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors have confirmed that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2001 and the IFRS Accounting Standards. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors confirm that adequate accounting records have been maintained and effective systems of internal control and risk management were in place.

ANNUAL REPORT
Report on Corporate Governance

1. CORPORATE GOVERNANCE

Thomas Cook (Mauritius) Operations Company Limited (the "Company") is a private company incorporated in the Republic of Mauritius. It is a wholly owned subsidiary of Thomas Cook (Mauritius) Holding Company Limited and forms part of the wider Thomas Cook India Group. The ultimate parent company is Fairfax Financial Holdings Limited, Canada.

This report on Corporate Governance has been prepared for the financial year ended 31 March 2026 and reflects the Company's commitment to maintaining a robust governance framework aligned with the National Code of Corporate Governance for Mauritius (2016), as well as applicable regulatory requirements.

The Board remains committed to upholding high standards of integrity, ethical conduct and transparency in all areas of the Company's operations. The governance framework is designed to support effective decision-making, accountability and sustainable value creation for stakeholders.

Although the Company is not classified as a Public Interest Entity under the Financial Reporting Act 2004, the Board has elected to adopt relevant principles of good governance which are appropriate to the nature, scale and complexity of the Company's operations.

The governance approach adopted by the Company aims to:

- promote a strong ethical culture across the organisation;
- ensure effective oversight of strategy and performance;
- maintain sound systems of risk management and internal control; and
- foster constructive engagement with stakeholders, including regulators and business partners.

2. ORGANISATIONAL OVERVIEW AND BUSINESS ENVIRONMENT

The Company operates within a dynamic and evolving business environment, influenced by both global and local economic conditions. The Board continues to monitor external developments closely and remains focused on strengthening the Company's operational resilience and adaptability.

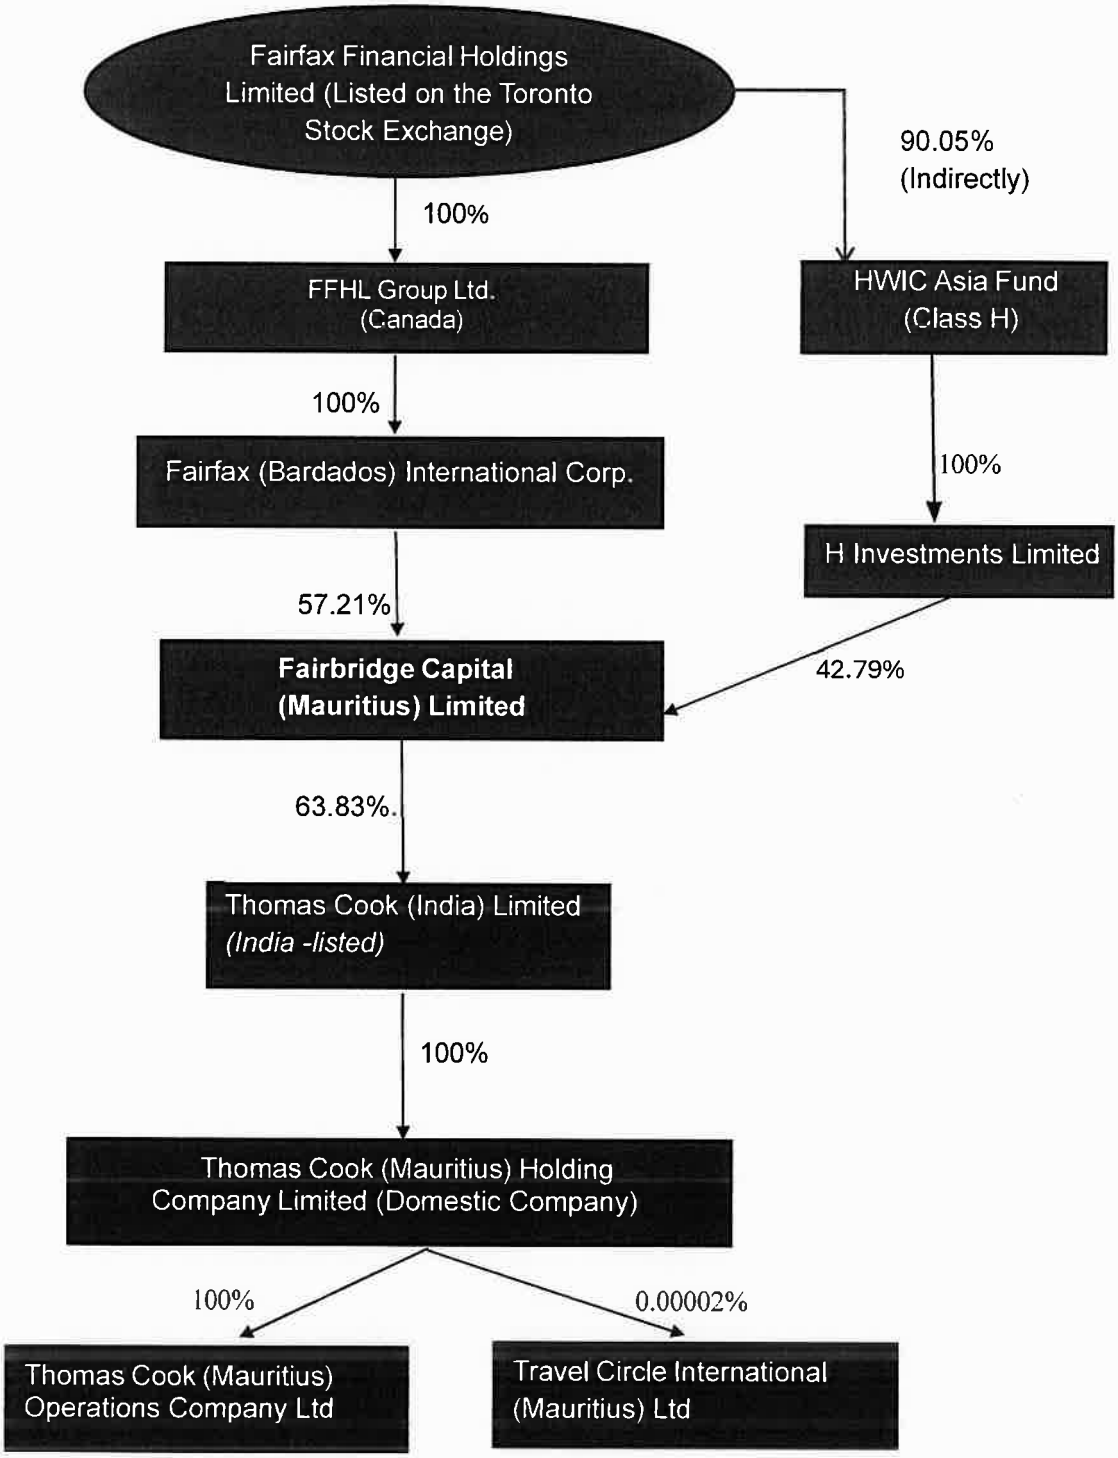
Report on Corporate Governance (continued)

3. SHAREHOLDING STRUCTURE



ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

4. BOARD OF DIRECTORS

4.1 Structure of the Board

The Company operates under a unitary Board structure. The Board is collectively responsible for providing leadership, setting strategic direction and ensuring the long-term success of the Company.

The Board operates within a clearly defined governance framework, ensuring that appropriate systems of control and accountability are maintained.

4.2 Composition of the Board

The Board comprises a mix of (1) Executive, (2) Non-Executive and (3) Independent Directors, bringing together a broad range of skills, experience and perspectives.

This balanced composition supports independent judgement and ensures that no single individual or group dominates the decision-making process.

4.3 Board Meetings and Attendance

The Board meets regularly during the year to consider matters relating to strategy, performance, risk and compliance.

A schedule of meetings is agreed in advance, and additional meetings may be convened as required. Directors receive comprehensive and timely information to enable informed decision-making.

Attendance of Directors at the Audit and Risk Management Committee and Board meetings are monitored and recorded to ensure effective participation in the governance of the Company.

4.4 Directors' Profiles

The Board comprises individuals with a diverse and complementary mix of expertise in finance, governance, academia, technology and operations. Collectively, they provide independent judgement, strategic oversight and leadership to support the long-term sustainability of the Company.

Mrs Selvida Naiken

Independent Director and Chairperson of the Board

Mrs Selvida Naiken is a seasoned governance and finance professional with over 25 years of experience in the public sector. She is a Fellow of the Association of Chartered Certified Accountants (ACCA) and holds a Master's degree in Business Administration (Marketing), a Diploma in Social Work, and certifications in Quality Assurance and Corporate Governance.

ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

4. BOARD OF DIRECTORS (CONTINUED)

4.4 Directors' Profiles (continued)

Mrs Selvida Naiken (continued)

Her career spans over 25 years and includes senior roles across various Ministries, notably as Senior Accountant, and culminated in her position as Chief Executive Officer of the Financial Reporting Council, where she was responsible for regulating the auditing profession, strengthening financial reporting standards and promoting corporate governance among Public Interest Entities (PIE).

Mrs Naiken brings extensive expertise in regulatory oversight, governance frameworks and institutional accountability, and provides strong leadership to the Board in her capacity as Chairperson.

Dr Vidisha Ramlugun

Independent Director and Chairperson of the Audit and Risk Management Committee

Dr Vidisha Ramlugun is a Senior Lecturer in Finance and Accounting at the University of Mauritius, with specialised expertise in corporate governance, financial reporting and risk oversight. She holds a PhD in Corporate Governance, an MSc in International Banking and Finance, and a BSc (Hons) in Accounting and Finance.

She is a member of the Chartered Governance Institute and the Mauritius Institute of Directors, and has contributed to academic research, publications and conferences in governance-related disciplines.

Dr Ramlugun brings strong analytical rigour and governance expertise to the Board. As Chairperson of the Audit and Risk Management Committee, she plays a key role in overseeing financial reporting integrity, risk management frameworks and internal control systems.

Mr Oliver Lew Kew Lin

Independent Director

Mr Oliver Lew Kew Lin is an accomplished business leader with extensive experience in technology, outsourcing and enterprise development. A former Science Laureate, he graduated from the University of Oxford in Engineering and Computing Science.

He is recognised as a pioneer of the business process outsourcing industry in Mauritius and has led projects for major international organisations. As Managing Director of the Eruption Group, he has been actively involved in driving innovation and the adoption of emerging technologies within enterprises.

Mr Lew Kew Lin brings to the Board significant expertise in digital transformation, strategic management and technology-driven business models, contributing valuable insight into innovation and operational efficiency.

Mr Mahesh Iyer

Non-Executive Director

Mr Mahesh Iyer is a senior executive with extensive experience in the travel and foreign exchange sectors. He has been associated with Thomas Cook India since 1994 and has held several leadership roles across the organisation.

He holds a Master's degree in Marketing Management and has completed an Executive Programme in Business Management. As Managing Director and Chief Executive Officer of Thomas Cook (India) Limited group, he oversees business performance across multiple verticals and drives the Group's long-term strategic direction.

Mr Iyer brings significant industry knowledge, international perspective and strategic leadership to the Board.

Mr Debasis Nandy

Non-Executive Director

Mr Debasis Nandy is a Chartered Accountant with over 30 years of experience in finance, accounting and corporate management. He is an Associate Member of the Institute of Chartered Accountants of India and has completed executive development programmes at Wharton and London Business School.

ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

4. BOARD OF DIRECTORS (CONTINUED)

4.4 Directors' Profiles (continued)

Mr Debasis Nandy (continued)

He serves as President and Group Chief Financial Officer of Thomas Cook (India) Limited, where he oversees finance operations across the Group's global footprint and brings strong financial expertise and governance insight to the Board.

Mr Nandy brings strong financial expertise, governance insight and international experience to the Board through his prior roles at organisations including Piramal Healthcare, Aviva, ICI and Indian Aluminium.

Mr Mohinder (Shakeel) Dyall

Executive Director and Chief Operating Officer

Mr Mohinder Shakeel Dyall joined the Company in September 2013 as Chief Operating Officer and was appointed to the Board in the same year. He holds a Postgraduate Diploma in Marketing from the Chartered Institute of Marketing, an MSc in E-Business and a Postgraduate Diploma in Financial Crime Compliance.

Prior to joining the Company, he held senior leadership roles including Chief Operating Officer at Flemingo Duty Free Mauritius Ltd and Chief Executive Officer at Mauritius Duty Free Paradise Ltd.

He is responsible for the day-to-day management of the Company and the execution of its strategic objectives, providing the Board with direct insight into operational performance and business development

5. LEADERSHIP STRUCTURE

There is a clear and well-defined division of responsibilities between the Chairperson of the Board and the Chief Operating Officer. This separation ensures an appropriate balance of authority and supports effective governance and oversight.

5.1. Role and Function of the Chairperson

The Chairperson is responsible for providing leadership to the Board and ensuring its effective functioning. This includes setting the Board agenda, facilitating constructive discussion and ensuring that all Directors can contribute effectively to deliberations.

The Chairperson also ensures that the Board operates in a manner that promotes high standards of corporate governance and ethical conduct.

In addition, the Chairperson acts as a key link between the Board and management, working closely with the Chief Operating Officer to ensure that the Board is appropriately informed on all material matters. The Chairperson also represents the Board in its interactions with stakeholders where required.

5.2. Role and Function of the Chief Operating Officer

The Chief Operating Officer ("COO") is responsible for the executive management of the Company and for the implementation of the strategy approved by the Board.

This includes leading the development of the Company's strategic objectives, overseeing operational performance and ensuring that resources are effectively deployed to achieve business goals.

The COO is accountable to the Board for the day-to-day management of the Company and plays a central role in maintaining operational efficiency, financial discipline and organisational performance.

5.3. Role of Non-Executive and Independent Directors

Non-Executive and Independent Directors play a vital role in strengthening the governance framework of the Company. They provide independent judgement and objective oversight on matters relating to strategy, performance, risk and compliance.

Their involvement in Board deliberations ensures that decisions are taken in a balanced and considered manner. They also contribute to policy formulation and strategic planning, while safeguarding against any undue concentration of power within the Board.

ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

6. GOVERNANCE PRACTICES

6.1. Directors' Duties and Responsibilities

Directors are required to act in good faith and in the best interests of the Company at all times. They exercise due care, skill and diligence in the performance of their duties and are expected to apply independent judgement when making decisions.

The Directors work closely with management to ensure that decisions are taken on a fully informed basis and in a manner that promotes the long-term interests of the Company.

The Company Secretary plays an important role in supporting Directors by ensuring that they are kept informed of their statutory duties and responsibilities under the Companies Act 2001 and other applicable legislation.

6.2. Role and Function of the Company Secretary

The Company Secretary is responsible for supporting the effective functioning of the Board and its committees. This includes ensuring the timely provision of accurate, relevant and comprehensive information to Directors.

The Company Secretary also advises the Board on governance matters and ensures that the Company remains compliant with applicable regulatory and legal requirements.

The Company Secretary attends all Board and committee meetings and is responsible for maintaining proper records of proceedings.

6.3. Conflicts of Interest

The Company has established procedures to ensure that any actual or potential conflicts of interest are identified and appropriately managed.

Directors are required to disclose any interests that may give rise to a conflict at the earliest opportunity. Such disclosures are formally recorded, and where necessary, the relevant Director abstains from participating in discussions or decisions relating to the matter concerned.

6.4. Remuneration of Directors

The remuneration of Directors is determined by the Board, taking into account the level of responsibility, time commitment and prevailing market practices.

Independent Directors are remunerated by way of sitting fees for their participation in Board and committee meetings. For the financial year under review, an aggregate fee of **Rs 900,000** was allocated to Independent Directors

The remuneration framework is designed to ensure that the Company is able to attract and retain individuals with the appropriate skills and experience, while maintaining alignment with good governance principles.

7. BOARD EFFECTIVENESS

7.1. Nomination and Appointment Process

The Board recognises the importance of a formal and transparent process for the nomination and appointment of Directors.

Appointments are based on merit, taking into consideration the skills, experience and independence required to ensure an appropriate balance on the Board.

The appointment process typically includes:

- identification and evaluation of suitable candidates;
- interviews and assessment of competencies;
- approval by the Board;
- obtaining any required regulatory approvals;
- formal appointment through shareholder resolution where applicable; and
- completion of all necessary regulatory filings.

ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

7. BOARD EFFECTIVENESS (CONTINUED)

7.2. Board Induction and Professional Development

Newly appointed Directors receive a structured induction programme tailored to the Company's operations and governance framework. This includes meetings with senior management and, where relevant, familiarisation with the Company's operational activities.

The Board acknowledges the importance of continuous professional development and encourages Directors to participate in external seminars and training programmes.

Particular emphasis is placed on developments in regulatory compliance, including Anti-Money Laundering and Combatting the Financing of Terrorism (AML/CFT) requirements.

7.3. Board Evaluation

The Board recognises that regular evaluation of its performance is essential to maintaining effectiveness.

Periodic assessments are undertaken to review the Board's composition, functioning and overall performance. These evaluations provide an opportunity to identify strengths, address areas for improvement and enhance the quality of decision-making.

7.4. Succession Planning

The Board is responsible for ensuring that appropriate succession planning arrangements are in place for both Directors and senior management.

This includes reviewing the composition of the Board on an ongoing basis and identifying opportunities to refresh its membership where appropriate.

The Board also ensures that succession plans are in place for key executive roles, including the Chief Operating Officer, to ensure continuity of leadership and minimise operational disruption.

7.5. Board Meetings

The Board meets regularly throughout the year in accordance with a pre-agreed schedule. Additional meetings may be convened where necessary to address specific matters.

At each meeting, the Board is provided with detailed reports covering operational performance, financial results and key risk indicators. The Board also reviews budgets, capital expenditure, audited financial statements and relevant legal or regulatory developments.

The Board remains satisfied that it has been provided with sufficient and timely information to enable it to discharge its responsibilities effectively.

8. BOARD COMMITTEES

8.1. Audit and Risk Management Committee

The Board has established an Audit and Risk Management Committee (the "Committee") to support it in fulfilling its oversight responsibilities in relation to financial reporting, risk management and internal control.

The Committee operates under a formal charter approved by the Board, which is reviewed periodically to ensure continued relevance.

The Committee meets regularly during the year and reports to the Board following each meeting. Minutes of meetings are circulated to all Directors for review and noting.

Responsibilities of the Committee

The key responsibilities of the Committee include:

- reviewing the integrity of the Company's financial statements and disclosures;
- monitoring the effectiveness of internal control systems and risk management processes;
- overseeing the internal audit function and reviewing its findings;
- making recommendations to the Board on the appointment, reappointment and remuneration of external auditors;

ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

8. BOARD COMMITTEES (CONTINUED)

8.1. Audit and Risk Management Committee (continued)

- assessing the independence and performance of external auditors; and
- ensuring compliance with applicable legal and regulatory requirements.

The Committee is authorised by the Board to:

- investigate any matter within its terms of reference;
- obtain independent professional advice where necessary;
- require the attendance of any employee or external party at its meetings; and
- access all information required to perform its duties.

Membership and Attendance

Oliver Lew Kew*			✓	✓

*Mr Oliver Lew Kew was appointed a member of the Committee on 26/11/2025

Senior management, including the Chief Operating Officer key Finance, BPIA and compliance personnel, attend meetings of the Committee by invitation. Internal and external auditors also attend as required.

9. RISK MANAGEMENT, INTERNAL CONTROL AND INTERNAL AUDIT

Internal Audit and Internal Control

The internal audit function provides independent assurance to the Board on the effectiveness of the Company's internal control systems and risk management processes.

During the year under review, the internal audit function was outsourced to BDO & Co. from Apr 25 to Sept 25 and by Moore (Mauritius) LLP from Jan 2026 to Mar 2026 with support from the internal audit team.

The Board is satisfied that the internal control framework in place is adequate and effective in addressing the risks faced by the Company.

Risk Management

The Board has overall responsibility for the establishment and oversight of the Company's risk management framework.

The process in place ensures that significant risks are identified, assessed and managed in a structured and consistent manner.

Key elements of the framework include:

- ongoing identification and assessment of risks;
- implementation of appropriate mitigation measures; and
- communication and monitoring of risk across all levels of the organisation.

Further details on financial risk management are disclosed in the audited financial statements.

ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

10. INFORMATION GOVERNANCE

The Company places significant importance on the protection and proper management of information.

Appropriate systems and controls are in place to ensure the confidentiality, integrity and availability of data, supported by robust information technology infrastructure.

The Board, with the support of the Audit and Risk Management Committee, oversees the effectiveness of these arrangements.

11. ACCOUNTING AND AUDITING

The Board ensures that proper accounting records are maintained and that the financial statements are prepared in accordance with International Financial Reporting Standards (IFRS).

External auditors are appointed in accordance with applicable legal and regulatory requirements. Their independence is monitored and safeguarded at all times.

The auditors' fees (exclusive of VAT) by Baker Tilly for audit and other services were:

	2026 Rs	2025 Rs
Audit fees	**1,200,000**	**1,200,000**
Other Services*	**72,000**	66,000
TOTAL	**1,272,000**	1,266,000

*Other services comprise of professional fees for tax services.

12. INTEGRATED SUSTAINABILITY REPORT

12.1. Ethics and Business Conduct

The Company is committed to conducting its business in accordance with the highest standards of integrity, transparency and professionalism. This commitment is formalised through its Code of Business Conduct and Ethics, which outlines the principles governing ethical behaviour, compliance and accountability expected from all employees.

The Code provides guidance on professional conduct, conflicts of interest, confidentiality, and compliance with applicable laws and regulations. It serves as a foundation for fostering a culture of ethical responsibility throughout the organisation.

The Code of Business Conduct and Ethics was approved by the Board of Directors on 18 November 2015 and remains subject to periodic review to ensure continued relevance in a dynamic regulatory and business environment.

12.2. Health and Safety

The Company places significant importance on the health, safety and well-being of its employees and is committed to maintaining a safe and risk-free working environment.

This is achieved through:

- the provision and maintenance of safe systems of work;
- appropriate training, supervision and instruction;
- effective communication of health and safety practices; and
- continuous monitoring and improvement of workplace conditions.

The Company complies with the provisions of the Occupational Safety and Health Act 2005 and all relevant regulations. Health and safety considerations are embedded into operational processes, and regular consultation is carried out across all levels of the organisation to ensure that standards are upheld and continuously enhanced.

ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

12. INTEGRATED SUSTAINABILITY REPORT (CONTINUED)

12.3. Training and Development

The Company recognises that its employees are key to the long-term success and is committed to fostering a culture of continuous learning and professional development.

Employees are provided with training and development opportunities to ensure they acquire the necessary skills, knowledge and experience to perform their roles effectively and efficiently.

The Company encourages employees to:

- actively pursue learning opportunities;
- develop new competencies;
- adapt to evolving business needs; and
- take ownership of their personal and professional growth.

This is supported through collaboration between employees, their respective Heads of Department and Management, ensuring alignment between individual development objectives and the Company's strategic goals.

12.4. Equal Employment Opportunity

The Company is committed to provide a fair, inclusive and non-discriminatory workplace. Employment decisions are based strictly on merit, qualifications, experience and performance.

The Company does not tolerate discrimination on the basis of race, colour, religion, gender, national origin, age or any other characteristic protected by applicable laws.

This policy applies to all aspects of employment, including:

- recruitment and selection;
- job assignments;
- remuneration and benefits;
- training and development; and
- disciplinary procedures and termination.

Employees are encouraged to report any concerns relating to discrimination or unfair treatment to their Head of Department or Manager. All concerns are treated seriously and handled confidentially, with assurance that no employee will face retaliation for raising such issues.

Any breach of this policy may result in disciplinary action, up to and including termination of employment.

12.5. Corporate Social Responsibility (CSR)

The Company acknowledges its broader responsibility towards society and is committed to contributing positively to the communities in which it operates.

While its core business activities remain its primary focus, the Company supports initiatives that promote social development, community engagement and employee participation in socially responsible activities.

The Company recognises that involvement in CSR initiatives:

- enhances employee engagement and morale;
- strengthens corporate reputation; and
- reinforces its commitment to sustainable and responsible business practices.

ANNUAL REPORT (CONTINUED)
Report on Corporate Governance (continued)

13. COMMUNICATION AND DISCLOSURE

The Company is committed to maintaining transparency and accountability in its communication with stakeholders.

13.1. Related Party Transactions

All related party transactions are conducted on an arm's length basis and are disclosed in the audited financial statements under the relevant notes (to be completed by the auditors).

13.2. Constitution

The Company's constitution is in full compliance with the provisions of the Companies Act 2001.

13.3. Dividend Policy

The declaration and payment of dividends are determined by the Board, taking into consideration:

- the financial performance of the Company;
- its cash flow position;
- capital expenditure and investment requirements; and
- compliance with solvency requirements.

13.4. Directors' Interests

The Directors have confirmed that they do not hold any direct or indirect interests in the ordinary shares of the Company.

13.5. Significant Contracts

The Company confirms that no contracts of material significance were entered into during the year between the Company and its Directors, subject to final confirmation.

13.6. Donations

The Company did not make any donations during the financial year ended 31 March 2026 (2025: Nil)

13.7. Directors' Remuneration

The remuneration paid to Directors during the financial year ended 31 March 2026 is summarised below:

Category	2026 (Rs)	2025 (Rs)
Independent Directors' Fees	900,000	1,200,000
Executive Director	4,917,508	5,226,073

Directors' remuneration is determined in accordance with their roles, responsibilities and market practices.
Approved by the board of directors on ...28 APR 2026..... and signed on its behalf by:

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE PREPARATION OF FINANCIAL STATEMENTS

Directors acknowledge their responsibilities for:

(i) Adequate accounting records and maintenance of effective internal control systems;
(ii) the preparation of financial statements which fairly present the state of affairs of the Company as at the end of the financial year and the cash flows for that period and which comply with International Financial Reporting Standards (IFRS);
(iii) the use of appropriate accounting policies supported by reasonable and prudent judgements and estimates.

The external auditors are responsible for reporting on whether the financial statements are fairly presented.

The Directors report that:

(i) adequate accounting records and an effective system of internal controls and risk management have been maintained;
(ii) appropriate accounting policies supported by reasonable and prudent judgements and estimates have been used consistently;
(iii) International Financial Reporting Standards have been adhered to. Any departure has been disclosed, explained and quantified.

INDEPENDENT AUDITOR'S REPORT
To the Shareholder of Thomas Cook (Mauritius) Operations Company Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Thomas Cook (Mauritius) Operations Company Limited (the "Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements on pages 20 to 49 give a true and fair view of the financial position of the Company as at 31 March 2026, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board and in compliance with the requirements of the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Mauritius, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Directors and Those Charged with Governance for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board and in compliance with the requirements of the Mauritius Companies Act 2001, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Baker Tilly Alliance Associates trading as Baker Tilly is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

INDEPENDENT AUDITOR'S REPORT
To the Shareholder of Thomas Cook (Mauritius) Operations Company Limited

Report on the Audit of the Financial Statements (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

► Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

► Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

► Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

► Conclude on the appropriateness of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

► Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT
To the Shareholder of Thomas Cook (Mauritius) Operations Company Limited

Report on the Audit of the Financial Statements (Continued)

Other information

The directors are responsible for the other information. The other information comprises of corporate data, annual report and certificate from the secretary.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Report on Other Legal and Regulatory Requirements

Mauritius Companies Act 2001

We have no relationship with or interests in the Company other than in our capacity as auditor and tax advisor.

We have obtained all the information and explanations we have required.

In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Banking Act 2004

In our opinion, the financial statements:

i have been prepared on a basis consistent with that of the preceding year.
ii are complete, fair and properly drawn up; and
iii comply with the Banking Act 2004 as well as the regulations and guidelines of the Bank of Mauritius.

Other Matter

This report has been prepared for and only for the Company's shareholder, in accordance with Section 205 of the Mauritian Companies Act 2001 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed to our prior consent in writing.

The notes on pages 24 to 49 form an integral part of these financial statements.

1. General information and statement of compliance with International Financial Reporting Standards

THOMAS COOK (MAURITIUS) OPERATIONS COMPANY LIMITED, the "Company", was incorporated in the Republic of Mauritius under the former Mauritius Companies Act 1984 (now replaced by the Companies Act 2001) on 14 January 2000 as a private company with liability limited by shares. The Company's registered office is Ground Floor, Anglo Mauritius House, 4, Intendance Street, Port Louis, Republic of Mauritius.

The main activity of the Company is to deal in foreign exchange under a foreign exchange dealer licence issued by the Bank of Mauritius on 17 June 2005. The financial statements have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board.

(a) Basis of preparation

(i) Statement of compliance

The financial statements of Thomas Cook (Mauritius) Operations Company Limited have been prepared in accordance with the IFRS Accounting Standards and in compliance with the requirements of Companies Act 2001.

(ii) Basis of measurement

The financial statements have been prepared on the going concern basis using historical cost basis except as otherwise stated in the notes to the financial statements.

(iii) Functional and presentation currency

The financial statements are presented in Mauritian Rupee (MUR) which is the Company's functional currency. All amounts have been rounded to the nearest MUR unless otherwise stated.

(iv) Use of estimates and judgement

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

(v) Going concern

Management has made an assessment of the Company's ability to continue as a going concern and is satisfied that the Company has the resources to continue in business in the foreseeable future. Refer to Note 29 for further details. Therefore, the financial statements continued to be prepared on the going concern basis.

2. Application of new and revised IFRS

(a) Application of new and revised IFRS Accounting Standards

The following amendment issued by the International Accounting Standards Board ("IASB") became effective for annual reporting periods beginning on or after 1 April 2025 and has been applied by the Company in the current financial year:

Lack of Exchangeability (Amendments to IAS 21)

In August 2023, the IASB issued amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates to clarify how an entity determines whether a currency is exchangeable into another currency and how to determine the spot exchange rate when exchangeability is lacking. The amendments also introduce additional disclosure requirements to enable users of financial statements to assess the impact of a currency not being exchangeable.

The adoption of these amendments did not have a material impact on the Company's financial position, performance or cash flows.

2. Application of new and revised IFRS (continued)

(b) Standards and interpretations issued and not yet effective

The following new standards and amendments to existing standards were issued but are not yet effective for the financial year ended 31 March 2026. The Company has not early adopted these standards and amendments.

The Company is currently assessing the potential impact of these standards and amendments on its financial statements.

New standards/Amendments to:	Effective for accounting period beginning on or after
Amendments to IFRS 9 and IFRS 7 – Classification and Measurement of Financial Instruments	01 January 2026
Annual Improvements to IFRS Accounting Standards – Volume 11	01 January 2026
Contracts Referencing Nature-dependent Electricity – Amendments to IFRS 9 and IFRS 7	01 January 2026
IFRS 18 – Presentation and Disclosure in Financial Statements	01 January 2027
Amendments to IFRS 19 – Subsidiaries without Public Accountability	01 January 2027
Amendment to IAS 21 – Translation to a Hyperinflationary Presentation Currency	01 January 2027

Amendments to IFRS 9 and IFRS 7 – Classification and Measurement of Financial Instruments

In May 2024, the IASB issued targeted amendments to IFRS 9 and IFRS 7 to address matters identified during the post-implementation review of IFRS 9. The amendments:

- clarify the date of recognition and derecognition of certain financial assets and financial liabilities, including a new exception for certain financial liabilities settled through electronic cash transfer systems;
- provide additional guidance on assessing whether financial assets meet the solely payments of principal and interest (SPPI) criterion,
- introduce enhanced disclosure requirements for financial instruments with contractual terms that may change cash flows, including instruments linked to environmental, social and governance (ESG) targets; and
- update disclosures for equity instruments designated at fair value through other comprehensive income (FVOCI).

The amendments are effective for annual periods beginning on or after 1 April 2025, with early application permitted. The Company does not expect these amendments to have a material impact on its financial statements.

Annual Improvements to IFRS Accounting Standards – Volume 11

The Annual Improvements include amendments to:

- IFRS 1: Hedge accounting by a first-time adopter
- IFRS 7: Gain or loss on derecognition
- IFRS 7: Disclosure of deferred difference between fair value and transaction price
- IFRS 7: Introduction and credit risk disclosures
- IFRS 9: Lessee derecognition of lease liabilities
- IFRS 9: Transaction price
- IFRS 10: Determination of a 'de facto agent'
- IAS 7: Cost method

The amendments do not include transition requirements, other than that an entity is required to apply the amendment to IFRS 9:2.1(b)(ii) to lease liabilities that are extinguished on or after the beginning of the annual reporting period in which the entity first applies that amendment. The amendments are effective for annual reporting periods beginning on or after 1 January 2026 with earlier application permitted. The Company does not expect these amendments to have a material impact on its financial statements.

2. Application of new and revised IFRS (continued)

(b) Standards and interpretations issued and not yet effective (continued)

Contract Referencing Nature Dependent – Amendments to IFRS 9 and IFRS 7

In December 2024, the Board issued contracts Referencing Nature- Dependent Electricity (Amendments to IFRS 9 and IFRS 7). The amendments include:

- Clarifying the application of the 'own use' requirements
- Permitting hedge accounting if these contracts are used as hedging instruments
- introduce additional disclosure requirements to enhance transparency regarding their effects on financial performance and cash flows

The amendments are effective for annual reporting periods beginning on or after 1 April 2025. Early application is permitted. The amendments shall be applied retrospectively; prior periods need not be restated to reflect the application of the amendments. The Company does not expect these amendments to have a material impact on its operations or financial statements.

IFRS 18 – Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new. It also requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes. In addition, narrow-scope amendments have been made to IAS 7 Statement of Cash Flows, which include changing the starting point for determining cash flows from operations under the indirect method, from 'profit or loss' to 'operating profit or loss' and removing the optionality around classification of cash flows from dividends and interest. In addition, there are consequential amendments to several other standards.

IFRS 18, and the amendments to the other standards, is effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively. The Company is currently working to identify all impacts the amendments will have on the financial statements.

Amendments to IFRS 19 – Subsidiaries without Public Accountability

Following the issuance of IFRS 19 in May 2024, the IASB issued amendments to IFRS 19 to align its reduced disclosure framework with IFRS Accounting Standards issued between February 2021 and May 2024 that were not reflected in the original version of IFRS 19.

The amendments update and refine the disclosure requirements applicable to eligible subsidiaries applying IFRS 19 and:

- remove certain disclosure objectives, including those relating to supplier finance arrangements, lack of exchangeability and non-current liabilities with covenants;
- reduce disclosure requirements relating to supplier finance arrangements;
- remove disclosure requirements that are interpretative guidance rather than mandatory disclosures; and
- replace disclosure requirements relating to management-defined performance measures with a cross-reference to IFRS 18 Presentation and Disclosure in Financial Statements.

The amendments have the same effective date as IFRS 19, being annual reporting periods beginning on or after 1 January 2027, with early application permitted.

The Company is currently assessing whether it qualifies to apply IFRS 19 and, if applicable, the potential impact of applying IFRS 19 and these amendments on its financial statements.

Amendment to IAS 21 - Translation to a Hyperinflationary Presentation Currency

In November 2025, the International Accounting Standards Board ("IASB") issued Translation to a Hyperinflationary Presentation Currency (Amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates).

2. Application of new and revised IFRS (continued)

(b) Standards and interpretations issued and not yet effective (continued)

Amendment to IAS 21 - Translation to a Hyperinflationary Presentation Currency (continued)

The amendments address how an entity translates amounts when its functional currency is the currency of a non-hyperinflationary economy and its presentation currency is the currency of a hyperinflationary economy. The amendments aim to reduce diversity in practice by clarifying the translation approach in these circumstances and introduce additional disclosure requirements.

The amendments are effective for annual reporting periods beginning on or after 1 January 2027, with early application permitted. The Company is currently assessing the potential impact of these amendments on its financial statements.

3. Material accounting policies

(a) Overall consideration

The financial statements have been prepared using the material accounting policies and measurement bases summarised below.

(b) Foreign currency

Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Mauritian Rupees ("MUR" or "Rs").

Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency, using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign currency at period-end exchange rates are recognised in the statement of comprehensive income.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

(c) Plant and equipment

Plant and equipment are initially recorded at cost and subsequently measured at cost less accumulated depreciation and impairment loss.

Depreciation is calculated on the straight-line method to write down the cost of the assets to their residual values over their estimated useful lives as follows:

Office equipment	4.75%
Computer equipment	25%
Furniture and fittings	6.33%
Motor vehicles	15%
Right-of-use	20% - 50%

Depreciation is provided in full in the month of addition and in respect of assets written off and disposed, up to the month of write off and disposal. Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount. Gains and losses on disposal of equipment are determined by reference to their carrying amount and are taken into account in determining operating profit. On disposal of an asset, the difference between the carrying value of the asset and sale consideration is taken to the statement of comprehensive income.

The assets' residual values, useful lives and methods of depreciation are reviewed and adjusted, if appropriate, at each reporting date. Repairs and maintenance costs are expensed as incurred.

Assets of value up to Rs 10,000 are written off completely in the month of acquisition.

3. Material accounting policies (continued)

(d) Intangible assets

Computer software

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of comprehensive income as the expense category that is consistent with the function of the intangible assets.

Acquired computer software has been assessed as having a finite useful life which has been estimated to 4 years.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of comprehensive income when the asset is derecognised.

(e) Financial instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred.

A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Financial assets and financial liabilities are measured initially at fair value plus transaction costs, where appropriate.

Classification and initial measurement of financial assets

All financial assets are initially measured at fair value adjusted for transaction costs, where appropriate.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- Amortised cost
- Fair value through profit or loss (FVTPL)
- Fair value through other comprehensive income (FVOCI)

In the current year, the Company does not have any financial assets categorised as FVTPL and FVOCI.

The classification is determined by both:

- the Company's business model for managing the financial asset; and
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets that re recognised in the statement of comprehensive income are presented within finance income or finance costs, except for impairment losses which are presented within other expenses.

3. Material accounting policies (continued)

(e) Financial instruments (continued)

Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principle and interest on the principle amount outstanding.

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, loan to related party and most of its receivables fall into this category of financial instruments.

Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. Instruments within the scope of these new requirements include mainly amount due from related parties.

Recognition of credit losses is no longer dependent on the Company first identifying a credit loss event. Instead the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

The Company makes use of a simplified approach in accounting for its amount due from related parties and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. The Company uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses.

The Company writes off a financial asset when there is information indicating that the debtor is in severe difficulty and there is no realistic prospect of recovery. Receivables or other financial assets written off are still subject to recovery procedures based on legal advice.

Classification and subsequent measurement of financial liabilities

The Company's financial liabilities include bank overdrafts, trade and other payables and lease liabilities.

Financial liabilities are measured subsequently at amortised cost using the effective interest method.

All interest-related charges on financial liabilities are included within finance costs.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(f) Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered any impairment loss. When an indication of impairment loss exists, the carrying amount of the asset is assessed and written down to its recoverable amount.

3. Material accounting policies (continued)

(g) Trade receivables

Trade receivables represent commission receivable on MoneyGram transfers.

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using effective rate of interest less impairment. Discounting is omitted where the effect of discounting is immaterial.

(h) Finance costs

Finance costs are usually referred to as the interest costs on short-term and long-term borrowings. Finance costs are recognised as expense in statement of profit or loss and other comprehensive income in the period in which they are incurred.

(i) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and cash at bank. Cash and cash equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of change in value.

(j) Equity and reserves

Stated capital is determined using the nominal value of shares that have been issued.

Retained earnings include all current and prior years' results.

Gratuity benefit deficits comprise of the actuarial losses from changes in demographic and financial assumptions and the return on plan assets.

(k) Income tax

Income tax expense represents the sum of the tax currently payable, deferred tax, Corporate Climate Responsibility Levy and Corporate Social Responsibility not recognised in other comprehensive income or directly in equity.

(i) Current tax

The tax currently payable is based on the taxable profit for the period. Taxable profit differs from profit as reported in the statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years, but it further excludes items that are neither taxable nor deductible.

The Company's liability for current tax is on the basis of the tax laws enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It established provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

(ii) Deferred tax

Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary differences will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Deferred tax liabilities are generally recognised in full.

(iii) Corporate Social Responsibility ("CSR")

The Company is subject to CSR and the contribution is at a rate of 2% on chargeable income of the preceding financial year.

Effective 1 January 2019, the contribution to the Mauritius Revenue Authority must be at least 75% or reduced up to 50% if prior written approval of the National CSR Foundation is obtained.

3. Material accounting policies (continued)

(k) Income tax (continued)

(iv) Corporate Climate Responsibility ("CCR")

The Company is subject to CCR and the contribution is at a rate of 2% on net income, where the total income for that financial year exceeds Rs 50 million.

(l) Investment in treasury bills

Treasury bills are short-term debt instruments issued by the government. They are sold at a discount and redeemed at par value, generating interest income for the investors.

(m) Employee benefits

Gratuity obligations

The liability recognised in the statement of financial position in respect of gratuity obligations is the present value of the gratuity obligations at the end of the reporting period. The gratuity obligations are calculated annually by independent actuaries. The present value of the gratuity obligations is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Past-service costs are recognised immediately in the profit or loss.

Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits.

Benefits falling due more than 12 months after the reporting period are discounted to their present value.

Termination benefits include wages, salaries, social security contribution, travelling and insurance. These costs are charged to the profit or loss when incurred.

Employee leave entitlement

Employee entitlement to annual leave and other benefits are supposed to be recognised when they accrue to the employees. The Company encourages all employees to take all their annual leave and other benefits during the year and where staff have not been able to take all their annual leave a provision is made.

(n) Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required from the Company and a reliable estimate of the amount can be made. At time of effective payment, the provision is deducted from the corresponding expenses. All known risks at the reporting date are reviewed in detail and provision is made where necessary.

3. Material accounting policies (continued)

(o) Revenue recognition

To determine whether to recognise revenue, the Company ensures that the following 5 conditions are satisfied:

1. Identifying the contract with a customer.
2. Identifying the performance obligations.
3. Determining the transaction prices.
4. Allocating the transaction price to the performance obligations.
5. Recognising revenue when/as performance obligation(s) are satisfied.

The Company earns fees and commission from the sale and purchase of foreign currencies and from the provision of services as detailed below.

(i) Net gains from foreign currency dealings

Sale of foreign currencies

Dealings in foreign exchange transactions are recognised on customer acceptance. Gains and losses arising on these dealings are recognised on a net basis.

Net foreign exchange differences include net realised gains and net gain on currencies translations at year end.

(ii) Other operating income

Other operating income comprises of fees and commission arising from telegraphic transfers, MoneyGram transactions, income from pick-up and delivery of foreign currencies to banks net of import charges.

Fees and commissions are recognised at a point in time, when the Company satisfies performance obligations by transferring services to its clients.

(iii) Interest income

Interest income is recognised on an accrual basis using the effective interest rate method.

(p) Leased assets

The Company as a lessee

For any new contracts entered into on or after 01 April 2019, the Company considers whether a contract is or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

To apply this definition the Company assesses whether the contract meets three key evaluations which are whether:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Company;
- the Company has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract; and
- the Company has the right to direct the use of the identified asset throughout the period of use. The Company assesses whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

3. Material accounting policies (continued)

(p) Leased assets (continued)

Measurement and recognition of leases as a lessee

At lease commencement date, the Company recognises a right-of-use asset and a right-of-use liability (lease liability) on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the right-of-use liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

On the statement of financial position, right-of-use assets and lease liabilities have been disclosed as separate line items.

Under IFRS 16, right-of-use assets are tested for impairment in accordance with IAS 36.

Management applies judgment in considering the substance of a lease agreement and whether it transfers substantially all the risks and rewards incidental to ownership of the leased asset. Key factors considered include the length of the lease term in relation to the economic life of the asset, the present value of the minimum lease payments in relation to the asset's fair value, and whether the Company obtains ownership of the asset at the end of the lease term. The finance lease liability is reduced by lease payments net of finance charges.

The interest element of lease payments is charged to profit or loss, as finance costs over the period of the lease.

Operating leases

Where the Company is a lessee, payments on operating lease agreements are recognised as an expense on a straight line basis over the lease term. Associated costs, such as maintenance and insurance, are expensed as incurred.

(q) Related parties

A related party is a person or company where that person or company has control or joint control of the reporting company; has significant influence over the reporting company; or is a member of the key management personnel of the reporting company or of a parent of the reporting company.

(r) Expense recognition

All expenses are accounted for on the accrual basis.

3. Material accounting policies (continued)

(s) Trade payables

Trade payables are obligations to pay for services that have been acquired in the ordinary course of business from suppliers and are classified as current liabilities if payment is due within one year.

Trade payables also include advances received from customers in respect of telegraphic transfers not yet processed by the Company at the reporting date.

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective rate of interest. Discounting is omitted where the effect of discounting is immaterial.

(t) Comparatives

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

(u) Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of comprehensive income over the year of the borrowings using the effective interest method.

Borrowing costs are expensed in the year in which they are incurred.

(v) Significant management judgements in applying accounting policies and estimation uncertainty

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Significant management judgement

Significant management judgement in applying the accounting policies of the Company that has the most significant effect on the financial statements is set out below.

Recognition of deferred tax assets

The extent to which the deferred tax assets can be recognised is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Gratuity benefit obligations

The cost of gratuity benefit obligations is determined using actuarial valuations. The actuarial valuation is based on a number of critical underlying assumptions such as discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Variation in these assumptions may significantly impact the gratuity benefit obligations amount and the annual defined benefit expenses.

The assumptions were developed by an independent actuarial appraiser. The benefit obligations at the reporting date were estimated at **MUR 7,123,647** (2025: MUR 3,999,647).

3. Material accounting policies (continued)

(v) Significant management judgements in applying accounting policies and estimation uncertainty (continued)

Estimation uncertainty (continued)

Depreciation and amortisation rates

The Company depreciates or amortises its assets over their estimated useful lives. The estimation of useful lives is based on historical performance and expectation about future use and requires significant degree of judgement. Uncertainties in these estimates relate to technological obsolescence that may change the utility of certain software and IT equipment.

Limitation of sensitivity analysis

Sensitivity analysis in respect of market risk demonstrates the effect of a change in a key assumption while other assumptions remain unchanged. In reality, there is a correlation between the assumptions and other factors. It should also be noted that these sensitivities are non-linear and larger or smaller impacts should not be interpolated or extrapolated from these results.

Sensitivity analysis does not take into consideration that the Company's assets and liabilities are managed. Other limitations include the use of hypothetical market movements to demonstrate potential risk that only represent the Company's view of possible near-term market changes that cannot be predicted with any certainty.

Impairment of receivables

The Company uses the guidance of IFRS 9 to determine the degree of impairment of its receivables. Management considers a broader range of information when assessing credit risk and estimating the credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the receivables. These estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the allowance.

4. Financial instrument risk

Risk management objectives and policies

The Company's activities expose it to a variety of financial risks: market risk (including foreign exchange risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

The Company's risks are managed at the level of the Board of Directors with the assistance of line managers. The Board is responsible for overseeing the establishment of effective risk management systems and the monitoring of internal compliance and controls.

The Company's financial assets and financial liabilities by category are summarised below:

	2026 MUR	2025 MUR
Financial assets:		
Investment in treasury bills	**89,183,773**	47,011,131
Trade and other receivables*	**4,605,325**	2,970,830
Cash and cash equivalents	**203,331,339**	186,532,755
Total financial assets	**297,120,437**	236,514,716
Financial liabilities		
Trade and other payables**	**21,674,428**	48,517,692
Bank overdraft	**87,417,688**	72,259,550
Lease liabilities	**14,912,990**	20,231,020
Total financial liabilities	**124,005,106**	141,008,262

*Trade and other receivables considered as financial assets exclude prepayments amounting to **MUR 3,715,451** (2025: MUR 5,458,443).
**Trade and other payables considered as financial liabilities exclude TDS MUR 0 (2025: MUR 27,004).

4. Financial instrument risk (continued)

(a) Market risk analysis

Foreign exchange sensitivity

The Company has financial assets and financial liabilities denominated in United States Dollar ("USD"), EURO and Great Britain Pound ("GBP"). Consequently, the Company is exposed to the risk that the exchange rates of USD, EURO and GBP relative to Rs may change in a manner which has a material effect on the reported values of the Company's assets and liabilities which are denominated in the foreign currencies. The effect of any change in the exchange rates of other currencies relative to Rs will not have any material impact on the operating cash flows.

The currency profile of the Company's financial assets and financial liabilities is as follows:

	Financial assets		Financial liabilities	
	2026	2025	**2026**	2025
	MUR	MUR	**MUR**	MUR
MUR	**116,148,627**	68,183,023	**124,005,106**	141,008,262
USD	**93,837,057**	111,033,875	-	-
EURO	**29,603,971**	55,778,451	-	-
GBP	**13,339,092**	586,376	-	-
Others	**44,191,690**	932,991	-	-
	297,120,437	236,514,716	**124,005,106**	141,008,262

Foreign currency sensitivity

The information below illustrates the sensitivity of movement in foreign exchange rates against MUR and the impact on profit or loss for the year and equity.

It assumes a 10% change in the USD/MUR, EURO/MUR and GBP/MUR exchange rate for the year ended 31 March 2026 (2025: 10%). The sensitivity analysis is based on the Company's foreign currency financial instruments held at each reporting date.

If the MUR had strengthened against the USD, EURO and GBP by 10%, equity would have decreased by **MUR 13,678,012** at 31 March 2026 (2025: MUR 16,739,871). If the MUR had weakened by the same percentage against these foreign currencies, equity would have increased by **MUR 13,678,012** (2025: MUR 16,739,871).

	2026		2025	
	Profit or loss	**Equity**	Profit or loss	Equity
	MUR	**MUR**	MUR	MUR
USD	**9,383,706**	**9,383,706**	11,103,388	(11,103,388)
EURO	**2,960,397**	**2,960,397**	5,577,845	(5,577,845)
GBP	**1,333,909**	**1,333,909**	58,638	(58,638)
	13,678,012	**13,678,012**	16,739,871	(16,739,871)

Interest rate risk

The Company has interest bearing financial assets and financial liabilities in the form of bank balances, overdrafts, leases and investment in treasury bills. The interest on the overdraft facilities is at floating rate.

The sensitivity analysis below has been determined based on the exposure to interest rates at the reporting date.

If interest rate on the financial instruments had been 25 basis points higher/lower, the net effect would be **MUR 218,544** (2025: MUR 180,649) on the operating cash flows and equity.

4. Financial instrument risk (continued)

(b) Credit risk analysis

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The financial assets that potentially expose the Company to credit risk consist of trade and other receivables, cash and cash equivalents and investment in treasury bills. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised below:

	2026 **MUR**	2025 MUR
Current assets:		
Investment in treasury bills	**89,183,773**	47,011,131
Trade and other receivables*	**4,605,325**	2,970,830
Cash and cash equivalents	**203,331,339**	186,532,755
Total financial assets	**297,120,437**	236,514,716

*Trade and other receivables considered as financial assets exclude prepayments amounting to **MUR 3,715,451** (2025: MUR 5,458,443).

Trade receivables consist of amount due from MoneyGram for which the directors consider risk of default as minimal since the latter is a highly reputable organisation and there is no history of default.

The directors consider that no credit risk is associated with the amount due from the related party included in trade and other payables, as the latter forms part of the same group of companies and the ultimate holding company has undertaken to make good of any loss suffered by the Company in the event of any default arising out from this amount due.

The Company holds investment in Government of Mauritius treasury bills on which credit risk is considered minimal.

The credit risk for cash and cash equivalents is considered negligible, since the Company transacts with reputable banks.

The carrying amount of financial assets recorded in the financial statements represents the Company's maximum exposure to credit risk.

The cash and cash equivalents are held with bank and financial institution counterparties which have good credit ratings are rated BBB- to AA+ based on Fitch's and Moody's ratings as illustrated below:

Bank	**Ratings**
AfrAsia Bank Limited	A+
Bank One Limited	BB-
BCP Bank (Mauritius) Limited	BBB-
ABSA Bank (Mauritius) Limited	BB-
SBM Bank (Mauritius) Ltd	Ba1
SBI (Mauritius) Ltd	BBB-
The Mauritius Commercial Bank Ltd	BBB-

None of the above financial assets are secured by collaterals or other credit enhancements.

(c) Liquidity risk analysis

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Ultimate responsibility for liquidity risk management rests with the Board of Directors who also monitor the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by monitoring cash inflows and outflows due in day-to-day business.

4. Financial instrument risk (continued)

(c) Liquidity risk analysis (continued)

The maturity profile of the financial liabilities is summarised as follows:

	Carrying amount MUR	Less than one year MUR	1 – 5 years MUR
31 March 2026:			
Trade and other payables	**21,674,428**	**21,674,428**	**-**
Bank overdraft	**87,417,688**	**87,417,688**	**-**
Lease liabilities	**14,912,990**	**9,647,002**	**5,265,988**
	124,005,106	**118,739,118**	**5,265,988**
31 March 2025:			
Trade and other payables	48,517,692	48,517,692	-
Bank overdraft	72,259,550	72,259,550	-
Lease liabilities	20,231,020	7,818,541	12,412,479
	141,008,262	128,595,783	12,412,479

Income projection

The main source of revenue are from the buying and selling of foreign exchange currency notes through the retail outlets and treasury deals with Corporate Clients and Financial Institutions. The Company has projected an increase of 10% in its revenue derived from foreign exchage transactions in the coming financial year as the tourism industry continues to recover and the sustained requirement for currency in the corporate segment. To be able to achieve these increases, marketing efforts will be enhanced towards corporate customers as these carry a higher income generating potential. Although the Company acknowledges the potential of the Money Transfer Service through MoneyGram, it has nevertheless adopted a more prudent approach on the capacity of this segment to generate revenue due to the currency volatility and exchange rate fluctuations risk, based on current trends.

Operating costs

The fixed and variable costs will continue to be closely monitored so that the Company does not have liquidity stress.

5. Capital management policies and procedures

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern in order to provide returns to its member and other stakeholders. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid, buy back shares or issue new shares.

The structure of the Company consists of debt, which includes borrowings, offset by cash and cash equivalents and equity comprising of issued capital and retained earnings.

The Company monitors capital on the basis of the gearing ratio. This ratio is determined as the proportion of net debt to total capital.

	Notes	**2026 MUR**	2025 MUR
Total borrowings	5 (i)	**102,330,678**	92,490,570
Less: cash and cash equivalents		**(203,331,339)**	(186,532,755)
Net debt		**(101,000,661)**	(94,042,185)
Total equity	5 (ii)	**188,295,785**	115,304,745
Total capital		**87,295,124**	21,262,560
Gearing ratio		**(116%)**	(442%)

5. Capital management policies and procedures (continued)

(i) Borrowings comprise of bank overdrafts and lease liabilities as detailed in Notes 15 and 16.
(ii) Equity includes both capital and reserves.
(iii) The Company is required to maintain an unimpaired capital of Mauritian Rupee 25,000,000 and an additional two million rupees for each branch that it operates in accordance with the Terms and Conditions of its Foreign Exchange Dealer Licence. At 31 March 2026, the Company's total equity stood at **MUR 188,295,785** (2025: MUR 115,304,745) and therefore the Company meets the unimpaired capital requirement.

Also, in accordance with Section 25 of the Banking Act 2004, the Company should maintain minimum liquid assets, equivalent to not less than 10 per cent of its liabilities, as may be determined by the Bank of Mauritius. Management considers the cash and cash equivalents and Government of Mauritius treasury bills as liquid assets and the total amount of these assets exceeded the total liabilities balance at the reporting date.

6. Fair value measurement

(a) Fair value measurement of financial instruments not carried at fair value

The Company's financial assets and financial liabilities are measured at their carrying amounts which approximate their fair values.

(b) Fair value measurement of non-financial assets and non-financial liabilities

The Company's non-financial assets consist of plant and equipment, intangible assets, deferred tax assets, right of use assets and prepayments. Its non-financial liabilities consist of gratuity obligations and tax liabilities.

For both non-financial assets and non-financial liabilities, fair value measurement is not applicable since these are not measured at fair value on a recurring or non-recurring basis.

At 1 April	**44,167,245**	34,580,777
Charge for the year	**9,982,794**	9,586,468
At 31 March	**54,150,039**	44,167,245
Net book values:		
At 31 March	**13,966,275**	19,781,796

9. Right-of-use assets (continued)

The statement of comprehensive income includes the following amounts relating to leases:

	2026 MUR	2025 MUR
Depreciation on right-of-use assets	**9,982,794**	9,586,468
Interest expense on lease liabilities	**1,246,103**	934,168

10. Investment in treasury bills

	2026 MUR	2025 MUR
At 1 April	**47,011,131**	47,026,997
Purchased during the year	**80,571,862**	15,634,134
Redeemed during the year	**(38,399,220)**	(15,650,000)
At 31 March	**89,183,773**	47,011,131
Current	**89,183,773**	38,399,220
Non-current	**-**	8,611,911
	89,183,773	47,011,131

At 31 March 2026, the company held treasury bills through financial institutions with maturity dates of 03 December 2026, 13 August 2026, 09 July 2026, 26 August 2026 and 01 September 2026 interest rates between 3.70% - 5.21%.

11. Trade and other receivables

	Notes	2026 MUR	2025 MUR
Trade receivables	11 (i)	**-**	893
Rental and other deposits		**1,756,580**	1,756,580
Other receivables and prepayments		**6,564,196**	6,671,800
		8,320,776	8,429,273

(i) Trade receivables represent commissions receivable from MoneyGram. The credit period is one week and no interest is charged on overdue balances.

The Company applies the IFRS 9 simplified model of recognising lifetime expected credit losses for its amount due from the related party as this item does not have a significant financing component.

The Directors consider that credit risk and loss associated with the amount due from related companies is not significant since the Company forms part of the same group of companies and the ultimate holding company has undertaken to make good of any loss suffered by the Company in the event of any default arising out from this receivable. On this basis, the expected credit loss has been assessed to be not material.

	2026 MUR	2025 MUR
Ageing of trade receivables:		
0 – 30 days	**-**	893
Total	**-**	893

12. Cash and cash equivalents

Cash at bank and in hand	**203,331,339**	186,532,755

13. Stated capital

	2026 MUR	2025 MUR
At 1 April	**64,814,900**	64,814,900
At 31 March	**64,814,900**	64,814,900

The number of shares at 31 March 2026 is 648,149 with a face value of Rs 100 each.

Rights attached to the ordinary shares are as per the Companies' Act 2001, as follows:

(i) the right to vote on a poll for every share held at a meeting of the Company on any resolution;
(ii) the right to an equal share in dividend authorised by the Board; and
(iii) the right to an equal share in distribution of the surplus assets of the Company.

During the year, no dividend was paid (2025: Rs 36,000,000) to the holding company, Thomas Cook (Mauritius) Holding Company Limited.

14. Gratuity obligations

The Company has recognised gratuity obligations of **MUR 7,123,647** (2025. MUR 3,999,647) in the statement of financial position in respect of any retirement gratuities that are expected to be paid out of the Company's cash flow to its employees as determined by the Company's actuary.

	2026 MUR	2025 MUR
Reconciliation of gratuity obligations:		
At 1 April	**3,999,647**	4,370,647
Amount recognised in profit or loss	**1,445,000**	1,149,000
Amount recognised in other comprehensive income	**2,546,000**	(610,000)
Employer contributions	**(867,000)**	(910,000)
At 31 March	**7,123,647**	3,999,647
Reconciliation of present value of gratuity obligations:		
At 1 April	**5,540,647**	5,335,647
Current service costs	**1,237,000**	945,000
Interest expense	**320,000**	260,000
Other benefits paid	**(64,000)**	(334,000)

Net interest on net defined benefit liability	**208,000**	204,000
	1,445,000	1,149,000
Components of amount recognised in other comprehensive income:		
Return on plan assets below interest income	**112,000**	56,000
Liability experience loss/(gain)	**1,285,000**	(737,000)
Liability loss due to change in financial assumptions	**1,149,000**	71,000
	2,546,000	(610,000)
Principal assumptions used at end of year:		
Discount rate	**5.20%**	5.80%
Rate of salary increases	**6.00%**	4.50%
Average retirement age	**60**	60
Sensitivity analysis on gratuity obligations at end of year:		
Increase due to 1% decrease in discount rate	**656,000**	361,000
Decrease due to 1% increase in discount rate	**579,000**	321,000

Future cash flows

(a) The funding policy is to pay benefits out of the reporting entity's cash flow as and when due.
(b) Expected employer contribution for the next year is Rs 1,322,000.
(c) Weighted average duration of the gratuity obligations established at 7 years.

The Company is subject to an unfunded defined benefit plan for the employees. The plan exposes the Company to normal risks described below:

Interest risk: A decrease in the bond interest rate will increase the plan liability; however, this may be partially offset by a decrease in inflationary pressures on salary increases.

Salary risk: The plan liability is calculated by reference to the future projected salaries of plan participants. As such, an increase in the salary of the plan participants above the assumed rate will increase the plan liability whereas an increase below the assumed rate will decrease the liability.

There has been no plan amendment, curtailment or settlement during the year, except for data adjustments.

15. Bank overdraft

	2026 MUR	2025 MUR
Current:		
Bank overdraft	**87,417,688**	72,259,550
Total borrowings	**87,417,688**	72,259,550

The entity has an overdraft facility with Mauritius Commercial Bank which shall be reviewed at 31 August 2026. Rate applicable on the facility is as follows:

Rate of Interest applicable on the Overdraft facility:

1. Up to MUR 25,000,000/-: MCB's Prime Lending Rate (currently at 6.65%p.a) will be charged on daily debit balances.
2. Up to EUR 480,000/-: EURIBOR 1 Month (floored to 0.00%p.a) plus margin of 4.95%p.a will be charged on daily debit balances.
3. Up to GBP 400,000/-: LIBOR 1 Month (floored to 0.00%p.a) plus margin of 6.68%p.a will be charged on daily debit balances.
4. Up to USD 520,000/-: LIBOR 1 Month (floored to 0.00%p.a) plus margin of 6.67%p.a will be charged on daily debit balances.
5. Up to CHF 480,000/-: LIBOR 1 Month (floored to 0.00%p.a) plus margin of 3.00%p.a will be charged on daily debit balances.
6. Up to JPY 780,000/-: LIBOR 1 Month (floored to 0.00%p.a) plus margin of 3.72%p.a will be charged on daily debit balances.
7. Up to ZAR 10,000,000/-: LIBOR 1 Month (floored to 0.00%p.a) plus margin of 13.25%p.a will be charged on daily debit balances.

Covenants

The facilities are subject to the satisfaction of the following covenants:

(i) The Borrower shall ensure that, upon maturity of the new Treasury Bill belonging to Thomas Cook (Mauritius) Operations Company Limited, in custody with the MCB Ltd: -

- The Treasury Bill is renewed with the MCB Ltd; or
- A minimum of MUR 25,000,000 is routed to a new renewable Fixed Deposit Account, opened with the MCB Ltd, and this shall be pledged to secure the overdraft facility.

(ii) The Borrower shall provide the Bank with its audited accounts and of any parent, subsidiary, other associate of the Borrower or sureties/guarantors in respect of the Borrower's indebtedness to the Bank, prepared in accordance with IFRS accounting standards and consistently applied, at the earliest but not later than 180 days of the end of each financial year;

(iii) The Borrower shall provide the Bank with management accounts within 30 days of the end of each quarter. The management accounts are to include the balance sheet and profit and loss statement.

16. Lease liabilities

The Company's lease liabilities concern rental of buildings.

The remaining period of the lease contracts varies from 1 to 5 years as from 01 April 2022.

	2026 MUR	2025 MUR
At 1 April	**20,231,020**	8,046,017

27. Compensation of key management personnel

	2026 MUR	2025 MUR
Salaries and other short term employee benefits	**4,917,508**	4,363,846

28. Holding companies

The Directors consider Thomas Cook (Mauritius) Holdings Company Limited, a company incorporated in the Republic of Mauritius, as the Company's immediate holding company. Thomas Cook (Mauritius) Holdings Company Limited holds 100% of the shares of the Company.

Thomas Cook (India) Limited, a company incorporated in the Republic of India, holds 100% of the shares of Thomas Cook (Mauritius) Holdings Company Limited.

Fairbridge Capital (Mauritius) Limited, a subsidiary of Fairfax Financial Holdings Limited (the 'ultimate holding'), Canada and its affiliates represent a 63.84% stake in Thomas Cook (India) Limited as on 31 March 2026.

29. Going concern

The financial statements have been prepared on the basis of accounting policies applicable to a going concern. The basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The directors believe that the Company have adequate financial resources to continue in operation for the foreseeable future and accordingly the financial statements have been prepared on a going concern basis. The directors are satisfied that the Company is in a sound financial position and have access to sufficient bank facilities to meet foreseeable cash requirements. The directors are not aware of any new material changes that may adversely impact the Company. The directors are also not aware of any material non-compliance.

30. Events after the reporting date

As at the date of the approval of the financial statements, the directors are aware of the recent geopolitical tensions and armed conflicts in the Middle East and do not underestimate the seriousness of these events and the impact this will have on the global economy. Currently there is no direct impact on the Company as it does not have any transactions with countries in the affected regions. Accordingly, the directors have determined that the matter does not have a material impact on the financial statements.

Nevertheless, due to the uncertainty surrounding the duration and extent of the conflict and the potential for broader economic impacts, the directors will continue to monitor the situation closely.

A dividend of MUR 48,000,000 will be proposed and approved in the next annual meeting.

There have been no other material events after the reporting date which require disclosure or adjustment to the financial statements for the year ended 31 March 2026.

Independent Auditor's Report

To the Members of Travel Corporation (India) Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Travel Corporation (India) Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report(s) thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for

safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related

safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 1 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company does not have any pending litigations which would impact its financial position.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 44(iv) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 44(v) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the

circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same was enabled and operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Date: 30 April 2026

Annexure A to the Independent Auditor's Report on the Financial Statements of Travel Corporation (India) Limited for the year ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of two years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering travel and tavel related services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and

Annexure A to the Independent Auditor's Report on the Financial Statements of Travel Corporation (India) Limited for the year ended 31 March 2026 *(Continued)*

Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures as defined under the Act.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company

Annexure A to the Independent Auditor's Report on the Financial Statements of Travel Corporation (India) Limited for the year ended 31 March 2026 *(Continued)*

has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) The Company is not part of any group (as defined in the regulations made by the Reserve Bank of India). Accordingly, the requirements of clause 3(xvi)(d) are not applicable.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) The average net profit of the Company during the last three financial years is negative and hence, it is not required to spend any money under sub-section (5) of section 135 of the Act.

Annexure A to the Independent Auditor's Report on the Financial Statements of Travel Corporation (India) Limited for the year ended 31 March 2026 *(Continued)*

Accordingly, reporting under clause 3(xx)(a) and 3(xx)(b) of the Order is not applicable for the year.

Annexure B to the Independent Auditor's Report on the financial statements of Travel Corporation (India) Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Travel Corporation (India) Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

Annexure B to the Independent Auditor's Report on the financial statements of Travel Corporation (India) Limited for the year ended 31 March 2026 *(Continued)*

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Travel Corporation (India) Limited

Notes to Standalone Financial Statements

for the year ended 31st March 2026

(Currency: Indian Rupees in Millions unless otherwise stated)

General Information

Travel Corporation (India) Limited is engaged in Travel and Tourism business and working as Travel agent and Tour operator. The Company mainly operates in Inbound Tours. The Company is wholly owned by Thomas Cook (India) Limited (100 %).

1 (A) Material accounting policies

1.1 Basis of preparation

(a) Statement of compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with rule 4 of the Companies (India Accounting Standards) Rules, 2015 and other relevant provisions of the Act as amended from time to time that are notified and effective as at 31 March 2026.

As per the Notification No. G.S.R. 742 (E) dated 27 July 2016, the company has availed exemption from preparing the Consolidated Financial Statement under Rules 6 of the Companies (Accounts) Rules 2014.

(b) Historical cost convention

Standalone financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities – measured at fair value,
- defined benefit plans – defined benefit obligation less plan assets measured at fair value, and
- share based payment – measured at fair value

The financial statements are prepared in Indian Rupees "(INR)" or "(Rs.)" which is also the Company's functional currency and all values are rounded off to nearest million ('000,000) except where otherwise indicated. Wherever the amount is represented as '0.00' ('zero') it construes a value less than five thousand.

1.2 Foreign currency translation and transactions

(a) Functional and presentation currency

A Company's functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

TRAVEL CORPORATION (INDIA) LTD. Tower B, Delta Square, M.G. Road, Sector-25 GURGAON

1 (A) Material accounting policies *(Continued)*

1.2 Foreign currency translation and transactions *(Continued)*

(b) Transactions and balances

(i) Initial recognition

On initial recognition, foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction.

(ii) Subsequent recognition

As at the reporting date, non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the period end exchange rates are recognised in profit and loss. Non-monetary items that are measured at fair value in a foreign currency are translated using exchange rate at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the statement of profit and loss.

All monetary items denominated in foreign currency are restated at Foreign Exchange Dealers Association of India (FEDAI) rates and the exchange variations arising out of settlement/ conversion at the FEDAI rates are recognised in the statement of profit and loss.

1.3 Revenue recognition

Revenue is measured based on transaction price, which is the consideration paid for services. Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue from rendering of services is net of Indirect taxes and discounts

(a) Income from Operations

The Company earns revenue from travel and related services.

Travel and related services
The Company earns revenue primarily from Travel and Tourism business and working as Travel agent and Tour operator in Inbound tours. Revenue from inbound tour packages are recognised on the completion of the performance obligation which is on the date of arrival of the tour.

Shopping Commission is recognised based on the commission rate contracted with shops on actual sale of merchandize to the tourist.

TRAVEL CORPORATION INDIA LTD. Tower B, Della Square, M.G. Road, Sector-25 GURGAON-122001

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

1 (A) Material accounting policies *(Continued)*

1.3 Revenue recognition *(Continued)*

(a) Income from Operations *(Continued)*

Commission income (net) from hotel and other travel services such as, optional tours etc. are recognised at the time of providing the service.

Marketing fees and other incentive income are recognised when it is confirmed.

(b) Contract balances

(i) Contract Assets

A contract asset is the right to consideration in exchange for services rendered to the customer. If the Company performs by rendering services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

(ii) Contract Liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company renders services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

1.4 Taxes on income

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Income tax for the period comprises of current tax and deferred tax. Income tax is recognised in the statement of profit and loss except to the extent that it relates to items recognised in 'Other comprehensive income' or directly in equity, in which case the tax is recognised in 'Other comprehensive income' or directly in equity, respectively.

(a) Current tax:

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the Balance Sheet date, and any adjustments to tax payable in respect of previous years. Interest income/ expenses and penalties, if any related to income tax are included in current tax expense.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. The company offsets the current tax assets as against the liability for provision for tax.

(b) Deferred Tax:

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred taxes on items classified under Other comprehensive income ('OCI') has been recognised in OCI.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

1 (A) Material accounting policies *(Continued)*

1.5 Leases

The company as a lessee

The company's lease asset classes primarily consist of leases for buildings and vehicles. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether:
(1) the contract involves the use of an identified asset,
(2) the company has substantially all of the economic benefits from use of the asset through the period of the lease and
(3) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the company recognizes a "Right of Use" ("ROU") asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease, difference between security deposit given less its present value at the end of lease period and any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses if any and adjusted for any re-measurement of the lease liability.

ROU assets are depreciated from the commencement date on a straight line basis over the lease term or useful life of the underlying asset whichever is less.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the company changes its assessment to exercise an extension or a termination option.

TRAVEL CORPORATION (INDIA) LTD. Tower B, Delta Square, M.G. Road, Sector-25 GURGAON-122001

B S R & Co. LLP Chartered Accountants

1 (A) Material accounting policies *(Continued)*

1.6 Impairment of assets

(a) Financial assets

A financial asset not carried at fair value is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not otherwise consider, indications that a debtor or issuer will enter bankruptcy, the disappearance of an active market for a security. The entity considers evidence of impairment for receivables for each specific asset. All individually significant receivables are assessed for specific impairment.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognised in statement of profit and loss and are reflected as an allowance account against receivables. Interest on the impaired asset continues to be recognised as income through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through statement of profit and loss.

The company assess at each date of Balance sheet whether a financial assets or group of financial assets is impaired. In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

TRAVEL CORPORATION (INDIA) LTD. Tower B, Delta Square, M.G. Road, Sector-25 GURGAON

BSR & Co. LLP Chartered Accountants

1 (A) Material accounting policies *(Continued)*

1.6 Impairment of assets *(Continued)*

(b) Non-financial assets

Goodwill is tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating-units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Total impairment loss of a cash generating unit (CGU) is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognised in the statement of profit and loss and is not reversed in the subsequent period.

1.7 Cash and cash equivalents

Cash and cash equivalents includes cash on hand, cheques/ drafts on hand, remittances in transit, balances with bank held in current account, demand deposits with original maturities of three months or less, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less than are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are repayable on demand and form an integral part of an entity's cash management and are included as a component of cash and cash equivalents. Bank overdrafts are shown within borrowings in current financial liabilities in the balance sheet.

1.8 Financial instruments

(a) Financial assets

(i) Initial recognition and measurement

Financial assets are recognised when the entity becomes a party to the contractual provisions of the instruments. Transaction costs are expensed in the statement of profit and loss except for financial instruments carried at amortized cost, where transaction costs are adjusted in the amortized cost of the asset.

(ii) Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortized cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') on the basis of:
(i) the entity's business model for managing the financial assets and
(ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortized cost:

Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and are held within a business model with the objective of holding the assets to collect contractual cash flows, are subsequently measured at amortized cost using the effective interest rate ('EIR') method, less impairment, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. On de-recognition, gain or loss, if any, is recognised in the statement of profit and loss.

(b) Measured at fair value through other comprehensive income :

Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, is measured at fair value through other comprehensive income. It is subsequently measured at fair value with unrealised gains or losses recognised in the other comprehensive income ('OCI'), except for interest income which is recognised as 'other income' in the Statement of Profit and Loss using the EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On de-recognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

TRAVEL CORPORATION (INDIA) LTD. Tower B, Delta Square, M.G. Road, Sector-25 GURGAON

BSR & Co. LLP 14th Floor, Central & Wing, Wing C, Wing, Nesco IT Park 4, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

1 (A) Material accounting policies *(Continued)*

1.8 Financial instruments *(Continued)*

(a) Financial assets *(Continued)*

(ii) Subsequent measurement *(Continued)*

(c) Measured at fair value through profit or loss:
A financial asset not measured at either amortized cost or FVOCI, is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any recognised as 'other income' in the Statement of Profit and Loss.

All investments in equity instruments classified under financial assets are subsequently measured at fair value (except for investment in subsidiaries). Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss when the company's right to receive payments is establishes.

(iii) Investment in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. The accounting policy on impairment of non-financial assets is disclosed in Note 1.6. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss. Dividend from such investments is recognised in the Statement of profit and loss as other income when the Company's right to receive payment is established.

(iv) De-recognition

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset. On transfer of the financial asset, the Company evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a fair value basis that reflects the rights and obligations that the Company has retained.

1 (A) Material accounting policies *(Continued)*

1.8 Financial instruments *(Continued)*

(b) Financial liabilities

(i) Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value plus transaction costs for all financial liabilities not carried at FVTPL. Financial liabilities at FVTPL are initially recognised at fair value, and transaction costs are expensed in the statement of profit and loss.

(ii) Subsequent measurement:

Financial liabilities are subsequently measured at amortized cost using EIR method. Financial liabilities carried at FVTPL are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

(iii) De-recognition

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(c) Deferred financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value, with changes in fair value recognised in statement of profit and loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

1.9 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterpart.

1.10 Property, plant and equipment

Property, plant and equipment is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable- that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit and loss during the period in which they are incurred. The carrying amount of any component accounted for as a separate asset is de-recognised when replaced. Losses arising from the retirement of, and gains or losses arising from disposal of assets which are carried at cost are recognised in the statement of profit and loss.

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Depreciation is provided on a straight-line method over the estimated useful lives of the assets. The depreciation rates are prescribed in Schedule II of the Companies Act 2013. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter or longer than that envisaged in the aforesaid Schedule, depreciation is provided at a higher or lower rate respectively, based on the management's estimate of the useful life/remaining life.

Depreciation method, estimated useful lives and residual value:
Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, as follows:

Assets	Useful life
Computer hardware	3 years
Computer servers and networks	6 years
Furniture and fixtures	10 years
Office equipment	5 years
Vehicles (Finance Lease)	4 years
Vehicles (Other than finance lease)	8 years

Leasehold improvements are amortized over the period of the lease or useful life of the asset, whichever is less.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress".

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at the end of each financial year and adjusted prospectively, if appropriate. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss.

1 (A) Material accounting policies *(Continued)*

1.11 Intangible Assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over their estimated useful lives. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the statement of profit and loss.

The carrying value of these intangible assets are reviewed at least annually for impairment and adjusted to the recoverable amount if required.

(i) Computer Software

Costs associated with maintaining software programs are recognised as an expense as incurred.

Development costs those are directly attributable to the design and testing of identifiable and unique software products controlled by the Company are recognised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software so that it will be available for use,
- management intends to complete the software and use or sell it,
- there is an ability to use or sell the software,
- it can be demonstrated how the software will generate probable future economic benefits,
- adequate technical, financial and other resources are available to complete the development and to use or sell the software, and
- the expenditure attributable to the software during its development can be reliably measured.

Directly attributable costs that are capitalized as part of the software include employee costs and an appropriate portion of relevant overheads.

Computer software
Amortization methods and periods

Asset	**Useful life**
Software (including software – Internally generated / developed)	4 - 8 years

Amortization is calculated using the straight-line method to allocate their cost over their estimated useful lives.

1 (A) Material accounting policies *(Continued)*

1.12 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

Borrowings are de-recognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in statement of profit and loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

1.13 Provisions and contingent liabilities

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognised if the likelihood of an outflow with respect to any one item included in the same class of obligations is more probable than not. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Where there are several similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

1.14 Other Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income is recognised when the right to receive dividend is established.

Facility support income, group resource income, royalty income and management fees are recognised on accrual basis based on the terms of the agreement.

1.15 Employees share- based payments

Certain employees of the Company are granted rights to equity instruments of its Holding Company as consideration for the services provided to the Company. The estimated fair-values of the awards on the grant date, are recognized as an expense in Statement of Profit and Loss with a corresponding increase to Other Equity on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards.

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

TRAVEL CORPORATION (INDIA) LTD. Tower B, Delta Square M.G. Road, Sector-25 GURGAON-122001

BSR & Co. LLP Chartered Accountants

1 (A) Material accounting policies *(Continued)*

1.16 Employee benefits

(a) Post-employment benefits:

(i) Defined contribution plans

The Company has defined contribution plan for post-employment benefit in the form of Superannuation scheme. Contributions to Superannuation scheme are charged to the statement of profit and loss as incurred. The contributions to Superannuation scheme are based on the premium contribution called for by Life Insurance Corporation of India (LIC) with whom the Company has entered into an arrangement.

Contribution towards provident fund for certain employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations apart from the contributions made on a monthly basis.

(ii) Defined benefit plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment of an amount based on the respective employee's salary and the tenure of employment.

Contribution to Gratuity is based on the premium contribution called for by the Life Insurance Corporation of India (LIC) with whom the Company has entered into an arrangement. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The amount of net interest expense calculated by applying the liability discount rate to the net defined benefit liability or asset is charged or credited in the statement of profit and loss. Any differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the statement of profit and loss.

(b) Short term employee benefit

As per the leave Policy of the Company, employees are entitled to avail 30 days of leave during a calendar year. Any carry forward or encashment of the same is not allowed and all unutilized leaves necessarily lapse at the end of the calendar year. At reporting date the liability pertaining to compensated absences is calculate based on the total leave balances of each employee.

TRAVEL CORPORATION INDIA LTD. Tower B, Delta Square, M.G. Road, Sector-25, GURGAON

BSR & Co. LLP Chartered Accountants

1 (A) Material accounting policies *(Continued)*

1.17 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

1.18 Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary nature. The costs of the company are broadly categorized in employee benefit expenses, depreciation and amortization and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses majorly include sub-con tractor charges, rent, recruitment and training expenses, travelling and conveyance, legal and professional fees and communication expenses.

1 (B) Critical Accounting Estimates and Judgements:

The preparation of Financial Statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Financial Statements.

The areas involving critical estimates and judgements are:

- Useful life of property, plant & equipment - Note 2
- Estimated useful life of intangible asset- Note 3
- Leases - Note 37
- Impairment of investment - Note 4
- Estimation of Defined Benefit Obligation- Note 36
- Recognition of deferred tax assets for carried forward unabsorbed depreciation/ loss - Note 6
- Recognition and measurement of provision and contingencies - Note 38
- Fair value of financial instruments - Note 32
- Impairment of trade receivables-Note 32
- Estimation of inputs for fair value of Share based payment instrument - Note 40

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

(Currency: Indian Rupees in Millions unless otherwise stated)

1 (C) Current / Non-Current Classification

All assets and liabilities are classified into current and non-current:

Assets

An asset is classified as current when it satisfies any of the following criteria:

a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
b) it is held primarily for the purpose of being traded;
c) it is expected to be realized within 12 months after the reporting date; or
d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date. Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

a) it is expected to be settled in the Company's normal operating cycle;
b) it is held primarily for the purpose of being traded:
c) it is due to be settled within 12 months after the reporting date; or
d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Based on the above definition and the nature of services provided, the Company has ascertained its operating cycle as 12 months for the purpose of current & non-current classification of assets and liabilities.

1 (D) Recent accounting pronouncement

(i) New and amended standards adopted by the Company:

The Ministry of Corporate Affairs ("MCA") notified the Companies (Indian Accounting Standards) Amendment Rules, 2025 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2025 introducing amendments to certain standards, applicable to the Company with effect from 1st April, 2025.

The key changes include guidance on foreign currency exchangeability (Ind AS 21), new disclosure requirements for supplier finance arrangements (Ind AS 7 / Ind AS 107), an exception and disclosure requirements relating to OECD Pillar Two income taxes (Ind AS 12), and clarifications on classification of liabilities subject to covenants (Ind AS 1 / Ind AS 10), certain provisions of which are effective from 1st April, 2026).

The Company has reviewed these amendments and determined that they do not have any significant impact on its Financial Statements.

(ii) New Standards/Amendments notified but not yet effective:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2026, MCA has not notified any other new standards or amendments to the existing standards applicable to the Company.

At the commencement of the year	10,000	0.10	10,000	0.10
Less: Changes during the year	-	-	-	-
Outstanding at the end of the year	10,000	0.10	10,000	0.10

ii Rights attached to Equity shares

The Company has only one class of Equity Shares with voting rights having a par value of Rs 10/- each per share. Each holder of Equity Shares is entitled to one vote per share. The Company declares and pays dividends in Indian Rupees. The dividend, if any proposed by the Board will be paid subject to the approval of the shareholders at the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation of the Company, the Equity shareholders will be entitled to receive remaining assets of the Company after distribution of all preferential amounts. The distribution will be in proportion to the number of Equity Shares held by the shareholders.

Outstanding at the end of the year	19,90,19,396	1,990.19	19,90,19,396	1,990.19

iii Rights attached to Preference shares

Preference shares outstanding at the end of 20 years shall be converted into equity shares as per the conversion ratio of one preference shares of Rs. 10 each into one equity share of Rs. 10 each. Failing this, preference shares shall be converted into equity shares by the Company on 11-12-2039. The holders of these shares are entitled to non-cumulative dividend of 0.01%. Preference shares carry a preferential right as to dividend over equity shareholders. where dividend is not declared in respect of a financial year in the case of non-cumulative preference shares, the entitlement for that year lapses. In the event of winding up, preference shareholders have a preferential right over equity shareholders to be repaid to the extent of capital paid-up and dividend in arrears on such shares. The Company has an option to convert the Preference shares or redeem the preference shares at any time after the end of 1 year from the date of allotment.

32 Financial instruments – Fair values and risk management

A. Accounting classification and fair values

Carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy, are presented below.

31 March 2026*	Carrying amount					Fair value			
	Financial instruments measured at fair value through profit or loss (FVTPL)	Financial instruments measured at fair value through comprehensive income (FVTOCI)	Financial instruments measured at amortized cost	Derivative instrument not in hedging relationship	Total	Level 1 - Quoted price in active markets	Level 2 - Significant observable inputs	Level 3 - Significant unobservable inputs	Total
Financial assets not measured at fair value									
Trade receivables	-	-	632.93	-	632.93	-	-	-	-
Cash and cash equivalents	-	-	604.11	-	604.11	-	-	-	-
Bank balances other than cash and cash equivalents abo	-	-	594.71	-	594.71	-	-	-	-
Other financial assets									
- Security Deposit	-	-	46.72	-	46.72	-	46.72	-	46.72
- Others	-	-	32.51	-	32.51	-	-	-	-
	-	-	1,910.98	-	1,910.98	-	46.72	-	46.72
Financial liabilities not measured at fair value									
Trade payables	-	-	1,842.81	-	1,842.81	-	-	-	-
Short Term Borrowing	-	-	370.60	-	370.60	-	-	-	-
Other financial liabilities									
- Non-current	-	-	87.03	-	87.03	-	-	-	-
- Current	-	-	265.93	-	265.93	-	-	-	-
Total financial liabilities	-	-	2,566.37	-	2,566.37	-	-	-	-

*Excludes investment in subsidiaries and Joint Venture are being carried at cost (net of impairment) amounting Rs. 15.65 mn.

Carrying amounts of cash and cash equivalents, trade receivables, unbilled receivables and trade payables as at 31 March 2026 approximate the fair value because of their short term nature.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs
The following tables show the valuation techniques used in measuring Level 1,Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Financial instruments measured at fair value

Type	Valuation technique
Leases & Security Deposit	Discount rates to fair value of financial assets and liabilities at amortised cost is based on general lending rate

Transfers between Levels

There were no transfers in either direction in any of the reporting periods.

C. Financial risk management

The Company has exposure to the following risks arising from financial instruments:
- Credit risk ;
- Liquidity risk ; and
- Market risk

i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The board oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The board is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the board.

32 Financial instruments – Fair values and risk management *(Continued)*

C. Financial risk management *(Continued)*

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables).

The carrying amount of following financial assets represents the maximum credit exposure:

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. The concentration of credit risk is limited due to the fact that the customer base is large.

The Risk Management Committee has established a credit policy under which each new customer is analysed individually for creditworthiness. Credit limits are established for each customer on annual basis. Any sales exceeding those limits require approval from the Risk Management Committee.

The company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Movement in impairment on trade receivables	31 March 2026	31 March 2025
Balance at the beginning of the year	3.41	0.07
Changes in loss allowance	0.32	3.41
Bad debt written off	3.44	0.07
Balance at the end of the year	0.29	3.41

C. Financial risk management *(Continued)*

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's principal source of liquidity are cash and cash equivalents; bank overdraft and the cash flow that is generated from operations.As of 31 March 2026 the company have negative working capital of INR 752.97 mn including cash and cash equivalent of INR 604.11 mn, other bank balance of INR 594.71 mn and current investment of Rs Nil. As of 31 March 2025 the company have negative working capital of INR 850.16 mn including cash and cash equivalent of INR 798.42 mn, other bank balance of INR 32.48 mn and current investment of Rs Nil. The Company has obtained support letter from its holding company to meet it's working capital requirement, Hence the Company does not perceive any liquidity risk.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

		Contractual cash flows					
31 March 2026	**Carrying amount**	**Total**	**Less than 6 months**	**6-12 months**	**1-2 years**	**2-5 years**	**More than 5 years**

C. Financial risk management *(Continued)*

iv. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. We are exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of our investments. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs.

Currency risk

The Company is exposed to currency risk on account of other payables in foreign currency. The functional currency of the Company is Indian Rupee.

Exposure to currency risk (Exposure in different currencies converted to functional currency)

The currency profile of financial assets and financial liabilities as at 31 March 2026 and 31 March 2025 are as below:

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against various currencies as mentioned above at 31 March 2026 and 31 March 2025 would have affected the measurement of financial instruments denominated in the respective currencies and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast transactions to be held in the foreign currencies.

	Profit or loss		Equity, net of tax	
Effect in INR	Strengthening	Weakening	Strengthening	Weakening
31 March 2026

33 Micro, Small and Medium Enterprises

Under the Micro, Small and Medium Enterprises Development Act, 2006 which came into force from 2 October, 2006, certain disclosures are required to be made relating to dues to Micro and Small Enterprises. On the basis of the information and records available with the management, following are the details of dues to Micro and Small Enterprises:

Particulars	31 March 2026	31 March 2025
The amounts remaining unpaid to micro and small suppliers as at the end of the year.		
– Principal	8.94	5.08
– Interest	-	-
The amount of interest paid by the buyer in terms of section 16 of the Micro Small and Medium Enterprises Development Act, 2006 ('MSMED Act, 2006') along with the amount of the payment made to the supplier beyond the appointed day during each accounting year.	-	-
The amounts of the payments made to micro and small suppliers beyond the appointed day during each accounting year.	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act, 2006.	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act, 2006.	-	-

34 Segment reporting

The Company is in the business of providing travel and related services to its corporate customers which is considered by management as the only reportable business segment taking into account the nature of the business, the risk and returns, the organisation structure and internal reporting system. The travel and related services includes tour operations and travel management services, arranging air tickets, hotels, sightseeing, visa and other related services.

35 Capital Management

The Company considers the following components of its Balance Sheet to be managed capital:
Total equity – retained profit, other reserves, share capital, share premium

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company aims to translate profitable growth to superior cash generation through efficient capital management. The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company's focus is on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required, without impacting the risk profile of the Company. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Company is not subject to financial covenants in any of its significant financing agreements.

The management monitors the return on capital as well as the level of dividends to shareholders. The Company's goal is to return excess liquidity to shareholders by distributing dividends in future periods.

36 Employee benefits

A. The Company contributes to the following post-employment benefit plans in India.

(i) Defined contribution plans:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund, Employee State Insurance Corporation, Labour Welfare Fund and National Pension Scheme which is a defined contribution plan. The Company has no obligations other than to make the specified contributions. The contributions are charged to the Statement of profit and loss as they accrue.

Amount contributed to defined contribution plan and recognised as an expense in the Statement of profit and loss are as under:

Particulars	31 March 2026	31 March 2025
Employer's contribution to provident fund	22.17	20.02
Employee's State Insurance Corporation*	0.00	0.00
Labour welfare fund	0.25	0.21
NPS Contribution	2.04	1.30
Total	24.46	21.53

*Employee's State Insurance Corporation amounts to INR 0.0047 mn in FY 2025-26 and INR 0.0042 mn in FY 2024-25

(ii) Short Term Employee Benefits:

Leave obligations - compensated absences

Effective 1 January 2017 there has been a change in the Leave Policy as a part of a Group alignment initiative. As per the new leave policy, every employee will be allotted 30 days of leave in the first week of January. No leaves can be carried forward to the next year whereby, the leave balance left unutilized on 31 December shall lapse. During the year, a sum aggregating to INR 0.93 mn [31 March 2025: INR 1.12 mn] has been recognised as an expense in the Statement of profit and loss.

(iii) Defined Benefit Plan:

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

Contribution to Gratuity is based on the premium contribution called for by the Life Insurance Corporation of India (LIC) with whom the Company has entered into an arrangement. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The amount of net interest expense calculated by applying the liability discount rate to the net defined benefit liability or asset is charged or credited in the statement of profit and loss. Any differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the statement of profit and loss.

Gratuity is payable to all eligible employees of the Company on superannuation, death and permanent disablement, in terms of the provisions of the Payment of Gratuity Act,1972 or as per the Company's scheme, whichever is more beneficial

In respect of certain employees, the Company has defined benefit plan for other long-term employee benefit in the form of provident fund. Provident fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

	31 March 2026	31 March 2025
Gratuity		
Net defined benefit asset	44.43	43.19
Net defined benefit liability	165.02	88.01

36 Employee benefits *(Continued)*

D. Defined benefit obligations- Gratuity

i. Actuarial assumptions

The following were the principal actuarial assumptions at the reporting date.

	31 March 2026	31 March 2025
Discount rate	7.25%	6.80%
Salary escalation rate	7.50%	7.50%
Mortality rate	IALM (2012-14) Ult	IALM (2012-14) Ult

Employee Attrition Rate	31 March 2026	31 March 2025
Age 21-30	6.40%	6.40%
Age 31-40	7.90%	7.90%
Age 41-50	2.73%	2.73%
Age 50 and above	0.73%	0.73%

Assumptions regarding future mortality have been based on published statistics and mortality tables. The current longevities underlying the values of the defined benefit obligation at the reporting date were as above.

ii. Sensitivity analysis- Gratuity

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	31 March 2026	
	Increase	Decrease
Discount rate (0.5% movement)	(6.17)	6.60
Future salary growth (0.5% movement)	6.55	(6.17)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

iii. Risk exposure for gratuity

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below:

a) **Asset volatility** - The plan liabilities are calculated using a discount rate set with reference to bond yields, if the plan assets underperform this yield, this will create a deficit. Further any decrease in the bond yields will increase the plan liabilities. The plan assets investments are in unquoted securities which are subject to interest rate risks and the fund manages the interest rate risks to an acceptable low level.

b) **Salary growth & Demographic assumptions** - The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lumpsum in nature the plan is not subject to any longevity risks.

c) Majority of the plan assets consist of Insurer (LIC) managed funds which offers the best return over the long term with an acceptable level of risk. The plan asset mix is in compliance with the requirements of the respective local regulations.

Defined benefit liability and employer contributions for gratuity

Expected contribution to post employment benefit plans for the year ending March 31, 2027 is INR 3.00 mn. The weighted average duration of the defined benefit obligation is 7.72 years (Previous year 7.89 years).The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
March 31, 2026 - Post Employment Obligations	**29.00**	**4.74**	**39.87**	**258.68**	**332.29**
March 31, 2025 - Post Employment Obligations	17.34	2.88	14.93	134.90	170.05

37 Leases *(Continued)*

iii) Amount recognized in Statement of Profit and Loss

	31 March 2026	31 March 2025
Interest on lease liabilities	9.36	6.35
Depreciation on right-of-use assets	55.47	51.62
Short-term leases and low value leases	24.57	20.33
	89.40	78.30

iv) Amount recognized in Statement of Cash Flow

	31 March 2026	31 March 2025
Repayment of lease liabilities	(70.13)	(64.12)
Finance cost paid towards lease liabilities	9.36	6.35
Total	(60.77)	(57.77)

v) New Leases

In the current year, ROU building Lease of INR 152.42 mn [INR 13.42 mn in FY 2024-25] and ROU Vehicle lease of INR 2.85 mn [Nil in FY 2024-25] have been undertaken / renewed.

vi) Extension options

The lease contracts of the company contain extension/renewal options which are exercisable only by the Company and not by the lessors. The Company includes in its lease term such extension/renewal options that the Company is reasonably certain to exercise. If the lease is extended beyond the renewal term, then the lease rentals will be mutually agreed between the parties based on the fair value of lease rent at the time of extension.

TRAVEL CORPORATION (INDIA) LTD. Tower B, Delta Square, M.G. Road, Sector-25 GURGAON-122001

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

38 Contingent liabilities and commitments (to the extent not provided for)

	31 March 2026	31 March 2025
Contingent liabilities		
a. Service tax that may arise in respect of which the Service Tax Department is in appeal (in respect of some earlier years, appeals covering the same issues have been decided in favor of the Company by the appellate authorities)	-	159 93
b. The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, in the case of Surya Roshani Limited & others v/s EPFO, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. Subsequently, a review petition against this decision has been filed and is pending before the SC for disposal.		
Management has accounted for the liability for the period from date of the SC order to 31 March 2019. Further, pending decision on the subject review petition and directions from the EPFO, the impact for the past period, if any, is not ascertainable and consequently no effect has been given in the accounts.		

Capital Commitment:
The company has outstanding capital commitments as on 31st march 2026 against Capex purchase orders amounting to INR 9.68 mn (31st March 2025 : INR 0.10 mn).

39 Corporate social responsibility

As per the provisions of the Companies Act, 2013, every company having:

a. net worth of rupees five hundred crore or more, or
b. turnover of rupees one thousand crore or more, or
c. net profit of rupees five crore

is required to be spend 2% of the average net profits calculated as per section 198 of the Companies Act, 2013 during the three immediately preceding financial years towards CSR.

Since the Company satisfies the above parameters in FY 2025-26 & FY 2024-25. However, due to negative average profit in last three preceeding financial years, the company is not required to spend any amount towards CSR. Pursuant to this, CSR obligation of the Company for the FY 2025-26 & FY 2024-25 are Nil.

40 Share-based payment arrangements:

A. Description of share-based payment arrangements

i. Share option programmes (equity-settled)

Thomas Cook India Limited, the parent company has granted Employee Stock Options to the Company's employees under various plans. Under these plans, the holder of the vested options are entitled to purchase the shares of the holding company at exercise price prescribed in the plans at the respective date of grant of the options.

The key terms and conditions related to the grants under these plans are as follows; All options are to be settled by the delivery of shares after completion of vesting period.

Plan	Grant date	No. of options	Exercise price	Vesting period	Expiry Period
GT25AUG2015	25-Aug-15	10,000	165.92	3 years	1-Aug-28
GT07NOV2016	7-Nov-16	4,65,594	1.00	4 years	1-Nov-40
GT13JUN2018	13-Jun-18	2,18,900	137.93	3 years	10-Jun-31
GT05OCT2018	5-Oct-18	39,989	1.00	5 years	20-Sep-43
GT30JUL2025A	30-Jul-25	3,64,195	1.00	4 years	24-Jul-49
GT30JUL2025B	30-Jul-25	7,00,000	1.00	4 years	24-Jul-49
GT30JUL2025	30-Jul-25	1,00,119	1.00	4 years	24-Jul-49

Share options outstanding at the end of the year have the following expiry date and exercise prices

Plan	Expiry Period	Exercise price	March 31, 2026 Share Options	March 31, 2025 Share Options
GT25AUG2015	1-Aug-28	165.92	-	6,800
GT07NOV2016	1-Nov-40	1.00	-	-
GT13JUN2018	10-Jun-31	137.93	95,250	1,12,250
GT05OCT2018	20-Sep-43	1.00	-	-
GT30JUL2025A	24-Jul-49	1.00	3,64,195	-
GT30JUL2025B	24-Jul-49	1.00	7,00,000	-
GT30JUL2025	24-Jul-49	1.00	1,00,119	-
Weighted average remaining contractual life of options outstanding at end of year			21.96 Years	6.03 Years

B. Measurement of fair values

i. Equity-settled share-based payment arrangements

The fair value at grant date is determined using the Black-Scholes Model which takes into account the exercise price, expected volatility, option's life, the share price at grant date, expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

TRAVEL CORPORATION (INDIA) LTD. Tower B, Delta Square, M.G. Road, Sector-25 GURGAON-122001

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park, Nesco Complex, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

ii. Modification of share based payment schemes:

The Thomas Cook India Limited (TCIL) in a composite scheme of arrangement demerged its Human Resources Services Business and transferred it to Quess Corp Limited (Quess). The scheme was approved by the National Company Law Tribunal (NCLT) with the appointed date as April 1, 2019. The effective date of the scheme was November 25, 2019 when both TCIL and Quess filed the certified copies of the order with their respective jurisdictional Registrar of Companies.
As a part of the composite scheme, Employees whose ESOPs were outstanding on the effective date will be entitled to the additional shares of Quess on account of the demerger of Human Resource Business. Instead of altering the exercise price, TCIL provided additional award in form of Quess shares.
The employees are now entitled to shares of Quess along with those of TCIL in the same share entitlement ratio prescribed in the scheme for the other shareholders of TCIL
In case of vested ESOPs, the employees will be granted shares of TCIL and Quess only on payment of the exercise price. In case of unvested ESOPs, the employees will be granted shares of TCIL and Quess on completion of the remaining vesting period and payment of the exercise price.
The options, to the extent, which are settled by shares of Quess do not meet the definition of a share-based payment arrangement because the value of shares of Quess is not based on the price or value of TCIL's equity instruments or any of its group entity's equity instruments.
The options to the extent which are settled by shares of Quess will be considered as an employee benefit within the scope of Ind AS 19.
The options settled by shares of TCIL continue to be considered as share based payments and are accounted as per IND AS 102.

40 Share-based payment arrangements: *(Continued)*

C. Reconciliation of outstanding share options

The number of share options under the share option programmes were as follows.

Thomas Cook ESOP Sch	GT25AUG2015	Number of options 31 March 2026	Number of options 31 March 2025

41 Analytical Ratios

Ratio	Numerator	Denominator	31 March 2026	31 March 2025	% change	Reason for variance
Current ratio	Current Assets	Current Liabilities	0.76	0.69	10%	No Major variation
Debt- Equity Ratio	Debt consists of borrowings and lease liabilities	Total Equity	(7.19)	(3.14)	129%	The change is on account of repayment of INR 300 mn Loan (including interest) causes reduction in overall debt. Further, due to profit in current year, total equity has improved.
Debt Service Coverage ratio	Profit / (loss) before interest, depreciation and amortization but after taxes	Borrowings principal payments, interest and lease payments	1.15	7.98	86%	Variance is on account of repayment of INR 300 mn of loan (including interest) in comparision to INR 100 mn in previous year.
Return on Equity ratio	Profit/ (loss) after taxes	Average Total Equity = (Opening total equity + closing total equity)/2	(0.84)	(0.61)	38%	Profit decline in current year. However, the average equity is still negative.
Inventory Turnover ratio	Cost of goods sold	Average Inventory	NA	NA	NA	The company is in the business of operating Tour Services and no inventory is maintained. Hence ratio is not calculated.
Trade Receivable Turnover Ratio	Revenue from Operations	Average Trade Receivable = (Opening Trade Receivable + Closing Trade Receivable)/2	10.40	12.35	16%	No Major variation
Trade Payable Turnover Ratio	Cost of Services and Other expenses	Average Trade Payables = (Opening Trade Payable + Closing Trade Payable)/2	3.13	4.02	22%	No Major variation
Net Capital Turnover Ratio	Revenue from Operations	Average Working capital = (Opening Net Current assets + Closing Net Current assets)/2	(7.66)	(6.25)	23%	No Major variation
Net Profit ratio*	Profit/ (loss) after taxes	Revenue from Operations	0.02	0.03	36%	The ratio declines on account of lower profit in current year due to the impact of new labour codes and other regular business operations
Return on Capital Employed	Profit/ (loss) before interest and taxes	Capital Employed = Tangible net worth + Total borrowings + Lease liabilities	(3.00)	(1.48)	102%	In current year, the company has earned profit. However, the capital employed is still negative which makes such variance.
Return on Investment	Income generated from invested funds in market	Average invested funds in market = (Opening funds invested in market + Closing funds invested in market)/2	NA	NA	NA	Not applicable, due to no investment.

43 Ind AS 115 'Revenue from Contracts with Customers'

i) Details of revenue from contracts with customers recognised by the Company, net of indirect taxes in its Statement of Profit and Loss

Revenue from operations:
Revenue from contract with customers

Particulars	31 March 2026	31 March 2025
-Travel and tour related services	6,096.63	5,920.71
	6,096.63	5,920.71

ii) Disaggregate Revenue

The following table presents Company revenue disaggregated by reportable segment:

Revenue based on product and services:
Revenue from contract with customers

Particulars	31 March 2026	31 March 2025
-Travel and tour related services	6,096.63	5,920.71
	6,096.63	5,920.71

iii) Contract balance

(a) Contract Assets :

A contract asset is the right to consideration in exchange for services rendered to the customer. If the Company performs by rendering services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

The contract assets primarily relate to the unbilled revenue from customers for which revenue has been recognized based on the performance obligation / services delivered, however billing of same is yet to be done.

Changes in contract assets are as follows

Particulars	31 March 2026	31 March 2025
Balance at the beginning of the year	21.33	7.00
Revenue recognised during the year	5,986.83	5,818.18
Invoices raised during the year	(5,834.30)	(5,803.85)
Balance at the end of the year	173.86	21.33

(b) Contract liabilities :

The contract liabilities primarily relate to the advance consideration received from customers for which revenue is recognized when the performance obligation is over/ services delivered.

Advance Collections is recognised when payment is received before the related performance obligation is satisfied. This includes advances received from the customer towards In-bound tour packages. Revenue from inbound tour packages are recognized on the completion of the performance obligation which is on the date of arrival of the tour.

Advance from contract with customers

Particulars	31 March 2026	31 March 2025
-Advance collected from customers	568.26	305.41
	568.26	305.41

44 Other Statutory Information

(i) The Company does not have any Benami property, where any proceeding has been initiated or is pending against the Company for holding any Benami property.

(ii) The Company does not have any charges or satisfaction of such charges which are yet to be registered with the Registrar of Companies (ROC) beyond the statutory period.

(iii) The company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(iv) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

(v) The Company has not received any funds from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

(vi) The Company has not undertaken any transaction with struck off companies during the year.

(vii) The Company does not have any transaction which is not recorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey) or any other relevant provisions of the Income-tax Act, 1961

45 Struck Off Companies

The below are the details for the transactions undertaken by the Company with the struck off companies under Section 248 of the Companies Act, 2013

Name of Struck off Company	Nature of transactions with Struck off Company	Transaction during the year March 31, 2026	Balance Outstanding March 31, 2026	Transaction during the year March 31, 2025	Balance Outstanding March 31, 2025	Relationship
NA	NA	-	-	-	-	NA

46 On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 -consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has assessed and disclosed the incremental impact of these changes of ₹51.6 million on the basis of the best information available, consistent with the guidance provided by the Institute of Chartered Accountants of India. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has presented such incremental impact as "Statutory impact of new Labour Codes" under "Exceptional items" " in the statement of profit and loss for the quarter and nine months ended 31 December, 2025.

The incremental impact consisting of gratuity of ₹51.6 million primarily arises due to change in wage definition. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

47 The management has assessed the impact of current geo-political tensions on the travel and tourism sector, including potential disruptions to international travel and customer demand. Based on the assessment carried out, the management is of the view that the Company continues to operate normally and there is no material impact identified on the financial statements.

TRAVEL CORPORATION (INDIA) LTD. Tower B, Della Square, M.G. Road, Sector-25 GURGAON-122001

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

48 Transfer pricing

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international as well as specified domestic transactions (if applicable) entered into with the associated enterprise during the financial year and expects such records to be in existence latest by the end of the stipulated timeline, as required by law. The Management is of the opinion that its international as well as specified domestic transactions (if any) are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

Material accounting policies
The notes from 1 to 48 form an integral part of the financial statements

Independent Auditor's Report

To the Members of SOTC Travel Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of SOTC Travel Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other

irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 1 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its financial statements - Refer Note 31 to the financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 42 (iv) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 42 (v) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the

representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same was enabled and operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of SOTC Travel Limited for the year ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering travel and related services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets and corporate guarantee. As represented by management, the Company is not required to file quarterly returns or statements with such banks or financial institutions.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in mutual funds. The Company has not made any investment in companies, firms and limited liability partnership. Accordingly, provisions of Clause 3(iii)(a), 3(iii)(c) to 3(iii)(f) of the Order are not applicable to the Company.

(a) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made during the year are not prima facie prejudicial to the interest of the Company. The Company has not provided any guarantee or security or granted any loans or advances in the nature of loans.

(iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from

the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products manufactured by it (and/or services provided by it). Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, or Cess or other statutory dues have generally been regularly deposited by the Company with the appropriate authorities, though there has been slight delay in case of Income Tax and Profession Tax.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Annexure A to the Independent Auditor's Report on the Financial Statements of SOTC Travel Limited for the year ended 31 March 2026 *(Continued)*

3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary as defined under the Act.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiary (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) The Company is a unlisted public limited company, which is a subsidiary of listed company and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

Annexure A to the Independent Auditor's Report on the Financial Statements of SOTC Travel Limited for the year ended 31 March 2026 *(Continued)*

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) The Company is not part of any group (as defined in the regulations made by the Reserve Bank of India). Accordingly, the requirements of clause 3(xvi)(d) are not applicable.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of SOTC Travel Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of SOTC Travel Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

Annexure B to the Independent Auditor's Report on the financial statements of SOTC Travel Limited for the year ended 31 March 2026 *(Continued)*

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the financial statements

for the year ended March 31, 2026
(All amounts in Rs. Millions, unless otherwise stated)

Note 1

1A Company overview

SOTC Travel Limited ('the Company') formerly known as SOTC Travel Private Limited is public limited Company incorporated and domiciled in India having CIN:U63040MH2001PLC131691. The Company is engaged in diversified travel and travel related businesses, working as travel agent and tour operator having registered office at 11th Floor, Marathon Futurex, N.M Joshi Marg, Lower Parel (East), Mumbai-400 013.
The financial statements were approved and authorised to issue in accordance with the resolution passed by the Board of directors at its meeting held on 04 May, 2026.

1B Material Accounting Policies

1B.1 **Basis of preparation**

(a) Statement of compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act as amended from time to time that are notified and effective as at 31 March 2026.

(b) Basis of measurement

Financial statements have been prepared on a historical cost basis, except for the following:
- certain financial assets and liabilities - measured at fair value,
- defined benefit plans – defined benefit obligations less plan assets measured at fair value, and
- share based payment - measured at fair value

(c) Functional and presentation currency

The financial statements are presented in Indian Rupees "(INR)" or "(Rs.)" which is also the Company's functional currency and all values are rounded off to nearest millions ('000,000) except where otherwise indicated. Wherever the amount is represented as '0' ('zero') it construes a value less than half million

(d) Foreign currency translation and transactions

(i) Functional and presentation currency

A Company's functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

(ii) Transactions and balances

(ii.a) Initial recognition

On initial recognition, foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction.

(ii.b) Subsequent recognition

As at the reporting date, non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the period end exchange rates are recognised in profit or loss. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the statement of profit and loss.

All monetary items denominated in foreign currency are restated at Foreign Exchange Dealers Association of India (FEDAI) rates and the exchange variations arising out of settlement / conversion at the FEDAI rates are recognised in the statement of profit and loss.

Notes to the financial statements

for the year ended March 31, 2026
(All amounts in Rs. Millions, unless otherwise stated)

1B.2 **Going Concern**

As at 31 March 2026, the Company's net worth is Rs.828.28 Mn. The Company during the year has made a net profit of Rs.207.28 Mn (FY 2024-2025 Profit of Rs. 256.51 Mn). The Company has also assessed the impact on the future cash flow projections on the basis of significant assumptions as per the available information and based on this analysis the company is expected to generate adequate cash flows in the foreseeable future

Based on aforesaid assessment, management believes that as per estimates made conservatively, the Company will continue as a going concern.

1B.3 **Use of estimates**

The preparation of financial statements in accordance with generally accepted accounting principles ('GAAP') in India requires that management makes judgment, estimates and assumptions that affect the reported amounts of Assets and Liabilities, disclosure of contingent liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reported period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of facts and circumstances as at the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

Judgments

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes

Note 23 - Determination of whether a particular service is rendered in the capacity of a principal or agent
Note 30 (ii) - Determining the amount of expected credit loss on financial assets (including trade receivables)
Note 2.2 - Lease classification

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the financial statement is included in the following notes:

Note 1B 2 - Going Concern
Note 2 - Estimate of useful life used for the purposes of depreciation and amortisation on property plant and equipment and intangible assets.
Note 5 - Recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;
Note 38 - Measurement of defined benefit obligations: key actuarial assumptions;
Note 4, 7, 11, 12 and 23 - Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources
Note 30 - Impairment of financial assets
Note 2 - Impairment of non financial assets

1B.4 **Revenue recognition**

Revenue is measured based on transaction price, which is the consideration paid for services. Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue from rendering of services is net of Indirect taxes and discounts.

(a) Income from operations

The Company earns revenue from travel and related services.

Travel and related services

It comprises of leisure tours packages within India and outside India along with travel related services viz travel insurance and visa services. Revenue on leisure tours / holiday's packages are recognized on the completion of the performance obligation which is on the date of departure of the tour.
It also includes income from the sale of airline tickets is recognized as an agent on the basis of net commission earned, at the time of issuance of tickets, as the Company does not assume any performance obligation post the confirmation of the issuance of an airline ticket to the customer.
Performance linked bonuses from airlines are recognized as and when the performance obligations under the schemes are achieved.

SOTC TRAVEL LIMITED MUMBAI

BSR & CO. LLP Chartered Accountants 11th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063

1B.4 **Revenue recognition (Continued)**

(b) Contract balances

(i) Contract assets

A contract asset is the right to consideration in exchange for services rendered to the customer. If the Company performs by rendering services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

(ii) Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company renders services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

(c) Customer Loyalty Program

The Company operates a customer loyalty program. The Loyalty Program allows customers to accumulate rewards points on their travel spending as per the scheme. The points give rise to a performance obligation as it entitles customers for redemption as settlement of future purchase transaction price.

Consideration received is allocated between the sale of travel packages and contractual liability for points issued.

Consideration allocated to reward points as a contractual liability is deferred and recognized when points are redeemed or when the points are expired.

Reward points are redeemable by the customers in the future periods for booking either holiday, flight or hotel with the Company. Revenue against the reward points is recognised when redeemed by the customers for travel bookings with the Company. Reward points which remain unredeemed at the time of expiry of such points are recognized as revenue.

1B.5 **Taxes on income**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Income tax for the period comprises of current tax and deferred tax. Income tax is recognised in the statement of profit and loss except to the extent that it relates to items recognised in 'Other comprehensive income or directly in equity, in which case the tax is recognised in 'Other comprehensive income' or directly in equity, respectively.

(a) Current tax:

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the Balance Sheet date, and any adjustments to tax payable in respect of previous years. Interest income/expenses and penalties, if any related to income tax are included in current tax expense.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. The company offsets the current tax assets as against the liability for provision for tax.

1B.5 **Taxes on income (Continued)**

(b) Deferred tax:

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred taxes on items classified under Other comprehensive income ('OCI') has been recognised in OCI.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

1B.6 **Leases**

The company as a lessee

The company's lease asset classes primarily consist of leases for buildings, vehicles and office equipment. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether:
(1) the contract involves the use of an identified asset
(2) the company has substantially all of the economic benefits from use of the asset through the period of the lease and
(3) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the company recognizes a "Right of Use" ("ROU") asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses if any and adjusted for any remeasurement of the lease liability.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option.

The company as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.
For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Notes to the financial statements

for the year ended March 31, 2026

(All amounts in Rs. Millions, unless otherwise stated)

1B.7 **Impairment of assets**

(a) Financial assets

A financial asset not carried at fair value is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not otherwise consider, indications that a debtor or issuer will enter bankruptcy, the disappearance of an active market for a security. The entity considers evidence of impairment for receivables for each specific asset. All individually significant receivables are assessed for specific impairment.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognized in statement of profit and loss and are reflected as an allowance account against receivables. Interest on the impaired asset continues to be recognized as income through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through statement of profit and loss.

The company assess at each date of Balance sheet whether a financial assets or group of financial assets is impaired. In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure:

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. The Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

(b) Non financial assets

Goodwill is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Total impairment loss of a cash generating unit (CGU) is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognized in the statement of profit and loss and is not reversed in the subsequent period.

1B.8 **Cash and cash equivalents**

Cash and cash equivalents includes cash on hand, cheques/drafts on hand, remittances in transit, balances with bank held in current account, demand deposits with original maturities of three months or less, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are repayable on demand and form an integral part of an entity's cash management, and are included as a component of cash and cash equivalents. Bank overdrafts are shown within borrowings in current financial liabilities in the balance sheet.

SOTC TRAVEL LIMITED MUMBAI

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park 4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

1B.9 **Financial instruments**

(a) Initial recognition and measurement

Financial assets are recognised when the entity becomes a party to the contractual provisions of the instruments. Transaction costs are expensed in the statement of profit and loss, except for financial instruments carried at amortized cost, where transaction costs are adjusted in the amortized cost of the asset.

(b) Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') on the basis of:
(i) the entity's business model for managing the financial assets and
(ii) the contractual cash flow characteristics of the financial asset.

(i) Measured at amortized cost: Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model with the objective of holding the assets to collect contractual cash flows, are subsequently measured at amortized cost using the effective interest rate ('EIR') method, less impairment, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. On derecognition, gain or loss, if any, is recognised in the statement of profit and loss.

(ii) Measured at fair value through other comprehensive income : Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, is measured at fair value through other comprehensive income. It is subsequently measured at fair value with unrealised gains or losses recognised in the other comprehensive income ('OCI'), except for interest income which is recognised as 'other income' in the Statement of Profit and Loss using the EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(iii) Measured at fair value through profit or loss: A financial asset not measured at either amortised cost or FVOCI, is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

All investments in equity instruments classified under financial assets are subsequently measured at fair value (except for investment in subsidiaries). Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss when the company's right to receive payments is establishes.

(c) Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. The accounting policy on impairment of non-financial assets is disclosed in Note 1B.7(b). On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

(d) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset. On transfer of the financial asset, the Company evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a fair value basis that reflects the rights and obligations that the Company has retained.

1B.9 **Financial instruments (Continued)**

Financial liabilities

(a) Initial recognition and measurement:
Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value plus transaction costs for all financial liabilities not carried at FVTPL. Financial liabilities carried at FVTPL are initially recognised at fair value, and transaction costs are expensed in the statement of profit and loss.

(b) Subsequent measurement:
Financial liabilities are subsequently measured at amortized cost using EIR method. Financial liabilities carried at FVTPL are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

(c) Derecognition:
A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in statement of profit and loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

1B.10 **Property, plant and equipment**

Property, plant and equipment is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit and loss during the period in which they are incurred. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Losses arising from the retirement of, and gains or losses arising from disposal of assets which are carried at cost is recognised in the statement of profit and loss.

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Depreciation is provided on a straight-line method over the estimated useful lives of the assets. The depreciation rates are prescribed in Schedule II to the Companies Act, 2013. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter or longer than that envisaged in the aforesaid Schedule, depreciation is provided at a higher or lower rate respectively, based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given below best represent the period over which management expects to use these assets.

Assets	Useful life as per Companies Act	Useful life as per Management
Furniture and Fixtures	8	5
Office Equipment (including air conditioners)	5	3
Vehicles	8	5
Computer hardware	3	3

Leasehold Improvements are amortised over the period of the lease or useful life of the asset whichever is lower.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress".

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss.

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

1B.10 **Property, plant and equipment (Continued)**

Intangible assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over their estimated useful lives. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the statement of profit and loss.
The carrying value of these intangible assets is reviewed at least annually for impairment and adjusted to the recoverable amount if required.

(i) Goodwill

Goodwill on business combination is included in intangible assets. Goodwill is not amortized but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or company's of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or company's of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

(ii) Computer software

Costs associated with maintaining software programmes are recognised as an expense as incurred. Development costs those are directly attributable to the design and testing of identifiable and unique software products controlled by the Company are recognised as intangible assets when the following criteria are met:
- it is technically feasible to complete the software so that it will be available for use
- management intends to complete the software and use or sell it
- there is an ability to use or sell the software
- it can be demonstrated how the software will generate probable future economic benefits
- adequate technical, financial and other resources to complete the development and to use or sell the software are available, and
- the expenditure attributable to the software during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software include employee costs and an appropriate portion of relevant overheads.

Computer software
Amortisation methods and periods:

Assets	Estimated useful Life (in years)
Software	3-4

1B.11 **Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in statement of profit and loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

SOTC TRAVEL LIMITED MUMBAI

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park 4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

Notes to the financial statements

for the year ended March 31, 2026

(All amounts in Rs. Millions, unless otherwise stated)

1B.12 **Provisions and contingent liabilities**

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognized if the likelihood of an outflow with respect to any one item included in the same class of obligations is more probable than not. Provisions are measured at the present value of management's best estimate of the expenditure require to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Where there are several similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

1B.13 **Other income**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Facility support income, group resource income and management fees is recognised on accrual basis over the period of agreement.

1B.14 **Employee benefits**

(a) Post employment benefits:

(i) Defined contribution plans

The Company's provident fund contribution paid / payable under the recognised provident fund scheme and the employees' state insurance contribution is recognised as an expense in the Statement of profit and loss during the period in which the employee renders the related service.

(ii) Defined benefit plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their services in the current and prior periods. These benefits are discounted to determine its present value, and the fair value of any plan assets is deducted therefrom.

Contribution to Gratuity is based on the requirement of the trust with whom the Company maintains the fund balance. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. The amount of net interest expense calculated by applying the liability discount rate to the net defined benefit liability or assets is charged or credited in the statement of profit and loss. Any differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the statement of profit and loss.

(b) Short-term employee benefit

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, e.g. salaries, short term bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount can be estimated reliably.

(c) Compensated absences

As per the leave Policy of the Company, employees are entitled to avail 30 days of leave during a calendar year. At reporting date liability pertaining to compensated absences is calculate based on the total leave balances of each employee.

SOTC TRAVEL LIMITED MUMBAI

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

Notes to the financial statements

for the year ended March 31, 2026

(All amounts in Rs. Millions, unless otherwise stated)

1B.14 **Employee benefits (Continued)**

(d) Employee stock options :

The grant-date fair value of share-based payment awards – i.e. stock options – granted to employees is recognised as personnel expenses, with a corresponding increase in Equity, over the period in which the employees become entitled to the awards. The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market performance conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that meet the related service and non-market performance conditions at the vesting date.

1B.15 **Contributed equity**

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

1B.16 **Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

1B.17 **Cost recognition**

Costs and expenses are recognised when incurred and have been classified according to their primary nature. The costs of the company are broadly categorised in employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses majorly include sub-contractor charges, rent, recruitment and training expenses, travelling and conveyance, legal and professional fees and communication expenses.

1B.18 **Critical Accounting Estimates and Judgments**

The preparation of Financial Statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Financial Statements.

The areas involving critical estimates and judgments are:

-Useful life of property, plant & equipment
-Estimated useful life of intangible asset
-Estimated goodwill impairment
-Leases
-Impairment of investment
-Estimation of Defined Benefit Obligation
-Recognition of deferred tax assets for carried forward unabsorbed depreciation/ loss
-Recognition and measurement of provision and contingencies
-Fair value of financial instruments
-Impairment of trade receivables

SOTC TRAVEL LIMITED MUMBAI

B & Co. LLP 14th Floor Central B Wing and North C Wing, Nesco IT Park 4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

Notes to the financial statements

(All amounts in Rs. Millions, unless otherwise stated)

1B.19 **Current / Non Current Classification**

Operating cycle:

Based on the time involved between the acquisition of assets for processing and their realization in cash and cash equivalents the company has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the balance sheet.

1B.20 **Recent accounting pronouncement**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025.

The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current
and non-current liabilities.

2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively.

Nature of Goodwill

Goodwill recognised on the acquisition of the residual business of Kuoni Business Travel.

Impairment testing of Goodwill

For the purposes of impairment testing, Goodwill has been allocated as follows:

	As at 31 March 2026	As at 31 March 2025
Acquisition of the business travel division	**26.85**	26.85
	26.85	26.85

The recoverable amount was based on fair value less costs of disposal, estimated using discounted cash flows. The fair value measurement was categorised as a Level 3 fair value based on inputs in the valuation technique used.

The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industries and have been based on historical data from both external and internal sources.

	As at 31 March 2026	As at 31 March 2025
Discount rate per annum	**8.70%**	8.55%
Terminal value growth rate per annum	**5%**	5%
Budgeted EBITDA growth rate (average of next 2 years) per annum	**5%**	5%

The discount rate is post tax measure estimated based on the historical industry average weighted-average cost of capital, with the possible no debt leveraging and internal rate of return of 8.7% approximately.

The recoverable amount of Goodwill has been calculated using the discounted cash flow method.

Equity shares of face value of Rs 10 each fully paid-up

The Company has a single class of Equity Shares having face value of Rs 10 each. Accordingly, Equity Shares shall rank pari passu with regard to dividends and share in the Company's residual assets after distribution of all preferential amounts, if any. The equity shareholders are entitled to receive dividend as declared from time to time. The voting rights of an Equity Shareholder are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid.

On winding up of the Company, the holders of Equity Shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of Equity Shares held by them.

SOTC TRAVEL LIMITED MUMBAI

BSR & Co. LLP Chartered Accountants 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063

B. Rights , preferences and restrictions attached to equity and preference shares

0.01% Optionally Convertible Non-Cumulative Redeemable Preference Shares of Rs. 10/- each, fully paid-up (Preference Shares)

The Company has a single class of preference shares having par value of Rs 10 per share. These preference shares are issued in consideration of the slump exchange of Outbound Business Division of SOTC Travel Services Private Limited to the Company as contemplated in the Composite Scheme of arrangement and amalgamation, The Company has issued 100,000,000 0.01% Optionally Convertible Non-Cumulative Redeemable Preference Shares of Rs.10/- each to Travel Corporation (India) Limited, as the residual of SOTC Travel Services Private Limited (i.e. post segregation of Outbound Business Division) is amalgamated into Travel Corporation (India) Limited. Preference shares outstanding at the end of 20 years i.e. 31 July 2037, shall be converted into equity shares as per the conversion ratio of 1 preference shares of Rs. 10/- each into one equity share of Rs. 10/- each. The holders of these shares are entitled to Non-Cumulative dividend of 0.01%. Preference shares carry a preferential right as to dividend over equity shareholders. where dividend is not declared in respect of a financial year in the case of Non-Cumulative Preference Shares, the entitlement for that year lapses. In the event of winding up, preference shareholders have a preferential right over equity shareholders to be repaid to the extent of capital paid-up and dividend in arrears on such shares. The Company has an option to convert the preference shares or redeem the preference shares at any time after the end of 1 year from the date of allotment.

In FY 2018-2019, pursuant to provisions of Section 55 and other applicable provisions of the Companies Act, 2013 and rules made thereunder, the Company redeemed 14,000,000 0.01 % Preference Shares of Rs 10/- each at par aggregating to Rs 140 Mn, out of the profits of the Company and sum equal to the nominal amount of the Preference Shares so redeemed was transferred to the Capital Redemption Reserve.

C. Shares held by Holding Company / Ultimate Holding Company / Subsidiaries of Holding Company

IND AS 115 'Revenue from Contracts with Customers'

i) Details of revenue from contracts with customers recognised by the Company, net of indirect taxes in its Statement of Profit and Loss

Revenue from contract with customers		
Travel and related Services	**10,936.19**	10,637.95
Total Revenue from contract with customers	**10,936.19**	10,637.95

ii) Disaggregate Revenue

The following table presents Company revenue disaggregated by type of revenue stream and by reportable segment:

Revenue based on geography		
Revenue from contract with customers		
India	**10,584.14**	10,302.89
Overseas	**352.05**	335.06
	10,936.19	10,637.95
Revenue based on product and services		
Revenue from contract with customers		
Travel and related Services	**10,936.19**	10,637.95
Total Revenue from operations	**10,936.19**	10,637.95

iii) Contract Balances

The contract liabilities primarily relate to the advance consideration received from customers for which revenue is recognized when the performance obligation is over / services delivered.

Advance Collections is recognised when payment is received before the related performance obligation is satisfied. This includes advances received from the customer towards leisure tour / holiday's packages. Revenue on leisure tours / holiday's packages are recognized on the completion of the performance obligation which is on the date of departure of the tour.

Revenue from contract with customers

- Current	-	-	52.52	52.52	-	-	-	-
Other financial liabilities								
- Current	-	-	7.46	7.46	-	-	-	-
Total financial liabilities	-	-	1,293.96	1,293.96	-	102.34	-	102.34

Note: The above excludes investments in Subsidiary amounting to Rs.884.93 (previous year Rs. 884.93)

The company has not disclosed the fair value of financials instrument such as trade receivables , trade payables, etc. because their carrying amount are a reasonable approximation of fair value.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

SOTC TRAVEL LIMITED MUMBAI

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

(All amount in Rs Millions, unless otherwise stated)

Note 30 (Continued)
Financial instruments – Fair values and risk management *(Continued)*

B. Measurement of fair values
Valuation techniques and significant unobservable inputs
The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Financial instruments measured at fair value

Type	Valuation techniques	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Borrowings	Discount rate to fair value of financials assets and liabilities at amortised cost is based on general lending rate.	Not applicable	Not applicable

Transfers between Levels
There were no transfers in either direction in any of the reporting periods

C. Financial risk management
The Company has exposure to the following risks arising from financial instruments:
- Credit risk ;
- Liquidity risk ; and
- Market risk

i. Risk management framework

The Company's Board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Board oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Board is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Board.

ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities. Credit risk primarily arises from financial assets such as trade receivables, Investment in mutual funds, derivative financials instruments , balance with banks and other receivables.

Credit risk arising from investment in mutual funds,derivative financials instruments and balance with banks is limited because the counterparties are bank and recognised financials institution with high credit ratings.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The Company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables.

The average credit period on sales of services is less than 30 days. Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. The concentration of credit risk in limited due to the fact that the customer base is large.

The Company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables.

	31 March 2026	31 March 2025
Movement in expected credit loss allowance on trade receivables		
Balance at the beginning of the year	**6.84**	24.95

Note 30 (Continued)
Financial instruments – Fair values and risk management (continued)

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's principal source of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The company believes that the working capital is sufficient to meet its current requirements, accordingly no liquidity risk is perceived.

Financing arrangements	**31 March 2026**	**31 March 2025**

	1,293.96	1,327.99	1,118.17	84.80	125.03

iv. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables. We are exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of our investments. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs.

Currency risk

The Company is exposed to currency risk on account of its payables to foreign vendors in various foreign currency. The functional currency of the Company is Indian Rupee. However the Company has natural hedge, the collection from its customer is in equivalent INR which converts in various required currency and park it in SPFC (Special Purpose Foreign Currency) account and release the payment to its vendor as and when payable.

The Company enters into foreign currency transactions in the Leisure Travel Outbound businesses. In the Leisure Travel Outbound business, package prices are denominated partly in the functional currency of the Company, Indian Rupees (INR), and partly in foreign currencies. The portion of customer collection in foreign currencies, which is parked in SPFC (Special Purpose Foreign Currency) accounts, is used to pay off vendor liabilities, denominated in foreign currencies, thereby creating a natural hedge. As a result, the risk related to foreign currency exchange rate fluctuation is insignificant.

Risk starts on the day of tour launch, when price is fixed in foreign currency. Tour price is collected around 15 days/ 1 month in advance and kept in SPFC account to meet payment obligations to Foreign Service providers.

Trade and other payables	367.39	261.99	22.94	428.44
	367.39	261.99	22.94	428.44
Exchange rate	85.48	92.09	110.70	
Net Exposure in Respective currencies	(86.25)	28.61	35.52	16.35

The following significant exchange rates have been applied during the year.

	Average rate		Year-end spot rate	
	31 March 2026	31 March 2025	**31 March 2026**	31 March 2025
USD	**90.16**	84.44	**94.84**	85.48
EUR	**100.54**	91.22	**109.00**	92.09
GBP	**118.11**	107.81	**125.51**	110.70

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against various currencies as mentioned above at March 31 2026 and March 31 2025 would have affected the measurement of financial instruments denominated in the respective currencies and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast transactions to be held in the foreign currencies.

March 31, 2026 — **Amount in Rs. Millions**

	Profit or loss		Equity, net of tax

SOTC TRAVEL LIMITED MUMBAI

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

Notes to the financial statements (Continued)

for the year ended 31 March 2026

(All amount in Rs Millions, unless otherwise stated)

Note 30 (Continued)

Financial instruments – Fair values and risk management (continued)

Interest rate risk

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:

	31 March 2026	31 March 2025
Variable rate of borrowings	8.00%	9.00%
Bank overdraft (Weighted average interest rate)	9.49%	9.97%

As at the end of the reporting period, the company had the following fixed and variable rate borrowings:

	31 March 2026		31 March 2025	
	Balance	% of total loans	Balance	% of total loans
Variable rate of borrowings	**67.71**	**100**	102.56	100
Net exposure to cash flow due to interest rate risk	**67.71**	**100**	102.56	100

Sensitivity

Profit or Loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.
Changes in interest rate are based on historical movement.

	Impact on profit after tax	
	31 March 2026	31 March 2025
Interest rates - increase by 100 basis points *	**(0.51)**	(0.77)
Interest rates - decrease by 100 basis points *	**0.51**	0.77

* Holding all other variables constant

Note 31
Contingent Liabilities

	31 March 2026	31 March 2025
Contingent liabilities		
Claims against the Company not acknowledged as debts		
a. Disputed claims made by clients and other parties	**529.88**	565.96
b. Disputed Service Tax Demands	**442.36**	428.85
c. Provident Fund Liability on account of pending Supreme court judgment.	**3.57**	3.57
d. Disputed income tax demands	**22.57**	22.57
e. Disputed GST demands	**83.96**	58.74

(a) It is not practicable for the company to estimate the timing of cash flows, if any, in respect of the above pending resolution of the respective proceedings.

(b) The company does not expect any reimbursement in respect of the above contingent liabilities.

(c) The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of provident fund contribution. Subsequently, a review petition against this decision has been filed and is pending before the SC for disposal. Management has accounted for the liability for the period from date of the SC order to March 31, 2019. Further, pending decision on the subject review petition and directions from the EPFO, the impact for the past period, if any, is not ascertainable and consequently no effect has been given in the accounts.

Note 32
Code on Social Security, 2020

Effective 21 November 2025, the Government of India consolidated 29 existing labour regulations into four Labour codes, namely, The Code on Wages, 2019, The Industrial Relations Code, 2020, The Code on Social Security, 2020 and the Occupational Safety, Health and Working Conditions Code, 2020, collectively referred to as the 'New Labour Codes'. The Ministry of Labour & Employment has published draft Central Rules and FAQs to enable assessment of the financial impact due to notification of New Labour Codes.

Based on the requirements of New Labour Codes and relevant Accounting Standards, the Company has estimated the liability for employee benefits, which has resulted in an incremental expense on account of recognition of past service costs. Considering the materiality, one-time nature of the incremental amount, the Company has presented the same as an 'Exceptional Item' in the standalone financial results for the quarter ended 31 December 2025 and year ended 31 March 2026 amounting to Rs. 50.39 Mn. on the basis of guidance provided by ICAI.

The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments, if any, in subsequent periods.

The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under the MSMED Act, 2006.	-	0.01

Note 36
Segment reporting

The Company is in the business of providing travel and related services to its retail and corporate customers which is considered by the chief operating decision maker ('CODM') as the only reportable business segment taking into account the nature of the business, the risk and returns, the organisation structure and internal reporting system, the Company also provides financial services which is not a material reportable segment and is largely considered to be an integral part of travel and related services. The travel and related services includes tour operations and travel management services, arranging air tickets, hotels, sightseeing, visa and other related services.

Further, the Company provides services within similar economic environments considering the origin of services and risks and rewards being similar across the said markets / environment, there are no separate reportable geographical segments. Accordingly, these financial statements are reflective of the information required by the Ind AS 108.

Note 37

Capital Management

The Company considers the following components of its Balance Sheet to be managed capital:
Total equity – retained earnings, capital reserves, share capital.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the Company is based on management's judgment of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company aims to translate profitable growth to superior cash generation through efficient capital management. The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company's focus is on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required, without impacting the risk profile of the Company. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Company is not subject to financial covenants in any of its significant financing agreements.

The management monitors the return on capital as well as the level of dividends to shareholders. The Company's goal is to continue to be able to return excess liquidity to shareholders by continuing to distribute dividends in future periods.

Note 38

Employee benefits

The Company contributes to the following post-employment defined benefit plans in India.

(i) Defined contribution plans:
The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund, Employee State Insurance Corporation, Labour Welfare Fund and National Pension Scheme which are defined contribution plan. The Company has no obligations other than to make the specified contributions. The contributions are charged to the Statement of profit and loss as they accrue.

Amount contributed to defined contribution plan and recognised as an expense in the Statement of Profit and Loss are as under:

Particulars	31 March 2026	31 March 2025
Employer's contribution to provident fund	**31.70**	28.68
Employee's State Insurance Corporation	**0.01**	0.05
National pension scheme	**1.86**	1.22
Labour welfare fund	**0.13**	0.07

(ii) Defined benefit plan:
Gratuity plan

The Company provides for Gratuity using the projected unit credit method, with actuarial valuations being carried out at each balance sheet date, based on legislations as enacted up to the balance sheet date. Actuarial gains and losses are recognised in full in Other Comprehensiv Income in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested.

Gratuity is payable to all eligible employees of the Company on superannuation, death and permanent disablement, in terms of the provisions of the Code on Social Security, 2020 or as per the Company's scheme, whichever is more beneficial.

Compensated absences and leave encashment
The leave obligations cover the Company's liability for earned leave. The amount of the provision of Rs. 9.19 Mn (Previous year Rs. 9.54 Mn) is presented as current, since the company does not have an unconditional right to defer settlement for any of these obligations. The following amounts reflect leave that is expected to be taken or settled within the next 12 months. .

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at Balance Sheet date:

	31 March 2026	31 March 2025

Defined benefit obligations

i. Actuarial assumptions

The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages).

	31 March 2026	31 March 2025
Discount rate	**6.70%**	6.55%
Salary escalation rate	**7.5%**	7.5%
Mortality rate	**IALM (2012-14) Ult**	IALM (2012-14) Ult
Employee Attrition Rate		
Upto Age 30	**40.51%**	40.51%
Age 31-40	**26.60%**	26.60%
Age 41-50	**21.33%**	21.33%
Age 51-59	**9.30%**	9.30%

Assumptions regarding future mortality have been based on published statistics and mortality tables. The current longevities underlying the values of the defined benefit obligation at the reporting date were as follows

As at 31 March 2026, the weighted average duration of the defined benefit obligation was 4.42 years (31 March 2025 : 4.38 years)

SOTC TRAVEL LIMITED MUMBAI

BSR & Co. LLP 14th Floor, Central B Wing and North C Wing, Nesco IT Park4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400 063 Chartered Accountants

Notes to the financial statements (Continued)

for the year ended 31 March 2026

(All amount in Rs Millions, unless otherwise stated)

Note 38 (Continued)

Employee benefits (Continued)

ii. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	31 March 2026		31 March 2025	
	Increase	Decrease	Increase	Decrease
Discount rate (2026 - 0.5% and 2025 :- 0.5% movement)	**(3.19)**	**3.32**	(1.79)	1.85
Future salary growth (2026 - 0.5% and 2025 :- 0.5% movement)	**3.19**	**(3.09)**	1.80	(1.75)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

The following table shows expense recognised in Profit and Loss account and

	31 March 2026	31 March 2025
Current service cost	**9.85**	6.74
Past service cost	**50.39**	-
Interest income, net	**5.68**	4.29
	65.92	11.03

The following table shows remeasurement recognised in Other Comprehensive Income

	31 March 2026	31 March 2025
Actuarial loss (gain) /loss on deferred benefit obligation	**6.85**	11.09
Return on plan assets excluding interest income	**(0.22)**	0.01
	6.63	11.10

Risk Exposure for gratuity

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below :

a) Asset volatility: The plan liabilities are calculated using a discount rate set with reference to bond yields, if the plan assets underperform this yield, this will create a deficit. Further any decrease in the bond yields will increase the plan liabilities. The plan assets investments are in unquoted securities which are subject to interest rate risks and the fund manages the interest rate risks to an acceptable low level.

b) Salary growth & Demographic assumptions: The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

Note 39

Share-based payment arrangements:

A. Description of share-based payment arrangements

i. Share option programs (equity-settled)

Thomas Cook (India) Limited, the parent company has granted employee stock options to the Company's employees on the dates mentioned below. Under these plan, the holder of the vested options are entitled to purchase the shares of the holding company at exercise price as mentioned below.

The key terms and conditions related to the grants under these plans are as follows;

Plan	Method of Settlement	Grant date	No. of options	Exercise price	Vesting period
GT07NOV2016	Equity	7 November 2016	225,000	Rs. 1	100% of the options vest at the end of the 4 years i.e. 7-Nov-2020
ESOP 2018-MGMT	Equity	13 June 2018	422,000	Rs. 137.93	100% of the options vest at the end of the 3 years i.e. 13-June -2021
ESOP 2018-EXECOM	Equity	5 October 2018	97,258	Rs. 1	100% of the options vest at the end of the 5 years i.e. 5-Oct-2023
TCIL ESOP 2018 EXECOM	Equity	30 July 2025	67,005	Rs. 1	100% of the options vest at the end of the 4 years i.e. 29-July-2029
TCIL ESOP 2024 EXECOM	Equity	30 July 2025	641,333	Rs. 1	100% of the options vest at the end of the 4 years i.e. 29-July-2029
TCIL ESOP Scheme 2013	Equity	30 July 2025	41,868	Rs. 1	100% of the options vest at the end of the 4 years i.e. 29-July-2029

Share options outstanding at the end of the year have the following expiry date and exercise prices

Grant Date	Expiry date/ Expiry Year	Exercise price (Rs.)	March 31,2026 Share options	March 31,2025 Share options
13 June 2018	10 June 2031	137.93	**58,200**	71,200
30 July 2025	24 July 2049	1.00	**67,005**	-
30 July 2025	24 July 2049	1.00	**641,333**	-
30 July 2025	24 July 2049	1.00	**41,868**	
Total			**808,406**	71,200
Weighted average remaining contractual life of options outstanding at end of year			**21.97 Years**	6.18 Years

Notes to the financial statements (Continued)

for the year ended 31 March 2026

(All amount in Rs Millions, unless otherwise stated)

Note 39 (Continued)
Share-based payment arrangements: (Continued)

B. Measurement of fair values

Equity-settled share-based payment arrangements

The fair value of the employee share options has been measured using the Black-Scholes formula. The Black- Scholes model requires the consideration of certain variables such as volatility, risk free rate, expected dividend yield, etc. for the calculation of the fair value of the option. These variables significantly influence the fair value and any changes in these variables could significantly affect the fair value of the option.

Thomas Cook (India) Limited, the holding company ("TCIL") in a composite scheme of arrangement demerged its Human Resources Services Business and transferred it to Quess Corp Limited ("Quess"). The scheme was approved by the National Company Law Tribunal (NCLT) with the appointed date as April 1, 2019. The effective date of the scheme was November 25, 2019 when both TCIL and Quess filed the certified copies of the order with their respective jurisdictional Registrar of Companies.

As a part of the composite scheme, Employees whose ESOPs were outstanding on the effective date will be entitled to the additional shares of Quess on account of the demerger of Human Resource Business. Instead of altering the exercise price, TCIL provided additional award in form of Quess shares.

The employees are now entitled to shares of Quess along with those of TCIL in the same share entitlement ratio prescribed in the scheme for the other shareholders of TCIL.

In case of vested ESOPs, the employees will be granted shares of TCIL and Quess only on payment of the exercise price. In case of unvested ESOPs, the employees will be granted shares of TCIL and Quess on completion of the remaining vesting period and payment of the exercise price.

The options, to the extent, which are settled by shares of Quess do not meet the definition of a share-based payment arrangement because the value of shares of Quess is not based on the price or value of TCIL's equity instruments or any of its group entity's equity instruments.

The options to the extent which are settled by shares of Quess will be considered as an employee benefit within the scope of Ind AS 19.

The options settled by shares of TCIL continue to be considered as share based payments and are accounted as per IND AS 102.

	March 2026						March 2025		
	GT07NOV2016	**TCIL ESOP Scheme 2013**	**TCIL ESOP 2024 EXECOM**	**ESOP 2018-EXECOM**	**ESOP 2018-MGMT**	**ESOP 2018-EXECOM**	GT07NOV2016	ESOP 2018-MGMT	ESOP 2018-EXECOM
Fair value (Esop Expenses)	**117.75**	**-**	**-**	**-**	**83.65**	**155.80**	117.75	83.65	155.80
Fair value (Stock Expenses)	**95.29**	**-**	**-**	**-**	**65.71**	**95.21**	95.29	65.71	95.21

	Financial performance ratios	Numerator	Denominator	31 March 2026	31 March 2025	% Change
A	**Performance Ratios**					
	Net Profit ratio	Profit/(Loss) after tax	Revenue from operations	**0.02**	0.02	-22%
	Net Capital Turnover Ratio (in times) (i)	Revenue from operations	Average working capital = (Opening net current assets + Closing net current assets)/2*	**(15.33)**	(11.31)	36%
	Return on Capital Employed (ii)	Profit/(Loss) before interest and tax	Capital Employed = Tangible Net Worth ** + Total Debt + Lease Liabilities	**0.31**	0.45	-31%
	Return on Equity ratio (iii)	Profit/(Loss) after tax	Average total equity = (Opening total equity + Closing total equity)/2	**0.29**	0.53	-46%
	Return on Investment	Income generated from invested fund in the market	Average invested fund in market= (Opening funds in the market+ Closing funds in the market)/2	**4%**	4%	-7%
	Debt Service Coverage ratio	Profit/(Loss) before interest, tax and , Depreciation and amortisation	Borrowings principal payments, Interest and lease payment	**3.74**	4.20	-11%
B	**Leverage Ratios**					
	Debt- Equity Ratio (iv)	Total Borrowings	Total Equity	**0.26**	0.45	-44%
C	**Liquidity Ratios**					
	Current ratio	Current Assets	Total Current Liabilities	**0.79**	0.67	18%
D	**Activity Ratio**					
	Inventory Turnover ratio	Cost of services	Closing inventory	**NA**	NA	NA
	Trade Receivable Turnover Ratio	Revenue from operations	Average trade receivables = (Opening trade receivable + Closing trade receivable)/2	**24.68**	23.81	4%
	Trade Payable Turnover Ratio	Cost of services	Average trade payable = (Opening trade payable + Closing trade payable)/2	**9.58**	8.80	9%

* Net current assets = Total current assets - Total current liability

**Tangible net worth = Total net worth - Intangible assets (including intangible asset under development and goodwill)

Reason for Variance

i Due to increase in net working capital while revenue remained relatively stable

ii Decrease in ROCE due to lower EBIT on account of one time gratuity impact, coupled with increase in capital employed from retained earnings.

iii Decrease in ROE due to lower PAT on account of one time gratuity impact, coupled with increase in average equity from retained earnings.

iv The ratio has improved because company has repaid part of the Term Loan

Note 42

Other Statutory Information

(i) The Company does not have any Benami property, where any proceeding has been initiated or is pending against the Company, for holding any Benami property.

(ii) The Company does not have any charges or satisfaction of such charges which are yet to be registered with the Registrar of Companies (ROC) beyond the statutory period.

(iii) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(iv) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(v) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries,

(vi) The Company does not have any transaction which is not recorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey) or any other relevant provisions of the Income-tax Act, 1961.

(vii) The Company has not revalued its property,plant and equipment (including right-of-use assets) or intangible assets or both during the current or previous year

(viii) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority

(ix) The Company has complied with the number of layers prescribed under the Companies Act.2013

(x) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

Note 43

During the previous year ,the Company detected a cyber-incident. The Company immediately disconnected the network and isolated all servers in line with the protocols defined to contain the spread of the malware. Since then, Company along with Information Technology security experts have completed a full check of all its systems to scan and remove all malware and affected files to prevent any future recurrence. All Information Technology applications and infrastructure are restored and running with enhanced security features and entire business operation back to normal. The cyber incident did not had any material financial impact on the company.

Note 44

Transfer Pricing

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international as well as specified domestic transactions (if applicable) entered into with the associated enterprise during the financial year and expects such records to be in existence latest by the end of the stipulated timeline, as required by law. The Management is of the opinion that its international as well as specified domestic transactions (if any) are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

Note 45

Other information with regards other matters specified in schedule III of the Companies Act 2013 is either nil or not applicable to the company for the financial year ended 31 March 2026.

Note 46

Thomas Cook (India) Limited, the holding company, prepares consolidated financial statement under Ind AS, hence Company has availed the exemption for preparing consolidated financial statement under Ind AS 110.

The notes from 1 to 46 form an integral part of the financial statements.

Independent Auditor's Report

To the Members of Sterling Holiday Resorts Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Sterling Holiday Resorts Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

THM

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit. THM

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 31 March 2026 and 01 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f. the qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A)(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its financial statements - Refer Note 42 to the financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 56 (iv) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 56 (v) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

THM

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting softwares from third party service providers for maintaining its books of account relating to general ledger, revenue and payroll. At the application level, the accounting softwares have a feature of recording audit trail (edit log) facility and the same has operated throughout the for all relevant transactions recorded in the software. Further, during the course of our audit, did not come across any instance of audit trail feature being tampered with. While the systems used for general ledger and revenue support audit trail functionality, we are unable to comment whether it was enabled at the database level due to the absence of relevant reporting in the independent auditor's report in relation to controls at service organization. With respect to the payroll software, based on the relevant reporting in the independent auditor's report in relation to controls at service organization, the audit trail (edit log) facility has been enabled at the database level and the same has operated throughout the for all relevant transactions recorded in the software. The Company has retained audit logs as per statutory requirements, except for the instances mentioned above.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid and payable by the Company to its director during the current year is in accordance with the provisions of Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of Sterling Holiday Resorts Limited for the year ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value (INR in lakhs)	Held in the name of	Whether promoter, director or their relative or employee	Period held- indicate range, where appropriate	Reason for not being held in the name of the Company. Also indicate if in dispute
Freehold land	44,840.20	Sterling Holiday Resorts (India) Limited	No	August 18, 2015 onwards	Refer Note 3 and 47 of the financial statements
Building	20,234.31	Sterling Holiday Resorts (India) Limited	No	August 18, 2015 onwards	Refer Note 3 and 47 of the financial statements
Freehold land	4,471.90	Sterling Holiday Resorts (India) Limited	No	August 18, 2015 onwards	Refer Note 3, 44(a) and 47 of the financial statements
Building	4,908.09	Sterling Holiday Resorts (India) Limited	No	August 18, 2015 onwards	Refer Note 3, 44(a) and 47 of the financial statements

					Ltd, title deeds are yet to be transferred.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year except for all assets comprising 'Freehold Land' and 'Leasehold Land' (see Note 50 in the financial statements).

The aforesaid revaluation is based on the valuation performed by a Registered Valuer and the amount of net change was Rs. 13,472.27 lakhs which is more than 10% in the aggregate of the net carrying value of total land as a class of Property, Plant and Equipment.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. However, the Company has made investments in mutual funds during the year and has granted loans to other parties during the year in respect of which the requisite information is as below.

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans as below: THM

Annexure A to the Independent Auditor's Report on the Financial Statements of Sterling Holiday Resorts Limited for the year ended 31 March 2026 *(Continued)*

*As per the Companies Act, 2013

Represents loans extended to employees

^ A loss allowance of INR 205.53 lakhs has been recorded on the balance outstanding as at the balance sheet date by the Company, based on its assessment of recoverability of this balance. The amount is repayable on demand and hence we are unable to comment on the regularity of payment of principal and the amount overdue for more than ninety days.

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the terms and conditions of the loans granted during the year, are prima facie, not prejudicial to the interest of the Company. The Company has not made any investments, provided gurantees, given security or granted advances in the nature of loans during the year. However, the Company has made investments in mutual funds during the year.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.

(f) According to the information and explanations given to us and on the basis of our examination

Annexure A to the Independent Auditor's Report on the Financial Statements of Sterling Holiday Resorts Limited for the year ended 31 March 2026 *(Continued)*

of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made and loans given by the Company, in our opinion the provisions of Section 185 and 186 of the Act have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax and Duty of excise during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Sales Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities, though there have been slight delays in a few cases of provident fund, Employees State Insurance and Tax deducted at source.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Services Tax, Sales Tax, Provident Fund, Employees State Insurance, Income-Tax, Value Added Tax or Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable, except as mentioned below:

Name of the statute	Nature of the dues	Amount (INR in lakhs)	Period to which the amount relates	Due date	Date of payment
The Employees' Provident Funds and Miscellaneous Provisions Act, 1952	Provident fund	21.83	Oct 2019 - Aug 2023	15th of next month	Unpaid

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Services Tax, Provident Fund, Employees State Insurance, Income-Tax, Sales Tax, Luxury tax, Value Added Tax or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries as defined under the Act. The Company does not hold any investment in any associates or joint ventures (as defined under the Act) during the year ended 31 March 2026.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries (as defined under the Act). The Company does not hold any investment in any associates or joint ventures (as defined under the Act) during the year ended 31 March 2026.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Based on the information and explanations provided to us, the Company does not have a vigil mechanism and is not required to have a vigil mechanism as per the Act or SEBI (Listing

THM

Annexure A to the Independent Auditor's Report on the Financial Statements of Sterling Holiday Resorts Limited for the year ended 31 March 2026 *(Continued)*

Obligations and Disclosure Requirements) Regulations, 2015.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) The requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) The Company is not part of any group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016 as amended). Accordingly, the requirements of clause 3(xvi)(d) are not applicable.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly,

Annexure B to the Independent Auditor's Report on the financial statements of Sterling Holiday Resorts Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Sterling Holiday Resorts Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

THM

Annexure B to the Independent Auditor's Report on the financial statements of Sterling Holiday Resorts Limited for the year ended 31 March 2026 *(Continued)*

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1.1 Reporting entity

Sterling Holiday Resorts Limited ('the Company') is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is registered with the Ministry of Corporate Affairs under Corporate Identification Number (CIN) U63040TN1989PLC114064

The Company's registered office is at Purva Primus, 4th Floor, 236, Okkiyampettai, Old Mahabalipuram Road, Thoraipakkam, Chennai - 600097 The Company is a subsidiary of Thomas Cook (India) Limited and the ultimate holding company is Fairfax Financial Holdings Limited, Canada The Company is primarily involved in Leisure Hospitality Services (Resort business) and selling Membership (Time share).

1.2 Basis of preparation

(a) Statement of compliance

These financial statements of have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act as amended from time to time.

The financial statements were approved for issue by the Company's Board of Directors on May 05, 2026

Details of the Company's material accounting policies are included in note 1 3 The Company has consistently applied the accounting policies to all the periods present in these financial statements

(b) Basis of measurement

These financial statements have been prepared on a historical cost basis and on an accrual basis, except for the following items

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Investments mandatorily measured at FVTPL (refer note 1 3(b)(ii))	Fair value
Freehold and leasehold land	Fair value
Share based payment arrangements	Fair value of the option
Net defined benefit liability (refer note 1 3(g)(iii))	Present value of the defined benefit obligation less the fair value of plan assets

(c) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency All the financial statements have been rounded-off to the nearest lakhs, or decimals thereof, unless otherwise indicated Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "-" in the relevant notes in these financial statements.

(d) Use of estimates and judgements

In preparing these financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses Actual results may differ from these estimates

Estimates and underlying assumptions are reviewed on an ongoing basis Revisions to accounting estimates are recognised prospectively

Judgement

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes

Note 3(b) and 36 Financial instruments Classification and measurement

Note 3(k) and 51 Lease term whether the Company is reasonably certain to exercise extension options

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a significant adjustment to the carrying amounts of assets and liabilities within the next financial year is included in the following notes. Actual results may be different from these estimates.

Note 3 : Freehold land and leasehold land is measured based on valuation by external independent valuers using market approach

Note 22: Measurement of defined benefit obligations key actuarial assumptions.

Note 23: Recognition of deferred tax assets availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilised.

Note 3(i) and Note 28: Revenue recognition estimate of expected returns

Note 36 : Determine the fair value of financial assets or liability based on unobservable inputs

Note 37: Measurement of ECL allowance for trade receivables key assumptions in determining the weighted-average loss rate;

Notes 42 and 44: Recognition and measurement of provisions and contingencies key assumptions about the likelihood and magnitude of an outflow of resources.

(e) Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values The Company regularly reviews significant unobservable inputs and valuation adjustments, including level 3 fair values If third party information is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuation meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.
- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e as prices) or indirectly (i.e derived from prices)
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs)

B S R & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.2 Basis of preparation *(continued)*

(e) Measurement of fair values *(continued)*

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible The inputs used to measure the fair value of assets or a liability fall into different levels of the fair value hierarchy Accordingly, the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the low level input that is significant to the entire measurement

Management uses various valuation techniques to determine fair value of financial instruments (where active market quotes are not available) This involves developing estimates and assumptions consistent with how market participants would price the instrument Management based on its assumptions on observable data as far as possible but where it not available, the management uses the best information available Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred

(f) Current and Non-current classification

Based on the nature of services / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities

(g) Going Concern

The financial statements for the year ended March 31, 2026 reflect that the Company has accumulated losses of INR 14,213 58 lakhs (March 31, 2025 INR 21,490 02 lakhs) (which have eroded the net worth of the Company) as at the balance sheet date The above accumulated loss includes a one-time impact of INR 30,259 54 lakhs on change in accounting for contracts with customers, pursuant to transition to Ind AS 115 Revenue from Contracts with Customers During the year Company has earned profit before tax of INR 9,873 80 (March 31, 2025 INR 7930 03) The Company has considered various internal and external sources of information, up to the date of approval of the financial statements, in determining the potential impact on the financial position and business operations of the Company

Based on the expected continued profitability, approved cash flow projections for the next 12 months, availability of assets (land, buildings, trade receivables etc) for securitization monetization for additional funds, the Company believes that it would be able to meet its financial requirements and no adjustments would be required in respect of the carrying values of assets liabilities Accordingly, these financial statements are prepared on a going concern basis

(h) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief operating decision maker The Chairman – Whole Time Director (WTD) of the Company has been identified as the chief operating decision maker of the Company who assesses the financial performance and position of the Company and makes strategic decisions Refer Note 42 for segment information presented

1.3 Material accounting policies

(a) Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company, at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction Foreign exchange gain and losses from settlement of these transactions are recognised in the statement of profit or loss.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate as at the reporting date Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of transaction. Exchange differences arising on translation are recognised in the statement of profit or loss.

(b) Financial instruments

(i) Recognition and initial measurement

Trade receivables are initially recognised when they are originated All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue A trade receivable without a significant financing component is initially measured at the transaction price
However, if the Company has an unconditional right to an amount that differs from the transaction price (e g due to the Company's refund policy), the trade receivable will be initially measured at the amount of that unconditional right

(ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at
- amortised cost,
- Fair value through other comprehensive income (FVOCI) – debt investment,
- Fair value through other comprehensive income (FVOCI) – equity investment, or
- Fair value through profit and loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition unless the company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

B S R & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED CHENNAI

1.3 Material accounting policies *(continued)*

(b) Financial instruments *(continued)*

(ii) Classification and subsequent measurement *(continued)*

Financial assets *(continued)*

a) Non-derivative financial assets

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:
- it is held within a business model whose objective is to hold assets to collect contractual cash flows, and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments at FVTOCI

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:
- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Equity instruments at FVTOCI

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Where the Company elects to designate an equity instrument at fair value through other comprehensive income (FVOCI), all changes in fair value, except for dividend income, are recognised in other comprehensive income and are not subsequently reclassified to the Statement of Profit or Loss.

Financial assets at FVTPL

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non- recourse features).

B S R & Co. LLP ★ Chartered Accountants ★

This space has been intentionally left blank

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(b) Financial instruments *(continued)*

(ii) Classification and subsequent measurement *(continued)*

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest *(continued)*

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets – Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

(iii) De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different, in which case, a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

1.3 Material accounting policies *(continued)*

(c) Property, plant and equipment

(i) Recognition and measurement

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Items of property, plant and equipment (including capital-work-in progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses.

Cost of an item of property, plant and equipment comprises:

a purchase price, including import duties and non-refundable taxes on purchase (goods and service tax), after deducting trade discounts and rebates

b any directly attributable cost of bringing the item to its working condition for its intended use, estimated costs of dismantling and removing the item and restoring the site on which it is located

Cost of a self-constructed item of property, plant and equipment comprises:

a the cost of materials and direct labour,

b any directly attributable cost of bringing the item to its working condition for its intended use, estimated costs of dismantling and removing the item and restoring the site on which it is located

Any gain/ loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

The Company follows revaluation model for measurement of freehold and leasehold land. Freehold and leasehold land will be recognized at fair value based on periodic, at least triennial, valuations done by external independent valuers, less subsequent depreciation of leasehold land. Increase in the carrying amount arising on revaluation of land are recognized, net of tax, in other comprehensive income and accumulated in reserves in shareholders' equity.

Fair value of the land is determined using the Market comparable method, i.e., the valuations performed by the valuer are based on active market sale prices, adjusted for difference in the nature, location or condition of the specific property. Refer Note 50.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.

(iii) Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values over the estimated useful lives using the straight-line method and is generally recognised in the Statement of profit or loss. Freehold land is not depreciated.

Depreciation on property, plant and equipment is charged over the estimated useful life of the asset as evaluated on technical assessment on straight-line method, in accordance with Part A and C of Schedule II to the Companies Act, 2013.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Asset	Management estimate of useful life	Useful life as per Schedule II
Buildings	30 - 60	30 - 60
Plant and equipment	15	15
Electrical equipment	10	10
Office equipment	5	5
Furniture and fixtures	8 to 10	10
Computer equipments – Desktop, laptop and end-user items	3	3
Computer equipments – Servers and Network	6	6
Vehicles	8	8 - 10 years

Depreciation method, useful lives and residual values are reviewed at each financial period-end and adjusted if necessary, for each reporting period. Based on technical assessment and consequent advice, the management believes that its estimate of useful life as given above best represent the period over which management expects to use the asset.

Leasehold improvements are amortized on a straight line basis over the useful life of the asset or the remaining lease term whichever is lower.

On property, plant and equipment added/ disposed off during the period, depreciation is charged on pro-rata basis for the period from/up to which the asset is ready for use/disposed off.

Premium paid for acquiring leasehold land is amortised over the period of lease. Assets constructed on leasehold land/leasehold improvements are amortised over the primary period of lease or its estimated useful life, whichever is lower.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/ (losses).

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(d) Intangible assets

(i) Recognition and measurement

Research and development:

Expenditure on research activities is recognised in profit or loss as incurred.

Development expenditure is capitalised as part of the cost if the resulting intangibles asset only if the expenditure can be measured reliably, the product or process is the technically and commercially feasible, future economic benefits are probable and the company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, development expenditure is measured at cost less accumulated amortisation and any accumulated impairment losses.

Other intangible assets:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities). Amortisation is calculated on a straight-line basis over their estimated useful lives and it is included in the Statement of profit or loss. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates and cost of assets can be measured reliably. All other expenditure, is recognised in profit or loss as incurred.

(iii) Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in Depreciation and amortisation expense in the Statement of profit or loss.

The estimated useful life of intangible asset consisting computer software are as follows:

Category of asset	Management estimate of useful life
Software	3 - 5 years

(e) Inventories

Inventories are measured at the lower of cost and net realisable value.

Inventories comprising of provisions, perishables, beverages and operating supplies are stated at lower of cost and net realizable value. Cost is determined using the Weighted average method. The cost comprises of purchase price, non-refundable taxes and delivery handling cost incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. Inventories are written down for slow moving/ non-moving items, wherever necessary.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases when a decline in the price of materials indicates that the cost of the finished products shall exceed the net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(f) Impairment

(i) Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost and contract assets

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:
• debt securities and loans that are determined to have low credit risk at the reporting date; and
• other debt securities and bank balances for which credit risk (i.e the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables, finance lease receivables, and contract assets are always measured at an amount equal to lifetime ECLs.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months)

The maximum period considered when estimating expected credit losses is the maximum contractual
period over which the Company is exposed to credit risk.
When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information

The Company considers a financial asset to be in default when:
- the recipient is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held), or

- the financial asset is more than 180 days past due.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i e the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive)

ECLs are discounted at the effective interest rate of the financial asset

Credit-impaired financial assets

At each reporting date, the Company assesses whether such financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:
- significant financial difficulty;
- a breach of contract such as a default or being more than 180 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise.
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company has a policy of writing off the gross carrying amount when the financial asset is 180 days past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(f) Impairment *(continued)*

(ii) Impairment of non-financial assets *(continued)*

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than biological assets, inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount
Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss previously recognised is reversed only if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. Such a reversal is made only to the extent that the asset's carrying amount neither exceeds its recoverable amount nor the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised

BSR & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(g) Employee benefits

(i) Short-term employee benefits

Short-term employee benefits are measured on an undiscounted basis and expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term benefits, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan where the Company's legal or constructive obligation is limited to the amount that it contributes to a separate legal entity.

The Company makes specified monthly contributions towards Government administered provident fund scheme.

Obligations for contributions to defined contribution plan are expensed as an employee benefits expense in the Statement of profit or loss in period in which the related service is provided by the employee. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

(iii) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in the future contributions to the plan ('the asset ceiling'). To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate determined by reference to market yields at the end of the reporting period on government bonds. The rate is applied on the net defined benefit liability (asset), both as determined at the start of the annual reporting period, taking into account any changes in the net defined liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of the plan are changed or when the plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs. The Company Gratuity plan is funded with Life Insurance Corporation of India, for all of the employees.

(iv) Long-term employee benefits - Compensated absences:

Accumulated absences expected to be carried forward beyond twelve months is treated as long-term employee benefit for measurement purposes. The Company's net obligation in respect of other long-term employee benefit of accumulating compensated absences is the amount of future benefit that employees have accumulated at the end of the period. That benefit is discounted to determine its present value. The obligation is measured annually by a qualified actuary using the projected unit credit method. Remeasurements are recognised in profit or loss in the period in which they arise.

The obligations are presented as current liabilities in the balance sheet, if the Company does not have an unconditional right to defer the settlement for at least twelve months after the reporting date.

(v) Termination benefits:

Termination benefits are expensed at the earlier of when the Company can no longer withdraw the offer of those benefits and when the Company recognises costs for a restructuring. If the benefits are not expected to be settled wholly within 12 months of the reporting date, they are discounted.

(vi) Share-based payment arrangements

The grant date fair value of equity-settled share-based payment arrangements granted to employees is generally recognised as an employee benefits expense, with a corresponding increase in equity, over the vesting period of the awards. The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market performance conditions are expected to be met, such that the amount ultimately recognised is based on the number of awards that meet the related service and non-market performance conditions at the vesting date. When the terms of an equity-settled award are modified, the minimum expense recognised by the Company is the grant date fair value of the unmodified award, provided the vesting conditions (other than a market condition) specified on grant date of the award are met. Further, additional expense, if any, is measured and recognised as at the date of modification, in case such modification increases the total fair value of the share-based payment plan, or is otherwise beneficial to the employee. Share-based payment arrangements granted directly to the employees of the Company by the Holding company and settled in the holding company's equity instruments are measured in accordance with the requirements applicable to equity-settled share-based payment transactions, with a corresponding increase in capital contribution from the parent.

B S R & Co. LLP ★ Chartered Accountants ★

This space has been intentionally left blank

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI

1.3 Material accounting policies *(continued)*

(h) Provisions (other than for employee benefits), Contingent liabilities and Contingent assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Expected future operating losses are not provided for.

Where the Company expects some or all of the expenditure required to settle a provision will be reimbursed by another party, the reimbursement is recognised when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The reimbursement is treated as a separate asset.

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. A provision for onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract, which is determined based on the incremental costs of fulfilling the obligation under the contract and an allocation of other costs directly related to fulfilling the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

Contingent liabilities

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets

Contingent asset is not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

B S R & Co. LLP ★ Chartered Accountants ★

This space has been intentionally left blank

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(i) Revenue recognition

The Company's business is to sell membership and provide holiday facilities to members for a specified period each year, over a number of years, for which membership fee is collected either in full upfront, or on a deferred payment basis. The Company is involved in the business of operating hotels and holiday resorts, providing travel and tourism-related services including tour operations and hospitality services, and earning income from such activities including room rentals, tour packages, and allied services

Under Ind AS 115 an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard establishes a five-step approach to revenue recognition that includes identifying contracts with customers, identifying performance obligations, determining transaction prices, allocating transaction prices to performance obligations and recognizing revenues when or as the performance obligations are satisfied.

a) Revenue from membership fees

The Company recognises the membership fees over the tenure of membership as the performance obligation is fulfilled over the tenure of membership. Revenue from consumer offers and other benefits provided on membership are recognized as and when such benefits are provided to members at its respective fair value.
The payment for membership fee is collected either in full upfront, or on a deferred payment basis. The revenue to be recognized in future periods classified as deferred income under the head 'other non-current' / 'other current liabilities'. Discounts and other incentives provided to the customer's are reduced from the overall contract value

Revenue is recognized only when it is probable that the economic benefits associated with the transaction will flow to the Company. Revenue with respect to instalments/contracts where there is an uncertainty about collectability, is deferred (even though the membership is not cancelled). The estimation of such revenues where there is uncertainty in collection has been made by the Company based on past trends of year-wise cancellation of memberships and considering factors impacting future collections.

b) Revenue from annual subscription fees

Income in respect of annual subscription fee or annual amenity charges dues from members is recognized only when it is reasonably certain that the ultimate collection will be made. Where the length of time between rendering services and collection of consideration from the customers is more than one year, the Company adjusts the consideration for time value of money

c) Interest income on membership plans

Interest is recognised as income based on the terms of the contracts entered into with the members if they are reasonably certain to be recovered from the customers.

Revenue is recognized only when it is probable that the economic benefits associated with the transaction will flow to the Company. Revenue with respect to instalments/contracts where there is an uncertainty about collectability, is deferred (even though the membership is not cancelled). The estimation of such revenues where there is uncertainty in collection has been made by the Company based on past trends of year-wise cancellation of memberships and considering factors impacting future collections. Unbilled revenue instalments that are due more than 12 months are considered overdue and are adjusted against credits available under deferred revenue

d) Incremental costs of obtaining and fulfilling a contract

The Company recognises as an asset the incremental costs of obtaining a contract with a customer if the entity expects to recover those costs. The incremental costs of obtaining a contract are those costs that an entity incurs to obtain a contract with a customer that it would not have incurred if the contract had not been obtained. Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained are recognised as an expense when incurred, unless those costs are explicitly chargeable to the customer regardless of whether the contract is obtained

If the costs incurred in fulfilling a contract with a customer are not within the scope of another Standard, the Company recognizes an asset from the costs incurred to fulfil a contract only if those costs meet all of the following criteria

- the costs relate directly to a contract or to an anticipated contract that the entity can specifically identify,

- the costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future, and

- the costs are expected to be recovered

The above costs to obtain and fulfill a contract are amortised over the effective membership period.

f) Revenue from resorts

Income from resorts comprising of sale of food and beverages, room rentals and other services are recognized when these are sold and as services are rendered.

g) Contract balances

(i) Contract assets
A contract asset is the right to consideration in exchange for services rendered to the customer. If the Company renders services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional

(ii) Contract liabilities
A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration has received consideration, or for which an amount of consideration is due from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

h) Deferred acquisition cost
Incremental costs of acquisition of the members are deferred over the period of effective membership in line with revenue deferral. Incremental costs are those that would not have been incurred if the contract was not obtained. Such cost which will be amortised in the future period are disclosed under deferred acquisition cost.

(ii) Interest income or expense

Interest income or expense is recognised using the effective interest method
The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to
- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability
In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability
However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

BSR & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED CHENNAI

1.3 Material accounting policies *(continued)*

(k) Leases

The Company has adopted Ind AS 116 Leases with effect from April 1, 2019 and the Company has elected to measure right-of-use asset for all leases at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application. At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company uses the definition of a lease in Ind AS 116. Premium paid for acquiring leasehold land is amortised over the period of lease.

Company as a Lessee

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. The Company determines its incremental borrowing rate by obtaining interest rates from various external financing sources that reflects the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:
- fixed payments, including in-substance fixed payments,
- variable lease payments that depend on an index or rate, initially measured using the index or rate as at the commencement date,
- amounts expected to be payable under a residual value guarantee, and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revision in-substance fixed lease payment.

When the lease liability is remeasured due to modification in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or recorded in the Statement of profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in Statement of profit or loss. The Company presents right-of-use assets in 'Non-current assets' and lease liabilities in 'Financial liabilities' in the balance sheet.

Short term leases and low value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Company as a Lessor

At the inception or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, then the Company applies Ind AS 115 to allocate the consideration in the contract.

The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other income'.

1.3 Material accounting policies *(continued)*

(l) Income tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in Other comprehensive income

The Company has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets

(i) Current tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that

(i) is not a business combination, and

(ii) at the time of the transaction;

a.) that affects neither accounting nor taxable profit or loss and

b.) does not give rise to equal taxable and deductible temporary differences.

- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future, and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for the Company. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

(m) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred

(n) Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year (refer Note 55)

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares

1.3 Material accounting policies *(continued)*

(o) Cash flows Statement

Cash flows are reported using the indirect method, whereby profit / (loss) is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. In cash flow statement, cash and cash equivalents include cash in hand, balances with banks in current accounts and other short-term highly liquid investments with original maturities of three months or less.

(p) Cash and cash equivalents (for the purpose of cash flow statement)

Cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.4 Recent pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has notified the following:

Ind AS 1 - Presentation of Financial Statements

For accounting periods beginning on or after 1 April 2026, when an entity breaches any covenant of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand, it classifies the liability as current, even if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach. An entity classifies the liability as current because, at the end of the reporting period, it does not have the right to defer its settlement for at least 12 months after that date.

However, an entity classifies the liability as non-current if the lender agreed by the end of the reporting period to provide a period of grace ending at least 12 months after the reporting period, within which the entity can rectify the breach and during which the lender cannot demand immediate repayment. This amendment is to be applied retrospectively for annual reporting periods beginning on or after 1 April 2026, in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

Total	**20,300.21**	**9,723.66**

6(c) Aggregate amount of quoted investments and market value thereof	20,300.21	9,723.66
Aggregate value of unquoted investments	190.16	190.16
Aggregate amount of impairment in the value of investments	-	2,066.09

Note: On March 1, 2025, Nature Trails Resorts Private Limited sold three operational resorts located in Durshet, Sajan and Kundalika as a business undertaking on slump sale basis to Thomas Cook (India) limited. The Company performed an impairment analysis on its investment in Nature Trails Resorts Private Limited. Basis the projected cashflows from operations of the subsidiary, the Company impaired the entire investment amounting to INR Nil (March 31, 2025: 1,785.01 INR lakhs). The impairment loss was recognised in the statement of profit and loss as an exceptional item.

7 Trade receivables - current
(See accounting policy in note 1.3 (b))

Considered good - Unsecured	1,698.40	1,422.75
Credit impaired	3.84	6.56
	1,702.24	**1,429.31**
Less: Loss allowance (refer note 37)	(3.84)	(6.56)
Total	**1,698.40**	**1,422.75**
Of the above, trade receivables from related parties are as below		
Total trade receivables from related parties (Refer note 41)	839.59	441.99
Less: Loss allowance	-	-
Net trade receivables from related parties	**839.59**	**441.99**

From an accounting perspective, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the Company. If a member is considered as a overdue member, he is not allowed to use the benefits of membership until the overdue amount is regularised or fully paid in that relevant period. The Company proceeds to evaluate cancellation of such contracts and adjusts such overdue customer's unbilled receivables against deferred income.

At the end of the year	**290.50**	**2,905.00**	**290.50**	**2,905.00**

All issued shares are fully paid up.

b) Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets on winding up. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder are in proportion to retain share of the paid-up equity share capital of the Company. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, in proportion to the number of equity shares held.

c) Shares held by holding/ultimate holding company (i.e., parent of the Group) and/or their subsidiaries/associates

(i) Post employment obligations

a) Gratuity

The Company provides for gratuity for employees as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognised fund. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

BSR & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED CHENNAI

22 Provisions *(continued)*

(ii) Defined contribution plans

The Company has also certain defined contribution plans. Contributions are made towards provident fund and Employee State Insurance (ESI) in India for employees at the rate of 12% and 4.75% respectively of basic salary as per regulations. The contributions are made to registered provident fund and Employee State Insurance Corporation administered by Government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards defined contribution plan is INR 734.54 lakhs (March 31, 2025: INR 646.29 lakhs)

(iii) Principal actuarial assumptions used in valuation of Gratuity

	March 31, 2026	March 31, 2025
Discount rate	6.46%	6.45%
Expected rate of return on plan assets	6.45%	6.45%
Salary growth rate	6.00%	6.00%
Attrition rate	46.50%	40.00%

Estimates of future salary increases considered in actuarial valuation takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in employment market

(vi) Sensitivity Analysis

a) Gratuity	**As at March 31, 2026**	**As at March 31, 2025**
Discount rate:		
+ 100 basis points	(17.77)	(17.05)
- 100 basis points	18.47	17.82
Salary escalation rate:		
+ 100 basis points	21.68	21.43
- 100 basis points	(21.29)	(20.74)

b) Compensated absences	**As at March 31, 2026**	**As at March 31, 2025**
Discount rate:		
+ 100 basis points	-	(3.68)
- 100 basis points	-	3.85
Salary escalation rate:		
+ 100 basis points	-	4.89
- 100 basis points	-	(4.76)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to the significant actuarial assumptions, the same method (present value of defined benefit obligation calculated using the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability in the balance sheet

The methods and types of assumption used in preparing the sensitivity analysis did not change compared to the prior period.

STERLING HOLIDAY RESORTS LIMITED CHENNAI

	Year ended March 31, 2026	Year ended March 31, 2025
28 Revenue from operations		
(See accounting policy in note 1.3 (i))		
Revenue from contract with customers		
Income from sale of membership:		
- Membership fee/Admission fees (net of provision for cancellation) (refer notes below)	6,073.66	9,285.16
- Annual subscription fees/ Annual amenity charges	5,208.39	5,173.54
Income from resorts:		
- Room rentals	25,972.95	21,286.68
- Food and beverages	6,162.26	5,447.87
- Others	3,809.05	3,179.64
- Management contract income	1,182.31	743.30
Other operating revenues		
- Service charges	3.31	227.29
- Interest income on installment sales	0.54	2.81
Total	**48,412.46**	**45,346.29**
Disaggregation of revenue from contracts with customers		
The Company derives income from sale of membership fee over a period of time and income from resorts at a point in time.		
At a point in time	42,338.27	36,058.33
Over a period of time	6,074.19	9,287.97
Total Revenue from contract with customers	**48,412.46**	**45,346.29**

Notes:

a) Pursuant to IND AS 115, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the Company. If a member is considered as a overdue member, then such member is not allowed to avail the benefits of membership until the overdue amount is regularised or fully paid in that relevant period. The Company proceeds to evaluate cancellation of such contracts and reverse the realised portion against the current income. Based on this estimate, the Company has made a provision as of March 31, 2026: INR 3.84 lakhs (March 31, 2025: INR 6.56 lakhs)

b) During the year, the Company has cancelled certain membership contracts of members who have defaulted in payment of certain EMIs and / or Annual amenity charges (AAC) / Annual subscription fees (ASF) for past periods. The Company has assessed the contractual terms and on the basis of legal advice has established their bona fide to cancel these membership contracts. Consequentially, there has been a write-back of deferred income (net of receivables) INR 3,381.11 lakhs (March 31, 2025: INR 8,761.56 lakhs) and write-off of the related unamortised cost INR 425.00 lakhs (March 31, 2025: INR 1,162.95 lakhs) (also refer note 52).

The summary of financial instruments above does not include investments held by the Company in its subsidiaries amounting to INR 190.16 lakhs as on June 30, 2025 (March 31, 2025: INR 1,975.17 lakhs) which has been measured by applying the principles of Ind AS 27 - Separate Financial Statements

This summary includes all financial instruments valued based on the principles of Ind AS 109 - Financial Instruments

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are
(a) recognised and measured at fair value and
(b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard

Financial assets and liabilities measured at fair value - recurring fair value measurements

As at March 31, 2026	**Notes**	**Level 1**	**Level 2**	**Level 3**	**Total**
Financial assets					
Investments at FVTPL:					
Mutual funds	6(b)	20,300.21	-	-	20,300.21
Total financial assets		**20,300.21**	-	-	**20,300.21**

As at March 31, 2025	**Notes**	**Level 1**	**Level 2**	**Level 3**	**Total**
Financial assets					
Financial investments at FVTPL:					
Mutual funds	6(b)	9,723.66	-	-	9,723.66
Total financial assets		9,723.66	-	-	9,723.66

There are no transfers between levels 1 and 2 during the year

(ii) Valuation technique used to determine fair value:

Level 1 : Fair value is determined using NAV for mutual funds and market value listed equity shares
Level 3 : Fair value is determined using discounted cash flow method

The Company has not disclosed the fair values of financial instruments such as trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, trade payables and certain other financial assets and liabilities, because their carrying amounts are a reasonable approximation of fair value.

STERLING HOLIDAY RESORTS LIMITED CHENNAI

37 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk.
This note explains the sources of risk which the entity is exposed to and how the entity manages the risk in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, investments, financial assets measured at amortised cost.	Ageing analysis and credit assessment	Diversification of portfolio and Assessment of customer credit worthiness at inception and through the credit period
Liquidity risk	Borrowings, trade payables and other liabilities	Cash flow forecasts	Availability of funds committed credit lines and borrowing facilities
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Analysis of market rates on a real time basis, pre-closure of loans

The Company's risk management is carried out by a central treasury department under policies approved by the board of directors. The board provides principles for overall risk management, as well as policies covering specific areas, such as interest rate risk, credit risk, non-derivative financial instruments and investment of excess liquidity.

(A) Credit risk

A significant portion of the Company's sales of Vacation Ownerships are by way of deferred payment schemes where the customer is obligated to pay the membership fee in Equated Monthly Instalments (EMIs) and the ensuing credit risk is managed by the Company in the following manner

From an accounting perspective, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the Group The member is not allowed to use the benefits of membership untill the overdue amount is regularised or fully paid in that relevant period The Group also assesses lifetime expected credit loss by using appropriate models, as prescribed by Ind AS 109, using past trends of collections and historical credit loss experience The categorisation of the receivables into its ageing buckets for the purposes of estimating the expected loss allowance has been profiled based on the longest overdue of that member, for example, if a member has one instalment overdue for say 12 months, the entire receivable of the member is aggregated into that ageing bucket and the credit loss allowance is determined after taking into account the credits against the member under "Contract liability- Deferred Revenue" (refer note 24 and note 26)

The allowances for credit loss and for revenue deferred at inception referred to above, carried at the end of every reporting period, are tested for adequacy and appropriately dealt with

(i) Credit risk management

The credit loss allowance carried by the Company is as under

	March 31, 2026	March 31, 2025
Carrying value of receivables (refer note 7)	1,702 24	1,429 31
Credit loss allowance	3 84	6 56
Loss allowance %	0 2%	0 5%

The Company defers revenue at inception and provides for cancellation allowance based on historical trend. The amounts so deferred and the credit loss allowance are adjusted from the carrying value of receivables (refer note 7) in the same proportion, except in cases where the allowance is directly attributable to a particular contract.

Reconciliation of loss allowance provision	Amount
Loss allowance on March 31, 2024	**66.02**
Allowance for credit loss recognised during the year	0 46
Adjustment on account of contracts cancelled during the year	(52 63)
Provision no longer required	(7 29)
Amounts written off during the year	-
Loss allowance on March 31, 2025	**6.56**
Allowance for credit loss recognised during the year	0 46
Adjustment on account of contracts cancelled during the year	(52 63)
Provision no longer required	(7 29)
Amounts written off during the year	-
Loss allowance on March 31, 2026	**3.84**

38 Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor and creditor confidence and to sustain future development of the business. The Company manages its capital so as to safeguard their ability to continue as a going concern and to optimize returns to shareholders. The Capital structure of the Company is based on the management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor and creditor confidence.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The company monitors the capital using a gearing ratio, which is net debt divided by total equity. Net debt is calculated as total liabilities (as shown in the balance sheet) less cash and cash equivalents and other bank balances. The Company's net debt to equity ratio i.e., capital gearing ratio at March 31 2026, is as follows:

	As at March 31, 2026	As at March 31, 2025
Total Liabilities	83,628.73	85,443.60
Less: Cash and cash equivalents and other bank balances	(2,648.25)	(632.04)
Adjusted net debt	**80,980.48**	**84,811.56**
Total equity	91,766.64	72,905.48
Net debt to equity ratio	**0.88**	**1.16**

39 Exemption from preparing consolidated financial statements

These financial statements are the standalone financial statements of the Company. The Company has used the exemption under Paragraph 4(a) of Ind AS 110 and has elected not to prepare the consolidated financial statements. The consolidated financial statements are prepared by the Holding company, Thomas Cook India Limited, Mumbai. Refer below for the details of subsidiaries of the Company:

42 Contingent liabilities and capital commitment *(See accounting policy in note 1.3 (h))*	**As at March 31, 2026**	**As at March 31, 2025**
Claims against the Company not acknowledged as debt:		
(a) In respect of income tax matters:		
For AY 2015-16, the Assessing Officer issued an order covering the treatment of ASCF entitlement fee, ESOP expenses, disallowance of brought-forward losses of the demerged entity (Sterling Holiday Resorts India Limited), and other adjustments. The Company appealed before the CIT(A), Mumbai, who granted partial relief on ASCF entitlement fee but upheld the ESOP disallowance and disallowance of carry-forward losses. Both the Company and the Income Tax Department have filed cross-appeals before the ITAT, Mumbai	2,450.30	2,450.30
For AY 2017-18, the Assessing Officer raised a high-pitched demand by making additions resulting in a tax demand. On appeal, the CIT(A), Mumbai granted partial relief by deleting few additions and sustained few additions. Both the Company and the Department have filed cross-appeals before the ITAT, Mumbai. Based on management's assessment and external advice, the Company believes the demand is not sustainable.	6,660.94	6,660.94
The Assessing Officer raised income tax demands for AY 2001-02 and AY 2006-07 and also levied penalties for these years. Based on management's assessment and advice from external consultants, the Company believes the demands are not sustainable. The Company filed appeals before the Commissioner of Income Tax (Appeals), Mumbai, who passed a favourable order reducing the penalties	648.76	648.76
For AY 2018-19, the Assessing Officer disallowed ESOP expenses, added back deferred income, and disallowed long-term capital loss on sale of land, instead assessing a long-term capital gain. On appeal, the CIT(A) granted partial relief on deferred income but upheld the ESOP and capital gain additions. Both the Company and the Department have filed cross-appeals. There is no tax liability due to available brought-forward losses and unabsorbed depreciation.	201.84	201.84
For AY 2024-25, certain employees had not linked their PAN with Aadhaar. As a result, TDS CPC applied a higher tax rate of 20% under Section 206AA and raised a demand	22.05	22.05
(b) Others:		
Luxury tax related demands under appeal	6,164.90	6,164.90
GST related matters	2,278.20	2,104.14
Customer, vendor, employee and property related disputes under appeal	1,047.08	900.97
Stamp duty on Composite scheme of arrangement and amalgamation	493.78	493.78

Note: The company has assessed that it is only possible, but not probable, that outflow of economic resources will be required.

Supreme Court vide their judgement dated February 28, 2018 clarified that Provident fund deduction is to be made on basic salary and on other salary components which are universally made available to all employees. The Company, based on external advice, believes that there are interpretative challenges on the application of the judgement retrospectively. Pursuant to the ruling, the Company recorded a provision of INR 45.33 lakhs in 2018-19, with respect to demands received for Manali (for the period of April 2007 to December 2015) and Munnar (for periods prior to 2013). Based on the advice and in the absence of the reliable measurement of the provision for earlier periods, the Company has not recorded a provision with respect to any period other than as mentioned above. The Company would update the provision in future based on clarification received from the relevant authorities.

43 Capital commitments	**As at March 31, 2026**	**As at March 31, 2025**
Capital expenditure contracted for at the end of the reporting period but not recognised as liabilities	326.23	777.74

44 Property related matters

a) During the financial year 2011-12, pursuant to One Time Settlement (OTS) scheme, the Company had fully settled the dues of a Financial Institution (FI) and also obtained a 'No Due' certificate with respect to Ooty Fernhill property. However, the financial institution has not released the title deeds of the properties given as security for the reason that a Third Party has filed a writ petition against the FI challenging the cancellation of sale of the said property to them. The Company is also a party to the said writ petition. The said writ petition was disposed off by Hon'ble High Court of Madras, against the Company. The Company has preferred Special Leave Petition (SLP) before the Hon'ble Supreme Court of India and the Court has ordered 'Status quo' in all respects concerning the said properties. The net book value and gross book value of land and building as at March 31, 2026 in respect of the said property aggregates to INR 8,287.351 lakhs (March 31, 2025: INR 8,106.43 lakhs) and INR 9,379.99 lakhs (March 31, 2025: INR 9,379.99 lakhs) respectively. In view of the management and based on the independent legal opinion obtained, the Company has a fair chance to succeed in the appeal pending before Hon'ble Supreme Court of India.

b) The Company had in the past transferred a property at Goa and part of the sale consideration amounting to INR 527.10 lakhs (March 31, 2025: INR 527.10 lakhs) (included under "Other non current assets") was retained by the buyer pending compliance of certain conditions. The Company is confident of recovering this amount as it has taken effective steps for discharge of its obligations. The Company is also legally advised that it has the right of vendor's lien against the immovable property sold to the extent of amount due. The Company has filed a suit against the buyer for recovery of the amount. In view of the aforesaid, the above amount is considered good and recoverable by Management. Application for rejection of the plaint by the defendant has been dismissed. The Defendant filed a revision before the High Court at Goa and High Court dismissed the same. Currently case is under trial.

c) During the financial year 2015-16, Company had transferred a property of 7.3 acres out of 10.3 acres land parcel at Chail for consideration and with a condition that the buyer would construct 10 cottages in the 3 acres land retained by the Company and handover the same. However, the buyer had taken the possession of the entire parcel of land and had not fulfilled the condition. The book value of the land is INR 860.00 lakhs (March 31, 2025: INR 761.70 lakhs). The title deeds for 3 acres of land are not available with the Company. There is an arbitration award in favor of the Company which the Company is enforcing in the court of law. The Company is of the view that it has a fair chance to succeed in its plea. The High Court has ordered 'Status Quo' on the property. The Company has filed an application for appointment of the receiver.

		As at March 31, 2026	As at March 31, 2025
i	Principal amount remaining unpaid to any supplier as at end of the year	311.43	274.23
ii	Interest due thereon remaining unpaid to any supplier as at end of the year	0.80	0.66
iii	Amount of interest paid by the buyer under MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during the year	-	-
iv	Amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006)	-	-
v	The amount of interest accrued and remaining unpaid at the end of the year	-	-
vi	The amount of further interest remaining due and payable even in the succeeding year, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under section 23 of MSMED Act 2006	0.80	0.66

47 The composite Scheme of Arrangement and Amalgamation ("the Scheme") between Thomas Cook Insurance Services (India) Limited (now known as Sterling Holiday Resorts Limited) ("the Company"), Thomas Cook (India) Limited ("TCIL") and erstwhile Sterling Holiday Resorts (India) Limited ("SHRIL") and their respective shareholders and creditors was sanctioned by the High Court of Judicature at Mumbai and the High Court of Judicature at Madras on July 2, 2015 and April 13, 2015, respectively, and made effective on August 18, 2015. In terms of the said Scheme, the Timeshare and Resort business of erstwhile SHRIL ("Demerged Undertaking") was demerged and transferred to and vested with the Company as a going concern and the residual SHRIL was amalgamated with TCIL. The appointed date of the Scheme is April 1, 2014.

In accordance with the said Scheme:

a) the assets and liabilities of the Demerged Undertaking as on April 1, 2014 was taken over by the Company and have been recorded at their respective book values, ignoring revaluations.

b) the Equity Shares (including equity shares acquired after appointed date) held by the Company in erstwhile SHRIL were cancelled.

c) the difference of INR 22,984.06 lakhs between the book values of net assets of the Demerged Undertaking recorded in the books of the Company as above and the value of investments in erstwhile SHRIL in the books of the Company, was adjusted against Securities Premium Account.

d) an amount of INR 274 lakhs relating to current tax provision was reversed and an amount of INR 4.2 lakhs relating to deferred tax asset was reversed into retained earnings consequent to the scheme.

e) in consideration for transfer of Demerged Undertaking into the Company, 116 equity shares of TCIL of INR 1 each was issued to the shareholders of erstwhile SHRIL for every 100 shares of INR 10 each held in erstwhile SHRIL.

		As at March 31, 2026	As at March 31, 2025
48	**Assets pledged as security**		
	Freehold land (Revalued - Refer Note 50)	1,253.00	15,255.80
	Buildings	-	5,180.19
	Movable assets	-	731.29

The amount disclosed under assets pledged as security pertains to a working capital loan facility sanctioned by Sterling Holiday Resorts Limited. However, the said facility has not been availed or utilized during the reporting period.

(a) Employee option plan

The options outstanding as at March 31, 2026, represent the unvested, vested and exercisable options granted by Thomas Cook India Limited, the holding company, to the employees of the Company. This disclosure is based on the information relating to the scheme shared by the holding company.

Sterling Holiday Resorts Limited Employee Stock Options Scheme 2012 - ("SHRL ESOS 2012")

As per clause 15.3.2 of the Composite Scheme of Arrangement and Amalgamation between Sterling Holiday Resorts (India) Limited (SHRIL) and Thomas Cook Insurance Services (India) Ltd (TCISIL), and Thomas Cook (India) Ltd (TCIL) the SHRIL ESOS 2012 became a part of the holding company's schemes and Stock Options which had been granted but not exercised as of the Record Date, by such SHRIL employees shall lapse and in lieu of the Lapsed Options of SHRIL, TCIL shall grant 120 options for every 100 options of SHRIL. The revised Exercise Price for Grant I was INR 80.00 and for Grant II was INR 108.46. Subject to the terms of the Scheme and SEBI ESOP Guidelines, the option holder will have a period of 5 years from the date of which the Options have vested, within which the vested options can be exercised.

Thomas Cook Employees Stock Scheme 2015

Under Employee Share Option Scheme 2015 (ESOP 2015) granted by Thomas Cook India Limited, the holding Company, 33%, 33% and 34% of the options granted vest in a period of 12 months, 24 months and 36 months respectively from the grant date. Once vested the options remain exercisable for a period of 10 years from the date of grant.

Thomas Cook Employees Stock Scheme 2018 - Management (ESOP 2018 – Management)

Thomas Cook Employees Stock Scheme 2018 - Execom

The Exercise Price shall be equal to face value of shares i.e. INR 1 per option

The objective of the ESOP 2018 - Execom is to reward the Execom Employees of the Company for their performance and to motivate them to contribute to the growth and profitability of the Company. The Company also intends to use this Scheme to retain talent in the organization. The Company views Employee Stock Options as instruments that would enable the Employees to share the value they create for the Company and align individual objectives of employees with objectives of the Company in the years to come.

The Scheme shall be applicable to the Execom and Employees of TCIL, its Subsidiary companies in India and abroad, as determined by the Committee on its own discretion from time to time.

Options granted under ESOP 2018 - Execom would Vest only at the end of 5 years from the date of grant of such options. Vesting of options would be subject to continued employment with the Company and certain performance parameters. The specific performance parameters will be decided by the Committee from time to time and will be communicated to the employees. The attainment of such performance parameters would be determined by the Committee from time to time which shall be a mandatory condition for vesting of options.

Thomas Cook Employees Stock Scheme 2024 - Execom

The Exercise Price shall be equal to face value of shares i.e Re. 1 per option

The objective of the ESOP 2024 - Execom is to reward the Execom Employees of the Company for their performance and to motivate them to contribute to the growth and profitability of the Company. The Company also intends to use this Scheme to retain talent in the organization. The Company views Employee Stock Options as instruments that would enable the Employees to share the value they create for the Company and align individual objectives of employees with objectives of the Company in the years to come. The Scheme shall be applicable to the Execom and Employees of the Company, its Subsidiary companies in India and abroad, as determined by the Committee on its own discretion from time to time. Options granted under ESOP 2024 - Execom would Vest only at the end of 3 years but not later than 7 years from the date of grant of such options. Vesting of options would be subject to continued employment with the Company and certain performance parameters. The specific performance parameters will be decided by the Committee from time to time and will be communicated to the employees. The attainment of such performance parameters would be determined by the Committee from time to time which shall be a mandatory condition for vesting of options.

On implementation of Composite Scheme of arrangement and Demerger of Human Resource Business

The Holding company (TCIL) in a composite scheme of arrangement demerged its Human Resources Services Business and transferred it to Quess Corp Limited (Quess) The scheme was approved by the National Company Law Tribunal (NCLT) with the appointed date as April 1, 2019 The effective date of the scheme was November 25, 2019 when both TCIL and Quess filed the certified copies of the order with their respective jurisdictional Registrar of Companies

As a part of the composite scheme, Group Employees whose ESOPs were outstanding on the effective date will be entitled to the additional shares of Quess on account of the demerger of Human Resource Business Instead of altering the exercise price, TCIL provided additional award in form of Quess shares

The group employees are now entitled to shares of Quess along with those of TCIL in the same share entitlement ratio prescribed in the scheme for the other shareholders of TCIL (1889:10,000)

In case of vested ESOPs, the employees will be granted shares of TCIL and Quess only on payment of the exercise price In case of unvested ESOPs, the employees will be granted shares of TCIL and Quess on completion of the remaining vesting period and payment of the exercise price

The options, to the extent, which are settled by shares of Quess do not meet the definition of a share-based payment arrangement because the value of shares of Quess is not based on the price or value of TCIL's equity instruments or any of its group entity's equity instruments The options to the extent which are settled by shares of Quess will be considered as an employee benefit within the scope of Ind AS 19 The options settled by shares of TCIL continue to be considered as share based payments and are accounted as per IND AS 102

(b) Expense arising from share based payment transaction

Particulars	**Year ended March 31, 2026**	**Year ended March 31, 2025**
Employee option plan expenses	16.10	4.21
Total	**16.10**	**4.21**

50 Revaluation of land

During the financial year 2018-19, the Company had changed its accounting policy with respect to measurement of freehold and leasehold land from the cost model to revaluation model with effect from April 1, 2018 Freehold and leasehold land will be recognized at fair value based on periodic valuation done by external independent valuers, less subsequent amortization of leasehold land A revaluation surplus will be recorded in OCI and credited to the asset revaluation reserve in equity However, to the extent that it reverses a revaluation deficit of the same asset previously recognized in profit or loss, the increase is recognized in profit and loss. A revaluation deficit is recognized in the statement of profit and loss, except to the extent that it offsets an existing surplus on the same asset recognized in the asset revaluation reserve Fair value of the land assets was determined by an external independent valuer using the market comparable method, i.e., the valuations performed by the valuer are based on active market sale prices, adjusted for difference in the nature, location or condition of the specific property.

The carrying amounts as at March 31, 2026 and March 31, 2025 under cost and revaluation models are given below

Block of asset	**Revaluation model**		**Cost model**	
	As at March 31, 2026	**As at March 31, 2025**	**As at March 31, 2026**	**As at March 31, 2025**
Freehold land	83,667.40	70,354.92	5,250.87	5,250.87
Right of use asset - land (Refer note 51)	1,946.60	1,812.36	161.91	161.91
Total	**85,614.00**	**72,167.28**	**5,412.78**	**5,412.78**

Basic and diluted earnings per share (INR)	**25.22**	**19.79**

56 Additional regulatory information pursuant to the requirement in Division II of Schedule III to the Companies Act 2013:

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property

(ii) The Company revalued its freehold land (including right-of-use assets relating to leasehold land) during the previous year. The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current year. Refer Note 50.

(iii) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(iv) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

(v) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

(vi) The Company has not entered into any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961)

(vii) The Company has not been declared as a wilful defaulter by any bank or financial institution or government or any government authority

(viii) The Company has complied with the number of layers prescribed under the Companies Act, 2013

(ix) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year

(x) The Company does not have any charge or satisfaction which is yet to be registered with Registrar of Companies (ROC) beyond statutory period except the following

Charge holder name	Registrar location	As at March 31, 2026	As at March 31, 2025
HDFC Bank Limited	Mumbai	-	8,348.50
Housing Development Finance Corporation Limited	Mumbai	-	1,300.00

(xi) The Company neither has borrowings nor has been sanctioned working capital during the year from banks or financial institutions on the basis of security of current assets

(xii) The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956

(xiii) The Company does not have any loans or advances in the nature of loans granted to promoters, directors, key managerial personnel and the related parties either severally or jointly with any other person, that are (a) repayable on demand or (b) without specifying any terms or period of repayment.

57 Exceptional items

Particulars	Year ended March 31, 2026	Year ended March 31, 2025
Impairment of investment and loans in Nature Trails Resorts Private Limited Refer [Note 6(a) and 8]	-	1,990.77
Impairment of other receivables from Nature Trails Resorts Private Limited Refer [Note 6(a) and 8]	40.17	-
Litigations settlement *	-	410.94
Statutory impact of new labour codes #	142.06	-
Expenses arising out of scheme ^	25.75	
	207.98	**2,401.71**

* During the previous year, the Company had applied for full and final settlement of tax dues in relation to luxury tax litigations under the Amnesty Scheme. The aforesaid litigations were settled with the concerned authorities, by way of payment of tax dues aggregating to INR 410.94 lakhs. Accordingly, the dues settled was recognised in the statement of profit and loss as an exceptional item.

On November 21, 2025, the Government of India notified the four Labor Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labor & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. We have assessed and disclosed the incremental impact of these changes on the basis of the best information available, consistent with the guidance provided by the Institute of Chartered Accountants of India. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has presented such incremental impact as under "Exceptional items" in the interim statement of profit and loss for the year ended March 31, 2026. The Company has engaged external consultants and are considering options including restructuring the remuneration to restrict the gratuity impact to 50% of the total remuneration. Based on such an assumption, certain allowances like special allowances have not been fully considered for determining the gratuity liability though based on current interpretation these may be warranted. Based on management assumptions an actuarial valuation has been obtained, and the incremental cost of INR 142.07 lakhs has been presented under exceptional items in the Statement of Profit and Loss for the year ended March 31, 2026. The Company continues to monitor the finalization of Central, State Rules and clarifications from the Government on other aspects of Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

^ The Board at its meeting held on March 20, 2026, approved the Composite Scheme of Arrangement and Amalgamation amongst Thomas Cook (India) Limited ('TCIL') and its wholly owned subsidiaries and their respective shareholders, in accordance with the provisions of Sections 230 to 232 read with Sections 61 and 66 of the Companies Act, 2013 together with the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016, and the National Company Law Tribunal Rules, 2016 ('Scheme'). The Scheme inter alia provides for the demerger of the resorts and resort management business of TCIL into SHRL. Shareholders of TCIL will receive shares of SHRL as a consideration for the demerger, in the ratio of 81 shares of SHRL for every 100 shares held in TCIL. The Scheme is subject to requisite statutory and regulatory approvals and sanction by the respective shareholders of each of the companies involved in the Scheme. Further, exceptional item for the year ended 31 March 2026 includes cost incurred till date by the Company towards legal and professional fees in connection with the scheme of INR 25.75 lakhs.

1.1 Reporting entity

Sterling Holiday Resorts Limited ('the Company') is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is registered with the Ministry of Corporate Affairs under Corporate Identification Number (CIN) - U63040TN1989PLC114064.

The Company's registered office is at Purva Primus, 4th Floor, 236, Okkiyampettai, Old Mahabalipuram Road, Thoraipakkam, Chennai - 600097. The Company is a subsidiary of Thomas Cook (India) Limited and the ultimate holding company is Fairfax Financial Holdings Limited, Canada.

These consolidated financial information comprise the Company and its subsidiaries Sterling Holidays (Ooty) Limited, Sterling Holiday Resorts (Kodaikanal) Limited and Nature Trails Resorts Private Limited (together referred to as the 'Group'). The Group is primarily involved in Leisure Hospitality Services (Resort business) and selling Membership (Time share).

1.2 Basis of preparation

(a) Statement of compliance

The Company has used the exemption under Paragraph 4(a) of Ind AS 110 and has elected not to prepare the consolidated financial information. These consolidated financial information have been prepared solely to enable Thomas Cook (India) Limited to prepare its consolidated financial information and not to report on Sterling Holiday Resorts Limited as a separate entity.

In accordance with the instructions issued by group management of Thomas Cook (India) Limited ("TCIL") to the Company, these consolidated financial information comply in all material aspects with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act, to the extent applicable and excludes statement of cash flows.

The consolidated financial information were approved for issue by the Group's Board of Directors on May 05, 2026.

Details of the Group's accounting policies are included in note 1.3. The Group has consistently applied the accounting policies to all the periods present in these consolidated financial information.

(b) Basis of measurement

These consolidated financial information have been prepared on a historical cost basis and on an accrual basis, except for the following items.

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Investments mandatorily measured at FVTPL (refer note 1.3(b)(ii))	Fair value
Freehold and leasehold land	Fair value
Share based payment arrangements	Fair value of the option
Net defined benefit liability (refer note 1.3(g)(iii))	Present value of the defined benefit obligation less the fair value of plan assets

(c) Functional and presentation currency

These consolidated financial information are presented in Indian Rupees (INR), which is also the Group's functional currency. All the financial information have been rounded-off to the nearest lakhs, or decimals thereof, unless otherwise indicated. Transactions and balances with values below the rounding off norm adopted by the Group have been reflected as "-" in the relevant notes in these financial information.

(d) Use of estimates and judgements

In preparing these consolidated financial information, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgement

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the consolidated financial information is included in the following notes:

Note 3(b) and 36: Financial instruments: Classification and measurement

Note 3(k) and 49: Lease term: whether the Group is reasonably certain to exercise extension options

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a significant adjustment to the carrying amounts of assets and liabilities within the next financial year is included in the following notes. Actual results may be different from these estimates.

Note 3 : Freehold land and leasehold land is measured based on valuation by external independent valuers using market approach

Note 21: Measurement of defined benefit obligations: key actuarial assumptions.

Note 22: Recognition of deferred tax assets: availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilised.

Note 3(i) and Note 28: Revenue recognition: estimate of expected returns.

Note 36 : Determine the fair value of financial assets or liability based on unobservable inputs

Note 37: Measurement of ECL allowance for trade receivables: key assumptions in determining the weighted-average loss rate.

Notes 41 and 43: Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.

(e) Measurement of fair values

A number of Group's accounting policies and disclosures require the measurement of fair values, for both financial and non financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values. The Group regularly reviews significant unobservable inputs and valuation adjustments, including level 3 fair values. If third party information is used to measure fair values, then the Group assesses the evidence obtained from the third parties to support the conclusion that these valuation meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

1.2 Basis of preparation *(continued)*

(e) Measurement of fair values *(continued)*

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. The inputs used to measure the fair value of assets or a liability fall into different levels of the fair value hierarchy. Accordingly, the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the low level input that is significant to the entire measurement.

Management uses various valuation techniques to determine fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management based on its assumptions on observable data as far as possible but where it not available, the management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date. The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(f) Current and Non-current classification

Based on the nature of services / activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

(g) Going Concern

The consolidated financial information for the year ended March 31, 2026 reflect that the Group has accumulated losses of INR 14,213.58 lakhs (March 31, 2025: INR 21,490.02 lakhs) (which have eroded the net worth of the Group) as at the balance sheet date. The above accumulated loss includes a one-time impact of INR 30,259.54 lakhs on change in accounting for contracts with customers, pursuant to transition to Ind AS 115 Revenue from Contracts with Customers. During the year Group has earned profit before tax of INR 9,873.80 (March 31, 2025: INR 7,930.03). The Group has considered various internal and external sources of information, up to the date of approval of the consolidated financial information, in determining the potential impact on the financial position and business operations of the Group.

Based on the expected continued profitability, approved cash flow projections for the next 12 months, availability of assets (land, buildings, trade receivables etc.) for securitization monetization for additional funds, the Group believes that it would be able to meet its financial requirements and no adjustments would be required in respect of the carrying values of assets/liabilities. Accordingly, these consolidated financial information are prepared on a going concern basis.

(h) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief operating decision maker. The Chairman – Whole Time Director (WTD) of the Group has been identified as the chief operating decision maker of the Group who assesses the financial performance and position of the Group and makes strategic decisions. Refer Note 42 for segment information presented.

1.3 Material accounting policies

(a) Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Group, at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign exchange gain and losses from settlement of these transactions are recognised in the statement of profit or loss.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate as at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of transaction. Exchange differences arising on translation are recognised in the statement of profit or loss.

Foreign operations

The assets and liabilities of foreign operations (subsidiaries, associates, joint arrangements, branches), including goodwill and fair value adjustments arising on acquisition, are translated into INR at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Foreign currency differences are recognised in OCI and accumulated in the equity (as exchange differences on translating the financial statements of a foreign operation), except to the extent that the exchange differences are allocated to NCI.

When a foreign operation is disposed of in its entirety or partially such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. If the Group disposes of part of its interest in a subsidiary but retains control, then the relevant proportion of the cumulative amount is reallocated to NCI. When the Group disposes of only part of an associate or joint venture while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

(b) Financial instruments

(i) Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

However, if the Group has an unconditional right to an amount that differs from the transaction price (e.g. due to the Group's refund policy), the trade receivable will be initially measured at the amount of that unconditional right.

(ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:
- amortised cost;
- Fair value through other comprehensive income (FVOCI) – debt investment;
- Fair value through other comprehensive income (FVOCI) – equity investment; or
- Fair value through profit and loss (FVTPL).

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

BSR & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED CHENNAI

1.3 Material accounting policies *(continued)*

(b) Financial instruments *(continued)*

(ii) Classification and subsequent measurement *(continued)*

Financial assets *(continued)*

a) Non-derivative financial assets

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:
- it is held within a business model whose objective is to hold assets to collect contractual cash flows, and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments at FVTOCI

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:
- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Equity instruments at FVTOCI

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Where the Group elects to designate an equity instrument at fair value through other comprehensive income (FVOCI), all changes in fair value, except for dividend income, are recognised in other comprehensive income and are not subsequently reclassified to the Statement of Profit or Loss.

Financial assets at FVTPL

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;

- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and

- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non- recourse features).

1.3 Material accounting policies *(continued)*

(b) Financial instruments *(continued)*

(ii) Classification and subsequent measurement *(continued)*

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest *(continued)*

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets – Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

(iii) De-recognition

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different, in which case, a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

1.3 Material accounting policies *(continued)*

(c) Property, plant and equipment

(i) Recognition and measurement

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Items of property, plant and equipment (including capital-work-in progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses

Cost of an item of property, plant and equipment comprises

a purchase price, including import duties and non-refundable taxes on purchase (goods and service tax), after deducting trade discounts and rebates

b any directly attributable cost of bringing the item to its working condition for its intended use, estimated costs of dismantling and removing the item and restoring the site on which it is located

Cost of a self-constructed item of property, plant and equipment comprises

a the cost of materials and direct labour;

b any directly attributable cost of bringing the item to its working condition for its intended use, estimated costs of dismantling and removing the item and restoring the site on which it is located

Any gain/ loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

The Group follows revaluation model for measurement of freehold and leasehold land. Freehold and leasehold land will be recognized at fair value based on periodic, at least triennial, valuations done by external independent valuers, less subsequent depreciation of leasehold land. Increase in the carrying amount arising on revaluation of land are recognized, net of tax, in other comprehensive income and accumulated in reserves in shareholders' equity

Fair value of the land is determined using the Market comparable method, i.e., the valuations performed by the valuer are based on active market sale prices, adjusted for difference in the nature, location or condition of the specific property. Refer Note 50

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably

(iii) Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values over the estimated useful lives using the straight-line method and is generally recognised in the Statement of profit or loss. Freehold land is not depreciated

Depreciation on property, plant and equipment is charged over the estimated useful life of the asset as evaluated on technical assessment on straight-line method, in accordance with Part A and C of Schedule II to the Companies Act, 2013

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows

Asset	Management estimate of useful life	Useful life as per Schedule II
Buildings	30 - 60	30 - 60
Plant and equipment	15	15
Electrical equipment	10	10
Office equipment	5	5
Furniture and fixtures	8 to 10	10
Computer equipment – Desktop, laptop and end-user items	3	3
Computer equipment – Servers & Network	6	6
Vehicles	8	8 - 10 years

Depreciation method, useful lives and residual values are reviewed at each financial period-end and adjusted if necessary, for each reporting period. Based on technical assessment and consequent advice, the management believes that its estimate of useful life as given above best represent the period over which management expects to use the asset

Leasehold improvements are amortized on a straight line basis over the useful life of the asset or the remaining lease term whichever is lower

On property, plant and equipment added/ disposed off during the period, depreciation is charged on pro-rata basis for the period from up to which the asset is ready for use/disposed off

Premium paid for acquiring leasehold land is amortised over the period of lease. Assets constructed on leasehold land/leasehold improvements are amortised over the primary period of lease or its estimated useful life, whichever is lower.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/ (losses)

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(d) Goodwill and intangible assets

(i) Recognition and measurement

Goodwill:

Goodwill arising on the acquisition of subsidiaries (See Note 3(f)(ii)) is measured at cost less accumulated impairment losses

Research and development:

Expenditure on research activities is recognised in profit or loss as incurred

Development expenditure is capitalised as part of the cost if the resulting intangibles asset only if the expenditure can be measured reliably, the product or process is the technically and commercially feasible, future economic benefits are probable and the Group intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, development expenditure is measured at cost less accumulated amortisation and any accumulated impairment losses

Other intangible assets:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities). Amortisation is calculated on a straight-line basis over their estimated useful lives and it is included in the Statement of profit or loss. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates and cost of assets can be measured reliably. All other expenditure, is recognised in profit or loss as incurred

(iii) Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in Depreciation and amortisation expense in the Statement of profit or loss. Goodwill is not amortised

The estimated useful life of intangible asset consisting computer software are as follows

Category of asset	Management estimate of useful life
Software	3 - 5 years

(e) Inventories

Inventories are measured at the lower of cost and net realisable value

Inventories comprising of provisions, perishables, beverages and operating supplies are stated at lower of cost and net realizable value. Cost is determined using the Weighted average method. The cost comprises of purchase price, non-refundable taxes and delivery handling cost incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. Inventories are written down for slow moving/ non-moving items, wherever necessary.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases when a decline in the price of materials indicates that the cost of the finished products shall exceed the net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(f) Impairment

(i) Impairment of financial instruments

The Group recognises loss allowances for expected credit losses on financial assets measured at amortised cost and contract assets.

The Group measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:
• debt securities and loans that are determined to have low credit risk at the reporting date; and
• other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables, finance lease receivables, and contract assets are always measured at an amount equal to lifetime ECLs.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating expected credit losses is the maximum contractual
period over which the Group is exposed to credit risk.
When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward looking information.

The Group considers a financial asset to be in default when:
- the recipient is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held), or
- the financial asset is more than 180 days past due.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Group assesses whether such financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:
- significant financial difficulty;
- a breach of contract such as a default or being more than 180 days past due;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Group has a policy of writing off the gross carrying amount when the financial asset is 180 days past due based on historical experience of recoveries of similar assets. For corporate customers, the Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

(ii) Impairment of non-financial assets *(continued)*

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than biological assets, inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.
Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss previously recognised is reversed only if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. Such a reversal is made only to the extent that the asset's carrying amount neither exceeds its recoverable amount nor the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

B S R & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI

1.3 Material accounting policies *(continued)*

(g) Employee benefits

(i) Short-term employee benefits

Short-term employee benefits are measured on an undiscounted basis and expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term benefits, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan where the Group's legal or constructive obligation is limited to the amount that it contributes to a separate legal entity

The Group makes specified monthly contributions towards Government administered provident fund scheme

Obligations for contributions to defined contribution plan are expensed as an employee benefits expense in the Statement of profit or loss in period in which the related service is provided by the employee Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available

(iii) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in the future contributions to the plan ('the asset ceiling') To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate determined by reference to market yields at the end of the reporting period on government bonds The rate is applied on the net defined benefit liability (asset), both as determined at the start of the annual reporting period, taking into account any changes in the net defined liability (asset) during the period as a result of contributions and benefit payments Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of the plan are changed or when the plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs The Group Gratuity plan is funded with Life Insurance Corporation of India, for all of the employees

(iv) Long-term employee benefits - Compensated absences:

Accumulated absences expected to be carried forward beyond twelve months is treated as long-term employee benefit for measurement purposes The Group's net obligation in respect of other long-term employee benefit of accumulating compensated absences is the amount of future benefit that employees have accumulated at the end of the period That benefit is discounted to determine its present value The obligation is measured annually by a qualified actuary using the projected unit credit method Remeasurements are recognised in profit or loss in the period in which they arise

The obligations are presented as current liabilities in the balance sheet, if the Group does not have an unconditional right to defer the settlement for at least twelve months after the reporting date

(v) Termination benefits:

Termination benefits are expensed at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises costs for a restructuring If the benefits are not expected to be settled wholly within 12 months of the reporting date, they are discounted

(vi) Share-based payment arrangements

The grant date fair value of equity-settled share-based payment arrangements granted to employees is generally recognised as an employee benefits expense, with a corresponding increase in equity, over the vesting period of the awards The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market performance conditions are expected to be met, such that the amount ultimately recognised is based on the number of awards that meet the related service and non-market performance conditions at the vesting date. When the terms of an equity-settled award are modified, the minimum expense recognised by the Group is the grant date fair value of the unmodified award, provided the vesting conditions (other than a market condition) specified on grant date of the award are met Further, additional expense, if any, is measured and recognised as at the date of modification, in case such modification increases the total fair value of the share-based payment plan, or is otherwise beneficial to the employee Share-based payment arrangements granted directly to the employees of the Group by the Holding Group and settled in the holding Group's equity instruments are measured in accordance with the requirements applicable to equity-settled share-based payment transactions, with a corresponding increase in capital contribution from the parent

B S R & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED CHENNAI

1.3 Material accounting policies *(continued)*

(h) Provisions (other than for employee benefits), Contingent liabilities and Contingent assets

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Expected future operating losses are not provided for.

Where the Group expects some or all of the expenditure required to settle a provision will be reimbursed by another party, the reimbursement is recognised when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The reimbursement is treated as a separate asset.

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Group from the contract are lower than the unavoidable cost of meeting its obligations under the contract. A provision for onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract, which is determined based on the incremental costs of fulfilling the obligation under the contract and an allocation of other costs directly related to fulfilling the contract. Before such a provision is made, the Group recognises any impairment loss on the assets associated with that contract.

Contingent liabilities

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. The Group does not recognize a contingent liability but discloses its existence in the consolidated financial information.

Contingent assets

Contingent asset is not recognised in the consolidated financial information since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

B S R & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(i) Revenue recognition

The Group's business is to sell membership and provide holiday facilities to members for a specified period each year, over a number of years, for which membership fee is collected either in full upfront, or on a deferred payment basis The Group is involved in the business of operating hotels and holiday resorts, providing travel and tourism-related services including tour operations and hospitality services, and earning income from such activities including room rentals, tour packages, and allied services

Under Ind AS 115 an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services The standard establishes a five-step approach to revenue recognition that includes identifying contracts with customers, identifying performance obligations, determining transaction prices, allocating transaction prices to performance obligations and recognizing revenues when or as the performance obligations are satisfied

a) Revenue from membership fees

The Group recognises the membership fees over the tenure of membership as the performance obligation is fulfilled over the tenure of membership Revenue from consumer offers and other benefits provided on membership are recognized as and when such benefits are provided to members at its respective fair value The payment for membership fee is collected either in full upfront, or on a deferred payment basis The revenue to be recognized in future periods classified as deferred income under the head 'other non-current liabilities' / 'other current liabilities' Discounts and other incentives provided to the customer's are reduced from the overall contract value

Revenue is recognized only when it is probable that the economic benefits associated with the transaction will flow to the Group Revenue with respect to instalments/contracts where there is an uncertainty about collectability, is deferred (even though the membership is not cancelled) The estimation of such revenues where there is uncertainty in collection has been made by the Group based on past trends of year-wise cancellation of memberships and considering factors impacting future collections.

b) Revenue from annual subscription fees

Income in respect of annual subscription fee or annual amenity charges dues from members is recognized only when it is reasonably certain that the ultimate collection will be made Where the length of time between rendering services and collection of consideration from the customers is more than one year, the Group adjusts the consideration for time value of money

c) Interest income on membership plans

Interest is recognised as income based on the terms of the contracts entered into with the members if they are reasonably certain to be recovered from the customers.

d) Revenue is recognized only when it is probable that the economic benefits associated with the transaction will flow to the Group Revenue with respect to instalments/contracts where there is an uncertainty about collectability, is deferred (even though the membership is not cancelled) The estimation of such revenues where there is uncertainty in collection has been made by the Group based on past trends of year-wise cancellation of memberships and considering factors impacting future collections Unbilled revenue instalments that are due more than 12 months are considered overdue and are adjusted against credits available under deferred revenue

e) Incremental costs of obtaining and fulfilling a contract

The Group recognises as an asset the incremental costs of obtaining a contract with a customer if the entity expects to recover those costs The incremental costs of obtaining a contract are those costs that an entity incurs to obtain a contract with a customer that it would not have incurred if the contract had not been obtained Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained are recognised as an expense when incurred, unless those costs are explicitly chargeable to the customer regardless of whether the contract is obtained

If the costs incurred in fulfilling a contract with a customer are not within the scope of another Standard, the Group recognizes an asset from the costs incurred to fulfil a contract only if those costs meet all of the following criteria

- the costs relate directly to a contract or to an anticipated contract that the entity can specifically identify;

- the costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future, and

- the costs are expected to be recovered

f) Revenue from resorts

Income from resorts comprising of sale of food and beverages, room rentals and other services are recognized when these are sold and as services are rendered.

g) Contract balances

(i) Contract assets

A contract asset is the right to consideration in exchange for services rendered to the customer If the Group renders services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional

(ii) Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration has received consideration, or for which an amount of consideration is due from the customer Contract liabilities are recognised as revenue when the Group performs under the contract.

h) Deferred acquisition cost

Incremental costs of acquisition of the members are deferred over the period of effective membership in line with revenue deferral Incremental costs are those that would not have been incurred if the contract was not obtained. Such cost which will be amortised in the future period are disclosed under deferred acquisition cost

(j) Interest income or expense

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset, or
- the amortised cost of the financial liability

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability

However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis

B S R & CO. LLP Chartered Accountants

STERLING HOLIDAY RESORTS LIMITED CHENNAI

1.3 Material accounting policies *(continued)*

(k) Leases

The Group has adopted Ind AS 116 Leases with effect from April 1, 2019 and the Group has elected to measure right-of-use asset for all leases at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application. At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group uses the definition of a lease in Ind AS 116. Premium paid for acquiring leasehold land is amortised over the period of lease.

Group as a Lessee

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Group has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate. The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources that reflects the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:
- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revision in-substance fixed lease payment.

When the lease liability is remeasured due to modification in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or recorded in the Statement of profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in Statement of profit or loss. The Group presents right-of-use assets in 'Non-current assets' and lease liabilities in 'Financial liabilities' in the balance sheet.

Short term leases and low value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Group as a Lessor

At the inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, then the Group applies Ind AS 115 to allocate the consideration in the contract.

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other income'.

This space has been intentionally left blank

B S R & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(l) Income tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in Other comprehensive income

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

(i) Current tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that
(i) is not a business combination, and
(ii) at the time of the transaction,
  a.) that affects neither accounting nor taxable profit or loss and
  b.) does not give rise to equal taxable and deductible temporary differences.
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future, and
- taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised, such reductions are reversed when the probability of future taxable profits improves.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

(m) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

(n) Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing

- the profit attributable to owners of the Group
- by the weighted average number of equity shares outstanding during the financial year (refer Note 55).

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

1.3 Material accounting policies *(continued)*

(o) Cash flows Statement

Cash flows are reported using the indirect method, whereby profit / (loss) is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information. In cash flow statement, cash and cash equivalents include cash in hand, balances with banks in current accounts and other short-term highly liquid investments with original maturities of three months or less.

(p) Cash and cash equivalents (for the purpose of cash flow statement)

Cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.4 Recent pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has notified the following

Ind AS 1 - Presentation of consolidated financial information

For accounting periods beginning on or after 1 April 2026, when an entity breaches any covenant of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand, it classifies the liability as current, even if the lender agreed, after the reporting period and before the approval of the financial information for issue, not to demand payment as a consequence of the breach. An entity classifies the liability as current because, at the end of the reporting period, it does not have the right to defer its settlement for at least 12 months after that date.

However, an entity classifies the liability as non-current if the lender agreed by the end of the reporting period to provide a period of grace ending at least 12 months after the reporting period, within which the entity can rectify the breach and during which the lender cannot demand immediate repayment. This amendment is to be applied retrospectively for annual reporting periods beginning on or after 1 April 2026, in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

Less: Loss allowance	-	-
Net trade receivables from related parties	**92.08**	**168.03**

From an accounting perspective, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the Company. If a member is considered as a overdue member, he is not allowed to use the benefits of membership until the overdue amount is regularised or fully paid in that relevant period. The Company proceeds to evaluate cancellation of such contracts and adjusts such overdue customer's unbilled receivables against deferred income.

At the end of the period	**290.50**	**2,905.00**	**290.50**	**2,905.00**
All issued shares are fully paid up				

b) Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets on winding up. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder are in proportion to retain share of the paid-up equity share capital of the Company. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, in proportion to the number of equity shares held.

c) Shares held by holding/ultimate holding company (i.e., parent of the Group) and/or their subsidiaries/associates

	As at March 31, 2026		As at March 31, 2025	
	Number *in lakhs*	Amount *in lakhs*	Number *in lakhs*	Amount *in lakhs*
Equity shares of INR 10 each held by the holding company	290.50	2,905.00	290.50	2,905.00

d) Particulars of shareholders holding more than 5% shares of a class of shares

	As at March 31, 2026		As at March 31, 2025	
	Number *in lakhs*	% of total shares in class	Number *in lakhs*	% of total shares in class
Equity shares of INR 10 each held by				
Thomas Cook (India) Limited and its nominees (holding company)	290.50	100%	290.50	100%

e) Shares reserved for issue under options

There are no shares reserved for issue under options and contracts commitments for sale of shares/disinvestment as at March 31, 2026 (March 31, 2025: NIL).

f) Aggregate number of bonus shares issued, shares issued for consideration other than cash and shares bought back during the period of five years immediately preceding the reporting date:

-No bonus shares have been issued during the period of five years immediately preceding the reporting date.
-No shares have been issued for consideration other than cash during the period of 5 years immediately preceding the reporting date.
-No shares have been bought back during the period of five years immediately preceding the reporting date.

Opening balance	1,669 50	1,665 29
Additions during the year	16 10	4 21
Closing balance	**1,685.60**	**1,669.50**

Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act 2013

Retained earnings

Retained earnings represents the amount of accumulated earnings of the Company

Capital redemption reserve

Capital redemption reserve is created on redemption of preference shares. It is not available for distribution of dividend.

Capital contribution from Holding Company

Capital contribution from Holding Company represents the corresponding liability towards amount of employee share-based payment expenses recognised pertaining to the fair value equivalent of the share options issued to the employees of the Company under the Employee Share Option Scheme by Thomas Cook (India) Limited (the Holding company). These expenses are not re-charged back to the Holding Company and are therefore considered as capital contribution from Holding Company

Revaluation reserve
The Group had changed its accounting policy on measurement of land from cost model to revaluation model w e f April 1, 2018. Land was recognized at fair value based on valuations by external independent valuers performed on March 31, 2024. Consequently, any increase in the carrying amount arising on revaluation of land are recognized, net of tax, in other comprehensive income and accumulated in other reserves in shareholder's equity.

Remeasurement of defined benefit plans
Remeasurement of defined benefit plans represents remeasurement of the net defined benefit liabilities comprise of actuarial gain / loss

(i) Compensated absences

Current compensated absences expected to be settled within the next 12 months amount to March 31, 2026 INR Nil (March 31, 2025 INR 85.94 lakhs)

(ii) Post employment obligations

a) Gratuity

The Company provides for gratuity for employees as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognised fund. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments

	Present value of obligation	Fair value of plan assets	Net amount

B S R & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

21 Provision *(continued)*

The net liability disclosed above relates to funded and unfunded plans are as follows

	0-Jan-00	0-Jan-00
Present value of funded obligations	1,198.10	1,003.82
Fair value of plan assets	15.72	20.02
Deficit of funded plan	**1,182.39**	**983.80**
Current benefit obligation	554.49	444.50
Non-current benefit obligation	627.90	539.30
Unfunded plans	- 0.00	- 0.00
Deficit of gratuity plan	**1,182.39**	**983.80**

(ii) Defined contribution plans

The Group has also certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by Government. The obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards defined contribution plan is INR 736.06 lakhs (March 31, 2025: INR 673.92 lakhs)

(iii) Principal actuarial assumptions used in valuation of Gratuity

	January 0, 1900	January 0, 1900
Discount rate	6.46%	6.45%
Expected rate of return on plan assets	6.45%	6.45%
Salary growth rate	6.50%	6.00%
Attrition rate	46.50%	40.00%

Estimates of future salary increases considered in actuarial valuation takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in employment market

(iv) Sensitivity Analysis

a) Gratuity

Discount rate:		
+ 100 basis points	(17.77)	(17.05)
- 100 basis points	18.47	17.82
Salary escalation rate		
+ 100 basis points	21.68	21.43
- 100 basis points	(21.29)	(20.74)

b) Compensated absences	**January 0, 1900**	**January 0, 1900**
Discount rate:		
+ 100 basis points	-	(3.68)
- 100 basis points	-	3.85
Salary escalation rate		
+ 100 basis points	-	4.89
- 100 basis points	-	(4.76)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to the significant actuarial assumptions, the same method (present value of defined benefit obligation calculated using the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability in the balance sheet

The methods and types of assumption used in preparing the sensitivity analysis did not change compared to the prior period.

- Membership fee/Admission fees (net of provision for cancellation) (refer notes below)	6,071.26	9,285.44
- Annual subscription fees/ Annual amenity charges	5,453.88	5,396.08
Income from resorts:		
- Room rentals	30,307.10	25,798.43
- Food and beverages	6,993.53	6,318.10
- Others	2,706.81	2,350.03
- Management contract income	1,182.31	743.30
Other operating revenues		
- Service charges	4.26	269.98
- Interest income on installment sales	0.54	2.81
Total	**52,719.69**	**50,164.17**
Disaggregation of revenue from contracts with customers		
The Company derives income from sale of membership fee over a period of time and income from resorts at a point in time		
At a point in time	41,194.01	35,479.84
Over a period of time	11,525.68	14,684.33
Total Revenue from contract with customers	**52,719.69**	**50,164.17**

Notes:

a Pursuant to IND AS 115, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the Company. If a member is considered as a overdue member, then such member is not allowed to avail the benefits of membership until the overdue amount is regularised or fully paid in that relevant period. The Company proceeds to evaluate cancellation of such contracts and reverse the realised portion against the current income. Based on this estimate, the Company has made a provision as of Mar 31, 2026: INR 3.84 lakhs (March 31, 2025: INR 6.56 lakhs).

b During the year, the Company has cancelled certain membership contracts of members who have defaulted in payment of certain EMIs and / or Annual amenity charges (AAC) / Annual subscription fees (ASF) for past periods. The Company has assessed the contractual terms and on the basis of legal advice has established their bona fide to cancel these membership contracts. Consequentially, there has been a write-back of deferred income (net of receivables) INR 3,381.11 lakhs (March 31, 2025: INR 8,761.56 lakhs) and write-off of the related unamortised cost INR 425.00 lakhs (March 31, 2025: INR 1,162.95 lakhs) (also refer note 50).

	Year ended March 31, 2026	Year ended March 31, 2025

Other liabilities	-	-	293.48	-	-	520.36
Total financial liabilities	-	-	**4,151.40**	-	-	**4,408.81**

This summary includes all financial instruments valued based on the principles of Ind AS 109 - Financial Instruments.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are
(a) recognised and measured at fair value and
(b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

As at March 31, 2026	**Notes**	**Level 1**	**Level 2**	**Level 3**	**Total**
Financial assets					
Financial investments at FVTPL:					
Mutual funds	6	20,300.21	-	-	20,300.21
Total financial assets		**20,300.21**	-	-	**20,300.21**

Financial assets and liabilities measured at fair value - recurring fair value measurements

As at March 31, 2026	**Notes**	**Level 1**	**Level 2**	**Level 3**	**Total**
Financial assets					
Financial investments at FVTPL:					
Mutual funds	6	20,300.21	-	-	20,300.21
Total financial assets		**20,300.21**	-	-	**20,300.21**

There are no transfers between levels 1 and 2 during the year

(ii) Valuation technique used to determine fair value:

Specific valuation technique used to value financial instruments include the use of market prices based on recently concluded transaction by the Company for the instruments. The resulting fair value estimate is included in level 2.

(iii) Fair value of financial assets and liabilities measured at amortised cost

	As at March 31, 2026		As at March 31, 2025	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Loans				
Security deposits	1,479.51	1,479.51	1,575.34	1,575.34
Total financial assets	**1,479.51**	**1,479.51**	**1,575.34**	**1,575.34**

The Company has not disclosed the fair values of financial instruments such as trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, trade payables and certain other financial assets and liabilities, because their carrying amounts are a reasonable approximation of fair value.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

37 Financial risk management

The Group's activities expose it to market risk, liquidity risk and credit risk.
This note explains the sources of risk which the entity is exposed to and how the entity manages the risk in the financial statements

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, investments, financial assets measured at amortised cost	Ageing analysis and credit assessment	Diversification of portfolio and Assessment of customer credit worthiness at inception and through the credit period
Liquidity risk	Borrowings, trade payables and other liabilities	Cash flow forecasts	Availability of funds committed credit lines and borrowing facilities
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Analysis of market rates on a real time basis, pre-closure of loans

The Group's risk management is carried out by a central treasury department under policies approved by the board of directors. The board provides principles for overall risk management, as well as policies covering specific areas, such as interest rate risk, credit risk, non-derivative financial instruments and investment of excess liquidity.

(A) Credit risk

A significant portion of the Group's sales of Vacation Ownerships are by way of deferred payment schemes where the customer is obligated to pay the membership fee in Equated Monthly Instalments (EMIs) and the ensuing credit risk is managed by the Company in the following manner:

From an accounting perspective, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the Group. The member is not allowed to use the benefits of membership untill the overdue amount is regularised or fully paid in that relevant period. The Group also assesses lifetime expected credit loss by using appropriate models, as prescribed by Ind AS 109, using past trends of collections and historical credit loss experience. The categorisation of the receivables into its ageing buckets for the purposes of estimating the expected loss allowance has been profiled based on the longest overdue of that member, for example, if a member has one instalment overdue for say 12 months, the entire receivable of the member is aggregated into that ageing bucket and the credit loss allowance is determined after taking into account the credits against the member under "Contract liability- Deferred Revenue" (refer note 23 and note 28)

The allowances for credit loss and for revenue deferred at inception referred to above, carried at the end of every reporting period, are tested for adequacy and appropriately dealt with.

(i) Credit risk management

The credit loss allowance carried by the Group is as under:

	March 31, 2026	March 31, 2025
Carrying value of receivables (refer note 7)	1,048.90	1,249.45
Credit loss allowance	3.84	7.18
Loss allowance %	0%	1%

The Group defers revenue at inception and provides for cancellation allowance based on historical trend. The amounts so deferred and the credit loss allowance are adjusted from the carrying value of receivables (refer note 7 and 29) in the same proportion, except in cases where the allowance is directly attributable to a particular contract.

(ii) Reconciliation of loss allowance provision	**Amount**
Loss allowance on April 1, 2024	78.55
Allowance for credit loss recognised during the year	(26.03)
Adjustment on account of contracts cancelled during the year	(52.63)
Provision no longer required	7.29
Amounts written off during the year	-
Loss allowance on March 31, 2025	**7.18**
Allowance for credit loss recognised during the year	(1.15)
Adjustment on account of contracts cancelled during the year	(2.19)
Provision no longer required	-
Amounts written off during the year	-
Loss allowance on March 31, 2026	**3.84**

STERLING HOLIDAY RESORTS LIMITED ★ CHENNAI ★

37 Financial risk management *(continued)*

(B) Liquidity risk

The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities

(i) Financing arrangements

	March 31, 2026	March 31, 2025
Marketable securities	20,300.21	9,723.66

The marketable securities can be disposed by the Group at any point of time based on the objects and working capital requirement of the Group.
The bank overdraft facilities may be drawn at any time. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn any time.

(ii) Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities. There are no derivative financial instruments. The amounts disclosed in the table are the contractual undiscounted cash flows, including interest. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities:

March 31, 2026	**Carrying amount**	**Less than 3 months**	**3 months to 6 months**	**6 months to 1 year**	**Between 1 and 2 years**	**Above 2 years**	**Total**
Financial Liabilities

Trade payables	3,544.18	3,544.18	-	-	-	-	3,544.18
Other financial liabilities	607.22	556.00	-	-	51.22	-	607.22
Total financial liabilities	**16,478.55**	**4,985.10**	**875.68**	**1,730.12**	**3,263.45**	**9,204.72**	**20,059.07**

March 31, 2025	**Carrying amount**	**Less than 3 months**	**3 months to 6 months**	**6 months to 1 year**	**Between 1 and 2 years**	**Above 2 years**	**Total**
Financial Liabilities							
Lease Liabilities	13,730.84	859.43	863.11	1,697.01	3,419.56	14,661.82	21,500.93
Trade payables	3,613.92	3,613.92	-	-	-	-	3,613.92
Other financial liabilities	794.89	777.89	-	-	17.00	-	794.89
Total financial liabilities	**18,139.65**	**5,251.24**	**863.11**	**1,697.01**	**3,436.56**	**14,661.82**	**25,909.74**

C) Market risk - Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates.

The Company does not have any credit facilities from any banks or financial institutions. As a result, changes in interest rates are not likely to substantially affect its business or results of operations. The Company does not have any credit facilities from any banks or financial institutions. As a result, changes in interest rates are not likely to substantially affect its business or results of operations.

Interest rate sensitivity

The Company does not have any credit facilities from any banks or financial institutions. As a result, changes in interest rates are not likely to substantially affect its business or results of operations.

41 **Contingent liabilities and capital commitment** *(See accounting policy in note 1.3 (h))*	As at March 31, 2026	As at March 31, 2025
Claims against the Company not acknowledged as debt:		
(a) In respect of income tax matters:		
For AY 2015-16, the Assessing Officer issued an order covering the treatment of ASCF entitlement fee, ESOP expenses, disallowance of brought-forward losses of the demerged entity (Sterling Holiday Resorts India Limited), and other adjustments. The Company appealed before the CIT(A), Mumbai, who granted partial relief on ASCF entitlement fee but upheld the ESOP disallowance and disallowance of carry-forward losses. Both the Company and the Income Tax Department have filed cross-appeals before the ITAT, Mumbai	2,450.30	2,450.30
For AY 2017-18, the Assessing Officer raised a high-pitched demand by making additions resulting in a tax demand. On appeal, the CIT(A), Mumbai granted partial relief by deleting few additions and sustained few additions. Both the Company and the Department have filed cross-appeals before the ITAT, Mumbai. Based on management's assessment and external advice, the Company believes the demand is not sustainable	6,660.94	6,660.94
The Assessing Officer (AO) has issued an income tax demand order for the AY 2001-02 & AY 2006-07. Penalty orders has been issued by the officer for the above years. Based on the management's assessment and the advice of external consultant, the Company believes the demand is not tenable. The Company had filed an appeal before Commissioner of Income Tax (Appeals), Mumbai and the learned officer has passed a favourable order reducing the penalty.	648.76	648.76
For AY 2018-19, the Assessing Officer disallowed ESOP expenses, added back deferred income, and disallowed long-term capital loss on sale of land, instead assessing a long-term capital gain. On appeal, the CIT(A) granted partial relief on deferred income but upheld the ESOP and capital gain additions. Both the Company and the Department have filed cross-appeals. There is no tax liability due to available brought-forward losses and unabsorbed depreciation.	201.84	201.84
For AY 2014-15, the Principal CIT issued an order under Section 263 directing disallowance of brought-forward losses claimed under Section 72A arising from the merger of Manchanda Resorts Private Limited. Pursuant to this, the AO passed an order under Section 143(3) read with Section 263 and raised a demand on the e-filing portal, though the order has not been formally served. The Company has challenged the Principal CIT's order before the ITAT, Mumbai. The matter pertains to AY 2013-14, where such losses were allowed by the AO. Accordingly, the revision is considered unsustainable in law. The ITAT, Mumbai has heard the matter and issued a favourable order	-	-
For AY 2020-21, the Assessing Officer issued an order levying a penalty of INR 6.89 lakhs for the Company's failure to deduct and deposit TDS on certain payments. The Company subsequently filed an appeal before the Commissioner of Income Tax (Appeals) challenging the order of the Assessing Officer	-	-
For Assessment Year (A.Y.) 2018-19, the Assessing Officer initially disallowed certain expenses and raised a demand of INR 10.83 lakhs. Subsequently, the learned Assessing Officer rectified the order, revising the demand to INR 2.03 lakhs. The Company has filed an appeal before the Commissioner of Income Tax (Appeals) against the said order.	2.03	2.03
For AY 2024-25, certain employees had not linked their PAN with Aadhaar. As a result, TDS CPC applied a higher tax rate of 20% under Section 206AA and raised a demand.	22.05	22.05
(b) Others:		
Luxury tax related demands under appeal	9,295.10	9,295.10
GST related matters	2,278.20	2,221.49
Customer, vendor, employee and property related disputes under appeal	1,047.08	900.97
Stamp duty on Composite scheme of arrangement and amalgamation	493.78	493.78

Note: The company has assessed that it is only possible, but not probable, that outflow of economic resources will be required.

STERLING HOLIDAY RESORTS LIMITED CHENNAI

41 Contingent liabilities *(continued)*

Supreme Court vide their judgement dated February 28, 2018 clarified that Provident fund deduction is to be made on basic salary and on other salary components which are universally made available to all employees. The Company, based on external advice, believes that there are interpretative challenges on the application of the judgement retrospectively. Pursuant to the ruling, the Company recorded a provision of INR 45.33 lakhs in 2018-19, with respect to demands received for Manali (for the period of April 2007 to December 2015) and Munnar (for periods prior to 2013). Based on the advice and in the absence of the reliable measurement of the provision for earlier periods, the Company has not recorded a provision with respect to any period other than as mentioned above. The Company would update the provision in future based on clarification received from the relevant authorities.

42 Commitments

	As at March 31, 2026	As at March 31, 2025
(a) Capital commitments		
Estimated amount of contracts remaining to be executed on capital account and not provided for:		
Property, plant and equipment	326.37	777.74

43 Property related matters

a During the financial year 2011-12, pursuant to One Time Settlement (OTS) scheme, the Company had fully settled the dues of a Financial Institution (FI) and also obtained a 'No Due' certificate with respect to Ooty Fernhill property. However, the financial institution has not released the title deeds of the properties given as security for the reason that a Third Party has filed a writ petition against the FI challenging the cancellation of sale of the said property to them. The Company is also a party to the said writ petition. The said writ petition was disposed off by Hon'ble High Court of Madras, against the Company. The Company has preferred Special Leave Petition (SLP) before the Hon'ble Supreme Court of India and the Court has ordered 'Status quo' in all respects concerning the said properties. The net book value and gross book value of land and building as at March 31, 2026 in respect of the said property aggregates to INR 8,287.35 lakhs (March 31, 2025: INR 8,106.43 lakhs) and INR 9,379.99 lakhs (March 31, 2025: INR 9,379.99 lakhs) respectively. In view of the management and based on the independent legal opinion obtained, the Company has a fair chance to succeed in the appeal pending before Hon'ble Supreme Court of India.

b The Company had in the past transferred a property at Goa and part of the sale consideration amounting to INR 527.10 lakhs (March 31, 2025: INR 527.10 lakhs) (included under "Other non current assets") was retained by the buyer pending compliance of certain conditions. The Company is confident of recovering this amount as it has taken effective steps for discharge of its obligations. The Company is also legally advised that it has the right of vendor's lien against the immovable property sold to the extent of amount due. The Company has filed a suit against the buyer for recovery of the amount. In view of the aforesaid, the above amount is considered good and recoverable by Management. Application for rejection of the plaint by the defendant has been dismissed. The Defendant filed a revision before the High Court at Goa and High Court dismissed the same. Currently case is under trial.

c During the financial year 2015-16, Company had transferred a property of 7.3 acres out of 10.3 acres land parcel at Chail for consideration and with a condition that the buyer would construct 10 cottages in the 3 acres land retained by the Company and handover the same. However, the buyer had taken the possession of the entire parcel of land and had not fulfilled the condition. The book value of the land is INR 860.00 lakhs (March 31, 2025: INR 761.70 lakhs). The title deeds for 3 acres of land are not available with the Company. There is an arbitration award in favor of the Company which the Company is enforcing in the court of law. The Company is of the view that it has a fair chance to succeed in its plea. The High Court has ordered 'Status Quo' on the property. The Company has filed an application for appointment of the receiver.

d **Other property related matters**

	Property	Net carrying amount as on March 31, 2026	Net carrying amount as on March 31, 2025	Remarks
(i)	Kodai Valley View (Revalued - Refer Note 48)	10,253.50	10,007.30	The Company has submitted the original title documents with the District Magistrate as part of the plaint filed in response to litigation for title in 1993. The trial has been stayed by the High Court. Stay has been vacated. The case will be heard before the District Court Kodaikanal.
(ii)	Puri	20,150.00	12,200.00	The registration has not been duly recorded in the revenue records in the name of the Company since the consolidation case was pending against the original owners at the time of purchase. The original owners mutated the revenue records in their name. The Company has filed writ before High court challenging the mutation of revenue records. SHRL has withdrawn the petition before High Court. SHRL has filed revision before Collector for mutation of records.
(iii)	Hubli	4.85	4.98	Sale deed was not registered in the name of the Company. The Company had paid the entire consideration and taken over possession of the property. Seller company was liquidated in the past, accordingly the Company needs to take necessary legal steps to register the title in its name. The Company has approached the official liquidators office and is yet to receive next steps from them.

45 The composite Scheme of Arrangement and Amalgamation ("the Scheme") between Thomas Cook Insurance Services (India) Limited (now known as Sterling Holiday Resorts Limited) ("the Company"), Thomas Cook (India) Limited ("TCIL") and erstwhile Sterling Holiday Resorts (India) Limited ("SHRIL") and their respective shareholders and creditors was sanctioned by the High Court of Judicature at Mumbai and the High Court of Judicature at Madras on July 2, 2015 and April 13, 2015, respectively, and made effective on August 18, 2015. In terms of the said Scheme, the Timeshare and Resort business of erstwhile SHRIL ("Demerged Undertaking") was demerged and transferred to and vested with the Company as a going concern and the residual SHRIL was amalgamated with TCIL. The appointed date of the Scheme is April 1, 2014.

In accordance with the said Scheme

a) the assets and liabilities of the Demerged Undertaking as on April 1, 2014 was taken over by the Company and have been recorded at their respective book values, ignoring revaluations

b) the Equity Shares (including equity shares acquired after appointed date) held by the Company in erstwhile SHRIL were cancelled

c) the difference of INR 22,984.06 lakhs between the book values of net assets of the Demerged Undertaking recorded in the books of the Company as above and the value of investments in erstwhile SHRIL in the books of the Company, was adjusted against Securities Premium Account.

d) an amount of INR 274 lakhs relating to current tax provision was reversed and an amount of INR 4.2 lakhs relating to deferred tax asset was reversed into retained earnings consequent to the scheme

e) in consideration for transfer of Demerged Undertaking into the Company, 116 equity shares of TCIL of INR 1 each was issued to the shareholders of erstwhile SHRIL for every 100 shares of INR 10 each held in erstwhile SHRIL.

The transitional provisions relating to Ind AS 101 was applied after incorporating the scheme of merger as the appointed date is effective from April 1, 2014. Accordingly, the equity considered as on April 1, 2015 is after giving effect to the above merger

47 Share based payments

(a) Employee option plan

The options outstanding as at March 31, 2026, represent the unvested, vested and exercisable options granted by Thomas Cook (India) Limited, the holding company, to the employees of the company. This disclosure is based on the information relating to the scheme shared by the holding company (Refer note 45).

Sterling Holiday Resorts Limited Employee Stock Options Scheme 2012 - ("SHRL ESOS 2012")

As per clause 15.3.2 of the Composite Scheme of Arrangement and Amalgamation between Sterling Holiday Resorts (India) Ltd. (SHRIL) and Thomas Cook Insurance Services (India) Ltd (TCISIL), and Thomas Cook (India) Ltd. (TCIL) the SHRIL ESOS 2012 became a part of the holding company's schemes and Stock Options which had been granted but not exercised as of the Record Date, by such SHRIL employees shall lapse and in lieu of the Lapsed Options of SHRIL, TCIL shall grant 120 options for every 100 options of SHRIL. The revised Exercise Price for Grant I was INR 80.00 and for Grant II was INR 108.46. Subject to the terms of the Scheme and SEBI ESOP Guidelines, the option holder will have a period of 5 years from the date of which the Options have vested, within which the vested options can be exercised.

Thomas Cook Employees Stock Scheme 2015

Under Employee Share Option Scheme 2015 (ESOP 2015) granted by Thomas Cook (India) Limited, the holding Company, 33%, 33% and 34% of the options granted vest in a period of 12 months, 24 months and 36 months respectively from the grant date. Once vested the options remain exercisable for a period of 10 years from the date of

Thomas Cook Employees Stock Scheme 2018 - Management (ESOP 2018 – Management)

The Company has established an Employee Stock Option Scheme called -"Thomas Cook Employees Stock Scheme 2018 - Management (ESOP 2018 – Management)". Grant date of the scheme if 01-Sep-2018 and the Exercise price of the Vested Option shall be 50% of the Market price as defined under the SEBI Regulations.
The purpose of this Scheme is to reward and retain the employees of the Subsidiary Companies of Thomas Cook under its control for high levels of individual performance and for exceptional efforts to improve the financial performance of the respective subsidiary companies, which will ultimately contribute to the success of Thomas Cook. This purpose is sought to be achieved through the grant of Options, for and on behalf of, and at the behest of the subsidiary companies to their employees.

Thomas Cook Employees Stock Scheme 2018 - Execom

The Exercise Price shall be equal to face value of shares i.e. INR 1 per option.
The objective of the ESOP 2018 - Execom is to reward the Execom Employees of the Company for their performance and to motivate them to contribute to the growth and profitability of the Company. The Company also intends to use this Scheme to retain talent in the organization. The Company views Employee Stock Options as instruments that would enable the Employees to share the value they create for the Company and align individual objectives of employees with objectives of the Company in the years to come.
The Scheme shall be applicable to the Execom and Employees of TCIL, its Subsidiary companies in India and abroad, as determined by the Committee on its own discretion from time to time.
Options granted under ESOP 2018 - Execom would Vest only at the end of 5 years from the date of grant of such options. Vesting of options would be subject to continued employment with the Company and certain performance parameters. The specific performance parameters will be decided by the Committee from time to time and will be communicated to the employees. The attainment of such performance parameters would be determined by the Committee from time to time which shall be a mandatory condition for vesting of options.

Vesting condition for options granted under ESOP 2018 - Execom has been modified from the end of 5 years to 4 years from the date of grant of such options for selected employees.

Thomas Cook Employees Stock Scheme 2024 - Execom

The Exercise Price shall be equal to face value of shares i.e. Re. 1 per option.
The objective of the ESOP 2024 - Execom is to reward the Execom Employees of the Company for their performance and to motivate them to contribute to the growth and profitability of the Company. The Company also intends to use this Scheme to retain talent in the organization. The Company views Employee Stock Options as instruments that would enable the Employees to share the value they create for the Company and align individual objectives of employees with objectives of the Company in the years to come.

The Scheme shall be applicable to the Execom and Employees of the Company, its Subsidiary companies in India and abroad, as determined by the Committee on its own discretion from time to time.
Options granted under ESOP 2024 - Execom would Vest only at the end of 3 years but not later than 7 years from the date of grant of such options. Vesting of options would be subject to continued employment with the Company and certain performance parameters. The specific performance parameters will be decided by the Committee from time to time and will be communicated to the employees. The attainment of such performance parameters would be determined by the Committee from time to time which shall be a mandatory condition for vesting of options.

iii) Modification of share based payment:

On implementation of Composite Scheme of arrangement and Demerger of Human Resource Business

The Holding company (TCIL) in a composite scheme of arrangement demerged its Human Resources Services Business and transferred it to Quess Corp Limited (Quess) The scheme was approved by the National Company Law Tribunal (NCLT) with the appointed date as April 1, 2019 The effective date of the scheme was November 25, 2019 when both TCIL and Quess filed the certified copies of the order with their respective jurisdictional Registrar of Companies

As a part of the composite scheme, Group Employees whose ESOPs were outstanding on the effective date will be entitled to the additional shares of Quess on account of the demerger of Human Resource Business Instead of altering the exercise price, TCIL provided additional award in form of Quess shares

The group employees are now entitled to shares of Quess along with those of TCIL in the same share entitlement ratio prescribed in the scheme for the other shareholders of TCIL (1,889 10,000)

In case of vested ESOPs, the employees will be granted shares of TCIL and Quess only on payment of the exercise price In case of unvested ESOPs, the employees will be granted shares of TCIL and Quess on completion of the remaining vesting period and payment of the exercise price

The options, to the extent, which are settled by shares of Quess do not meet the definition of a share-based payment arrangement because the value of shares of Quess is not based on the price or value of TCIL's equity instruments or any of its group entity's equity instruments. The options to the extent which are settled by shares of Quess will be considered as an employee benefit within the scope of Ind AS 19. The options settled by shares of TCIL continue to be considered as share based payments and are accounted as per IND AS 102

(b) Expense arising from share based payment transaction

Particulars	Year ended March 31, 2026	Year ended March 31, 2025
Employee stock expenses	16.10	4.21
Total	**16.10**	**4.21**

48 Revaluation of land

During the financial year 2018-19, the Group has changed its accounting policy with respect to measurement of freehold and leasehold land from the cost model to revaluation model with effect from April 1, 2018 Freehold and leasehold land will be recognized at fair value based on periodic valuation done by external independent valuers, less subsequent amortization of leasehold land

A revaluation surplus will be recorded in OCI and credited to the asset revaluation reserve in equity However, to the extent that it reverses a revaluation deficit of the same asset previously recognized in profit or loss, the increase is recognized in profit and loss. A revaluation deficit is recognized in the statement of profit and loss, except to the extent that it offsets an existing surplus on the same asset recognized in the asset revaluation reserve

Fair value of the land assets was determined by an external independent valuer using the market comparable method, i.e., the valuations performed by the valuer are based on active market sale prices, adjusted for difference in the nature, location or condition of the specific property

The carrying amounts as at March 31, 2026 and as at March 31, 2025 under cost and revaluation models are given below

Block of asset	Revaluation model		Cost model	
	As at March 31, 2026	As at March 31, 2025	As at March 31, 2026	As at March 31, 2025
Freehold land	83,667.41	70,354.93	5,250.87	5,250.87
Right of use asset land (Refer note 49)	1,946.59	1,812.35	161.91	161.91

52 Ratio analysis and its elements

Ratio	Numerator	Denominator	March 31, 2026	March 31, 2025	% change	Reason for variance
Current ratio (in times)	Current Assets	Current Liabilities	2.59	2.04	27%	Increase is on account of increase in cash and bank balances, investments and repayment of borrowings as a result of improved business operations.
Return on Equity ratio (in %)	Net Profits after taxes – Preference Dividend	Average Shareholder's Equity	10%	11%	-1%	Not applicable
Inventory Turnover ratio (in times)	Cost of goods sold	Average Inventory	11.67	12.71	-8%	Not applicable
Trade Receivable Turnover Ratio (in times)	Net credit sales = Gross credit sales - sales return	Average Trade Receivable	50.45	40.38	25%	This is due to improvement in the collection of receivables during the year, resulting in a substantial impact on the ratio.
Trade Payable Turnover Ratio (in times)	Net credit purchases = Gross credit purchases - purchase return	Average Trade Payables	1.13	1.07	5%	Not applicable
Net Capital Turnover Ratio (in times)	Net sales = Total sales - sales return	Working capital = Current assets – Current liabilities	2.02	2.39	15%	Not applicable
Net Profit ratio (in %)	Net Profit	Net sales = Total sales - sales return	16%	16%	0%	Not applicable
Return on Capital Employed (in %)	Earnings before interest and taxes	Capital Employed = Tangible Net Worth + Total Debt + Deferred Tax Liability	12%	15%	-3%	Not applicable
Return on Investment (in %)	Interest (Finance Income)	Investment	5%	7%	-2%	Not applicable

Note: The Company does not have any borrowings; therefore, the debt-equity ratio and debt service coverage ratio are not applicable

54 Slump sale

Nature Trails Resorts Private Limited is engaged in business of operations, campsites and activity camps. The Company is a 100% subsidiary of Sterling Holiday Resorts Limited ('Holding company'). Thomas Cook India Limited is the intermediate holding company and Fairfax Financial Holdings Limited, Canada, is the ultimate holding company.

Nature trails is focused on adventure-driven experiences, attracting activity-seeking travelers which is an emerging and fast-growing demographic for Thomas Cook India Limited in the domestic segment. Hence, the Company, along with TCIL decided to transfer Nature trails resorts business to TCIL to enable faster growth of such business through synergies, optimization of resources and enhanced services to customers.

The proposed transaction was approved by the board on 3rd February 2025 and Nature Trails Resorts Private Limited entered into a Business transfer agreement "BTA" with Thomas cook India Limited on March 19, 2025 for the sale and divestment of entire business operations of three resorts, as a going concern on a slump sale basis, for a net consideration of INR 5,225 lakhs, the said transaction transaction was consummated on March 01, 2025.

Pursuant to the BTA, the undertaking, along with all related assets and liabilities (refer table below), stands transferred to and vested in Thomas Cook (India) Limited with effect from 1 March 2025 and has accordingly been presented in the comparative figures for FY 2024-25.

55 Additional regulatory information pursuant to the requirement in Division II of Schedule III to the Companies Act 2013:

(i) The Group does not have any Benami property, where any proceeding has been initiated or pending against the Group for holding any Benami property

(ii) The Group revalued its freehold land (including right-of-use assets relating to leasehold land) during the current year. The Group has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current year.

(iii) The Group has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(iv) The Group has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

(v) The Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(vi) The Group has not entered into any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961)

(vii) The Group has not been declared as a wilful defaulter by any bank or financial institution or government or any government authority

(viii) The Group has complied with the number of layers prescribed under the Companies Act, 2013.

(ix) The Group has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

(x) The Group neither has borrowings nor has been sanctioned working capital during the year from banks or financial institutions on the basis of security of current assets during the year.

(xi) The Company does not have any charge or satisfaction which is yet to be registered with Registrar of Companies (ROC) beyond statutory period except the following:

Charge holder name	Registrar location	As at March 31, 2026	As at March 31, 2025
HDFC Bank Limited	Mumbai	-	8,348.50
Housing Development Finance Corporation Limited	Mumbai	-	1,300.00

(xii) The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956.

(xiii) The Company does not have any loans or advances in the nature of loans granted to promoters, directors, key managerial personnel and the related parties either severally or jointly with any other person, that are (a) repayable on demand or (b) without specifying any terms or period of repayment

56 Exceptional items

Particulars	Year ended March 31, 2026	Year ended March 31, 2025
Loss on Slump sale (Refer Note 54)	-	268.81
Litigations settlement *	-	410.94
Statutory impact of new labour codes #	142.06	-
Expenses arising out of scheme ^	25.75	
	167.81	**679.75**

* During the previous year, the Company had applied for full and final settlement of tax dues in relation to luxury tax litigations under the Amnesty Scheme. The aforesaid litigations were settled with the concerned authorities, by way of payment of tax dues aggregating to INR 410.94 lakhs. Accordingly, the dues settled was recognised in the statement of profit and loss as an exceptional item.

On November 21, 2025, the Government of India notified the four Labor Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labor & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. We have assessed and disclosed the incremental impact of these changes on the basis of the best information available, consistent with the guidance provided by the Institute of Chartered Accountants of India. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has presented such incremental impact as under "Exceptional items" in the interim statement of profit and loss for the year ended March 31, 2026. The Company has engaged external consultants and are considering options including restructuring the remuneration to restrict the gratuity impact to 50% of the total remuneration. Based on such an assumption, certain allowances like special allowances have not been fully considered for determining the gratuity liability though based on current interpretation these may be warranted. Based on management assumptions an actuarial valuation has been obtained, and the incremental cost of INR 142.07 lakhs has been presented under exceptional items in the Statement of Profit and Loss for the year ended March 31, 2026. The Company continues to monitor the finalization of Central/State Rules and clarifications from the Government on other aspects of Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

^ The Board at its meeting held on March 20, 2026, approved the Composite Scheme of Arrangement and Amalgamation amongst Thomas Cook (India) Limited ('TCIL') and its wholly owned subsidiaries and their respective shareholders, in accordance with the provisions of Sections 230 to 232 read with Sections 61 and 66 of the Companies Act, 2013 together with the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016, and the National Company Law Tribunal Rules, 2016 ('Scheme'). The Scheme inter alia provides for the demerger of the resorts and resort management business of TCIL into SHRL. Shareholders of TCIL will receive shares of SHRL as a consideration for the demerger, in the ratio of 81 shares of SHRL for every 100 shares held in TCIL. The Scheme is subject to requisite statutory and regulatory approvals and sanction by the respective shareholders of each of the companies involved in the Scheme. Further, exceptional item for the year ended 31 March 2026 includes cost incurred till date by the Company towards legal and professional fees in connection with the scheme of INR 25.75 lakhs

1.1 Reporting entity

Sterling Holidays (Ooty) Limited ('the Company') is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is registered with the Ministry of Corporate Affairs under Corporate Identification Number (CIN) : U55102TN1989PLC018344

The Company's registered office is at Purva Primus, 4th Floor, 236, Okkiyampettai, Old Mahabalipuram Road, Thoraipakkam, Chennai - 600097. Sterling Holiday Resorts Limited ('Parent company') holds 98% of the share capital. The ultimate holding company is Fairfax Financial Holdings Limited, Canada.

1.2 Basis of preparation

(a) Statement of compliance

These financial statements of have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act as amended from time to time

The financial statements were approved for issue by the Company's Board of Directors on May 05, 2026

Details of the Company's material accounting policies are included in note 1.3. The Company has consistently applied the accounting policies to all the periods present in these financial statements

(b) Basis of measurement

These financial statements have been prepared on a historical cost basis and on an accrual basis, except for the following items.

Items	Measurement basis
Certain financial assets and liabilities	Fair value

(c) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All the financial statements have been rounded-off to the nearest lakhs, or decimals thereof, unless otherwise indicated. Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "-" in the relevant notes in these financial statements.

(d) Use of estimates and judgements

In preparing these financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively

Judgement

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a significant adjustment to the carrying amounts of assets and liabilities within the next financial year is included in the following notes. Actual results may be different from these estimates.

Note 3 : Estimation of useful lives of property, plant and equipment and intangible assets
Note 16: Recognition of deferred tax assets: availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilised;
Note 1.3 (i) and Note 17: Revenue recognition : estimate of expected returns.
Note 24 : Determine the fair value of financial assets or liability based on unobservable inputs
Notes 29: Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

(e) Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values. The Company regularly reviews significant unobservable inputs and valuation adjustments, including level 3 fair values. If third party information is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuation meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows
- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. The inputs used to measure the fair value of assets or a liability fall into different levels of the fair value hierarchy. Accordingly, the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the low level input that is significant to the entire measurement.

Management uses various valuation techniques to determine fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management based on its assumptions on observable data as far as possible but where it not available, the management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date. The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred

(f) Current and Non-current classification

Based on the nature of services / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

(g) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief operating decision maker. The Chairman – Whole Time Director (WTD) of the Company has been identified as the chief operating decision maker of the Company who assesses the financial performance and position of the Company and makes strategic decisions. Refer Note 31 for segment information presented.

1.3 Material accounting policies

(a) Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company, at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign exchange gain and losses from settlement of these transactions are recognised in the statement of profit or loss.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate as at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of transaction. Exchange differences arising on translation are recognised in the statement of profit or loss.

(b) Financial instruments

(i) Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.
However, if the Company has an unconditional right to an amount that differs from the transaction price (e.g. due to the Company's refund policy), the trade receivable will be initially measured at the amount of that unconditional right.

(ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at
- amortised cost,
- Fair value through other comprehensive income (FVOCI) – debt investment,
- Fair value through other comprehensive income (FVOCI) – equity investment, or
- Fair value through profit and loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition unless the company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

a) Non-derivative financial assets

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:
- it is held within a business model whose objective is to hold assets to collect contractual cash flows, and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments at FVTOCI

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:
- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Equity instruments at FVTOCI

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Where the Company elects to designate an equity instrument at fair value through other comprehensive income (FVOCI), all changes in fair value, except for dividend income, are recognised in other comprehensive income and are not subsequently reclassified to the Statement of Profit or Loss.

Financial assets at FVTPL

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;

- how the performance of the portfolio is evaluated and reported to the Company's management,
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed,
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected, and

- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on fair value basis are measured at FVTPL.

B S R & Co. LLP ★ Chartered Accountants ★

STERLING HOLIDAYS (OOTY) LIMITED CHENNAI ★

1.3 Material accounting policies *(continued)*

(b) Financial instruments *(continued)*

(ii) Classification and subsequent measurement *(continued)*

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non- recourse features)

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest *(continued)*

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition

Financial assets – Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

(iii) De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

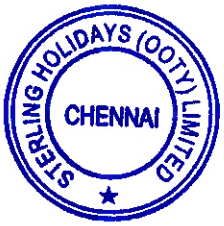
The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different, in which case, a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

This space has been intentionally left blank



1.3 Material accounting policies *(continued)*

(c) Property, plant and equipment

(i) Recognition and measurement

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Items of property, plant and equipment (including capital-work-in progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses.

Cost of an item of property, plant and equipment comprises:

a. purchase price, including import duties and non-refundable taxes on purchase (goods and service tax), after deducting trade discounts and rebates.

b. any directly attributable cost of bringing the item to its working condition for its intended use, estimated costs of dismantling and removing the item and restoring the site on which it is located.

Cost of a self-constructed item of property, plant and equipment comprises:

a. the cost of materials and direct labour;

b. any directly attributable cost of bringing the item to its working condition for its intended use, estimated costs of dismantling and removing the item and restoring the site on which it is located.

Any gain/ loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.

(iii) Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values over the estimated useful lives using the straight-line method and is generally recognised in the Statement of profit or loss. Freehold land is not depreciated.

Depreciation on property, plant and equipment is charged over the estimated useful life of the asset as evaluated on technical assessment on straight-line method, in accordance with Part A and C of Schedule II to the Companies Act, 2013.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Asset	Management estimate of useful life	Useful life as per Schedule II
Plant and equipment	15	15
Electrical equipment	10	10
Office equipment	5	5
Furniture and fixtures	8 to 10	10
Computer equipments – Desktop, laptop and end-user items	3	3
Computer equipments – Servers and Network	6	6
Vehicles	8	8 - 10 years

Depreciation method, useful lives and residual values are reviewed at each financial period-end and adjusted if necessary, for each reporting period. Based on technical assessment and consequent advice, the management believes that its estimate of useful life as given above best represent the period over which management expects to use the asset.

On property, plant and equipment added/ disposed off during the period, depreciation is charged on pro-rata basis for the period from/up to which the asset is ready for use/disposed off.

(d) Inventories

Inventories are measured at the lower of cost and net realisable value.

Inventories comprising of provisions, perishables, beverages and operating supplies are stated at lower of cost and net realizable value. Cost is determined using the Weighted average method. The cost comprises of purchase price, non-refundable taxes and delivery handling cost incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. Inventories are written down for slow moving/ non-moving items, wherever necessary.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases when a decline in the price of materials indicates that the cost of the finished products shall exceed the net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

STERLING HOLIDAYS (OOTY) LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(e) Impairment

(i) Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost and contract assets.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:
• debt securities and loans that are determined to have low credit risk at the reporting date; and
• other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating expected credit losses is the maximum contractual
period over which the Company is exposed to credit risk.
When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information

The Company considers a financial asset to be in default when
- the recipient is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held), or

- the financial asset is more than 180 days past due

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).
ECLs are discounted at the effective interest rate of the financial asset

Credit-impaired financial assets

At each reporting date, the Company assesses whether such financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data
- significant financial difficulty;
- a breach of contract such as a default or being more than 180 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company has a policy of writing off the gross carrying amount when the financial asset is 180 days past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(ii) Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than biological assets, inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.
Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss previously recognised is reversed only if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. Such a reversal is made only to the extent that the asset's carrying amount neither exceeds its recoverable amount nor the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

1.3 Material accounting policies *(continued)*

(f) (i) Revenue recognition

The Company is engaged in providing holiday facilities to its members for a specified period each year over the tenure of the membership, along with operating hotels, holiday resorts, and offering hospitality services including room rentals, tour packages, and allied services.

Revenue is recognised in accordance with Ind AS 115, which requires revenue to be recognised in a manner that depicts the transfer of promised goods or services to customers at an amount that reflects the consideration to which the Company expects to be entitled. Accordingly, the Company follows the five-step model prescribed under Ind AS 115, which includes the identification of contracts with customers, identification of performance obligations, determination of the transaction price, allocation of the transaction price to the identified performance obligations, and recognition of revenue as and when such performance obligations are satisfied, either over time or at a point in time, as applicable.

Income from resort operations and maintenance services (being leisure hospitality services) comprising of sale of food and beverages, room rentals and other services are recognised when these are sold and when services are rendered

(ii) Contract balances

^ Contract assets

A contract asset is the right to consideration in exchange for services rendered to the customer. If the Company renders services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

^ Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration has received consideration, or for which an amount of consideration is due from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

(iii) Interest income or expense

Interest income or expense is recognised using the effective interest method

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset, or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability.

However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

(g) Provisions (other than for employee benefits), Contingent liabilities and Contingent assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Expected future operating losses are not provided for.

Where the Company expects some or all of the expenditure required to settle a provision will be reimbursed by another party, the reimbursement is recognised when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The reimbursement is treated as a separate asset.

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. A provision for onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract, which is determined based on the incremental costs of fulfilling the obligation under the contract and an allocation of other costs directly related to fulfilling the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

Contingent liabilities

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets

Contingent asset is not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

B S R & Co. LLP ★ Chartered Accountants ★

This space has been intentionally left blank

STERLING HOLIDAYS (OOTY) LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(h) Income tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in Other comprehensive income.

The Company has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

(i) Current tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that
(i) is not a business combination, and
(ii) at the time of the transaction;
  a.) that affects neither accounting nor taxable profit or loss and
  b.) does not give rise to equal taxable and deductible temporary differences.
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future, and
- taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for the Company. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised, such reductions are reversed when the probability of future taxable profits improves.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

(i) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

(j) Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year (refer Note 55)

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

1.3 Material accounting policies *(continued)*

(k) Cash flows Statement

Cash flows are reported using the indirect method, whereby profit / (loss) is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. In cash flow statement, cash and cash equivalents include cash in hand, balances with banks in current accounts and other short-term highly liquid investments with original maturities of three months or less.

(l) Cash and cash equivalents (for the purpose of cash flow statement)

Cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.4 Recent pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has notified the following:

Ind AS 1 - Presentation of Financial Statements

For accounting periods beginning on or after 1 April 2026, when an entity breaches any covenant of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand, it classifies the liability as current, even if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach. An entity classifies the liability as current because, at the end of the reporting period, it does not have the right to defer its settlement for at least 12 months after that date.

However, an entity classifies the liability as non-current if the lender agreed by the end of the reporting period to provide a period of grace ending at least 12 months after the reporting period, within which the entity can rectify the breach and during which the lender cannot demand immediate repayment. This amendment is to be applied retrospectively for annual reporting periods beginning on or after 1 April 2026, in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

All issued shares are fully paid up

Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets on winding up. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder are in proportion to retain share of the paid-up equity share capital of the Company. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, in proportion to the number of equity shares held.

Shares held by holding/ultimate holding company (i.e., parent of the Group) and/or their subsidiaries/associates

STERLING HOLIDAYS (OOTY) LIMITED CHENNAI

25 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, investments, financial assets measured at amortised cost.	Ageing analysis and credit assessment	Diversification of portfolio and Assessment of customer credit worthiness at inception and through the credit period
Liquidity risk	Borrowings, trade payables and other liabilities	Cash flow forecasts	Availability of funds committed credit lines and borrowing facilities
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Analysis of market rates on a real time basis, pre-closure of loans

The Company's risk management is carried out by a central treasury department under policies approved by the board of directors. The board provides principles for overall risk management, as well as policies covering specific areas such as credit risk and liquidity risk.

(A) Credit risk

Credit risk arises from cash and cash equivalents carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to customers

(i) Credit risk management

Credit risk arises from cash and cash equivalents, investments carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to few customers including outstanding receivables.

(ii) Provision for expected credit losses

The credit loss allowance carried by the Company is as under

	March 31, 2026	March 31, 2025
Carrying value of receivables (refer note 7)	69.89	64.41
Credit loss allowance	1.05	-
Loss allowance %	1.5%	0.0%

(B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. The Company's treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial

The amounts disclosed in the table are the contractual undiscounted cash flows, including interest. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant

Contractual maturities of financial liabilities:

As at March 31, 2026	Carrying amount	Less than 3 months	Within one year	Between 1 and 2 years	Between 2 and 5 years	Total
Non-derivatives						
Trade payables	420.05	420.05	-	-	-	420.05
Other financial liabilities	18.97	18.97	-	-	-	18.97
Total non-derivative liabilities	**439.02**	**439.02**	-	-	-	**439.02**

As at March 31, 2025	Carrying amount	Less than 3 months	Within one year	Between 1 and 2 years	Between 2 and 5 years	Total
Non-derivatives						
Trade payables	130.80	130.80	-	-	-	130.80
Other financial liabilities	18.47	18.47	-	-	-	18.47
Total non-derivative liabilities	**149.27**	**149.27**	-	-	-	**149.27**

26 Capital management

Risk management

The Company's policy is to maintain a strong capital base so as to maintain investor and creditor confidence and to sustain future development of the business. The Company manages its capital so as to safeguard their ability to continue as a going concern and to optimize returns to shareholders. The Capital structure of the Company is based on the management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor and creditor confidence

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors the capital using a gearing ratio, which is net debt divided by total equity. Net debt is calculated as total liabilities (as shown in the balance sheet) less cash and cash equivalents and other bank balances. The Company's net debt to equity ratio i.e., capital gearing ratio at March 31 2026, is as follows

	As at March 31, 2026	As at March 31, 2025
Total Liabilities	690.60	221.64
Less: Cash and cash equivalents and other bank balances	(54.42)	(624.83)
Adjusted net debt	**636.18**	**-403.19**
Total equity	2,150.48	1,403.15
Net debt to equity ratio	**0.30**	**-0.29**

33 Ratio analysis and its elements

Ratio	Numerator	Denominator	March 31, 2026	March 31, 2025	% change	Reason for variance more than 25%
Current ratio	Current assets	Current liabilities	3.44	5.88	-41%	The deterioration is attributable to an increase in the balance payable to related parties and advances received from customers.
Return on equity ratio	Net Profits after taxes	Average Shareholder`s equity	42%	67%	-25%	The decline is attributable to an increase in the equity base during the year.
Inventory turnover ratio	Cost of goods sold	Average inventory	13.52	15.80	-14%	Not applicable
Trade receivable turnover ratio	Net credit sales = Gross credit sales - sales return	Average trade receivables	54.33	7.54	621%	This is due to improvement in the collection of receivables during the year, resulting in a substantial impact on the ratio
Trade payable turnover ratio	Net credit purchases = Gross credit purchases - purchase return	Average trade payables	9.72	11.43	-15%	Not applicable
Net capital turnover Ratio	Net sales = Total sales - sales return	Working capital = Current assets – Current liabilities	2.16	2.98	-27%	The capital employed increased in the current year compared to the previous year thereby decreasing the net capital turnover ratio
Net profit ratio	Net Profit	Net sales = Total sales - sales return	20%	22%	-1%	Not applicable
Return on capital employed	Earnings before interest and taxes	Capital Employed = Total Assets - Current Liabilities	47%	67%	-21%	Not applicable

Note: The Company does not have any borrowings, therefore, the debt-equity ratio and debt service coverage ratio are not applicable

1.2 Basis of preparation

(a) Statement of compliance

These financial statements of have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act as amended from time to time.

The financial statements were approved for issue by the Company's Board of Directors on May 05, 2026

Details of the Company's material accounting policies are included in note 1.3. The Company has consistently applied the accounting policies to all the periods present in these financial statements

(b) Basis of measurement

These financial statements have been prepared on a historical cost basis and on an accrual basis, except for the following items.

Items	Measurement basis
Certain financial assets and liabilities	Fair value

(c) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All the financial statements have been rounded-off to the nearest lakhs, or decimals thereof, unless otherwise indicated. Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "-" in the relevant notes in these financial statements

(d) Use of estimates and judgements

In preparing these financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively

Judgement

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a significant adjustment to the carrying amounts of assets and liabilities within the next financial year is included in the following notes. Actual results may be different from these estimates.

Note 3 : Estimation of useful lives of property, plant and equipment and intangible assets
Note 16 : Recognition of deferred tax assets: availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilised,
Note 1.3 (i) and Note 17: Revenue recognition: estimate of expected returns
Note 24 : Determine the fair value of financial assets or liability based on unobservable inputs
Notes 29: Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.

(e) Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values. The Company regularly reviews significant unobservable inputs and valuation adjustments, including level 3 fair values. If third party information is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuation meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.
- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. The inputs used to measure the fair value of assets or a liability fall into different levels of the fair value hierarchy. Accordingly, the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the low level input that is significant to the entire measurement

Management uses various valuation techniques to determine fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management based on its assumptions on observable data as far as possible but where it not available, the management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date. The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(f) Current and Non-current classification

Based on the nature of services / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

(g) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief operating decision maker. The Chairman – Whole Time Director (WTD) of the Company has been identified as the chief operating decision maker of the Company who assesses the financial performance and position of the Company and makes strategic decisions. Refer Note 31 for segment information presented.

1.3 Material accounting policies

(a) Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company, at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign exchange gain and losses from settlement of these transactions are recognised in the statement of profit or loss.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate as at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of transaction. Exchange differences arising on translation are recognised in the statement of profit or loss.

(b) Financial instruments

(i) Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.
However, if the Company has an unconditional right to an amount that differs from the transaction price (e.g. due to the Company's refund policy), the trade receivable will be initially measured at the amount of that unconditional right.

(ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:
- amortised cost;
- Fair value through other comprehensive income (FVOCI) – debt investment;
- Fair value through other comprehensive income (FVOCI) – equity investment; or
- Fair value through profit and loss (FVTPL).

Financial assets are not reclassified subsequent to their initial recognition unless the company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

a) Non-derivative financial assets

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:
- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments at FVTOCI

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:
- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Equity instruments at FVTOCI

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Where the Company elects to designate an equity instrument at fair value through other comprehensive income (FVOCI), all changes in fair value, except for dividend income, are recognised in other comprehensive income and are not subsequently reclassified to the Statement of Profit or Loss.

Financial assets at FVTPL

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;

- how the performance of the portfolio is evaluated and reported to the Company's management;

- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;

- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and

- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on fair value basis are measured at FVTPL.

STERLING HOLIDAY RESORTS (KODAIKANAL) LIMITED ★ CHENNAI ★

1.3 Material accounting policies *(continued)*

(b) Financial instruments *(continued)*

(ii) Classification and subsequent measurement *(continued)*

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non- recourse features).

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest *(continued)*

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets – Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

(iii) De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different, in which case, a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

BSR & Co. LLP ★ Chartered Accountants ★

This space has been intentionally left blank

STERLING HOLIDAY RESORTS (KODAIKANAL) LIMITED ★ CHENNAI

1.3 Material accounting policies *(continued)*

(c) Property, plant and equipment

(i) Recognition and measurement

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably

Items of property, plant and equipment (including capital-work-in progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses.

Cost of an item of property, plant and equipment comprises

a. purchase price, including import duties and non-refundable taxes on purchase (goods and service tax), after deducting trade discounts and rebates.

b. any directly attributable cost of bringing the item to its working condition for its intended use, estimated costs of dismantling and removing the item and restoring the site on which it is located.

Cost of a self-constructed item of property, plant and equipment comprises

a. the cost of materials and direct labour;

b. any directly attributable cost of bringing the item to its working condition for its intended use, estimated costs of dismantling and removing the item and restoring the site on which it is located.

Any gain/ loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably

(iii) Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values over the estimated useful lives using the straight-line method and is generally recognised in the Statement of profit or loss. Freehold land is not depreciated.

Depreciation on property, plant and equipment is charged over the estimated useful life of the asset as evaluated on technical assessment on straight-line method, in accordance with Part A and C of Schedule II to the Companies Act, 2013.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Asset	Management estimate of useful life	Useful life as per Schedule II
Plant and equipment	15	15
Electrical equipment	10	10
Office equipment	5	5
Furniture and fixtures	8 to 10	10
Computer equipments – Desktop, laptop and end-user items	3	3
Computer equipments – Servers and Network	6	6
Vehicles	8	8 - 10 years

Depreciation method, useful lives and residual values are reviewed at each financial period-end and adjusted if necessary, for each reporting period. Based on technical assessment and consequent advice, the management believes that its estimate of useful life as given above best represent the period over which management expects to use the asset

On property, plant and equipment added/ disposed off during the period, depreciation is charged on pro-rata basis for the period from/up to which the asset is ready for use/disposed off.

(d) Inventories

Inventories are measured at the lower of cost and net realisable value

Inventories comprising of provisions, perishables, beverages and operating supplies are stated at lower of cost and net realizable value. Cost is determined using the Weighted average method. The cost comprises of purchase price, non-refundable taxes and delivery handling cost incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. Inventories are written down for slow moving/ non-moving items, wherever necessary.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases when a decline in the price of materials indicates that the cost of the finished products shall exceed the net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

STERLING HOLIDAY RESORTS (KODAIKANAL) LIMITED ★ CHENNAI

1.3 Material accounting policies *(continued)*

(e) Impairment

(i) Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost and contract assets.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:
• debt securities and loans that are determined to have low credit risk at the reporting date, and
• other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating expected credit losses is the maximum contractual
period over which the Company is exposed to credit risk.
When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

The Company considers a financial asset to be in default when:
- the recipient is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held), or

- the financial asset is more than 180 days past due.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).
ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Company assesses whether such financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:
- significant financial difficulty,
- a breach of contract such as a default or being more than 180 days past due,
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise,
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company has a policy of writing off the gross carrying amount when the financial asset is 180 days past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(ii) Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than biological assets, inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.
Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss previously recognised is reversed only if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. Such a reversal is made only to the extent that the asset's carrying amount neither exceeds its recoverable amount nor the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

1.3 Material accounting policies *(continued)*

(f) (i) Revenue recognition

The Company is engaged in providing holiday facilities to its members for a specified period each year over the tenure of the membership, along with operating hotels, holiday resorts, and offering hospitality services including room rentals, tour packages, and allied services

Revenue is recognised in accordance with Ind AS 115, which requires revenue to be recognised in a manner that depicts the transfer of promised goods or services to customers at an amount that reflects the consideration to which the Company expects to be entitled. Accordingly, the Company follows the five-step model prescribed under Ind AS 115, which includes the identification of contracts with customers, identification of performance obligations, determination of the transaction price, allocation of the transaction price to the identified performance obligations, and recognition of revenue as and when such performance obligations are satisfied, either over time or at a point in time, as applicable

Income from resort operations and maintenance services (being leisure hospitality services) comprising of sale of food and beverages, room rentals and other services are recognised when these are sold and when services are rendered.

(ii) Contract balances

^ Contract assets

A contract asset is the right to consideration in exchange for services rendered to the customer If the Company renders services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

^ Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration has received consideration, or for which an amount of consideration is due from the customer Contract liabilities are recognised as revenue when the Company performs under the contract

(iii) Interest income or expense

Interest income or expense is recognised using the effective interest method

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability

However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

(g) Provisions (other than for employee benefits), Contingent liabilities and Contingent assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation Expected future operating losses are not provided for

Where the Company expects some or all of the expenditure required to settle a provision will be reimbursed by another party, the reimbursement is recognised when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation The reimbursement is treated as a separate asset

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability The unwinding of the discount is recognised as finance cost

Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. A provision for onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract, which is determined based on the incremental costs of fulfilling the obligation under the contract and an allocation of other costs directly related to fulfilling the contract Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract

Contingent liabilities

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets

Contingent asset is not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

This space has been intentionally left blank

1.3 Material accounting policies *(continued)*

(h) Income tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in Other comprehensive income.

The Company has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

(i) Current tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that
(i) is not a business combination; and
(ii) at the time of the transaction;
    a.) that affects neither accounting nor taxable profit or loss and
    b.) does not give rise to equal taxable and deductible temporary differences
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future, and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for the Company. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised, such reductions are reversed when the probability of future taxable profits improves.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

(i) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

(j) Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year (refer Note 55).

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

1.3 Material accounting policies *(continued)*

(k) Cash flows Statement

Cash flows are reported using the indirect method, whereby profit / (loss) is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. In cash flow statement, cash and cash equivalents include cash in hand, balances with banks in current accounts and other short-term highly liquid investments with original maturities of three months or less.

(l) Cash and cash equivalents (for the purpose of cash flow statement)

Cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.4 Recent pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has notified the following:

Ind AS 1 - Presentation of Financial Statements

For accounting periods beginning on or after 1 April 2026, when an entity breaches any covenant of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand, it classifies the liability as current, even if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach. An entity classifies the liability as current because, at the end of the reporting period, it does not have the right to defer its settlement for at least 12 months after that date.

However, an entity classifies the liability as non-current if the lender agreed by the end of the reporting period to provide a period of grace ending at least 12 months after the reporting period, within which the entity can rectify the breach and during which the lender cannot demand immediate repayment. This amendment is to be applied retrospectively for annual reporting periods beginning on or after 1 April 2026, in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

All issued shares are fully paid up.

Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the company's residual assets on winding up. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder are in proportion to retain share of the paid-up equity share capital of the Company. On winding up of the company, the holders of equity shares will be entitled to receive the residual assets of the Company, in proportion to the number of equity shares held.

27 Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, investments, financial assets measured at amortised cost.	Ageing analysis and credit assessment	Diversification of portfolio and Assessment of customer credit worthiness at inception and through the credit period
Liquidity risk	Borrowings, trade payables and other liabilities	Cash flow forecasts	Availability of funds committed credit lines and borrowing facilities
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Analysis of market rates on a real time basis, pre-closure of loans

The Company's risk management is carried out by a central treasury department under policies approved by the board of directors. The board provides principles for overall risk management, as well as policies covering specific areas such as credit risk and liquidity risk.

(A) Credit risk

Credit risk arises from cash and cash equivalents, investments carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to few customers including outstanding receivables

Provision for expected credit losses

The Company provides for expected credit loss based on the following

The credit loss allowance carried by the Company is as under

	March 31, 2026	March 31, 2025
Carrying value of receivables (refer note 7)	21.58	25.63
Credit loss allowance	4.39	-
Loss allowance %	20.3%	0%

(B) Liquidity risk

The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

Maturities of financial liabilities

The tables below analyse the company's financial liabilities into relevant maturity groupings based on their contractual maturities for

a) all non-derivative financial liabilities, and

b) net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant

Contractual maturities of financial liabilities:	Carrying amount	Less than 3 months	Within one year	Between 1 and 2 years	Between 2 and 5 years	Total
As at March 31, 2026						
Non-derivatives						
Trade payables	526.19	526.19	-	-	-	526.19
Other financial liabilities	33.28	33.28	-	-	-	33.28
Total non-derivative liabilities	559.47	559.47	-	-	-	559.47
As at March 31, 2025						
Non-derivatives						
Trade payables	311.05	311.05	-	-	-	311.05
Other financial liabilities	33.27	33.27	-	-	-	33.27
Total non-derivative liabilities	344.32	344.32	-	-	-	344.32

C) Market risk - Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates.

The Company does not have any credit facilities from any banks or financial institutions. As a result, changes in interest rates are not likely to substantially affect its business or results of operations. The Company does not have any credit facilities from any banks or financial institutions. As a result, changes in interest rates are not likely to substantially affect its business or results of operations

Interest rate sensitivity

The Company does not have any credit facilities from any banks or financial institutions. As a result, changes in interest rates are not likely to substantially affect its business or results of operations

28 Capital management

Risk management

The Company's policy is to maintain a strong capital base so as to maintain investor and creditor confidence and to sustain future development of the business. The Company manages its capital so as to safeguard their ability to continue as a going concern and to optimize returns to shareholders. The Capital structure of the Company is based on the management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor and creditor confidence.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The company monitors the capital using a gearing ratio, which is net debt divided by total equity. Net debt is calculated as total liabilities (as shown in the balance sheet) less cash and cash equivalents and other bank balances. The Company's net debt to equity ratio i.e., capital gearing ratio at March 31 2026, is as follows

	As at March 31, 2026	As at March 31, 2025
Total Liabilities	725.29	426.39
Less: Cash and cash equivalents and other bank balances	(68.58)	(117.21)
Adjusted net debt	**656.71**	**309.18**
Total equity	152.61	(173.30)
Net debt to equity ratio	**4.30**	**-1.78**

31 Sterling Holiday Resorts Limited (SHRL) holds 98% equity shares in the Company and the Company is responsible for maintaining the property Kodai By the Lake, pursuant to the property timeshare agreement with the property timeshare members. However, certain property timeshare weeks are unsold and retained by SHRL. Pursuant to the necessary approvals obtained by the Company as required under The Companies Act, 2013, the Company is permitted to rent out weeks sold to property timeshare members and unsold weeks retained by SHRL which are vacant and earn revenue from it. The property timeshare members and SHRL shall have no claim on the revenue generated by the Company. Further, pursuant to the exchange clause under property timeshare agreement, property timeshare members of the said property are also eligible to utilize facilities at SHRL's other resorts.

32 Segment information

Description of segments and principal activities
Operating segments are reported in a manner consistent with the internal reporting provided to the Chief operating decision maker
The Chairman-Whole Time Director (WTD) of the Company has been identified as the chief operating decision maker of Sterling Holiday Resorts Limited who assesses the financial performance and position of the Company, and makes strategic decisions. The Company has only one reportable segment - "Leisure Hospitality and Resorts"

- Resort operations: This segment deals with timeshare business on account of resort business

Geographic information
The geographic information analyses the Company's revenues and non-current assets by the Company's country of domicile (i.e. India) and other countries. In presenting the geographic information, segment revenue has been based on the geographic location of customers and segment assets which have been based on the geographical location of the assets.

Major customer
The Company is not reliant on revenues from transactions with any single external customer and does not receive 10% or more of its revenues from transactions with any single external customer.

33 Disclosure under Micro, Small and Medium Enterprises Development Act, 2006 ('MSMED' Act) are provided as under for the year 2024-25, to the extent the Company has received intimation from the "Suppliers" regarding their status under the Act

		As at March 31, 2026	As at March 31, 2025

34 Ratio analysis and its elements

Ratio	Numerator	Denominator	March 31, 2026	March 31, 2025	% change	Reason for variance
Current ratio	Current Assets	Current Liabilities	0.85	0.42	106%	The Increase is on account of increase in cash and bank balances as a result of improved business operations
Return on equity ratio	Net Profits after taxes	Average Shareholder's equity	-3150%	-99%	3068%	The Company has been making profits due to which the accumulated losses of the Company has been absorbed during the year and increase in the equity base during the year
Inventory turnover ratio	Cost of goods sold	Average inventory	8.67	9.09	-5%	Not applicable
Trade receivable turnover ratio	Net credit sales = Gross credit sales - sales return	Average trade receivables	102.19	18.55	451%	This indicates a significant improvement in the collection of receivables during the year, resulting in a substantial impact on the ratio
Trade payable turnover ratio	Net credit purchases = Gross credit purchases - purchase return	Average trade payables	4.71	8.31	-43%	Decrease is on account of payment to creditors on time during the current year as compared to previous year
Net capital turnover Ratio	Net sales = Total sales - sales return	Working capital = Current assets – Current liabilities	(22.82)	(7.99)	186%	The ratio has decreased on account of increase in working capital
Net profit ratio	Net Profit	Net sales = Total sales - sales return	14%	17%	-4%	Not applicable
Return on capital employed	Earnings before interest and taxes	Capital Employed = Total Assets - Current Liabilities	286%	-282%	567%	The Company has generated profits during the year, which has helped absorb the accumulated losses from previous periods. As a result, the net capital employed has turned positive in the current year, compared to a negative position in the previous year

Note: The Company does not have any borrowings, therefore, the debt-equity ratio and debt service coverage ratio are not applicable

Directors' Report
Audited Financial Statements
Travel Circle International Limited
31 December 2025

Directors' Report

The directors submit herewith their report and audited financial statements of Travel Circle International Limited (the "Company") for the year ended 31 December 2025.

Principal activities
The principal activities of the Company are to act as a travel agent and tour operator.

Results and dividends
The results of the Company for the year ended 31 December 2025 are set out in the statement of comprehensive income on page 6.

The directors do not recommend the payment of a dividend.

Directors
The directors who held office during the year or during the period from the end of the year to the date of this report were:

MYY Ng	
MK Menon	(resigned on 31 May 2025)
Nandy Debasis	
MC Iyer	(appointed on 29 April 2025)

There being no provision in the Company's Articles of Association for retirement of directors, all directors shall continue in office.

Arrangements for acquisition of shares or debentures
At no time during the year was the Company, its holding company or fellow subsidiary a party to any arrangements to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other company.

Material interests in transactions, arrangements or contracts
The directors are of the opinion that no transactions, arrangements and contracts of significance in relation to the Company's business to which the Company's holding company or fellow subsidiary was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

Management contracts
No contracts concerning the management and administration of the whole or any substantial part of any business of the Company were entered into or existed during the year.

Equity-linked agreements
No equity-linked agreements into which the Company entered subsisted at any time during the year.

Permitted indemnity provisions
No permitted indemnity provision was in force during the year, or is in force at the date of this report, for the benefit of a then director or a director of the Company (whether made by the Company or otherwise) or a then director or a director of its holding company or fellow subsidiary (if made by the Company).

Auditor
A resolution will be submitted to the annual general meeting to re-appoint Forvis Mazars CPA Limited, *Certified Public Accountants*, as the auditor of the Company.

Approved by the Board of Directors and signed on its behalf by

Opinion

We have audited the financial statements of Travel Circle International Limited (the "Company") set out on pages 6 to 33, which comprise the statement of financial position as at 31 December 2025, and the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 December 2025, and of its financial performance and cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by the HKICPA. Our responsibilities under those standards are further described in the "*Auditor's responsibilities for the audit of the financial statements*" section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors of the Company are responsible for the other information. The other information comprises the directors' report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

To the members of
Travel Circle International Limited
(incorporated in Hong Kong with limited liability)

Responsibilities of directors for the financial statements
The directors of the Company are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Independent Auditor's Report

To the members of
Travel Circle International Limited
(incorporated in Hong Kong with limited liability)

Auditor's responsibilities for the audit of the financial statements (Continued)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. MATERIAL ACCOUNTING POLICIES

Basis of preparation
These financial statements have been prepared in accordance with HKFRS Accounting Standards, which collective term includes all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the Companies Ordinance.

These financial statements have been prepared on a basis consistent with the accounting policies adopted in the 2024 financial statements, except for the adoption of the following new / revised HKFRS Accounting Standards that are relevant to the Company and effective from the current year.

Amendments to HKAS 21: Lack of Exchangeability
The amendments require an entity to apply a consistent approach to assess whether a currency is exchangeable into another currency and, when it is not, to determine the exchange rate to use and the disclosures to provide.

The adoption of the amendments does not have any significant impact on the financial statements.

A summary of the material accounting policies adopted by the Company is set out below.

Going concern
The financial statements have been prepared in conformity with the principles applicable to a going concern basis. The applicability of these principles is dependent upon continued availability of adequate finance or attaining profitable operations in the future in view of the net current liabilities. There is a material uncertainty related to this condition that may cast significant doubt on the Company's ability to continue as a going concern and, therefore, the Company may be unable to realise its assets and discharge its liabilities in the normal course of business. The immediate holding company has confirmed its intention to make available adequate funds to the Company as and when required to maintain the Company as a going concern.

Basis of measurement
The measurement basis used in the preparation of the financial statements is historical cost, except stated otherwise in the accounting policies set out below.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Goodwill
Goodwill arising on an acquisition of a business is measured at the excess of the consideration transferred, and the fair value of any previously held equity interest in the acquiree over the acquisition date amounts of the identifiable assets acquired and the liabilities assumed of the acquired business.

Goodwill on acquisition of business is recognised as a separate asset and is carried at cost less accumulated impairment losses, which is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. For the purpose of impairment test and determination of gain or loss on disposal, goodwill is allocated to cash-generating units. An impairment loss on goodwill is not reversed.

Property, plant and equipment
Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the year in which they are incurred.

Depreciation is provided to write off the cost less accumulated impairment losses of property, plant and equipment over their estimated useful lives as set out below from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method. Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis and depreciated separately:

Leasehold improvements	5 years or, if shorter, over the unexpired term of lease
Motor vehicles	4 to 5 years
Computer equipment	3 to 5 years
Furniture, fixtures and office equipment	5 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year in which the item is derecognised.

Impairment of non-financial assets, other than goodwill
At the end of each reporting period, the Company reviews internal and external sources of information to determine whether its property, plant and equipment and right-of-use assets may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs to sell and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income immediately.

The accounting policy for recognition of the impairment loss for goodwill is stated in the accounting policy for goodwill in the earlier part of this note.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments

Financial assets

Recognition and derecognition

Financial assets and financial liabilities are recognised when and only when the Company becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Company's contractual rights to future cash flows from the financial asset expire or (ii) the Company transfers the financial asset and either (a) it transfers substantially all the risks and rewards of ownership of the financial asset, or (b) it neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

Classification and measurement

The classification of financial assets at initial recognition depends on the Company's business model for managing the financial assets and the financial asset's contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss ("FVPL"):

(i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
(ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at amortised cost

Financial assets at amortised cost are subsequently measured using the effective interest rate method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Company's financial assets at amortised cost include bank balances and cash and trade and other receivables.

Financial liabilities

Recognition and derecognition

Financial liabilities are recognised when and only when the Company becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

Classification and measurement

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly attributable to the issue of the financial liabilities.

The Company's financial liabilities include trade and other payables and loans from immediate holding company. All financial liabilities are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets and other items

The Company recognises loss allowances for expected credit losses ("ECL") on financial assets that are measured at amortised cost. Except for the specific treatments as detailed below, at each reporting date, the Company measures a loss allowance for a financial asset at an amount equal to the lifetime ECL if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for that financial asset at an amount equal to 12-month ECL.

Measurement of ECL

ECL is a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

For financial assets, a credit loss is the present value of the difference between the contractual cash flows that are due to an entity under the contract and the cash flows that the entity expects to receive.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument while 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Where ECL is measured on a collective basis, the financial instruments are grouped based on one or more shared credit risk characteristics, such as past due information, nature of instrument and industry of debtors.

Definition of default

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Company may not receive the outstanding contractual amounts in full if the financial instrument meets any of the following criteria:

(i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collaterals held by the Company); or
(ii) there is a breach of financial covenants by the counterparty.

Irrespective of the above analysis, the Company considers that default has occurred when a financial asset is more than 90 days past due unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Assessment of significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Irrespective of the outcome of the above assessment, the Company presumes that the credit risk on a financial instrument has increased significantly since initial recognition when contractual payments are more than 30 days past due.

Notwithstanding the foregoing, the Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)
Impairment of financial assets and other items (Continued)
Low credit risk
A financial instrument is determined to have low credit risk if:

(i) it has a low risk of default;
(ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
(iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

Simplified approach of ECL
For trade receivables and contract assets without significant financing components or otherwise for which the Company applies the practical expedient not to account for the significant financing components, the Company applies a simplified approach in calculating ECL. The Company recognises a loss allowance based on lifetime ECL at each reporting date and has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Write-off
The Company writes off a financial asset when the Company has no reasonable expectations of recovering the contractual cash flows on a financial asset in its entirety or a portion thereof. The Company has a policy of writing off the gross carrying amount when the financial asset is 1 year past due based on historical experience of recoveries of similar assets. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities under the Company's procedures for recovery of amounts due, taking into account legal advice if appropriate. Any subsequent recovery is recognised in profit or loss.

Cash equivalents
For the purpose of the statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, net of bank overdrafts.

Borrowing costs
All borrowing costs are recognised as an expense in the period in which they are incurred.

Provisions
Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount of obligation can be made. Expenditures for which a provision has been recognised are charged against the related provision in the year in which the expenditures are incurred. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount provided is the present value of the expenditures expected to be required to settle the obligation. Where the Company expects a provision to be reimbursed, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition

Revenue from contracts with customers within HKFRS 15

Nature of services

The nature of the services provided by the Company is sale of tours and provision of travel agency services.

Identification of performance obligations

At contract inception, the Company assesses the services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

(a) a service (or a bundle of services) that is distinct; or
(b) a series of distinct services that are substantially the same and that have the same pattern of transfer to the customer.

A service that is promised to a customer is distinct if both of the following criteria are met:

(a) the customer can benefit from the service either on its own or together with other resources that are readily available to the customer (i.e. the service is capable of being distinct); and
(b) the Company's promise to transfer the service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the service is distinct within the context of the contract).

Timing of revenue recognition

Revenue is recognised when (or as) the Company satisfies a performance obligation by transferring a promised service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Company transfers control of a service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

(a) the customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs;
(b) the Company's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
(c) the Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date.

If a performance obligation is not satisfied over time, the Company satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Company considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

Service income from sale of tours is recognised over time as the customer simultaneously receives and consumes all of the benefits provided by the Company's performance as the Company performs. This means that if another travel agent was to take over providing the remaining performance obligation to the customer, it would not have to substantially re-perform the work already completed by the Company.

Commission income from travel-related services is recognised at a point in time when the related services are rendered to and have been accepted by the customers.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition (Continued)

Interest income

Interest income from financial assets is recognised using the effective interest method. For financial assets measured at amortised cost that are not credited-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

Contract assets and contract liabilities

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, the contract is presented as a contract asset, excluding any amounts presented as a receivable. Conversely, if a customer pays consideration, or the Company has a right to an amount of consideration that is unconditional, before the Company transfers a good or service to the customer, the contract is presented as a contract liability when the payment is made or the payment is due (whichever is earlier). A receivable is the Company's right to consideration that is unconditional or only the passage of time is required before payment of that consideration is due.

For a single contract or a single set of related contracts, either a net contract asset or a net contract liability is presented. Contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

For sale of tours, it is common for the Company to receive from the customer the whole or some of the contractual payments before the services are completed (i.e. the timing of revenue recognition for such transactions). The Company recognises a contract liability until it is recognised as revenue. During that period, any significant financing components, if applicable, will be included in the contract liability and will be expensed as accrued unless the interest expense is eligible for capitalisation.

On the other hand, for the agency business of sale of air tickets, hotel accommodation packages and other travel-related products, the Company receives payments from the customer which are largely in line with the timing of revenue recognition and no significant contract assets or contract liabilities are recognised.

Leases

The Company assesses whether a contract is, or contains, a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessee

The Company applies the recognition exemption to short-term leases and low-value asset leases. Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Company accounts for each lease component within a lease contract as a lease separately. The Company allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component.

Amounts payable by the Company that do not give rise to a separate component are considered to be part of the total consideration that is allocated to the separately identified components of the contract.

The Company recognises a right-of-use asset and a lease liability at the commencement date of the lease.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)
As lessee (Continued)
The right-of-use asset is initially measured at cost, which comprises

(a) the amount of the initial measurement of the lease liability;
(b) any lease payments made at or before the commencement date, less any lease incentives received;
(c) any initial direct costs incurred by the Company; and
(d) an estimate of costs to be incurred by the Company in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. Depreciation is provided on a straight-line basis over the shorter of the lease term and the estimated useful lives of the right-of-use asset (unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or if the cost of the right-of-use asset reflects that the Company will exercise a purchase option – in which case depreciation is provided over the estimated useful life of the underlying asset) as follows:

Office premises	2-3 years

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date of the contract.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

(a) fixed payments (including in-substance fixed payments), less any lease incentives receivable;
(b) variable lease payments that depend on an index or a rate;
(c) amounts expected to be payable under residual value guarantees;
(d) exercise price of a purchase option if the Company is reasonably certain to exercise that option; and
(e) payments of penalties for terminating the lease, if the lease term reflects the Company exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, or where it is not readily determinable, the incremental borrowing rate of the lessee.

Subsequently, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

The lease liability is remeasured using a revised discount rate when there are changes to the lease payments arising from a change in the lease term or the reassessment of whether the Company will be reasonably certain to exercise a purchase option.

The lease liability is remeasured by using the original discount rate when there is a change in the residual value guarantee, the in-substance fixed lease payments or the future lease payments resulting from a change in an index or a rate (other than floating interest rate). In case of a change in future lease payments resulting from a change in floating interest rates, the Company remeasures the lease liability using a revised discount rate.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)
As lessee (Continued)
The Company recognises the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset. If the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the remeasurement in profit or loss.

A lease modification is accounted for as a separate lease if
(a) the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
(b) the consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

When a lease modification is not accounted for as a separate lease, at the effective date of the lease modification,
(a) the Company allocates the consideration in the modified contract on the basis of relative stand-alone price as described above.
(b) the Company determines the lease term of the modified contract.
(c) the Company remeasures the lease liability by discounting the revised lease payments using a revised discount rate over the revised lease term.
(d) for lease modifications that decrease the scope of the lease, the Company accounts for the remeasurement of the lease liability by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease and recognising any gain or loss relating to the partial or full termination of the lease in profit or loss.
(e) for all other lease modifications, the Company accounts for the remeasurement of the lease liability by making a corresponding adjustment to the right-of-use asset.

Foreign currency translation
Items included in the Company's financial statements are measured using the currency of the primary economic environment in which the Company operates ("functional currency"). The Company's functional currency is Hong Kong Dollars.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Employee benefits
Short-term employee benefits
Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees.

Defined contribution plan
The obligations for contributions to defined contribution retirement scheme are recognised as an expense in profit or loss as incurred. The assets of the scheme are held separately from those of the Company in an independently administered fund.

Termination benefits
Termination benefits are recognised when, and only when, the Company demonstrably commits itself to terminate employment or to provide benefits as a result of voluntary redundancy by having a detailed formal plan which is without realistic possibility of withdrawal.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Taxation
The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, any deferred tax arising from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss is not recognised.

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the period when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Related parties
A related party is a person or entity that is related to the Company.

(a) A person or a close member of that person's family is related to the Company if that person:
  (i) has control or joint control over the Company;
  (ii) has significant influence over the Company; or
  (iii) is a member of the key management personnel of the Company or of the parent of the Company.

(b) An entity is related to the Company if any of the following conditions applies:
  (i) the entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
  (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  (iii) both entities are joint ventures of the same third party.
  (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  (v) the entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company.
  (vi) the entity is controlled or jointly controlled by a person identified in (a).
  (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
  (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Related parties (Continued)
Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

(a) that person's children and spouse or domestic partner;
(b) children of that person's spouse or domestic partner; and
(c) dependants of that person or that person's spouse or domestic partner.

In the definition of a related party, an associate includes subsidiaries of the associate and a joint venture includes subsidiaries of the joint venture.

Critical accounting judgement and key sources of estimation uncertainty
Estimates and assumptions concerning the future and judgements are made by the management in the preparation of the financial statements. They affect the application of the Company's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. Where appropriate, revisions to accounting estimates are recognised in the period of revision and future periods, in case the revision also affects future periods.

Sale of tours and commission income
The Company evaluates its responsibilities for the delivery of services and other relevant facts and circumstances, and determines that it is acting as a principal of sale of tours and agent of commission earned. Accordingly, revenue arising from the sale of tours is stated at its gross amounts receivable for the tour operator and travel services rendered by the Company and is measured before deducting related costs in accordance with the accounting policy set out above. Commission income is stated at its net amounts receivable in relation to the tickets sold or hotels booked in accordance with the accounting policy set out above.

Assessment of impairment of goodwill
The Company has performed an impairment test for goodwill in accordance with the accounting policy stated above. For the purposes of impairment testing, goodwill acquired is reviewed for impairment based on forecast operating performance and cash flows. Cash flow projections are prepared on the basis of reasonable assumptions reflective of prevailing and future market conditions and are discounted appropriately.

Discount rates for calculating lease liabilities – as lessee
The Company uses the lessee's incremental borrowing rates to discount future lease payments since interest rates implicit in the leases are not readily determinable. In determining the discount rates for its leases, the Company refers to a rate that is readily observable as the starting point and then applies judgement and adjusts such observable rate to determine the incremental borrowing rate.

Deferred tax assets
As at the end of the reporting period, a deferred tax asset of HK$13,577,240 *(2024: HK$14,590,115)* in relation to unused tax losses was recognised in the statement of financial position. The recognition of the deferred tax asset mainly depends on whether sufficient future profits or taxable temporary differences will be available in the future. In cases where the actual future profits generated are less than expected, a material reversal of deferred tax assets may arise, which would be recognised in profit or loss in the period in which such a reversal takes place.

1. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Future changes in HKFRS Accounting Standards
At the date of authorisation of these financial statements, the HKICPA has issued a number of new / revised HKFRS Accounting Standards that are relevant to the Company but not yet effective for the current year, which the Company has not early adopted.

The directors are in the process of assessing the possible impact on the future adoption of the new / revised HKFRS Accounting Standards, but are not yet in a position to reasonably estimate their impact on the Company's financial statements.

At end of the reporting period	2,188,862	504,688	2,693,550
Reconciliation of carrying amount - year ended 31 December 2025			
At beginning of the reporting period	**2,188,862**	**504,688**	**2,693,550**
Additions	**9,720,239**	**-**	**9,720,239**
Depreciation	**(3,727,407)**	**(504,688)**	**(4,232,095)**
At end of the reporting period	**8,181,694**	**-**	**8,181,694**

The Company obtains right to control the use of office premises for a period of time through lease arrangements. Lease arrangements are negotiated on an individual basis and contain different terms and conditions including lease payments and lease term of 2 to 3 years. Except for lease covenants mainly related to the maintenance and use of the leased assets that are commonly found in lease arrangements, there are no other covenants or restrictions imposed by the lease arrangements.

Total cash outflow for leases for the year amounted to HK$4,187,846 *(2024: HK$4,847,262).*

8. GOODWILL

Goodwill arose from the acquisition of Travel Circle International Services Limited on 9 November 2015. At 31 December 2025, management determined that there was no impairment of the goodwill.

Impairment tests for goodwill
The recoverable amount of goodwill is determined based on value-in-use calculations. These calculations use cash flow projections based on financial budgets approved by management covering a five-year period. Cash flows beyond the five-year period are extrapolated using the estimated rate below. The growth rates used do not exceed the long-term average growth rates for the business in which the cash generating unit operates.

Key assumptions used for value-in-use calculations:

	2025	2024
- Long-term growth rate	**2.50%**	2.50%
- Discount rate	**16.71%**	16.57%

Management determined the estimated long-term growth rate based on past performance and its expectations for market development. The discount rate used is pre-tax and reflects specific risks relating to the business.

9. DEFERRED TAX ASSETS

The movement in the Company's deferred tax assets is as follows:

	Tax losses	
	2025	2024
	HK$	*HK$*
At 1 January	**14,590,115**	15,586,290
Charged to profit or loss *(Note 5)*	**(1,012,875)**	(996,175)
At 31 December	**13,577,240**	14,590,115

As at 31 December 2025, the Company had unrecognised temporary differences of HK$1,528,911 *(2024: HK$567,885)* to carry forward against future taxable income. The deductible temporary differences do not expire under current tax legislation.

10. TRADE AND OTHER RECEIVABLES

	2025	2024
	HK$	*HK$*
Trade receivables	**3,689,812**	3,641,480
Other receivables		
Prepayments	**2,609,622**	4,625,430
Deposits	**1,898,691**	1,946,374
Other receivables	**1,167,994**	2,194,816
Payment in advance to suppliers	**25,521,544**	13,901,983
	31,197,851	22,668,603
	34,887,663	26,310,083

Except for refundable deposits of HK$1,898,691 *(2024: HK$1,946,374)* that are expected to be recovered after more than one year, all of the trade and other receivables are expected to be recovered or recognised as expenses within twelve months of the end of the reporting period.

Information about the Company's exposure to credit risks and loss allowance for trade and other receivables is included in note 18(a).

11. TRADE AND OTHER PAYABLES

	2025 *HK$*	2024 *HK$*
Creditors and accruals	**36,262,364**	35,088,310
Amount due to immediate holding company	**33,621,085**	29,058,873
Receipts in advance	**3,306,514**	3,419,804
	73,189,963	67,566,987

The amount due to immediate holding company is unsecured, interest-free and repayable on demand.

As at 31 December 2025, the payable to a fellow subsidiary of HK$406,118 *(2024: HK$658,399)* was included in creditors and accruals.

12. CONTRACT LIABILITIES

The movements (excluding those arising from increases and decreases both occurred within the same year) of contract liabilities from contracts with customers within HKFRS 15 during the year are as follows:

	2025 *HK$*	2024 *HK$*
At 1 January	**61,855,240**	45,644,218
Refund due to cancellation of tours	**(312,502)**	(991,500)
Recognised as revenue	**(61,542,738)**	(44,652,718)
Receipt of advances or recognition of receivables	**60,120,841**	61,855,240
At 31 December	**60,120,841**	61,855,240

Unsatisfied or partially unsatisfied performance obligations
All the performance obligations that are unsatisfied (or partially unsatisfied) at 31 December 2025 and 31 December 2024 are part of contracts that have an original expected duration of one year or less. Given that the Company applies the practical expedient in paragraph 121(a) of HKFRS 15, the transaction price allocated to these performance obligations is not disclosed.

13. LOANS FROM IMMEDIATE HOLDING COMPANY

The loans are unsecured, interest-bearing at 7.25% *(2024: 7.93% to 8.15%)* per annum and repayable within the next twelve months of the end of the reporting period.

14. PROVISION

	2025 *HK$*	2024 *HK$*
Reinstatement costs		
At 1 January and 31 December	**2,562,930**	2,562,930

	2025 *HK$*	2024 *HK$*
Current portion	**-**	1,596,180
Non-current portion	**2,562,930**	966,750
	2,562,930	2,562,930

The provision for reinstatement costs represents the management's best estimate of the Company's liabilities under the tenancy agreements in restoring the premises to their original status.

15. SHARE CAPITAL

	2025		2024	
	No. of shares	***HK$***	No. of shares	*HK$*
Issued and fully paid:				
At beginning and **end of the reporting period**	**59,523,801**	**59,523,801**	59,523,801	59,523,801

In accordance with section 135 of the Companies Ordinance, the ordinary shares of the Company do not have a par value.

The holder of ordinary shares is entitled to receive dividends as declared from time to time and is entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

16. OTHER CASH FLOW INFORMATION

16(a) Cash from operations

	2025 *HK$*	2024 *HK$*
Loss before tax	**(1,015,793)**	(4,788,565)

16. OTHER CASH FLOW INFORMATION (CONTINUED)

16(b) Changes in liabilities arising from financing activities

Details of the changes in the Company's liabilities from financing activities are as follows:

2025

	Lease liabilities *HK$*	Loans from immediate holding company *HK$*	Total *HK$*
At 1 January 2025	**2,864,023**	**115,170,983**	**118,035,006**
Net cash flows	**(3,800,762)**	**(13,446,259)**	**(17,247,021)**
New lease	**9,720,239**	**-**	**9,720,239**
At 31 December 2025	**8,783,500**	**101,724,724**	**110,508,224**

2024

	Lease liabilities *HK$*	Loans from immediate holding company *HK$*	Total *HK$*
At 1 January 2024	7,249,899	130,122,653	137,372,552
Net cash flows	(4,494,940)	(14,951,670)	(19,446,610)
New lease	109,064	-	109,064
At 31 December 2024	2,864,023	115,170,983	118,035,006

17. RELATED PARTIES TRANSACTIONS

In addition to the transactions / information disclosed elsewhere in these financial statements, during the year, the Company had the following transactions with related parties:

	2025 *HK$*	2024 *HK$*
Management fee to immediate holding company	**1,463,374**	1,519,085
Management fee to fellow subsidiaries	**13,094**	13,919
Loans interest to immediate holding company	**7,797,718**	10,043,507
Purchases of travel services from fellow subsidiaries	**2,998,161**	5,486,287

All members of key management personnel are directors of the Company, and their remunerations are disclosed in note 20 to the financial statements.

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICES

The Company's principal financial instruments comprise mainly cash and bank balances and loans from immediate holding company. The main purpose of these financial instruments is to raise and maintain finance for the Company's operations. The Company has various other financial instruments such as trade and other receivables and trade and other payables which arise directly from its business activities.

The main risks arising from the Company's financial instruments are credit risk, foreign currency risk and liquidity risk. The Company does not have any written risk management policies and guidelines. However, the board of directors generally adopts conservative strategies on its risk management and limits the Company's exposure to these risks to a minimum as follows:

a) Credit risk

The Company's credit risk is primarily attributable to trade and other receivables and deposits with banks. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

In respect of trade and other receivables, individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations take into account the customers' past payment history, financial position and other factors. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

The information about the exposure to credit risk and ECL for trade receivables using a provision matrix as at 31 December 2025 is summarised below.

	Expected loss rate	**Gross carrying amount**	**Loss allowance**	
	%	***HK$***	***HK$***	**Credit-impaired**
As at 31 December 2025				
Less than 1 month past due	**0**	**3,689,812**	**-**	**No**

	Expected loss rate	Gross carrying amount	Loss allowance	
	%	*HK$*	*HK$*	Credit-impaired
As at 31 December 2024				
Less than 1 month past due	0	3,641,480	-	No

Trade receivables that were neither past due nor impaired relate to two customers for whom there was no recent history of default. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are considered fully recoverable. The Company does not hold any collateral over these balances.

Trade receivables are due within 15-30 days from the date of billing.

Deposits with financial institutions are made with those with sound credit ratings to minimise the credit exposure.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position after deducting any impairment allowance.

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICES (CONTINUED)

b) Foreign currency risk

The Company's functional currency is Hong Kong dollars ("HKD"). The Company is exposed to currency risk primarily through sales and purchases giving rise to trade and other receivables, cash and bank balances, creditors and accruals that are denominated in other currencies, being primarily United States dollars ("USD"), Australian dollars ("AUD"), Euros ("EUR"), Renminbi ("RMB"), Swiss franc ("CHF"), New Zealand dollars ("NZD") and British Pound ("GBP").

As the HKD is pegged to the USD, the Company considers the risk of movements in exchange rates between the HKD and the USD to be insignificant. In respect of balances denominated in AUD, EUR, RMB, CHF, NZD and GBP, the Company ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates or entering into short-term foreign currency forward contracts where necessary to address short-term imbalances.

The following table details the Company's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the Company's functional currency of HKD. For presentation purposes, the amounts of the exposure are shown in HKD, translated using the spot rate at the year-end date.

	2025						
	Exposure to foreign currencies						
	USD	**AUD**	**EUR**	**RMB**	**CHF**	**NZD**	**GBP**
	HK$	*HK$*	*HK$*	*HK$*	*HK$*	*HK$*	*HK$*
Trade and other receivables	**10,020,203**	-	-	-	-	-	-
Bank balances and cash	**1,701,228**	**182,690**	**3,427,167**	**69,540**	**102,796**	**69,195**	**65,235**
Loans from immediate holding company	**(101,724,724)**	-	-	-	-	-	-
Amount due to immediate holding company	**(33,858,572)**	-	-	-	-	-	**237,487**
Trade and other payables	**(1,739,604)**	**(407,052)**	**(14,230,485)**	**(55,459)**	**(403,982)**	**(1,078,783)**	-
Net exposure to currency risk	**(125,601,469)**	**(224,362)**	**(10,803,318)**	**14,081**	**(301,186)**	**(1,009,588)**	**302,722**

	2024						
	Exposure to foreign currencies						
	USD	AUD	EUR	RMB	CHF	NZD	GBP
	HK$	*HK$*	*HK$*	*HK$*	*HK$*	*HK$*	*HK$*
Trade and other receivables	4,812,299	-	-	-	-	-	-
Bank balances and cash	3,779,990	4,436	1,296,182	22,729	141,810	24,292	542,188
Loans from immediate holding company	(115,170,983)	-	-	-	-	-	-
Amount due to immediate holding company	(29,296,360)	-	-	-	-	-	237,487
Trade and other payables	(569,994)	(618,392)	(8,310,414)	(303,659)	(288,620)	(1,557,041)	(9,657)
Net exposure to currency risk	(136,445,048)	(613,956)	(7,014,232)	(280,930)	(146,810)	(1,532,749)	770,018

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICES (CONTINUED)

b) Foreign currency risk (Continued)

Sensitivity analysis
The following table indicates the instantaneous change on the Company's loss before tax that would arise if foreign exchange rates to which the Company has significant exposure at the end of the reporting period had changed at that date, assuming all other risk variables remained constant. No other components of equity would be affected by changes in foreign exchange rates. In this respect, it is assumed that the pegged rate between the HKD and the USD would be materially unaffected by any changes in movement in value of the USD against other currencies.

	2025		2024	
	Increase (Decrease) in foreign exchange rates	**Increase (Decrease) in loss before tax** ***HK$***	Increase (Decrease) in foreign exchange rates	Increase (Decrease) in loss before tax ***HK$***
AUD	**4%**	**8,974**	1%	6,140
	(4%)	**(8,974)**	(1%)	(6,140)
EUR	**4%**	**432,133**	1%	70,142
	(4%)	**(432,133)**	(1%)	(70,142)
RMB	**4%**	**(563)**	1%	2,809
	(4%)	**563**	(1%)	(2,809)
CHF	**4%**	**12,047**	1%	1,468
	(4%)	**(12,047)**	(1%)	(1,468)
NZD	**4%**	**40,384**	1%	15,327
	(4%)	**(40,384)**	(1%)	(15,327)
GBP	**4%**	**(12,109)**	1%	(7,700)
	(4%)	**12,109**	(1%)	7,700

Results of the analysis as presented in the above table represent an aggregation of the instantaneous effects on loss before tax measured in the respective functional currencies, translated into HKD at the exchange rate ruling at the end of the reporting period for presentation purposes.

The sensitivity analysis assumes that the change in foreign exchange rates had been applied to re-measure those financial instruments held by the Company which exposed the Company to currency risk at the end of the reporting period.

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICES (CONTINUED)

c) Liquidity risk

Management of the Company closely monitors the current and expected liquidity requirements to ensure sufficient reserve of cash is available for the Company's business operation in short and longer term. The maturity profile of the Company's financial liabilities and employee-related payables at the end of the reporting period based on contractual undiscounted payments are summarised below:

	Within 1 year or on demand *HK$*	Over 1 year *HK$*	Total contractual undiscounted cash flows *HK$*	Total carrying amount *HK$*
2025				
Trade and other payables	**69,883,451**	**-**	**69,883,451**	**69,883,451**
Lease liabilities	**4,102,836**	**5,511,672**	**9,614,508**	**8,783,500**
Loans from immediate holding company	**106,277,083**	**-**	**106,277,083**	**101,724,724**
	180,263,370	**5,511,672**	**185,775,042**	**180,391,675**

	Within 1 year or on demand *HK$*	Over 1 year *HK$*	Total contractual undiscounted cash flows *HK$*	Total carrying amount *HK$*
2024				
Trade and other payables	64,147,183	-	64,147,183	64,147,183
Lease liabilities	2,957,262	-	2,957,262	2,864,023
Loans from immediate holding company	120,517,701	-	120,517,701	115,170,983
	187,622,146	-	187,622,146	182,182,189

d) Fair value

All financial instruments are carried at amounts not materially different from their fair value as at 31 December 2025 and 2024.

e) Capital management

The objectives of the Company's capital management are to safeguard the entity's ability to continue as a going concern and to provide returns for shareholders. The Company manages its capital structure and makes adjustments, including payment of dividend to shareholders, return of capital to shareholders or issue of new shares or sale of assets to reduce debts. No changes were made in the objectives, policies or processes during the years ended 31 December 2025 and 2024.

19. BANK FACILITIES

The Company has been granted bank facilities including guarantee line limited to HK$5,000,000 *(2024: HK$1,000,000)* and corporate card with limit of HK$400,000 *(2024: HK$200,000)*. These facilities are secured by corporate guarantee from its immediate holding company.

20. INFORMATION ABOUT THE BENEFITS OF DIRECTORS

The following disclosures are presented pursuant to section 383 of the Companies Ordinance.

(a) Directors' remuneration

Directors' remuneration disclosed pursuant to section 383 of the Companies Ordinance is as follows:

	2025	2024
	HK$	*HK$*
Other services in connection with management of the affairs:		
Salaries, allowances and benefits in kind	**1,749,600**	1,738,734
Retirement scheme contributions	**118,973**	118,973
	1,868,573	1,857,707

(b) Loans, quasi-loans and other dealings in favour of directors

There were no loans, quasi-loans or other dealings in favour of the directors of the Company or its holding company, or their controlled companies that were entered into or subsisted during the years ended 31 December 2025 and 2024.

(c) Directors' material interests in transactions, arrangement or contracts

The directors are of the opinion that no transactions, arrangements and contracts of significance in relation of the Company's business to which the Company was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted at the end of the years or at any time during the years ended 31 December 2025 and 2024.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jardin Travel Solutions Limited
Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Jardin Travel Solutions Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026 and its loss, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's 'Code of Ethics'. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Management and the Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in report of board of directors but does not include the Standalone Financial Statements and auditor's report thereon. The above referred information is expected to be made available to us after the date of this audit report.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other Information included in the company's annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action necessitated by the circumstances and the applicable laws and regulations

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Management and the Board of Directors of the Company are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible

for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast material doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and material audit findings, including any material deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "**Annexure A**", a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143 (3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

G. M. KAPADIA & CO. ★ NOIDA ★ Chartered Accountants

c) The Balance Sheet, the Statement of Profit and Loss, (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;

d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS, under section 133 of the Act, read with specified Companies (Indian Accounting Standards) Rules 2015, as amended;

e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act;

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**";

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid remuneration to its directors during the year. Accordingly, the provisions of section 197 of the Act are not applicable to the Company; and

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

iii. There were no amounts required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (i) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(iii) Based on the audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above, contain any material misstatement;

v. The Company has neither declared nor paid any dividend during the year.

vi. Based on our examination, which include test check, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and has been preserved by the company in accordance with statutory record retention requirements to the extent it was enabled and recorded in the prior year.

Annexure A to the Independent Auditor's Report on Standalone Financial Statements of Jardin Travel Solutions Limited

Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report of even date to the members of the Company on Standalone Financial Statements for the year ended March 31, 2026:

i (a) A. The Company does not have any Property, Plant and Equipment, therefore reporting under the clause 3(i)(a)(A) of the Order, regarding maintenance of records of Property, Plant and Equipment not applicable to the Company;

B. The Company did not have any intangible assets, therefore reporting under the clause 3(i)(a)(B) of the Order, regarding maintenance of records of intangible assets not applicable to the Company;

(b) The Company does not have any Property, Plant and Equipment. Therefore, the question of reporting under paragraph 3(i)(b) of the Order relating to physical verification of Property, Plant and Equipment does not arise;

(c) The Company does not hold any immovable properties and the properties where the Company is lessee. Accordingly, the reporting under clause 3(i)(c) of the Order regarding title deeds of immovable properties is not applicable to the Company;

(d) The Company does not have any property, plant and equipment (including Right of Use assets) and intangible assets during the year, therefore the question of revaluation of the same does not arise under clause 3(i)(d) of the Order;

(e) According to the information and explanations given to us and on the basis of our examination of records, there are no proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) (as amended in 2016) and rules made thereunder;

ii (a) The Company did not have any inventories of finished goods, stores, spare parts and raw materials, therefore reporting under the clause 3(ii)(a) of the Order is not applicable to the Company;

(b) During the year under audit, the Company has not been sanctioned any working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable to the Company;

iii (a) During the year under audit, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties, therefore reporting under the clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company;

iv Based on the audit procedures applied by us, during the year under audit, the Company has not granted loans, guarantee and security or made investments which require compliance in terms of the provisions contained in the section 185 or section 186 of the Act. In such circumstances, reporting under the clause 3(iv) of the Order is not applicable to the Company;

v		In our opinion and according to the information and explanation given to us, the Company has not accepted deposits from the public and therefore, the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under are not applicable to the Company. We have been informed by the management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard;
vi		The Central Government has not specified the maintenance of cost records under sub-section (1) of section 148 of the Companies Act, 2013, for services rendered by the Company;
vii	(a)	The Company has generally been regular in depositing with appropriate authorities undisputed statutory dues such as income tax, goods and services tax, and other applicable statutory dues. According to information and explanations given to us, no undisputed statutory dues payable were in arrears as at March 31, 2026, for a period of more than six months from the date they became payable;
	(b)	In our opinion and according to the information and explanations given to us, there are no dues payable by the Company on account of any dispute in case of statutory dues referred to in sub-clause(a) above as on March 31, 2026
viii		According to the information and explanation provided to us, there are no transactions that are not recorded in the books of accounts which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, reporting under clause 3(viii) of the Order is not applicable to the Company;
ix	(a)	Based on our audit procedure and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings including interest thereon, if any, to any lender;
	(b)	According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared wilful defaulter by any bank or financial institution or any other lender;
	(c)	The Company has not taken any terms loan. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company;
	(d)	According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements, the Company has not used any funds raised on short-term basis for long term purposes;
	(e)	According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures;
	(f)	The Company has not raised loans during the year on the pledge of securities. Accordingly, the reporting under clause 3(ix) (f) is not applicable.
x.	(a)	The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company;

(b) The Company did not have made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year, therefore, reporting under clause 3(x)(b) of the Order is not applicable to the Company;

xi (a) To the best of our knowledge and belief and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year;

(b) No report under sub-section (12) of section 143 of the Act has been filed by us in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report;

(c) As represented to us by the management, the whistle blower policies is not mandated for the company under the Act, therefore reporting under the clause 3(xi)(c) of the Order is not applicable to the Company;

xii In our opinion and according to information and explanation given to us, the Company is not a Nidhi Company. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company;

xiii In our opinion, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards. Further provision of Section 177 of the Act is not applicable to the Company;

xiv The Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act;

xv In our opinion, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with them and hence provisions of section 192 of the Act are not applicable to the Company;

xvi. (a) The Company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934;

(b) In our opinion and on the basis of our audit procedure, the Company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934;

(c) In our opinion, according to the information and explanations provided to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India;

(d) In our opinion, according to the information and explanations provided to us, the Group does not have any CIC as part of the Group as per definition of Group contained in the Core Investment Companies (Reserve Bank) Directions, 2016;

xvii The Company has incurred cash losses of Rs. 826.7 thousand in the current year and there were cash losses of Rs. 802.9 thousand in the immediately preceding financial year;

G. M. KAPADIA & CO. NOIDA Chartered Accountants

xviii There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company;

xix In view of losses incurred by the Company and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans, in our opinion though material uncertainty exists as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. However, management has represented and as stated in the Note 24 to the financial statements, the Company has obtained financial support letter from its Holding Company to meet Company's obligation towards third parties;

xx In our opinion and based on our examination, the Company is not required to comply with section 135(5) of the Act.

xxi The Company does not have subsidiary, associate or joint venture hence is not required to prepare consolidated financial statement. Accordingly, reporting on paragraph 3(xxi) of the Order is not applicable.

Annexure B to the Independent Auditor's Report

Referred to in Paragraph 2(f) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date to the members of the Company, on standalone financial statement for the year ended March 31, 2026

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Jardin Travel Solutions Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financials statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2026, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls with reference to Standalone Financial Statements

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involved performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Jardin Travel Solutions Limited

Notes to the financial statements

For the year ended 31 March 2026

1 Company overview

Jardin Travel Solutions Limited (the Company) is incorporated on 1st September 2015 as a public company limited by shares under the provisions of Companies Act, 2013. The Company is incorporated as Tour operator (Destination management) & back end information technology service provider. The Company is mainly engaged in the business of providing back end information technology services. Pursuant to the Composite Scheme of Arrangement and Amalgamation amongst TC Forex Services Limited (Formerly known as Tata Capital Forex Limited), TC Travel Services Limited (Formerly known as TC Travel and Services Limited), SOTC Travel Management Private Limited (formerly known as SITA Travels and Tours Private Limited), Travel Corporation (India) Limited (TCI), Quess Corp Limited and Thomas Cook (India) Limited (TCIL) and their respective shareholders ('Composite Scheme of Arrangement and Amalgamation') effective from 25th November, 2019, Jardin Travel Solutions Limited has become direct wholly owned subsidiary of TCIL with effect from 25th November 2019.

1B Significant accounting policies

1B.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013 (the 'Act') and other relevant provisions of the Act. In accordance with proviso to the Rule of the Companies (Accounts) Rules, 2014 the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting Standards.

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

The financial statements were authorized for issue by the Company's Board of Directors on 18th June 2026

The financial statements are presented in Indian Rupees ('INR') or ('Rs') which is also the Company's functional currency and all values are rounded off to nearest thousand ('000) except where otherwise indicated.

1B.2 Use of estimates

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS required the management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of facts and circumstances as at the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying

G. M. KAPADIA & CO. NOIDA Chartered Accountants
Jardin Travel Solutions Limited

1B Significant accounting policies *(Continued)*

assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in current and future periods.

Judgements

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the standalone financial statements is included in the following notes.

Note 18C -Determining the amount of expected credit loss on financial assets (including trade receivables).

1B.2 Use of estimates

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the financial statement is included in the following notes:

Note 22 - Measurement of defined benefit obligations: key actuarial assumptions;

Note 18C -Impairment of financial assets,

1B.3 Current / non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;

b) it is held primarily for the purpose of being traded;

c) it is expected to be realized within 12 months after the reporting date; or

d) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

a) it is expected to be settled in the Company's normal operating cycle;

b) it is held primarily for the purpose of being traded;

c) it is due to be settled within 12 months after the reporting date; or

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

1B Significant accounting policies *(Continued)*

1B.3 Current / non-current classification (Continued)

d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities on net basis.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Based on the above definition and the nature of services provided, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

1B.4 Property Plant and Equipment's

Measurement at recognition:

Property, plant and equipment is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance is charged to the Statement of Profit and Loss during the period in which they are incurred.

Depreciation:

Depreciation is provided pro-rata to the period of use, under the straight line method, over the estimated useful lives of the assets. The Company believes that the existing useful lives represents the best useful estimated lives of the assets and are at the rates which corresponds to the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Assets	Estimated useful life (in years)
Office Building	60
Furniture & Fixtures	10
Office equipment's (including air conditioners)	5
Vehicles	8
Computers	3
Computer Servers/Network	6

Leasehold Improvements are amortized over the period of the lease or useful life of the asset whichever is lower.

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

1B Significant accounting policies *(Continued)*

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress".

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate. The residual values are not more than 5% of the original cost of the asset. The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

1B.4 Property Plant and Equipment's (Continued)

De-recognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains / (losses).

1B.5 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principle market for the asset or liability, or
- In the absence of a particular market, in the most advantageous market for the asset or liability

The principle or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

1B Significant accounting policies *(Continued)*

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.
For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above.

1B.6 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial assets

Classification:

The Company shall classify financial assets as subsequently measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement , a financial asset is classified as measured at

- Amortised Cost;
- FVOCI – debt investment;
- FVOCI – equity investment; or
- FVTPL

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at FVTPL, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding.

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

1B Significant accounting policies*(Continued)*

1B.6 Financial instruments (Continued)

i. Financial assets *(Continued)*

De-recognition:

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.
- Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

G. M. KAPADIA & CO. ★ Chartered Accountants ★ NOIDA

Jardin Travel Solutions Limited

1B Significant accounting policies*(Continued)*

1B.6 Financial instruments (Continued)

i. Financial assets *(Continued)*

Impairment of financial assets:

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

a) Financial assets that are debt instruments, and are measured at amortised cost e.g., bank balance

b) Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-months ECL.

ii. Financial liabilities

Classification:

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gain and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

G. M. KAPADIA & CO. ★ NOIDA ★ Chartered Accountants

Jardin Travel Solutions Limited

1B Significant accounting policies*(Continued)*

1B.6 Financial instruments (Continued)

ii. Financial liabilities ***(Continued)***

De-recognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

1B.7 Revenue recognition

The Company recognizes revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the Company.

Revenue from providing back-end information technology services related to "Passion software" is recognized as per the terms of the contract with customer on progressive basis as monthly accrual.

Revenue does not include taxes viz. service tax (ST) / goods and service tax (GST) collected on behalf of Government, since no economic benefit flowing to the Company.

1B.8 Cost recognition

Costs and expenses are recognized when incurred and have been classified according to their primary nature. The costs of the Company are broadly categorized in Employee benefit expenses, finance cost and other operating expenses. Employee benefit expenses majorly include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Finance Cost majorly include interest charges towards loan taken from Group Company. Other operating expenses majorly include legal and professional fees, IT Communication expenses, operating lease rentals, Security expenses and repairs & maintenance charges etc.

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

1B Significant accounting policies *(Continued)*

1B.9 Cash and Cash Equivalents

Cash and Cash equivalents for the purpose of Cash Flow Statement comprise cash and bank balances. To be classified as cash and cash equivalents, the financial asset must:

- be readily convertible into cash;
- have an insignificant risk of changes in value; and
- have a maturity period of three months or less at acquisition.

1B.10 Employee benefits

(a) Short-term employee benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, e.g. salaries, short term bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount can be estimated reliably.

(b) Post-employment benefits

Defined contribution plan

The Company's provident fund contribution paid / payable under the recognised provident fund scheme and the employees' state insurance contribution is recognised as an expense in the Statement of profit and loss during the period in which the employee renders the related service.

Jardin Travel Solutions Limited

Jardin Travel Solutions Limited

Notes to the financial statements

For the year ended 31 March 2026

1B Significant accounting policies*(Continued)*

1B.10 Employee benefits (Continued)

(b) Post-employment benefits (Continued)

Defined benefit plan

Gratuity

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their services in the current and prior periods. The benefits are discounted to determine its present value.

The present value of the obligation under such defined benefit plans is determined based on actuarial valuation by an independent actuary at each balance sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligations are measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligations under the defined benefit plan are based on the market yields on government bonds as at the balance sheet date. When the calculation results in a benefit to the Company, the recognized asset is limited to the net total of any unrecognized actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurements of the net defined benefit liability, which comprises actuarial gains and losses are recognized in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability (asset) taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit and loss.

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

1B Significant accounting policies *(Continued)*

1B.11 Foreign currency transactions

Foreign currency transactions are recorded into Indian rupees using the exchange rates prevailing on the date of the respective transactions. Exchange difference arising on foreign currency transactions, between the actual rate of settlement and the rate on the date of the transactions, is charged or credited to the Statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the exchange rates prevailing on the balance sheet date and the overall net exchange gain or loss on such conversion, if any, is credited / charged to the Statement of profit and loss. Non-monetary assets are recorded at the rates prevailing on the date of the transactions. Non-monetary foreign currency items are carried at historical cost. A foreign currency monetary item is classified as long-term if it has original maturity of one year or more.

1B.12 Taxation

Income tax expense comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination, or items recognized directly in equity or in OCI.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

Jardin Travel Solutions Limited

Notes to the financial statements

For the year ended 31 March 2026

1B Significant accounting policies *(Continued)*

1B.12 Taxation (Continued)

Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes (tax bases).

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax asset / liabilities in respect of temporary differences which originate and reverse during the tax holiday period are not recognized. Deferred tax assets / liabilities in respect of temporary differences that originate during the tax holiday period but reverse after the tax holiday period are recognized.

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

Jardin Travel Solutions Limited

Notes to the financial statements

For the year ended 31 March 2026

1B Significant accounting policies*(Continued)*

1B.13 Earnings per share ('EPS')

Basic EPS is computed by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except where the results would be anti-dilutive. The dilutive potential equity shares are deemed to be converted as of the beginning of the period, unless they have been issued at a later date.

1B.14 Provisions and Contingent liabilities

A provision is recognized if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. The provisions are measured on an undiscounted basis.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognized when it is probable that a liability has been incurred and the amount can be estimated reliably.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed, unless the possibility of outflow of resources is remote.

Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

1B.15 Application of New Indian Accounting Standards

All the Ind AS issued under section 133 of the Companies Act 2013 and notified by the Ministry of Corporate Affairs (MCA) under the Companies (Indian Accounting Standard) Rules,2015 (as amended) till the financial statement approved have been considered in preparation of these financial statements.

Jardin Travel Solutions Limited

18 Financial instruments – Fair values and risk management *(Continued)*

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

The following methods and assumptions were used to estimate the fair values:

a) The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other bank balances, deposits, loans to employees, trade payables, payables for acquisition of non- current assets,and cash and cash equivalents are considered to be the same as their fair values.

b) The fair values of long term security deposits taken and non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 2 fair values in the fair value hierarchy due to the use of observable inputs.

c) For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Transfers between Levels

There were no transfers in either direction in any of the reporting periods.

C. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Liquidity risk ;
- Credit risk ; and
- Currency risk

i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Company does not have operations and therefore no cash generation. Company's liquidity is only based on support from Holding Company.. The company has an outstanding bank borrowings of Rs Nil. As of March 2026, the company has working capital of Rs (5,395.8) including cash and cash equivalents of Rs. 4.0 and current investments of Rs Nil. As of March 2025 company had working capital of Rs (4,781.7) including cash and cash equivalent of Rs. 17.2 and current investement of Rs NIL. The Company does not perceive any liquidity risk on support from holding Company.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

		Contractual cash flows					
31 March 2026	**Carrying amount**	**Total**	**Less than 6 months**	**6-12 months**	**1-2 years**	**2-5 years**	**More than 5 years**

Jardin Travel Solutions Limited

18 Financial instruments – Fair values and risk management (Continued)

C. Financial risk management *(Continued)*

iii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customer operate.

The Risk Management Committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered.

The average credit period on sales of services is less than 30 days. Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management.

The Company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables.

Movement in impairement on trade receivables	**31st March 2026**	**31st March 2025**
Balance at the beginning of the year	-	-
Impairment	-	-
Balance at the end of the year	-	-

Cash and cash equivalents

The Company held cash and cash equivalents of Rs. 4.0 as at 31 March 2026 (Rs. 17.1 as at 31 March 2025).

Impairment on cash and cash equivalents has been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. The Company considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties.

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

18 Financial instruments – Fair values and risk management *(Continued)*
C Financial risk management *(Continued)*

iv. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates – will affect the Company's income or the value of its holdings of financial instruments.Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. We are exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of our investments. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs.

v. Currency risk

The Company is exposed to currency risk on account of its borrowings and other payables in foreign currency. The functional currency of the Company is Indian Rupee.

Exposure to currency risk (Exposure in dfferent currencies converted to functional currency)

The currency profile of financial assets and financial liabilities as at 31 March 2026 and 31 March 2025 are as below:

Particulars	31 March 2026 USD	31 March 2026 EUR	31 March 2026 JPY	31 March 2026 GBP
Financial assets				
Trade and other receivables	-	-	-	-

	31 March 2026	31 March 2025	31 March 2026	31 March 2025
USD	-	-	-	-

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against various currencies as mentioned above at 31 March 2026 and 31 March 2025 would have affected the measurement of financial instruments denominated in the respective currencies and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast transactions to be held in the foreign currencies.

19 Micro, Small and Medium Enterprises

Under the Micro, Small and Medium Enterprises Development Act, 2006 which came into force from 2 October, 2006, certain disclosures are required to be made relating to dues to Micro and Small Enterprises. On the basis of the information and records available with the management, following are the details of dues to Micro and Small Enterprises:

Particulars	31 March 2026	31 March 2025
The amounts remaining unpaid to micro and small suppliers as at the end of the year.		
-- Principal	-	-
-- Interest	-	-
The amount of interest paid by the buyer in terms of section 16 of the Micro Small and Medium Enterprises Development Act, 2006 ('MSMED Act, 2006') along with the amount of the payment made to the supplier beyond the appointed day during each accounting year.	-	-
The amounts of the payments made to micro and small suppliers beyond the appointed day during each accounting year.	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act, 2006.	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act, 2006.	-	-

20 Segment reporting

The Company is in the business of providing IT Software services to its customers which is considered by management as the only reportable business segment taking into account the nature of the business, the risk and returns, the organisation structure and internal reporting system.

21 Capital management

The Company's objectives when managing capital (consisting of equity capital and unremitted profit in the financial statements) are to safeguard its ability to continue as a going concern, so it can continue to provide services for the related entities and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or change the capital structure, the Company may adjust the amount of profits for remittance to holding company, return equity capital, or require holding company to infuse additional capital to support its operations.

There are no externally imposed capital requirements on the Company.

The Company has not proposed any Dividend for the year ended March 31, 2026 and March 31, 2025.

22 Employee benefits

Company has transferred all its employees to its holding company Thomas Cook (India) Ltd in May 2021.

G. M. KAPADIA & CO. NOIDA Chartered Accountants

Jardin Travel Solutions Limited

23 Transfer pricing

The company has no international or domestic transactions requiring compliance under Transfer Pricing regulations.

24 Going Concern Assumption

The company has incurred a net loss of Rs 826.7 thousand during the year ended March 31,2026 and as of the date has accumulated losses of Rs. 15,395.9 thousand and companies liablities exeeced its total asset by Rs. 5,395.9 thousand.

The Company has obtained support letter from its holding company Thomas Cook (India) Limited to safeguard its ability to continue as a going concern. Further, refer note 30 relating to the Amalgamation of the business undertaking into parent company.

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

(v) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries,

(vi) The Company does not have any transaction which is not recorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey) or any other relevant provisions of the Income-tax Act, 1961

28 Regrouping

The figures for the previous periods have been regrouped/ rearranged wherever necessary to confirm to the current period classification in order to comply with the requirements of the amended Schedule III to the Companies Act, 2013.

29 Disclosure under sec 115BAA in The Income Tax act , 1961

In view of insertion of new Section 115 BAA in the Income Tax Act, 1961, as introduced by the Government of India, vide Taxation (Amendment) Ordinance, 2019 dated 20th of September 2019, domestic companies have been given an option to pay tax at reduced rate of 22%, effective from financial year 2019-20 (assessment year 2020- 21) & onwards, subject to their adhering to certain conditions specified therein.

The Management of the company has not exercised such option till the 2023-24 (assessment year 2025- 25) and further it continues to evaluate the benefit of exercising the option for a lower corporate tax rate vis-à-vis the existing provisions, 2025-26 (assessment year 2026- 27) onwards and the Company has an option for the same till the filing of return of income for such year. Pending exercising of the option, the company has recognized the taxes on income for the year ended March 31, 2026 as per the earlier provisions.

Independent Auditor's Report

Sita World Travel (Nepal) Pvt. Ltd
Kathmandu
Nepal

Opinion
We have audited the financial statements of Sita World Travel (Nepal) Pvt. Ltd (the "Company"), which comprise the balance sheet as at March 31, 2026, and the income statement, statement of changes in equity, cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements presents fairly, in all material respects, the financial position of the Company as at March 31, 2026, and of its financial performance and its cash flows for the year then ended in accordance with the financial reporting framework applicable to the holding company for the purpose of consolidation of financial statement.

Basis for opinion
We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those standards are further described in the *Auditors Responsibilities for the Audit of the Financial Statements* section of our Report. We are independent of the Company in accordance with the *ICAN's Handbook of Code of Ethics for Professional Accountants* together with the ethical requirements that are relevant to our audit of the financial statements in Nepal, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAN's Handbook of Code of Ethics for Professional Accountants. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of accounting and Restriction on Distribution and Use
Without modifying our opinion, we draw attention to clause B–Basis of Preparation of Financial Statements of schedule 20, which describes the basis of accounting. The financial statements are prepared to assist the company for the purpose of providing information to the holding company to enable it to prepare its consolidated Financial Statements. As a result, the financial statements may not be suitable for another purpose.

Our report is intended solely for Sita World Travel (Nepal) Pvt. Ltd and its holding company and should not be distributed to or used by parties other than for Sita World Travel (Nepal) Pvt. Ltd and its holding company.

Responsibility of Management and Those Charged with Governance for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with the with the financial reporting framework applicable to the holding company for the purpose of consolidation of financial statement and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with Governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Company's internal control.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor' report to the related disclosures in the financial statements or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern,
- Evaluate the appropriateness of accounting polices used and the reasonableness of accounting estimates and related disclosures made by the management,

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

SITA WORLD TRAVEL (NEPAL) PVT. LTD.

S.A.R. Associates Chartered Accountants

SITA WORLD TRAVEL (NEPAL) PRIVATE LIMITED

SCHEDULE 20

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE FINANCIAL STATEMENTS

A. Company Background

SITA World Travel (Nepal) Pvt. Ltd, a joint venture company with Travel Corporation India Ltd. (then SOTC Travel Services Pvt. Ltd), is incorporated under the Company Act, 2063 in Nepal and providing travel and tour related services and money transfer services. Registered Office of the company is Jwagal-10, Lalitpur, Nepal.

Travel Corporation India Ltd., a company incorporated under the laws of India, is holding 63.32% equity of the company.

B. Basis of Preparation of Financial Statements

1. Purpose of Financial Statements
These are special purpose financial statements which have been prepared for the purpose of inclusion in the consolidated financial statements of Travel Corporation India Ltd. (TCI). The financial statements have been prepared using an accounting framework applicable for the group consolidation purpose as set out in Note B.3.

2. Statement of Compliance
The financial statements as on 31st March 2026 and for the year then ended have been prepared in accordance with applicable General Accepted Accounting Principles (GAAP) and Nepal Accounting Standards as issued by Institute of Chartered Accountants of Nepal (ICAN), as applicable.

3. Basis of Preparation
The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

The financial statements are presented in functional and presentation currency of the company i.e. Nepalese Rupee ("NPR") which is the currency of the primary economic environment in which the company operates.

C. Significant Accounting Policies

4. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue and associated costs incurred or to be incurred can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable net of Value Added Taxes. The following specific criteria are used for recognition of revenue.

- **Sale of Services**

Sales from inbound services are recognized on the date of arrival of the tour in Nepal. Sales are stated net of Value Added Tax (VAT). Commission income and other travel services such as optional tours are recognized at the time of providing the service.

Interest on investment is recognized on accrual basis.

5. Use of Estimates

The preparation of the financial statements in conformity with GAAP and NAS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of balance sheet. Actual amount could differ from those estimates. Any differences from those estimates are recorded in the period in which they are identified.

6. Property, Plant and Equipment

Property, plant and equipment are tangible items that are held for use in the supply of services or for administrative purposes and are expected to use during more than one financial year.
Cost of an item of property, plant and equipment is recognized as an asset, if and only if, it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. The cost of an item of property, plant and equipment comprises of purchase price and any costs that is directly attributable to bring the asset to the location and condition that is necessary for it to be capable for operating in the manner intended by the management.

Any subsequent cost incurred for the property, plant and equipment is recognized as an asset if it meets the recognition criteria. The cost that does not qualify as an asset is charged off in the Income Statement as repair and maintenance.

The carrying amount of an asset is derecognized at the time of disposal or when no future economic benefits are expected to flow from its use or disposal. The gain or losses arising from derecognition of an item of property, plant and equipment is included in profit or loss when the item is derecognized.

The carrying amount of the property, plant and equipment is the amount at which an asset is recognized after deducting any accumulated depreciation.

7. Depreciation and Amortization

i. PPE are depreciated on a straight-line basis, based on the following estimates of their useful economic lives:

Description of Assets	Useful life (In Years)	Rate %
Furniture and Fixtures	5	20
Office Equipment	3	33.33
Vehicle	5	20
Computer and Computer Software	3	33.33

ii. Leasehold assets are amortized uniformly over the period of 5 years.
iii. Depreciation on addition of assets is charged from the next month from the date on which the assets are purchased / capitalized.
iv. Gains or losses arising from the disposal of fixed assets, if any, are determined as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized or charged off in the Income Statement on the date of the disposal.
v. Each asset with a cost value of less than NPR 8,000 is fully depreciated in the year of purchase.

SITA WORLD TRAVEL (NEPAL) PVT. LTD.

8. Retirement Benefits

a. Provident Fund

Contributions to provident fund are made monthly at the applicable rates, which is charged to revenue. Contributions to provident fund together with the employees' contributions are deposited with Citizen Investment Trust.

b. Gratuity

Gratuity payable to employees on termination/retirement of their services is provided on accrual basis and is deposited with Citizen Investment Trust.

c. Leave Encashment

Leave Encashment payable to employees on termination/retirement of their services is provided on accrual basis and is deposited with Citizen Investment Trust.

9. Trade and Other Receivables

Trade Receivables are stated at book value after making provisions for bad and doubtful debts.

Other receivables and dues from related parties are stated at book value less provisions for bad and doubtful debts.

10. Cash and Cash Equivalents

Cash and cash equivalent represent cash in hand and balance with commercial banks.

11. Foreign Currency Transactions

Foreign exchange transactions are recorded at the exchange rate prevailing at the date of transactions. Gain or loss arising on settlement is realized or charged in the Income Statement. Assets and liabilities in foreign currencies are reinstated at the exchange rate prevailing at the year-end and the exchange difference, if any, arising on such transaction is accounted for in the Income Statement as exchange fluctuation.

12. Technical Service Fee

Technical fee payable to Travel Corporation India Ltd. India calculated at Arm's length percentage to be as per the benchmarked analysis (currently estimated at 5%) of the gross total receipts of Transferee on account of services (excluding the entrance fees, special permits, visa fee, park fee, airfare and services provided in Bhutan and Tibet) provided by the Transferee, whether directly or indirectly, to the incoming tourists whether individually or in groups since 1st January 2024 onwards.

13. Income Taxes

Provision for current tax is made with reference to profit for the Financial Year based on the provisions of Income Tax Act, 2058.

Deferred Tax is recognized and provided for on timing differences between taxable income and accounting income subject to consideration of prudence.

Deferred tax assets are not recognized unless there is virtual/reasonable certainty that there will be sufficient future taxable income available to realize such assets.

Commentary of the directors

The directors of Travel Circle International (Mauritius) Ltd, the "Company", have the pleasure in submitting their report together with the audited financial statements for the year ended 31 March 2026.

Incorporation

The Company was incorporated in the Republic of Mauritius on 26 May 2017 under the Mauritius Companies Act 2001 as a private company with liability limited by shares.

Principal activity

The principal activity of the Company is to hold investments.

Results and dividends

The results for the year are as shown on page 9.

The directors do not recommend the payment of any dividend for the year under review (2025: USD Nil).

Directors

The present membership of the Board is set out on page 2.

Statement of directors' responsibilities for the financial statements

Mauritius Companies Act 2001 requires the directors to prepare financial statements for each financial year which present fairly the financial position, financial performance and cash flows of the Company. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors have confirmed that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the requirements of the Mauritian Companies Act 2001. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditor

The auditor, Baker Tilly, has indicated its willingness to continue in office and will seek re-appointment at the Annual Meeting.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

INDEPENDENT AUDITOR'S REPORT
To the Shareholders of Travel Circle International (Mauritius) Ltd

Report on the Audit of the Financial Statements **5**

Opinion

We have audited the financial statements of Travel Circle International (Mauritius) Ltd (the "Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements on pages 8 to 37 give a true and fair view of the financial position of the Company as at 31 March 2026, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board and in compliance with the requirements of the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements section* of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants ("IESBA Code")* together with the ethical requirements that are relevant to our audit of the financial statements in Mauritius, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Directors and Those Charged with Governance for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board Board and in compliance with the requirements of the Mauritius Companies Act 2001, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

► Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

► Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

► Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

► Conclude on the appropriateness of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

► Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT
To the Shareholders of Travel Circle International (Mauritius) Ltd

Other Information

The directors are responsible for the other information. The other information comprises the corporate data, commentary of the directors and secretary's certificate.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Report on Other Legal and Regulatory Requirements

Mauritius Companies Act 2001

We have no relationship with or interests in the Company other than in our capacity as auditor and tax advisor.

We have obtained all the information and explanations we have required.

In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Other Matter

This report has been prepared for and only for the Company's shareholders, as a body , in accordance with Section 205 of the Mauritian Companies Act 2001 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed to our prior consent in writing.

1 General information and statement of compliance with International Financial Reporting Standards ("IFRS")

Travel Circle International (Mauritius) Ltd, the "Company", was incorporated on 26 May 2017 in the Republic of Mauritius under the Mauritius Companies Act 2001 as a private company with liability limited by shares. The Company holds a Global Business Licence issued (formerly Category 1 Global Business Licence) by the Financial Services Comission. The Company's registered office is 6th floor, Two Tribeca, Tribeca Central, Trianon 72261, Republic of Mauritius.

The principal activity of the Company is to hold investments.

2 Basis of preparation

(a) Statement of compliance

The financial statements of Travel Circle International (Mauritius) Ltd have been prepared in accordance with the IFRS Accounting Standards ("IFRS") and in compliance with the requirements of Mauritius Companies Act 2001.

Details of the Company's accounting policies are included in note 4.

(b) Basis of measurement

The financial statements have been prepared on the going concern basis using historical cost basis except as otherwise stated in the notes to the financial statements.

(c) Functional and presentation currency

The financial statements are presented in United States Dollar (''USD'') which is the Company's functional currency. All amounts have been rounded to the nearest USD unless otherwise stated.

(d) Use of estimates and judgement

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

3 Application of new and revised International Financial Reporting Standards ("IFRS")

(a) Application of new and amended IFRS Accounting Standards

The following amendment issued by the International Accounting Standards Board ("IASB") became effective for annual reporting periods beginning on or after 1 January 2025 and has been applied by the Company in the current financial year:

Lack of Exchangeability (Amendments to IAS 21)

In August 2023, the IASB issued amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates to clarify how an entity determines whether a currency is exchangeable into another currency and how to determine the spot exchange rate when exchangeability is lacking. The amendments also introduce additional disclosure requirements to enable users of financial statements to assess the impact of a currency not being exchangeable.

The adoption of these amendments did not have a material impact on the Company's financial position, performance or cash flows.

(b) Standards and interpretations issued but not yet effective

The following new standards and amendments to existing standards were issued but are not yet effective for the financial year ended 31 March 2026. The Company has not early adopted these standards and amendments.

The Company is currently assessing the potential impact of these standards and amendments on its financial statements.

New standards/Amendments to:	Effective for accounting period beginning on or after
Amendments to IFRS 9 and IFRS 7 – Classification and Measurement of Financial Instruments	01 January 2026
Annual Improvements to IFRS Accounting Standards – Volume 11	01 January 2026
Contracts Referencing Nature-dependent Electricity – Amendments to IFRS 9 and IFRS 7	01 January 2026
IFRS 18 – Presentation and Disclosure in Financial Statements	01 January 2027
Amendments to IFRS 19 – Subsidiaries without Public Accountability	01 January 2027
Amendment to IAS 21 – Translation to a Hyperinflationary Presentation Currency	01 January 2027

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

3 Application of new and revised International Financial Reporting Standards ("IFRS") (continued)

(b) Application of new and amended IFRS Accounting Standards (continued)

Amendments to IFRS 9 and IFRS 7 – Classification and Measurement of Financial Instruments

In May 2024, the IASB issued targeted amendments to IFRS 9 and IFRS 7 to address matters identified during the post-implementation review of IFRS 9. The amendments:

- clarify the date of recognition and derecognition of certain financial assets and financial liabilities, including a new exception for certain financial liabilities settled through electronic cash transfer systems;
- provide additional guidance on assessing whether financial assets meet the solely payments of principal and interest (SPPI) criterion;
- introduce enhanced disclosure requirements for financial instruments with contractual terms that may change cash flows, including instruments linked to environmental, social and governance (ESG) targets; and
- update disclosures for equity instruments designated at fair value through other comprehensive income (FVOCI).

Annual Improvements to IFRS Accounting Standards – Volume 11

The Annual Improvements include amendments to:

- IFRS 1: Hedge accounting by a first-time adopter
- IFRS 7: Gain or loss on derecognition
- IFRS 7: Disclosure of deferred difference between fair value and transaction price
- IFRS 7: Introduction and credit risk disclosures
- IFRS 9: Lessee derecognition of lease liabilities
- IFRS 9: Transaction price
- IFRS 10: Determination of a 'de facto agent'
- IAS 7: Cost method

The amendments do not include transition requirements, other than that an entity is required to apply the amendment to IFRS 9:2.1(b)(ii) to lease liabilities that are extinguished on or after the beginning of the annual reporting period in which the entity first applies that amendment. The amendments are effective for annual reporting periods beginning on or after 1 January 2026 with earlier application permitted. The Company does not expect these amendments to have a material impact on its financial statements.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

3 Application of new and revised International Financial Reporting Standards ("IFRS") (continued)

(b) Application of new and amended IFRS Accounting Standards (continued)

Contracts Referencing Nature-dependent Electricity – Amendments to IFRS 9 and IFRS 7

In December 2024, the IASB issued amendments addressing contracts referencing nature-dependent electricity. The amendments:

- clarify the application of the 'own use' requirements;
- permit hedge accounting where such contracts are used as hedging instruments; and
- introduce additional disclosure requirements to enhance transparency regarding their effects on financial performance and cash flows.

The amendments are effective for annual reporting periods beginning on or after 1 January 2026. Early application is permitted. The amendments shall be applied retrospectively; prior periods need not be restated to reflect the application of the amendments. The Company does not expect these amendments to have a material impact on its operations or financial statements.

IFRS 18 – Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new. It also requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes. In addition, narrow-scope amendments have been made to IAS 7 Statement of Cash Flows, which include changing the starting point for determining cash flows from operations under the indirect method, from 'profit or loss' to 'operating profit or loss' and removing the optionality around classification of cash flows from dividends and interest. In addition, there are consequential amendments to several other standards.

IFRS 18, and the amendments to the other standards, is effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively. The Company is currently working to identify all impacts the amendments will have on the financial statements.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

3 Application of new and revised International Financial Reporting Standards ("IFRS") (continued)

(b) Application of new and amended IFRS Accounting Standards (continued)

Amendments to IFRS 19 – Subsidiaries without Public Accountability

Following the issuance of IFRS 19 in May 2024, the IASB issued amendments to IFRS 19 to align its reduced disclosure framework with IFRS Accounting Standards issued between February 2021 and May 2024 that were not reflected in the original version of IFRS 19.

The amendments update and refine the disclosure requirements applicable to eligible subsidiaries applying IFRS 19 and:

- remove certain disclosure objectives, including those relating to supplier finance arrangements, lack of exchangeability and non-current liabilities with covenants;
- reduce disclosure requirements relating to supplier finance arrangements;
- remove disclosure requirements that are interpretative guidance rather than mandatory disclosures; and
- replace disclosure requirements relating to management-defined performance measures with a cross-reference to IFRS 18 Presentation and Disclosure in Financial Statements.

The amendments have the same effective date as IFRS 19, being annual reporting periods beginning on or after 1 January 2027, with early application permitted.

The Company is currently assessing whether it qualifies to apply IFRS 19 and, if applicable, the potential impact of applying IFRS 19 and these amendments on its financial statements.

Amendment to IAS 21 - Translation to a Hyperinflationary Presentation Currency

In November 2025, the International Accounting Standards Board ("IASB") issued Translation to a Hyperinflationary Presentation Currency (Amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates).

The amendments address how an entity translates amounts when its functional currency is the currency of a non-hyperinflationary economy and its presentation currency is the currency of a hyperinflationary economy. The amendments aim to reduce diversity in practice by clarifying the translation approach in these circumstances and introduce additional disclosure requirements.

The amendments are effective for annual reporting periods beginning on or after 1 January 2027, with early application permitted. The Company is currently assessing the potential impact of these amendments on its financial statements.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

4 Summary of material accounting policies

4.1 Overall considerations

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

4.2 Foreign currency

Functional and presentation currency

The financial statements are presented in United State Dollar ("USD"), which is also the functional currency of the Company.

Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency of the Company, using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in profit or loss.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

4.3 Revenue recognition

Dividend income is recognised when the right to receive payment is established.

Interest income is accounted on an accrual basis unless collectability is in doubt.

4.4 Operating expenses

Operating expenses are accounted on an accrual basis in the statement of comprehensive income.

4.5 Impairment of non financial assets

At each reporting date, the Company reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. When an indication of an impairment loss exists, the carrying amount of the asset is assessed and is written down to its recoverable amount.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

4 Summary of material accounting policies (continued)

4.6 Financial instruments

A financial instrument is defined as any contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity.

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

Classification and initial measurement of financial assets

All financial assets are initially measured at fair value adjusted for transaction costs, where appropriate.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost
- fair value through profit or loss ("FVTPL")
- fair value through other comprehensive income ("FVOCI")

In the current year, the Company does not have any financial assets categorised as FVTPL and FVOCI.

Financial assets - Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice.

These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets:

- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

4 Summary of material accounting policies (continued)

4.6 Financial instruments (continued)

Financial assets - Business model assessment (continued)

All income and expenses relating to financial assets that are recognised in the statement of comprehensive income are presented within finance income or finance costs, except for impairment losses which are presented within other expenses.

Financial assets at amortised cost

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, loan to related party and most of its receivables fall into this category of financial instruments.

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all receivables.

Classification and subsequent measurement of financial liabilities

The Company's financial liabilities include accruals.

Financial liabilities are measured subsequently at amortised cost using the effective interest method.

Financial assets at fair value through profit or loss

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model, financial assets where contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL.

Assets in this category are measured at fair value with gains or losses recognised in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

The Company holds investment in Travel Circle International (Mauritius) Ltd, an unquoted company and the objective of holding this investment is not for returns from capital appreciation or investment income. Hence the directors consider the cost of this investment to be a fair reflection of the fair value.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

4 Summary of material accounting policies (continued)

4.6 Financial instruments (continued)

Impairment

Non-derivative financial assets

Financial instruments

The Company recognises loss allowances for ECLs on financial assets measured at amortised cost.

The Company measure loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 90 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group and the Company is exposed to credit risk.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expect to receive).

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

4 Summary of material accounting policies (continued)

4.6 Financial instruments (continued)

Impairment (Continued)

Non-derivative financial assets (continued)

Credit-impaired financial assets

At each reporting date, the Company assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company have a policy of writing off the gross carrying amount when the financial asset is 90 days past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually make an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expect no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

Derecognition

The Company derecognise a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which either substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfer nor retain substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company enter into transactions whereby it transfers assets recognised in their statement of financial position, but retain either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

4 Summary of material accounting policies (continued)

4.6 Financial instruments (continued)

Derecognition (continued)

Recognition of credit losses is no longer dependent on the Company first identifying a credit loss event. Instead the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

The Company makes use of a simplified approach in accounting for its loans and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. The Company uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses.

The Company writes off a financial asset when there is information indicating that the borrowers are in severe difficulty and there is no realistic prospect of recovery. Receivables or other financial assets written off are still subject to recovery procedures based on legal advices.

A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial liabilities

The Company's financial liabilities include payables and borrowings.

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of comprehensive income over the year of the borrowings using the effective interest method.

Borrowing costs are expensed in the year in which they are incurred.

Financial liabilities are measured subsequently at amortised cost using the effective interest method.

All interest-related charges on financial liabilities are included within finance costs or finance income.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

4 Summary of material accounting policies (continued)

4.7 Derivative financial instruments

Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value and changes therein are generally recognised in profit or loss.

The fair value of foreign exchange contracts is determined using quoted forward exchange rates at the reporting date and present value calculations based on high credit quality yield curves in respective currencies.

4.8 Investments in subsidiaries

Subsidiaries are all entities over which the Company has control. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Investments in subsidiaries are initially shown at cost. Where an indication of impairment exists, the recoverable amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is charged to the statement of comprehensive income.

On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the statement of comprehensive income.

The Company holds investments in subsidiaries, and is required to present consolidated financial statements. In accordance with the Fourteeth Schedule of the Mauritius Companies Act, Section 212, the Company may not prepare group financial statements as it is wholly owned subsidiary of another company and, in accordance with Section 211 of the Mauritius Companies Act, content and form of the financial statements, these financial statements present the financial position, financial performance and cashflow of the Company.

The Company has not prepared consolidated financial statements as it has applied the exemption available under paragraph 4(a) of IFRS 10 and the Mauritius Companies Act 2001. The Company, being a holder of a Global Business Licence and a virtually wholly-owned subsidiary, is exempt from preparing consolidated financial statements as its ultimate parent prepares publicly available consolidated financial statements in accordance with International Financial Reporting Standards.

4.9 Related parties

A related party is a person or company where that person or company has control or joint control of the reporting company; has significant influence over the reporting company; or is a member of the key management personnel of the reporting company or of a parent of the reporting company.

4 Summary of material accounting policies (continued)

4.10 Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank, together with other short term, highly liquid investments maturing within 90 days from the date of acquisition that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value. The Company has elected to present the statement of cash flows using the indirect method.

4.11 Equity and reserves

Stated capital is determined using the nominal values of shares that have been issued. The amount received in excess of the nominal values is classified as share premium.

Accumulated losses include all the current and prior years' results as disclosed in the statement of comprehensive income.

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

4.12 Taxation

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise those claims from, or obligations to fiscal authorities relating to the current or prior reporting years, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting year.

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

4.13 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. At time of effective payment, the provision is deducted from the corresponding expenses.

All known risks at the reporting date are reviewed in detail and provision is made where necessary.

4.14 Critical accounting estimates and judgements

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

4 Summary of material accounting policies (continued)

4.14 Critical accounting estimates and judgements (continued)

Significant management judgements

Determination of functional currency

The determination of the functional currency of the Company is critical since recording of transactions and exchange differences arising therefrom are dependent on the functional currency selected. The directors have considered those factors and have determined that the functional currency of the Company is the USD.

Recognition of deferred tax assets

The extent to which the deferred tax assets can be recognised is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised.

Estimation uncertainties

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Impairment of loans

The Company applies the requirements of IFRS 9 Financial Instruments in assessing the impairment of its loan receivables. In determining expected credit losses, management considers a broad range of information, including historical credit experience, current conditions, and reasonable and supportable forward-looking information that may affect the expected collectability of future cash flows from the receivables.

In assessing credit risk and estimating expected credit losses, the directors have also taken into consideration the corporate guarantee provided by the holding company, under which the holding company has undertaken to make good any loss suffered by the Company in the event of a default arising from these loans. Accordingly, the existence of this guarantee is factored into the assessment of credit risk and the measurement of expected credit losses.

The estimation of expected credit losses is based on assumptions about various factors, and actual outcomes may differ from these estimates, resulting in changes to the impairment allowance in future periods.

Impairment of investments in subsidiaries

In assessing impairment, management estimates the recoverable amount of each asset based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate. The directors have assessed the recoverable amount of the investments and confirmed that the carrying amounts have not suffered any impairment in value at the reporting date.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

5 Financial instrument risk

Risk management objectives and policies

The Company's activities expose it to a variety of financial risks: market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Company risk management policies are designed to identify and analyse these risks, to set up appropriate risk limits and controls, and to monitor the risks.

The Company's risk is managed at group level and focuses on securing the Company's short to medium term cash flows by minimising the exposure to financial risks.

The Company's financial assets and financial liabilities by category are summarised below:

	2026	2025
	USD	USD
Financial assets		
Amortised cost		
Current		
Loans	**52,851,951**	55,373,080
Investment in fixed deposits	**1,711,565**	1,124,469
Forward exchange contracts	**16,150**	-
Cash and cash equivalents	**565,148**	1,555,468
Current assets	**55,144,814**	58,053,017
Total financial assets	**55,144,814**	58,053,017

	2026	2025
	USD	USD
Financial liabilities		
Amortised cost		
Current		
Borrowings	**55,109,253**	57,405,122
Forward exchange contracts	**-**	198,015
Other payables	**136,780**	175,654
Current liabilities	**55,246,033**	57,778,791
Total financial liabilities	**55,246,033**	57,778,791

** Financial assets exclude prepayments and other receivables **USD 29,732** (2025: USD 53,217).*

The most significant financial risk to which the Company is exposed are described below:

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

5 Financial instrument risk (continued)

5.1 Market risks analysis

Foreign currency exchange risk

The Company operates internationally and is exposed to foreign exchange risk arising from various currency exposures from future commercial transactions and recognised assets and recognised liabilities. Foreign currency risk, as defined in IFRS 7, arises as the value of future transaction, recognised monetary assets and monetary liabilities denominated in other currencies fluctuate due to changes in foreign exchange rates.

To mitigate exposure, the Company has entered into a Forward Exchange Contract, as detailed in Note 17, effectively managing currency fluctuations. While all financial assets and liabilities are denominated in USD, these contracts enhance the Company's foreign exchange risk management.

All the Company's financial assets and liabilities are denominated in USD. Consequently, the Company is not exposed to foreign exchange risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has interest-bearing financial assets and financial liabilities in the form of loans and borrowings respectively. The interests thereon are at fixed rate.

5.2 Credit risk analysis

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company.

The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised overleaf:

	2026	2025
	USD	USD
Current		
Loans	**52,851,951**	55,373,080
Investment in fixed deposits	**1,711,565**	1,124,469
Forward exchange contracts	**16,150**	-
Cash and cash equivalents	**565,148**	1,555,468
Current assets	**55,144,814**	58,053,017
Total	**55,144,814**	58,053,017

The directors have assessed the loans due from related parties and concluded that the expected credit loss is not material. Furthermore, the holding company has undertaken to make good any loss suffered by the Company in the event of any default arising out from these loans. Also, the Company, acting as an investment vehicle, forms part of a group where the treasury functions are centrally managed and all loans within group companies are managed at the holding company level.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

5 Financial instrument risk (continued)

5.2 Credit risk analysis (continued)

The credit risk for cash and cash equivalents is considered negligible, since the Company transacts with reputable banks. The cash and cash equivalents are held with bank and financial institution conterparties which are rated BBB- to AA+ based on Fitch's and Moody's ratings as illustrated below:

Bank	Ratings
AfrAsia Bank Limited	A+
Bank One Limited	BB-
BCP Bank (Mauritius) Limited	BBB-
ABSA Bank (Mauritius) Limited	BB-
SBM Bank (Mauritius) Ltd	Ba1
SBI (Mauritius) Ltd	BBB-
The Mauritius Commercial Bank Ltd	BBB-

None of the above financial assets are secured by collaterals or other credit enhancements.

5.3 Liquidity risk analysis

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company manages its liquidity needs by carefully monitoring its cash outflows due in day-to-day business and also by securing the financial support of its holding companies and financial institutions.

The Company considers expected cash flows from financial assets in assessing liquidity risk, in particular its cash resources and loans.

The following are the contractual maturities of financial liabilities:

31 March 2026	**Carrying amount USD**	**Contractual cashflows USD**	**Less than one year USD**	**1 – 5 years USD**
Borrowings	**55,109,253**	**55,109,253**	**55,109,253**	**-**
Other payables	**136,780**	**136,780**	**136,780**	**-**
	55,246,033	**55,246,033**	**55,246,033**	**-**

31 March 2025	Carrying amount USD	Contractual cashflows USD	Less than one year USD	1 – 5 years USD

Other payables	175,654	175,654	175,654	-
	57,778,791	57,778,791	57,778,791	-

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

6 Capital management policies and procedures

The Company's capital management objectives are:

- to ensure its ability to continue as a going concern; and
- to provide an adequate return to shareholders and stakeholders.

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, that is, equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid, reduce capital, issue new shares, or sell assets to reduce debts.

The Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital:

	2026 **USD**	2025 USD
Debt	**55,109,253**	57,405,122
Cash and cash equivalent	**(565,148)**	(1,555,468)
Net debt	**54,544,105**	55,849,654
Equity	**24,651,329**	24,934,259
Total capital	**79,195,434**	80,783,913
Gearing ratio	**68.87%**	69.13%

Debt includes loans from related parties but excludes loans from banks (Note 15).

7 Fair value measurement

7.1 Fair value measurement of financial instruments

The Company's financial assets and liabilities are measured at their carrying amounts, which approximate their fair values.

The Company, acting as an investment vehicle in the group, has invested in a number of unquoted companies engaged in diversified business activities. The Company's policy is to revalue its financial assets on an annual basis for financial reporting purposes in collaboration with its holding company. The valuation is discussed at appropriate authority level and due consideration is given to impairment losses. The directors consider that it is not relevant and practicable to adjust for any fair value movement at the Company's level given the business model in which the Company operates within the Group.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

7 Fair value measurement (continued)

7.2 Fair value measurement of non-financial assets and non-financial liabilities

The Company's non-financial assets consist of investments in subsidiaries, investment in fixed deposit and prepayments and it did not have any non-financial liabilities.

For non-financial assets, fair value measurement is not applicable since these are not measured at fair value on a recurring or non-recurring basis.

8 Investments in subsidiaries

8.1 Movement during the year

	2026	2025
	USD	USD
At start of the year	**24,606,816**	24,606,816
Movement during the year	**116,000**	-
At end of the year	**24,722,816**	24,606,816

8.2 Details pertaining to the investments are as follows:

Name of companies	**Country of Incorporation**	**% Holding**
Kuoni Australia Holding Pty Ltd	Australia	100%
Asian Trails Holdings Ltd	Republic of Mauritius	80%
Reem Tours and Travel LLC (Note 8.4)	United Arab Emirates	100%
Gulf Dunes LLC (Note 8.5)	United Arab Emirates	100%
Desert Adventures Tourism LLC (Note 8.4)	United Arab Emirates	100%
Kuoni Private Safaris (Pty) Ltd	Republic of South Africa	100%
Private Safaris (EA) Ltd	Kenya	100%
DEI Holdings Limited	United Arab Emirates	51%
Travel Circle International (Cyprus) Limited	Cyprus	100%

8.3 As the Company forms part of a group, the impairment assessment for financial reporting is done at group level. The directors consider that these investments have not suffered any impairment at the reporting date.

8.4 The Company holds 49% each of the shares of Reem Tours and Travel LLC, Gulf Dunes LLC and Desert Adventures Tourism LLC and the remaining 51% shares are indirectly held by the Company through distinct nominees. The Company maintains beneficial ownership of these investments.

8.5 The Company has not received any dividend income during the current financial year (2025: USD nil).

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

9 Loans

	2026	2025
	USD	USD
At 01 April	**55,373,080**	55,197,287
Repayment during the year	**(4,873,130)**	(3,506,185)
Interest income during the year	**2,986,396**	3,838,385
Interest received during the year	**(634,395)**	(352,770)
Foreign exchange loss during the year	**-**	196,363
At 31 March	**52,851,951**	55,373,080

(i) The loans are unsecured, receivable within twelve months, repayable on demand and partly interest-free and partly bear interest.

(ii) Interest due on the loans to related companies for the year amounted to **USD 14,795,311** (2025: USD 12,443,310).

(iii) Expected credit losses

The Company applies the IFRS 9 simplified model of recognising lifetime expected credit losses for all its loans receivable as these items do not have a significant financing component.

The directors consider no expected credit loss is to be recognised for the loans receivable since the amount is not deemed material and the borrowers form part of the same group of companies and the holding company has undertaken to make good any loss suffered by the Company in the event of any default arising out from these loans receivable.

10 Other receivables

	2026	2025
	USD	USD
Other receivables	**29,732**	53,217

11 Investment in fixed deposits

	2026	2025
	USD	USD
At 01 April	**1,124,469**	205,833
Investment during the year	**1,711,469**	917,167
Redemption during the year	**(1,125,938)**	-
Interest element	**1,565**	1,469
At 31 March	**1,711,565**	1,124,469

(i) At 31 March 2026, the Company held fixed deposits with maturity dates of 21 September 2026 and 25 September 2026 and interest rates which are 3.85% (2025: 4.40%) per annum.

(ii) The Company holds bank deposits amounting to USD 1,710,000, which are subject to a lien. These funds have been pledged as security to the forward exchange contracts with the Mauritius Commercial Bank Ltd for a notional value of AUD 11,430,000, maturing on 30 September 2026. The lien limits the Company's access to these funds for operational purposes; however, Management has assessed the impact and confirms that this does not materially affect the Company’s financial position or liquidity.

(iii) Interest accrued on the investment in fixed deposits for the year amounted to **USD 1,565** (2025: USD 1,469).

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

12 Cash and cash equivalents

	2026 USD	2025 USD
Cash at bank	**565,148**	1,555,468

13.1 Stated capital

	2026 USD	2025 USD
4,133,001 ordinary shares of USD 1 each	**4,133,001**	4,133,001

Balance consist of the issue of 1 ordinary share of par value USD 1 to Thomas Cook (Mauritius) Holding Company Limited, at a price of USD 6.18, thus resulting in a premium of USD 5.18 (Note 13.2).

Rights attached to the ordinary shares are as per the Mauritius Companies' Act, as follows:

(i) the right to vote on a poll for every share held at a meeting of the Company on any resolution;
(ii) the right to an equal share in dividends authorised by the Board; and
(iii) the right to an equal share in the distribution of the surplus assets of the Company.

13.2 Share premium

	2026 USD	2025 USD
Share premium	**5**	5

14 Optionally convertible redeemable preference shares ("OCRPS")

	2026 USD	2025 USD
Nominal value	**23,649,535**	23,649,535
Share premium	**2,260,465**	2,260,465
Total	**25,910,000**	25,910,000

The OCRPS are redeemable at the option of the issuer anytime during the tenure of these shares. At the end of 20 years from date of issue, the OCRPS shall be converted into ordinary shares.

The OCRPS carry the following rights:

- to receive notice of and attend shareholder meetings generally and class meetings of the OCRPS but no right to vote on any matters to be considered by the shareholders generally, provided that each OCRPS shall have the right to vote on any matter to be considered by holders of the OCRPS shares.
- right to dividend out of profits, only if, dividend is also declared to equity shareholders. OCRPS dividend would be non-cumulative. However, the Board would have the right to change the dividend rights at any time during the tenure of the OCRPS.

  In prior years, 3,139,535 OCRPS have been issued at a premium of USD 0.72 per share, resulting in a premium of USD 2,260,465.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

15 Borrowings

	2026	2025
	USD	USD
Current		
At 01 April	**57,405,122**	55,668,118
Repayment during the year	**(6,370,000)**	(1,620,000)
Additions during the year	**4,852,721**	-
Interest on borrowings during the year	**(137,363)**	-
Interest paid during the year	**(3,692,387)**	(335,383)
Interest charge from related parties during the year	**3,051,160**	3,692,387
At 31 March	**55,109,253**	57,405,122

(i) The loans from the related parties are interest-bearing, unsecured and repayable within twelve months. The directors consider the carrying amount of the loans to be a reasonable approximation of the fair values.

(ii) Interest accrued on the loans for the year amounted to **USD 13,149,254** (2025: USD 11,545,122).

16 Other payables

	2026	2025
	USD	USD
Accruals	**71,828**	110,702
Due to related party	**64,952**	64,952
Total	**136,780**	175,654

The amount due to the related party is interest-free, unsecured and repayable within twelve months.

17 Forward exchange contracts

As part of its foreign exchange risk management strategy, the Company has entered into forward exchange contracts to hedge its exposure arising on its loan receivables denominated in foreign currency. These contracts are used to mitigate the impact of exchange rate volatility on financial transactions denominated in foreign currencies.

As at 31 March 2026, the Company holds forward exchange contracts with a notional value of AUD 11,470,000, maturing on 30 September 2026, linked to anticipated foreign currency inflows and outflows. The fair value of these contracts, recognized in the financial statements, amounts to **USD 16,150**, classified under financial assets in accordance with IFRS 9 – Financial Instruments.

Management continuously monitors exchange rate movements to assess and adjust the hedging strategy as necessary.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

18 Interest income

	2026 USD	2025 USD

	2026 USD	2025 USD
Interest expense from related parties	**3,051,160**	3,692,387
Interest expense from bank	**-**	2,289
	3,051,160	3,694,676

21 Taxation

The Company, being the holder of Global Business Licence, is liable to income tax in Mauritius on its taxable profit arising from its world-wide income at the rate of 15%.

The Company will be able to claim an 80% partial exemption on specific types of income (including foreign dividends and interest), subject to meeting pre-defined substance conditions. Other types of income not falling within the categories of income benefitting from the partial exemption will be taxed at 15%. As an alternative to the partial exemption, the Company can claim a tax credit against its Mauritius tax liability based on the foreign tax charged on the income in the foreign jurisdiction.

Capital gains are outside the scope of the Mauritian tax while trading profits made by the Company from the sale of shares are exempt from tax. Dividends and redemption proceeds paid by the Company to its shareholders do not attract withholding tax.

The foregoing is based on current interpretation and practice and is subject to any future changes in Mauritian tax laws.

The Tax Act of Mauritius has been amended to include the Corporate Climate Responsibility ("CCR") levy. Every company shall, in every year, be liable to pay an equivalent of 2% of its current year's chargeable income as a CCR levy to support national initiatives aimed at protecting, managing, investing in, and restoring the country's natural ecosystem while combating the effects of climate change.

Docusign Envelope ID: 4806D050-BE30-8327-82E0-6CD6598C1149

21 Taxation (continued)

The CCR levy shall be paid in respect of the year of assessment commencing on 1 July 2024 and for every subsequent year of assessment. It is payable by companies with an annual turnover exceeding Mauritian Rupees 50 million (equivalent USD 1,075,000).

The Company qualifies under the levy requirements, and the CCR levy is applicable for the year under review.

The income tax on the Company's (loss)/profit before tax differs from the theoretical amount that would arise using the effective tax rate is as follows:

Tax reconciliation

	2026	2025
	USD	USD
Loss before tax	**(282,930)**	(574,094)
Tax at 3%	**(8,488)**	(17,223)

25 Events after reporting date

As at the date of the approval of the financial statements, the directors are aware of the recent geopolitical tensions and armed conflicts in the Middle East and do not underestimate the seriousness of these events and the impact this will have on the global economy. Currently there is no direct impact on the Company as it does not have any transactions with countries in the affected regions. Accordingly, the directors have determined that the matter does not have a material impact on the financial statements.

Nevertheless, due to the uncertainty surrounding the duration and extent of the conflict and the potential for broader economic impacts, the directors will continue to monitor the situation closely.

There have been no other material events after the reporting date which require disclosure or adjustment to the financial statements for the year ended 31 March 2026.

REPORT OF THE DIRECTORS

The directors submit their report and the audited financial statements for the year ended 31 December 2025, which present the financial position of the company as at 31 December 2025 and their financial performance and cash flows for the year then ended.

PRINCIPAL ACTIVITY

The principal activity of the company is that of tour operations.

BUSINESS REVIEW

During the year 2025, the total revenue of the company decreased from Shs. 1,760,079,859 to Shs. 1,516,853,165. This decrease is mainly as a result of insolvency of a key sales agent. The loss for the year decreased from Shs. 28,508,000 to Shs. 7,666,000.

Key performance indicators	2025	2024
Revenue (Shs '000)	1,516,853	1,760,080
Gross profit (Shs '000)	225,437	302,181
Gross profit margin (%)	14.86%	17.17%
(Loss) for the year (Shs '000)	(7,666)	(28,508)
EBITDA (Shs '000)	(1,564)	(18,271)
Net assets (Shs '000)	300,094	307,760

PRINCIPAL RISKS AND UNCERTAINTIES

Principal risks are reviewed throughout the year and are discussed at board level periodically. This includes relevant business principal risks that could threaten the company's business model, future performance and liquidity position of the company.

The overall business environment continues to remain challenging and this has a resultant effect on overall demand of the company's services. The company's strategic focus is to enhance sales growth whilst maintaining profit margins, the success of which remains dependent on overall market conditions.

Kenya's economy is the largest in East and Central Africa and has experienced considerable growth in the past few years. Although the economy remains small by global standards, it is distinguished from most African countries by the fact that it is one of the most diversified and advanced.

Security situation
The security situation remained stable in the year with sustained investment in the same by the Government.

In addition to the business risks discussed above, the company's activities expose it to a number of financial risks which are described in detail in Note 21 to the financial statements.

DIVIDEND

The directors do not recommend the declaration of a dividend for the year (2024: Nil).

REPORT OF THE DIRECTORS (CONTINUED)

STATEMENT AS TO DISCLOSURE TO THE COMPANY'S AUDITOR

DIRECTORS

The directors who held office during the year and to the date of this report are shown on page 1.

In accordance with the company's Articles of Association, no director is due for retirement by rotation.

With respect to each director at the time this report was approved:

(a) there is, so far as the person is aware, no relevant audit information of which the company's auditor is unaware; and

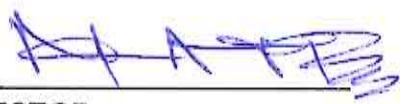
(b) the person has taken all the steps that the person ought to have taken as a director so as to be aware of any relevant audit information and to establish that the company's auditor is aware of that information.

TERMS OF APPOINTMENT OF THE AUDITOR

PKF Kenya LLP continues in office in accordance with the company's Articles of Association and Section 719 of the Kenyan Companies Act, 2015. The directors monitor the effectiveness, objectivity and independence of the auditor. The directors also approve the annual audit engagement contract which sets out the terms of the auditor's appointment and the related fees.

Approved by the board of directors on 08TH MAY 2026 and signed on its behalf by:

BY ORDER OF THE BOARD



DIRECTOR
NAIROBI

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Kenyan Companies Act, 2015 requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for that year. It also requires the directors to ensure that the company keeps proper accounting records that are sufficient to show and explain the transactions of the company; that disclose, with reasonable accuracy, the financial position of the company and that enable them to prepare financial statements of the company that comply with IFRS® Accounting Standards and the requirements of the Kenyan Companies Act, 2015. The directors are also responsible for safeguarding the assets of the company and for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors accept responsibility for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards and in the manner required by the Kenyan Companies Act, 2015. They also accept responsibility for:

i. Designing, implementing and maintaining such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error;
ii. Selecting and applying appropriate accounting policies; and
iii. Making accounting estimates and judgements that are reasonable in the circumstances.

The directors confirm that the financial statements give a true and fair view of the financial position of the company as at 31 December 2025 and of the company's financial performance and cash flows for the year then ended in accordance with IFRS Accounting Standards and the requirements of the Kenyan Companies Act, 2015.

Having made an assessment of the company's ability to continue as a going concern, the directors are not aware of any material uncertainties related to events or conditions that may cast doubt upon the company's ability to continue as a going concern for at least the next twelve months from the date of this statement.

The directors acknowledge that the independent audit of the financial statements does not relieve them of their responsibilities.

Approved by the board of directors on 08TH MAY 2026 and signed on its behalf by:

PKF

REPORT OF THE INDEPENDENT AUDITOR
TO THE MEMBERS OF PRIVATE SAFARIS (EAST AFRICA) LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Private Safaris (East Africa) Limited set out on pages 8 to 38, which comprise the statement of financial position as at 31 December 2025, the statement of profit or loss, statement of changes in equity, statement of cash flows for the year then ended and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the company as at 31 December 2025, and of its financial performance and cash flows for the year then ended in accordance with IFRS Accounting Standards and the requirements of the Kenyan Companies Act, 2015.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (Including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Kenya, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information comprises the report the of directors, statement of directors' responsibilities, schedule of direct costs and expenditure any other reports that comprise the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the Financial Statements

The directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRS Accounting Standards and the requirements of the Kenyan Companies Act, 2015, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for overseeing the company's financial reporting process.

PKF

REPORT OF THE INDEPENDENT AUDITOR
TO THE MEMBERS OF PRIVATE SAFARIS (EAST AFRICA) LIMITED (CONTINUED)

Report on the Audit of the Financial Statements (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards of Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- Conclude on the appropriateness of directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT OF THE INDEPENDENT AUDITOR
TO THE MEMBERS OF PRIVATE SAFARIS (EAST AFRICA) LIMITED (CONTINUED)

Report on the Audit of the Financial Statements (continued)

Report on other matters as prescribed by the Kenyan Companies Act, 2015

In our opinion, the information given in the report of the directors on pages 2 and 3 is consistent with the financial statements.

NOTES

1. MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policy information considered material in the preparation of these financial statements is set out below. The accounting policy information has been consistently applied to all the years presented, unless otherwise stated.

These financial statements comply with the requirements of the Kenyan Companies Act, 2015. The statement of profit or loss represents the profit and loss account referred to in the Act. The statement of financial position represents the balance sheet referred to in the Act.

a) Basis of preparation

The financial statements have been prepared under the historical cost convention and are in accordance with IFRS Accounting Standards. The historical cost convention is generally based on the fair value of the consideration given in exchange of assets.

Going concern

The financial performance of the company is set out in the report of the directors and in the statement of profit or loss. The financial position of the company is set out in the statement of financial position. Disclosures in respect of risk management are set out in Note 21 and disclosures in respect of capital management are set out in Note 22.

Based on the financial performance and position of the company and its risk management policies, the directors are of the opinion that the company is well placed to continue in business for the foreseeable future and as a result the financial statements are prepared on a going concern basis.

New standards, amendments and interpretations adopted by the company

The company applied for the first time certain standards and amendments, which are effective for annual periods beginning on or after 1 January 2025. The company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

Amendments to IAS 21 'Lack of Exchangeability' (issued in August 2023)

The amendments specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of an entity's financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The amendments had no impact on the company's financial statements.

New standards, amendments and interpretations issued but not effective

At the date of authorisation of these financial statements, the following standards and interpretations, which have not been applied in these financial statements, were in issue but not yet effective for the year presented:

- Amendments to IAS 7 'Statement of Cash Flows' (issued in July 2024), effective for annual reporting periods beginning on or after 1 January 2026, with earlier application permitted, amended paragraph 37 of IAS 7 to replace the term 'cost method' with 'at cost', following the prior deletion of the definition of 'cost method'.

NOTES (CONTINUED)

1. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

a) Basis of preparation (continued)

New standards, amendments and interpretations issued but not effective (continued)

- Amendments to IAS 21 'Translation to a Hyperinflationary Presentation Currency ' (issued in November 2025), effective for annual periods beginning on or after 1 January 2027, with earlier application permitted, require translation from a non-hyperinflationary functional currency into a hyperinflationary presentation currency at the closing rate.

- If an entity's functional currency is the currency of a non-hyperinflationary economy, but its presentation currency is the currency of a hyperinflationary economy, its results and financial position are translated into the presentation currency by translating all amounts (i.e., assets, liabilities, equity items, income and expenses) and all comparatives at the closing rate at the date of the most recent statement of financial position.

- An entity whose functional currency and presentation currency are the currency of a hyperinflationary economy, restates the comparative amounts of a foreign operation, whose functional currency is that of a non-hyperinflationary economy, by applying the general price index, in accordance with paragraph 34 of IAS 29, to the foreign operation's comparative figures.

- If an entity's functional currency and presentation currency are the currency of a hyperinflationary economy (or are the currencies of different hyperinflationary economies) and it translates the results and financial position of foreign operations whose functional currency is that of a non-hyperinflationary economy, then it is required to apply the amendments from the beginning of the annual reporting period in which it first applies the amendments. In addition, it restates the comparative amounts of its foreign operations included in the entity's previously issued financial statements by applying the general price index it applies to corresponding figures in accordance with paragraph 34 of IAS 29.

  The amendments also introduce certain additional disclosure requirements.

- Amendments to IFRS 1 'First-time Adoption of International Financial Reporting Standards' (issued in July 2024), effective for annual reporting periods beginning on or after 1st January 2026, with earlier application permitted, amended paragraphs B5 and B6 of IFRS 1 to include cross references to the qualifying criteria for hedge accounting in paragraph 6.4.1(a), (b) and (c) of IFRS 9. These amendments are intended to address potential confusion arising from an inconsistency between the wording in IFRS 1 and the requirements for hedge accounting in IFRS 9.

- Amendments to IFRS 7 'Financial Instruments: Disclosures' (issued in July 2024), effective for annual reporting periods beginning on or after 1 January 2026, with earlier application permitted, updated the language on unobservable inputs in paragraph B38 of IFRS 7 and include a cross reference to paragraphs 72 and 73 of IFRS 13 Fair Value Measurement.

- The amendments to paragraph G1 of the Guidance on implementing IFRS 7 clarify that the guidance does not necessarily illustrate all the requirements in the referenced paragraphs of IFRS 7, nor does it create additional requirements.

- The amendments also clarify the disclosure of deferred difference between fair value and transaction price. Paragraph G14 of the Guidance on implementing IFRS 7 has been amended mainly to make the wording consistent with the requirements in paragraph 28 of IFRS 7 and with the concepts and terminology used in IFRS 9 and IFRS 13.

1. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

a) Basis of preparation (continued)

New standards, amendments and interpretations issued but not effective (continued)

The amendments also clarify the credit risk disclosures. Paragraph G20B of the Guidance on implementing IFRS 7 has been amended to simplify the explanation of which aspects of the IFRS requirements are not illustrated in the example.

- Amendments to IFRS 9 and IFRS 7 'Classification and Measurement of Financial Instruments' (issued May 2024), effective for annual periods beginning on or after 1 January 2026, clarify that a financial liability is derecognised on the 'settlement date', i.e., when the related obligation is discharged, cancelled, expires or the liability otherwise qualifies for derecognition. They also introduce an accounting policy option to derecognise financial liabilities that are settled through an electronic payment system before settlement date if certain conditions are met.

  They also amend the designation requirements for a hedged item in a cash flow hedging relationship for in-scope contracts. The amendments will allow an entity to designate a variable nominal volume of forecast electricity transactions as a hedged item, if specified criteria are met.

  The amendments also clarify how to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance (ESG)-linked features and other similar contingent features and the treatment of non-recourse assets and contractually linked instruments.

- Amendments to IFRS 10 and IAS 28 'Sale or Contribution of Assets between an Investor and its Associate or Joint Venture' (issued in September 2014), applicable from a date yet to be determined, address a current conflict between the two standards and clarify that a gain or loss should be recognized fully when the transaction involves a business, and partially if it involves assets that do not constitute a business.

- IFRS 18 'Presentation and Disclosure in Financial Statements' (issued in April 2024), replaces IAS 1 'Presentation of Financial Statements'. IFRS 18 introduces new categories and subtotals the statement of profit or loss. It also requires disclosure of newly defined management-defined performance measures (MPM) and includes new requirements for the location, aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes.

  In addition, narrow-scope amendments have been made to IAS 7 Statement of Cash Flows, which include changing the starting point for determining cash flows from operations under the indirect method, from 'profit or loss' to 'operating profit or loss' and removing the optionality around classification of cash flows from dividends and interest.

  IAS 33 Earnings per Share has been amended to include additional requirements that permit entities to disclose additional amounts per share, only if the numerator used in the calculation meets specified criteria.

  Some requirements previously included within IAS 1 have been moved to IAS 8 '*Accounting Policies, Changes in Accounting Estimates and Errors*', which has been renamed IAS 8 *Basis of Preparation of Financial Statements*'. IAS 34 *'Interim Financial Reporting'* has also been amended to require disclosure of MPMs.

  IFRS 18, and the amendments to the other accounting standards, is effective for reporting periods beginning on or after 1 January 2027 and will apply retrospectively. Early adoption is permitted and must be disclosed.

  The company is currently working to identify all impacts the amendments will have on the primary financial statements and notes to the financial statements.

NOTES (CONTINUED)

1. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

a) Basis of preparation (continued)

New standards, amendments and interpretations issued but not effective (continued)

- IFRS 19 'Subsidiaries without Public Accountability: Disclosures' (issued in May 2024), effective for annual periods beginning on or after 1 January 2027, with early adoption permitted, allows subsidiaries without public accountability of a parent that prepares consolidated financial statements, available for public use, which comply with IFRS accounting standards. (eligible entities) to elect to apply IFRS 19's reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other IFRS Accounting Standards. An entity applying IFRS 19 is required to disclose that fact as part of its general IFRS Accounting Standards compliance statement.

Except where indicated above, the directors do not expect that adoption of these standards and interpretations will have a material impact on the financial statements in future periods. The company plans to apply the changes above, if applicable, from their effective dates.

b) Significant accounting judgements, estimates and assumptions

The preparation of the company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other relevant factors. Such estimates and assumptions are reviewed on an ongoing basis. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Revisions to estimates are recognised prospectively.

The directors have made the following assumptions that have a significant risk of resulting in a material adjustment to the carrying amount of assets and liabilities within the next financial year.

- **Measurement of expected credit losses (ECL):**

The measurement of the expected credit loss allowance for financial assets measured at amortised cost is an area that requires the use of complex models and significant assumption about future economic conditions and credit behaviour.

A number of significant judgements are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and associated ECL; and
- Establishing company's of similar financial assets for the purposes of measuring ECL.

ECLs are measured as the probability-weighted present value of expected cash shortfalls over the remaining expected life of the financial instrument.

The measurement of ECLs are based primarily on the product of the instrument's Probability of Default (PD), Loss Given Default (LGD), and Exposure At Default (EAD).

1. **MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)**

b) **Significant accounting judgements, estimates and assumptions (continued)**

- **Measurement of expected credit losses (ECL): (continued)**

The ECL model applied for financial assets, other than trade receivables contains a three-stage approach that is based on the change in the credit quality of assets since initial recognition.

- **Stage 1** - If, at the reporting date, the credit risk of non-impaired financial instruments has not increased significantly since initial recognition, these financial instruments are classified in Stage 1, and a loss allowance that is measured, at each reporting date, at an amount equal to 12-month expected credit losses is recorded.

- **Stage 2** - When there is a significant increase in credit risk since initial recognition, these non-impaired financial instruments are migrated to Stage 2, and a loss allowance that is measured, at each reporting date, at an amount equal to lifetime expected credit losses is recorded. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a significant increase in credit risk since initial recognition, the ECL model requires reverting to recognition of 12-month expected credit losses.

- **Stage 3** - When one or more events that have a detrimental impact on the estimated future cash flows of a financial asset have occurred, the financial asset is considered credit-impaired and is migrated to Stage 3, and an allowance equal to lifetime expected losses continues to be recorded or the financial asset is written off.

Assessment of significant increase in credit risk: The determination of a significant increase in credit risk takes into account many different factors including a comparison of a financial instruments credit risk or PD at the reporting date and the credit or PD at the date of initial recognition. IFRS 9 however includes rebuttable presumptions that contractual payments are overdue by more than 30 days will represent a significant increase in credit risk (stage 2) and contractual payments that are more than 90 days overdue will represent credit impairment (stage 3). The company uses these guidelines in determining the staging of its assets unless there is persuasive evidence available to rebut these presumptions.

Provision for expected credit losses of trade receivables

The company uses a provision matrix to calculate ECLs for trade receivables.

The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e. by geography, product type, customer type, rating and coverage by letters of credit and other forms of credit insurance).

The provision matrix is initially based on the company's historical observed default rates. The company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the manufacturing sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

1. **MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)**

b) **Significant accounting judgements, estimates and assumptions (continued)**

The carrying amounts of the company's financial assets that are subject to impairment assessment are disclosed in Note 16.

- **Useful lives, depreciation methods and residual values of property and equipment, intangible assets and right-of-use assets**

Management reviews the useful lives, depreciation methods and residual values of the items of property and equipment, intangible assets and right-of-use assets accounted for using the cost model on a regular basis. During the financial year, the directors determined no significant changes in the useful lives, depreciation methods and residual values. The carrying amount of property and equipment, intangible assets and right-of-use assets are disclosed in Notes 12, 13 and 14, respectively.

- **Accounting for leases under IFRS 16**

Management has made various judgements and estimates under IFRS 16 as detailed below:

Incremental borrowing rate: To determine the incremental borrowing rate, the company:
- where possible, uses recent third-party financing received as a starting point, adjusted to reflect changes in financing conditions since third party financing was received;
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk, which does not have recent third party financing; and
- makes adjustments specific to the lease, e.g. term, country, currency and security.

Lease term/period: In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

For leases of offices and stores, the following factors are normally the most relevant:
- If there are significant penalties to terminate (or not extend), the company is typically reasonably certain to extend (or not terminate).
- If any leasehold improvements are expected to have a significant remaining value, the company is typically reasonably certain to extend (or not terminate).
- Otherwise, the company considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset.

The lease term is reassessed if an option is actually exercised (or not exercised) or the company becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee.

The carrying amounts of lease liabilities and right-of-use assets are disclosed in Notes 10 and 14, respectively.

- **Impairment of non-financial assets**

Impairment exists when the carrying amount of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs of disposing of the asset.

NOTES (CONTINUED)

1. **MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)**

b) **Significant accounting judgements, estimates and assumptions (continued)**

- **Taxes**

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits, together with future tax planning strategies.

c) **Revenue recognition**

Revenue from contracts with customers
The company recognises revenue from direct sales of tour operations. The company recognises revenue as and when it satisfies a performance obligation by transferring control of a service to a customer. The amount of revenue recognised is the amount the company expects to receive in accordance with the terms of the contract and excludes amounts collected on behalf of third parties, such as Value Added Tax.

Direct sales of tour operations
The company's revenue is measured as the aggregate amount of gross revenue receivable from inclusive tours, airline travel services, hotel services, travel agency commissions and other travel services supplied to customers in the ordinary course of business. The company records revenue on a net basis after deducting discounts and rebates.

Other income
Interest income is recognised on a time proportion basis using the effective interest method.

d) **Translation of foreign currencies**

Transactions in foreign currencies during the year are converted into Kenya Shillings (the functional currency), at the rates ruling at the transaction dates.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

The resulting differences from settlement and translation of monetary items are dealt with in profit or loss in the year in which they arise.

e) **Financial instruments**

Financial instruments are recognised when, and only when, the company becomes party to the contractual provisions of the instrument.

- ***Financial assets***

All financial assets are recognised initially using the trade date accounting which is the date the company commits itself to the purchase or sale.

1. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

e) Financial instruments (continued)

- ***Financial assets (continued)***

The company's financial assets which include cash and bank balances and trade and other receivables fall into the following category:

Amortised cost:
Financial assets that are held within a business model whose objective is to hold assets in order to collect contractual cash flows, and for which the contractual terms of the financial asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding and are not designated at Fair Value Through Profit or Loss (FVTPL), are classified and measured at amortised cost. The carrying amount of these assets is adjusted by any expected credit loss allowance recognised and measured.

At initial recognition of a financial asset, the company determines whether newly recognised financial assets are part of an existing business model or whether they reflect the commencement of a new business model. The company reassess its business models each reporting period to determine whether the business models have changed since the preceding period. For the current and prior reporting period the company has not identified a change in its business models.

Derecognition/write off

Financial assets are derecognised when the rights to receive cash flows from the financial asset have expired, when the company has transferred substantially all risks and rewards of ownership, or when the company has no reasonable expectations of recovering the asset.

Financial instruments that are subsequently measured at amortised cost are subject to impairment.

Impairment

Debt instruments that are subsequently measured at amortised cost.

The company recognises loss allowances for Expected Credit Losses (ECLs) on the following financial instruments that are measured at amortised cost:

- Trade and other receivables.

The loss allowance is measured at an amount equal to the lifetime expected credit losses for trade receivables and for financial instruments for which:
- the credit risk has increased significantly since initial recognition; or
- there is observable evidence of impairment (a credit-impaired financial asset).

If, at the reporting date, the credit risk on a financial asset other than a trade receivable has not increased significantly since initial recognition, the loss allowance is measured for that financial instrument at an amount equal to 12-month expected credit losses. All changes in the loss allowance are recognised in profit or loss as impairment gains or losses.

1. **MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)**

e) **Financial instruments (continued)**

- ***Financial assets (continued)***

Impairment (continued)

Lifetime expected credit losses represent the expected credit losses that result from all possible default events over the expected life of a financial instrument. 12-month expected credit losses represent the portion of lifetime expected credit losses that result from default events on a financial asset that are possible within 12 months after the reporting date.

Expected credit losses are measured in a way that reflects an unbiased and probability-weighted amount determined by evaluating a range of possible outcomes, the time value of money, and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

Presentation

All financial assets are classified as non-current except those that are held for trading, those with maturities of less than 12 months from the reporting date, those which management has the express intention of holding for less than 12 months from the reporting date or those that are required to be sold to raise operating capital, in which case they are classified as current assets.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss as appropriate. All financial liabilities are recognised initially at fair value and, in the case of payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables.

All other financial liabilities are classified and measured at amortised cost.

Presentation

All financial liabilities are classified as non-current except those held for trading, those expected to be settled in the company's normal operating cycle, those payable or expected to be paid within 12 months of the reporting date and those which the company does not have an unconditional right to defer settlement for at least 12 months after the reporting date.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when there is a legally enforceable right to offset the amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

1. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

f) Property and equipment

All property and equipment is initially recorded at cost and thereafter stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost comprises expenditure initially incurred to bring the asset to its location and condition ready for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost can be reliably measured. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial year in which they are incurred.

Depreciation is calculated on a straight line basis to write down the cost of each asset, to its residual value over its estimated useful life using the following annual rates:

	Rate %
Leasehold improvements	20
Furniture and fittings	20
Motor vehicles	20
Computer equipment	33

The assets' residual values, useful lives and methods of depreciation are reviewed at the end of each reporting period and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposal of property and equipment are determined by comparing the proceeds with the carrying amount and are taken into account in determining operating (loss).

g) Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. The amortisation expense on intangible assets with finite lives is recognised in profit or loss in the expense category that is consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

i) Computer software

Computer software licences are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over their estimated useful lives which are estimated to be five years.

1. **MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)**

g) **Intangible assets (continued)**

ii) **Trade marks**

Trade marks are shown at historical cost. Trade marks have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method over a period of five years to allocate the cost of trademarks over their estimated useful lives.

An intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset is recognised in profit or loss.

h) **Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost is determined on direct purchase value. Net realisable value is the estimate of the selling price in the ordinary course of business less selling expenses.

i) **Cash and cash equivalents**

For the purposes of the statement of cash flows, cash and cash equivalents comprise cash in hand and deposits held at call with banks.

j) **Taxation**

The tax expense for the year comprises current and deferred tax and is recognised in profit or loss.

Current tax
The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date.

Deferred tax
Deferred tax is provided using the liability method for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted at the reporting date. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Offsetting
The company offsets deferred tax assets and deferred tax liabilities if, and only if, it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority.

1. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

j) Taxation (continued)

Value Added Tax (VAT)
Expenses and assets are recognised net of the amount of VAT except:
- when the VAT incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the VAT is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable; and
- receivables and payables are stated with the amount of VAT included.

The net amount of VAT recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

k) Retirement benefit obligations

The company and its employees contribute to the National Social Security Fund (NSSF), a statutory defined contribution scheme registered under the NSSF Act. The company's contributions to the defined contribution scheme are charged to profit or loss in the year to which they relate.

l) Accounting for leases

The company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The company as a lessee:

On the commencement date of each lease (excluding leases with a term, on commencement, of 12 months or less and leases for which the underlying asset is of low value) the company recognises a right-of-use asset and a lease liability.

The lease liability is measured at the present value of the lease payments that are not paid on that date. The lease payments include fixed payments, variable payments that depend on an index or a rate, amounts expected to be payable under residual value guarantees, and the exercise price of a purchase option if the company is reasonably certain to exercise that option. The lease payments are discounted at the interest rate implicit in the lease. If that rate cannot be readily determined, the company's incremental borrowing rate is used.

For leases that contain non-lease components, the company allocates the consideration payable to the lease and non-lease components based on their relative stand-alone components.

The right-of-use asset is initially measured at cost comprising the initial measurement of the lease liability, any lease payments made on or before the commencement date, any initial direct costs incurred, and an estimate of the costs of restoring the underlying asset to the condition required under the terms of the lease.

1. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

l) Accounting for leases (continued)

The company as a lessee: (continued)

Subsequently the lease liability is measured at amortised cost, subject to remeasurement to reflect any reassessment, lease modifications, or revised fixed lease payments.

All other right-of-use assets are subsequently measured at cost less accumulated depreciation and any accumulated impairment losses, adjusted for any remeasurement of the lease liability. Depreciation is calculated using the straight-line method to write down the cost of each asset to its residual value over its estimated useful life. If ownership of the underlying asset is not expected to pass to the company at the end of the lease term, the estimated useful life would not exceed the lease term.

For leases with a term, on commencement, of 12 months or less and leases for which the underlying asset is of low value, the total lease payments are recognised in profit or loss on a straight-line basis over the lease period.

m) Employee entitlements

The estimated monetary liability for employees' accrued annual leave entitlement at the reporting date is recognised as an expense accrual.

n) Share capital and preference shares

Ordinary shares are classified as equity. Mandatorily redeemable preference shares are classified as liabilities.

Any amounts received over and above the par value of the shares issued are classified as 'share premium' in equity.

o) Comparatives

There were no changes in presentation in the current year.

2. **Revenue from contracts with customers**	2025 Shs '000	2024 Shs '000
Recognised at a point in time:		
- Sale of safari packages	1,516,853	1,760,080

3. **Other operating income**		
Gain on disposal of property and equipment	4,910	625
Other income	3	20
	4,913	645

Other income relates to sale to computer scrap.

4. **Operating (loss)**		
The following items have been charged/(credited) in arriving at the operating (loss):		
Depreciation on property and equipment (Note 12)	11,985	10,254
(Gain) on disposal of property and equipment (Note 3)	(4,910)	(625)
Amortisation of intangible assets (Note 13)	645	446
Depreciation on right of use assets (Note 14)	8,446	8,554
Staff costs (Note 5)	135,886	137,351
Director's remuneration	18,207	17,966
Net foreign exchange loss	802	70,991
Auditors' remuneration		
- current year	1,683	1,849
Net impairment gain/(loss) on financial and contract assets (Note 21b)	1,736	(23,584)
Low value leases	4,434	4,361
Repairs and maintenance	6,771	8,197

5. **Staff costs**		
Salaries and wages	117,269	119,210
Other staff costs	15,098	16,051
Post-employment benefits:		
- National Social Security Fund	3,519	2,090
	135,886	137,351

The average number of persons employed during the year, by category, were:	2025 No	2024 No
Management and administration	78	86

6. **Finance costs**	2025 Shs '000	2024 Shs '000
Lease liabilities interest (Note 10)	1,265	1,447

NOTES (CONTINUED)

7. Tax	2025 Shs '000	2024 Shs '000
Current tax	2,075	3,870
Deferred tax (credit) (Note 11)	(18,313)	(14,334)
	(16,238)	(10,464)
The tax on the company's (loss) before tax differs from the theoretical amount that would arise using the basic rate as follows:		
(Loss) before tax	(23,904)	(38,972)
Tax calculated at a tax rate of 30% (2024: 30%)	(7,171)	(11,692)
Tax effect of:		
- expenses not deductible for tax purposes	725	1,228
- impact of reversed impairment losses on trade receivables	(9,792)	-
Tax (credit)	(16,238)	(10,464)

8. **(Loss) per share**

Basic (loss) per share is calculated by dividing the profit attributable to equity holders of the company by the weighted average number of ordinary shares in issue during the year.

	2025 Shs	2024 Shs
(Loss) attributable to equity holders (Shs.)	(7,666,000)	(28,508,000)
Weighted average number of ordinary shares (Number)	3,125,000	3,125,000
(Loss) per share (Shs).	(2)	(9)

9. Share capital	2025 Shs '000	2024 Shs '000
Authorised:		
3,250,000 (2024: 3,250,000) ordinary shares of Shs. 20 each	65,000	65,000
2,937,695 (2024: 2,937,695) 6% non-cumulative redeemable preference shares of Shs. 100 each	293,770	293,770
	358,770	358,770
Issued and fully paid:		
3,125,000 (2024: 3,125,000) ordinary shares of Shs. 20 each	62,500	62,500
2,937,695 (2024: 2,937,695) 6% non-cumulative redeemable preference shares of Shs. 100 each	293,770	293,770
	356,270	356,270

The preference shares are non-cumulative and only redeemable within a period of 20 years from the issue date (being 21 December 2017) if the company has not exercised its option to convert such shares to ordinary equity before such period elapses. The company holds the option for conversion of such shares at a predetermined number and valuation at any time over this period.

10. **Lease liabilities**	2025 Shs '000	2024 Shs '000
Non-current	5,109	-
Current	8,349	5,014
	13,458	5,014

The total cash outflow for leases in the year was:

Payments of principal portion of the lease liability	(9,696)	(10,235)

Reconciliation of lease liabilities arising from financing activities:

At start of year	5,014	13,802
Interest charged to profit or loss (Note 6)	1,265	1,447
Cash flows:		
- Amounts financed through leases	16,876	-
- Payments under leases	(9,696)	(10,235)
At end of year	13,458	5,014

Lease liabilities are unsecured.

The leases expiring within one year are subject to review at various dates during the next financial year.

The exposure of the company's leases to interest rate changes and the contractual repricing dates at the reporting date are as follows:

	2025 Shs '000	2024 Shs '000
6 months or less	4,022	4,976
6 - 12 months	4,327	38
1 - 2 years	5,109	-
	13,458	5,014

Weighted average effective interest rates at the reporting date was:	2025 %	2024 %
Lease liabilities	11.5% - 14%	11.5% - 14%

The carrying amounts of the company's lease liabilities are denominated in Kenya Shillings.

Maturity based on the repayment structure of lease liabilities is as follows:

Gross lease liabilities - minimum lease payments	2025 Shs '000	2024 Shs '000
Not later than 1 year	9,566	5,281
Later than 1 year and not later than 5 years	5,312	-
Total gross lease	14,877	5,281
Future interest expense on leases liabilities	(1,419)	(267)
Present value of lease liabilities	13,458	5,014

11. **Deferred tax**

Deferred tax is calculated, in full, on all temporary differences under the liability method using a principal tax rate of 30% (2024: 30%). The movement on the deferred tax account is as follows:

	2025 Shs '000	2024 Shs '000
At start of year	(79,517)	(65,183)
(Credit) to profit or loss (Note 7)	(18,313)	(14,334)
At end of year	(97,830)	(79,517)

Deferred tax (assets) in the statement of financial position and deferred tax charge/(credit) to profit or loss are attributable to the following items:

	At start of year Shs '000	Charge/(credit) to profit or loss Shs '000	At end of year Shs '000
Year ended 31 December 2025			
Property and equipment	(4,031)	2,231	(1,800)
Impairment loss	(11,041)	10,313	(728)
General provisions	(3,631)	(8,877)	(12,508)
Unrealised foreign exchange differences	(2,466)	538	(1,928)
Tax losses	(58,348)	(22,519)	(80,867)
Net deferred tax (asset)	(79,517)	(18,313)	(97,830)
Year ended 31 December 2024			
Property and equipment	(7,162)	3,131	(4,031)
Impairment loss	(3,966)	(7,075)	(11,041)
General provisions	(3,555)	(76)	(3,631)
Unrealised foreign exchange differences	23,009	(25,475)	(2,466)
Tax losses	(73,509)	15,161	(58,348)
Net deferred tax (asset)	(65,183)	(14,334)	(79,517)

Deferred tax assets on tax losses carried forward and deductible temporary differences are only recognised to the extent of certainty of availability of sufficient future taxable profits to utilise such losses and deductible temporary differences against. Deferred tax assets amounting to Shs. 80,867,000 (2024: Shs. 58,348,000) and Shs. 16,964,000 (2024: Shs. 21,169,000) in respect of tax losses carried forward and deductible temporary differences amounting to Shs. 269,556,000 (2024: Shs. 194,493,000) and Shs. 56,544,000 (2024: Shs. 70,563,000), respectively, that can be carried forward against future taxable profits have been recognised in these financial statements.

12. **Property and equipment**

Year ended 31 December 2025

	Leasehold improvements Shs '000	Furniture and fittings Shs '000	Motor vehicles Shs '000	Computer equipment Shs '000	Total Shs '000

Charge for the year	47	598	645
At end of year	262	27,447	27,708
Net carrying amount	57	1,082	1,140
Year ended 31 December 2024			
Cost			
At start of year	319	26,876	27,195
Additions	-	1,481	1,481
At end of year	319	28,357	28,676
Amortisation			
At start of year	156	26,461	26,617
Charge for the year	58	388	446
At end of year	214	26,849	27,063
Net carrying amount	105	1,507	1,612

Amortisation costs amounting to Shs. 644,779 (2024: Shs. 446,040) are included in other operating expenses.

14. **Right-of-use assets**

	Leased buildings 2025 Shs '000	2024 Shs '000
Cost		
At start of year	34,847	34,847
Additions	16,876	-
Disposals	(20,804)	-
At end of year	30,919	34,847
Accumulated depreciation		
At start of year	30,210	21,656
Charge for the year	8,446	8,554
Disposals	(20,804)	-
At end of year	17,852	30,210
Net carrying amount	13,067	4,637

The company leases offices and stores. The leased offices and stores are typically for periods of between 1 and 2 years, with options to renew. None of the leases contains any restrictions or covenants other than the protective rights of the lessor or carries a residual value guarantee.

14. **Right-of-use assets (continued)**

In the statement of cash flows, the amount for payments for right-of-use assets represents:

	2025 Shs '000	2024 Shs '000
Additions, as above	16,876	-
Less: amounts financed through lease liabilities	(16,876)	-
	-	-

For information on the related lease liabilities, see Note 10.

15. **Inventories**

	2025 Shs '000	2024 Shs '000
Park tickets	2,463	5,202

16. **Trade and other receivables**

	2025 Shs '000	2024 Shs '000
Trade receivables	141,622	83,499
Less: expected credit losses	(35,066)	(36,802)
Net trade receivables	106,556	46,697
Prepayments	5,344	588
Other receivables	112,030	47,268
	223,930	94,553

	2025			2024		
	Gross amount Shs '000	ECL allowance Shs '000	Carrying amount Shs '000	Gross amount Shs '000	ECL allowance Shs '000	Carrying amount Shs '000
Trade receivables	141,622	(35,066)	106,556	83,499	(36,802)	46,697
Prepayments	5,344	-	5,344	588	-	588
Other receivables	112,030	-	112,030	47,268	-	47,268
	258,995	(35,066)	223,930	131,355	(36,802)	94,553

The carrying amounts of the company's trade and other receivables are denominated in the following currencies:

	2025 Shs '000	2024 Shs '000
Kenya Shillings	12,463	15,248
Euros	18,739	-
United States Dollar	192,727	79,305
	223,930	94,553

The maximum exposure to credit risk at the reporting date is the fair value of each class of receivables mentioned above. The company does not hold any collateral as security.

The company's credit risk arises primarily from receivables from trade receivables. The directors are of the opinion that the company's exposure is limited.

In the opinion of the directors, the carrying amounts of trade and other receivables approximate to their fair value.

17. **Cash and cash equivalents**	2025 Shs '000	2024 Shs '000
Cash at bank and in hand	152,049	211,472

For the purposes of the statement of cash flows, the year-end cash and cash equivalents comprise the above.

The carrying amounts of the company's cash and cash equivalents are denominated in the following currencies:

	2025 Shs '000	2024 Shs '000
Kenya Shillings	48,401	30,639
United States Dollar	99,635	175,154
Euro	4,002	5,639
Great Britian Pound	10	40
	152,049	211,472

The company's bank balances are held with major Kenyan financial institutions and, in so far as the directors are able to measure any credit risk to these assets, it is deemed to be limited.

Total provision for impairment of cash and cash equivalents is not material to the company as at 31 December 2025.

18. **Trade and other payables**	2025 Shs '000	2024 Shs '000
Trade payables	16,006	12,948
Accruals for safaris	121,228	99,582
Deferred income	117,583	52,733
Accruals and other payables	16,960	15,082
Payable to related party (Note 20)	1,106	576
	272,883	180,921

The carrying amounts of the company's trade and other payables are denominated in the following currencies:

Kenya Shillings	25,768	170,030
United States Dollar	226,948	10,439
Euro	19,060	235
Indian Rupees	1,107	-
South African Rand	-	217
	272,883	180,921

In the opinion of the directors, the carrying amount of trade and other payables approximate to their fair value.

18. Trade and other payables (continued)

The maturity analysis of the trade and other payables is as follows:

Year ended 31 December 2025	Up to 3 months Shs '000	4 to 12 months Shs '000	Total Shs '000
Trade payables	13,910	2,096	16,006
Accruals for safaris	102,888	18,340	121,228
Deferred income	60,076	57,507	117,583
Accruals and other payables	16,960	-	16,960
Payable to related party	1,106	-	1,106
	194,940	77,943	272,883
Year ended 31 December 2024			
Trade payables	12,948	-	12,948
Accruals for safaris	80,475	19,107	99,582
Deferred income	25,596	27,137	52,733
Accruals and other payables	15,082	-	15,082
Payable to related party	-	576	576
	134,102	46,819	180,921

19. Cash (used in) operations

Reconciliation of (loss) before tax to cash (used in) operations:	2025 Shs '000	2024 Shs '000
(Loss) before tax	(23,904)	(38,972)
Adjustments for:		
Depreciation on property and equipment (Note 12)	11,985	10,254
Depreciation on right-of-use assets (Note 14)	8,446	8,554
Amortisation of intangible assets (Note 13)	645	446
Provision for expected credit losses	35,066	36,802
Interest expense on lease liabilities (Note 10)	1,265	1,447
(Gain) on disposal of property and equipment (Note 3)	(4,910)	(625)
Interest (income)	(6,918)	(12,899)
Net foreign exchange (gain)	(9,727)	(3,214)
Changes in working capital:		
- inventories	2,739	(3,300)
- trade and other receivables	(164,444)	111,664
- trade and other payables	108,838	(180,206)
Cash (used in) operations	(40,920)	(70,049)

NOTES (CONTINUED)

20. **Related party transactions and balances**

The company is controlled by Travel Circle International (Mauritius) Limited incorporated in Mauritius, which owns 100% of the company shares.

The following transactions were carried out and balances held with related parties:	2025 Shs '000	2024 Shs '000
i) **Sale of goods and services to other related party**	-	6,140
ii) **Purchase of goods and services from other related party**	1,139	16,330
iii) **Key management compensation**		
Salaries and other short term benefits - director	19,695	19,454
iv) **Outstanding balances arising from sale and purchase of goods/services/property/other transactions**		
Payable to related parties (Note 18) - Other related parties	1,139	576

The related parties are companies with common shareholding.

21. **Risk management objectives and policies**

Financial risk management

The company's activities expose it to a variety of financial risks: market risk (including foreign exchange risk and interest rate risk), credit risk and liquidity risk.

The company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the company's financial performance.

Risk management is carried out by the management under policies approved by the board of directors. Management identifies, evaluates and hedges financial risks in close co-operation with various departmental heads. The board provides written principles for overall risk management, as well as written policies covering specific areas, such as foreign exchange risk, interest rate risk and credit risk.

(a) **Market risk**

Market risk is defined as the potential loss in both on and off financial position resulting from movements in market risk factors such as interest rates. Market risk is represented in the factors which affect values, earnings and profits of all securities negotiated in stock exchange or affect the value, earning and profit of a particular security.

- *Foreign exchange risk*

The company is exposed to foreign exchange risk arising from various currency exposures primarily with respect to the US Dollar, Sterling Pound, Indian Rupee, South African Rand and Euro. The risk arises from future transactions, assets and liabilities in the statement of financial position.

The table below summarises the effect on post-tax profit had the Kenya Shilling weakened by 10% against each currency, with all other variables held constant. If the Kenya Shilling strengthened against each currency, the effect would have been the opposite.

	2025 Shs '000	2024 Shs '000
Effect of profit - increase	42,167	18,707

21. **Risk management objectives and policies (continued)**

Financial risk management (continued)

(a) **Market risk (continued)**

A 10% sensitivity rate is being used when reporting foreign risk internally to key management personnel and represents managements assessment of the reasonably possible change in foreign exchange rates.

- *Interest rate risk*

The company's exposure to interest rate risk arises from lease liabilities.

The summary below shows the effect on post-tax profit had the interest rate on interest bearing liabilities increased by 1%. Had the interest rates decreased by the same margin, the effect would have been the opposite.

	2025 Shs '000	2024 Shs '000
Effect on profit - Increase	1,208	1,851

A 1% sensitivity rate is being used when reporting interest risk internally to key management personnel and represents managements assessment of the reasonably possible change in interest rates.

(b) **Credit risk**

Credit risk arises from cash and cash equivalents as well as credit exposures to customers, including outstanding receivables.

Management assesses the credit quality of the customer, taking into account their financial position, past experience and other factors.

Exposure to this risk has been quantified in each financial asset note in the financial statements along with any concentration of risk.

In assessing whether the credit risk on a financial asset has increased significantly, the company compares the risk of default occurring on the financial asset as at the reporting date with the risk of default occurring on that financial asset as at the date of initial recognition. In doing so, the company considers reasonable and supportable information that is indicative of significant increases in credit risk since initial recognition and that is available without undue cost or effort. There is a rebuttable assumption that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 90 days past due.

For these purpose default is defined as having occurred if the debtor is in breach of contractual obligations, or if information is available internally or externally that suggests that the debtor unlikely to be able to meet its obligations. However, there is a rebuttable assumption that that default does not occur later than when a financial asset is 90 days past due.

If the company does not have reasonable and supportable information to identify significant increases in credit risk and/or to measure lifetime credit losses when there has been a significant increase in credit risk on an individual instrument basis, lifetime expected credit losses are recognised on a collective basis. For such purposes, the company companys financial assets on the basis of shared credit risk characteristics, such as:

- type of instrument;
- industry in which the debtor operates; and
- nature of collateral.

21. **Risk management objectives and policies (continued)**

Financial risk management (continued)

(b) **Credit risk (continued)**

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit impaired include observable data about the the following events:

- significant financial difficulty of the debtor;
- a breach of contract;
- it is probable that the debtor will enter bankruptcy; and
- the disappearance of an active market for the financial asset because of financial difficulties.

The gross carrying amount of financial assets with exposure to credit risk at the reporting date was as follows:

Basis for measurement of loss allowance	Lifetime expected credit losses Shs '000
As at 31 December 2025	
Trade receivables	141,622
Cash and cash equivalents	152,049
Gross carrying amount	293,671
Loss allowance	(35,066)
Exposure to credit risk	258,605
As at 31 December 2024	
Trade receivables	83,499
Cash and cash equivalents	211,472
Gross carrying amount	294,971
Loss allowance	(36,802)
Exposure to credit risk	258,169

Financial assets for which the loss allowance has been measured at an amount equal to lifetime expected credit losses have been analysed above based on their credit risk ratings as follows:

a) financial assets for which credit risk has increased significantly since initial recognition but that are not credit impaired;
b) financial assets that are credit impaired at the reporting date; and
c) trade receivables for which the loss allowance is always measured at an amount equal to lifetime expected credit losses, based, as a practical expedient, on provision matrices.

21. **Risk management objectives and policies (continued)**

Financial risk management (continued)

b) **Credit risk (continued)**

The age analysis of the trade receivables at the end of each year was as follows:

	Not past Shs '000	31 - 60 Shs '000	61 - 90 Shs '000	>120 Shs '000	Total Shs '000
As at 31 December 2025	79,953	27,968	678	33,023	141,622
As at 31 December 2024	40,540	6,130	-	36,828	83,499

The changes in the loss allowance during the year were as follows:

Basis for measurement of loss allowance	**Lifetime expected credit losses**
Year ended 31 December 2025	**Trade receivables Shs '000**
At start of year	(36,802)
Changes relating to assets	1,736
At end of year	(35,066)
Year ended 31 December 2024	
At start of year	(13,218)
Changes relating to assets	(23,584)
At end of year	(36,802)

(c) **Liquidity risk**

Liquidity risk is the risk that the company will encounter difficulty in meeting obligations associated with financial liabilities. Cash flows forecasting is performed by the finance department of the company by monitoring the company's liquidity requirements to ensure it has sufficient cash to meet operational needs.

Prudent liquidity risk management implies maintaining sufficient cash and cash equivalents to meet obligations as they fall due. The company ensures its inflows and outflows are matched sufficiently to minimise its exposure on liquidity risk.

Notes 18 and 10 disclose the maturity analysis of trade and other payables and lease liabilities respectively.

The table on the next page details the company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on undiscounted cash flows of financial liabilities based on the earliest date on which the company can be required to pay. The key assumptions made in the maturity profile are:

- changes in interest rates have not been accounted for as these cannot be predicted;
- changes in foreign exchange rates have not been accounted for as these cannot be predicted; and
- the borrowings will be repaid based on the repayment schedule agreed with the lenders.

21. **Risk management objectives and policies (continued)**

Financial risk management (continued)

(c) **Liquidity risk (continued)**

Year ended 31 December 2025	**Interest rate %age**	**Within 1 year Shs '000**	**Between 1 - 5 years Shs '000**	**Total Shs '000**
Non interest bearing liabilities:				
- Trade and other payables	Nil	272,883	-	272,883
Interest bearing liabilities				
- Lease liabilities	11.5% - 14%	9,566	5,312	14,877
		282,449	5,312	287,760
Year ended 31 December 2024				
Non interest bearing liabilities:				
- Trade and other payables	Nil	180,921	-	180,921
Interest bearing liabilities				
- Lease liabilities	11.5% - 14%	5,281	-	5,281
		186,202	-	186,202

22. **Capital management**

The company's objectives when managing capital are:

- to provide an adequate return to shareholders by pricing services commensurately with the level of risk; and
- to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders.
- to maintain a strong asset base to support the development of business; and
- to maintain an optimal capital structure to reduce the cost of capital.

The company sets the amount of capital in proportion to risk. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the company may adjust directors bonuses or dividends paid.

The company is not geared.

23. **Operating lease commitments**

	2025 Shs '000	**2024 Shs '000**
The future minimum lease payments payable under non-cancellable operating leases are as follows;		
Not later than 1 year	9,566	5,281
Later than 1 year but not later than 5 years	5,312	-
	14,877	5,281

24. **Incorporation**

Private Safaris (East Africa) Limited is incorporated in Kenya under the Kenyan Companies Act, 2015 as a private limited liability company and is domiciled in Kenya.

25. **Presentation currency**

The financial statements are presented in Kenya Shillings (Shs).

SCHEDULE OF DIRECT COSTS AND EXPENDITURE

1. DIRECT COSTS	2025 Shs '000	2024 Shs '000
Accommodation and meals expenses	965,973	1,016,007
Entrance and parking fees	125,849	158,963
Transport	154,349	248,953
Fuel	11,784	13,349
Repairs and maintenance	6,693	8,041
Drivers' allowance	4,936	4,333
Commission	4,673	8,367
Excursion and transport	5,874	6,542
Spare parts, tyres and tubes expenses	2,354	2,319
Other costs	8,930	7,011
Prior year safaris expenses	-	(15,986)
Total direct costs	1,291,416	1,457,899
2. ADMINISTRATIVE EXPENSES		
Employment:		
Salaries and wages	120,788	121,300
Staff medical	6,945	7,217
Staff training and recruitment	47	51
Other staff costs	8,106	8,783
Total employment costs	135,886	137,351
Other administrative expenses:		
Director's remuneration	18,207	17,966
Promotions and sales support	14,814	11,948
Printing and stationery	1,201	1,052
Postages and telephones	1,521	1,567

Director's Responsibilities and Approval

The director is required in terms of the Companies Act of Namibia to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is her responsibility to ensure that the annual financial statements fairly present the state of affairs of the company as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with IFRS® Accounting Standards. The external auditors are engaged to express an independent opinion on the annual financial statements.

The annual financial statements are prepared in accordance with IFRS® Accounting Standards and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

The director acknowledges that she is ultimately responsible for the system of internal financial control established by the company and places considerable importance on maintaining a strong control environment. To enable the director to meet these responsibilities, the board sets standards for internal control aimed at reducing the risk of error or loss in a cost-effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The director is of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The director has reviewed the company's cash flow forecast for the year to 31 December, 2026 and, in light of this review and the current financial position, she is satisfied that the company has or had access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently auditing and reporting on the company's annual financial statements. The annual financial statements have been examined by the company's external auditors and their report is presented on pages 4 to 6.

The annual financial statements set out on pages 7 to 29, and the supplementary information set out on page 30, which have been prepared on the going concern basis, were approved by the board on 28/04/2026 and were signed by:

INDEPENDENT AUDITOR'S REPORT

To the Member of Kuoni Private Safaris Namibia (Proprietary) Limited

REPORT ON THE AUDIT OF THE ANNUAL FINANCIAL STATEMENTS

Opinion

We have audited the annual financial statements of Kuoni Private Safaris Namibia (Proprietary) Limited set ("the company") set out on pages 7 to 29, which comprise the statement of financial position as at 31 December 2025, and the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and the notes to the annual financial statements, including a summary of material accounting policy information and the director's report.

In our opinion, the annual financial statements present fairly, in all material respects, the financial position of the company as at 31 December 2025, and its financial performance and cash flows for the year then ended in accordance with IFRS® Accounting Standards as issued by the IASB and the requirements of the Companies Act of Namibia.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the "*Auditor's Responsibilities for the Audit of the Annual Financial Statements*" section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants (including International Independence Standards) and other independence requirements applicable to performing audits of financial statements in Namibia. We have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The director is responsible for the other information. The other information comprises the Detailed Income Statement, which we obtained prior to the date of this auditor's report. The other information does not include the annual financial statements and our auditor's report thereon.

Our opinion on the annual financial statements does not cover the other information and we do not and will not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the annual financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

61 Simeon Shixungileni Street
P.O. Box 2184
WINDHOEK
Namibia

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Director for the Annual financial statements

The director is responsible for the preparation and fair presentation of the annual financial statements in accordance with IFRS® Accounting Standards as issued by the IASB and the requirements of the Companies Act of Namibia, and for such internal control as the director determines is necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the annual financial statements, the director is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless the director either intends to liquidate the company or to cease operations or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Annual Financial Statements

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the director.

- Conclude on the appropriateness of the director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to

WINDHOEK
Namibia

events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the annual financial statements, including the disclosures, and whether the annual financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In terms of section 283 (3) of the Companies Act of Namibia, we report that with the written consent of the shareholder, we have performed certain secretarial duties on behalf of the company.

BDO Namibia
Registered Accountants and Auditors

BDO, a Namibian partnership, is registered with Public Accountants' and Auditors' Board (Practice Number: 9402). Our firm has offices in Windhoek, Walvis Bay and Oshakati. BDO is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the International BDO network of independent member firms.

Director's Report

The director has pleasure in submitting her report on the annual financial statements of Kuoni Private Safaris Namibia (Pty) Ltd for the year ended 31 December, 2025.

1. Nature of business

To carry on the business of tourism, arrange and operate services for travel agents, tour operators, cruise lines, travel packages wholesale and logistics and all businesses related thereto.

There have been no material changes to the nature of the company's business from the prior year.

2. Review of financial results and activities

The annual financial statements have been prepared in accordance with IFRS® Accounting Standards and the requirements of the Companies Act of Namibia. The accounting policy information has been applied consistently compared to the prior year.

Full details of the financial position, results of operations and cash flows of the company are set out in these annual financial statements.

3. Share capital

There have been no changes to the authorised or issued share capital during the year under review.

4. Dividends

The board do not recommend the declaration of a dividend for the year.

5. Directorate

The director in office at the date of this report is as follows:

Director	Nationality
Virginia Barnard	German

6. Holding company

The company's holding company is Private Safaris (Pty) Ltd incorporated in South Africa.

7. Ultimate holding company

The company's ultimate holding company is Fairfax Financial Holdings Group Limited which is incorporated in Toronto, Canada.

8. Events after the reporting period

The director is not aware of any material event which occurred after the reporting date and up to the date of this report.

Director's Report

9. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The director believes that the company has adequate financial resources to continue in operation for the foreseeable future and accordingly the annual financial statements have been prepared on a going concern basis. The director has satisfied herself that the company is in a sound financial position and that it has access to sufficient borrowing facilities to meet its foreseeable cash requirements. The director is not aware of any new material changes that may adversely impact the company. The director is also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the company.

10. Secretary

The company secretary is Sage Secretarial Services (Pty) Ltd.

Postal address:	PO Box 2184 Windhoek Namibia
Business address:	61 Simeon Shixungileni Street Windhoek Namibia

11. Terms of appointment of the auditors

BDO Namibia will continue in office in accordance to Section 278 (2) of the Companies Act of Namibia.

Accounting Policy Information

1. Material accounting policy information

The annual financial statements have been prepared in accordance with the IFRS® Accounting Standards as issued by the IASB and the Companies Act of Namibia. The annual financial statements have been prepared on the historic cost convention, and incorporate the principal accounting policy information set out below. They are presented in Namibia Dollar.

1.1 Significant judgements and sources of estimation uncertainty

The preparation of annual financial statements in conformity with IFRS® require management, from time to time, to make judgments, estimates and assumptions that affect the application of policy information and reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Critical judgements in applying accounting policy information

The critical estimations made by management in applying accounting policy information, that have the most significant effect on the amounts recognised in the financial statements, are outlined as follows:

Key sources of estimation uncertainty

Provisions

Provisions are inherently based on assumptions and estimates using the best information available.

Taxation

The company recognises the net future tax benefit related to deferred income tax assets to the extent that it is probable that the deductible temporary differences will reverse in the foreseeable future. Assessing the recoverability of deferred income tax assets requires the company to make significant estimates related to expectations of future taxable income. Estimates of future taxable income are based on forecast cash flows from operations and the application of existing tax laws in each jurisdiction. To the extent that future cash flows and taxable income differ significantly from estimates, the ability of the company to realise the net deferred tax assets recorded at the end of the reporting period could be impacted.

1.2 Property, plant and equipment

Property, plant and equipment are tangible assets which the company holds for its own use or for rental to others and which are expected to be used for more than one year.

An item of property, plant and equipment is recognised as an asset when it is probable that future economic benefits associated with the item will flow to the company, and the cost of the item can be measured reliably.

Property, plant and equipment is initially measured at cost. Cost includes all of the expenditure which is directly attributable to the acquisition or construction of the asset, including the capitalisation of borrowing costs on qualifying assets and adjustments in respect of hedge accounting, where appropriate.

Expenditure incurred subsequently for major services, additions to or replacements of parts of property, plant and equipment are capitalised if it is probable that future economic benefits associated with the expenditure will flow to the company and the cost can be measured reliably. Day to day servicing costs are included in profit or loss in the year in which they are incurred.

Subsequent to initial recognition, property, plant and equipment is measured at cost less accumulated depreciation and any accumulated impairment losses, except for land and buildings which are stated at revalued amounts. The revalued amount is the fair value at the date of revaluation less any subsequent accumulated depreciation and impairment losses.

Accounting Policy Information

1.2 Property, plant and equipment (continued)

Depreciation of an asset commences when the asset is available for use as intended by management. Depreciation is charged to write off the asset's carrying amount over its estimated useful life to its estimated residual value, using a method that best reflects the pattern in which the asset's economic benefits are consumed by the company. Leased assets are depreciated in a consistent manner over the shorter of their expected useful lives and the lease term. Depreciation is not charged to an asset if its estimated residual value exceeds or is equal to its carrying amount. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale or derecognised.

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Average useful life
Furniture and fixtures	Straight line	5 years
IT equipment	Straight line	3-5 years

The residual value, useful life and depreciation method of each asset are reviewed at the end of each reporting year. If the expectations differ from previous estimates, the change is accounted for prospectively as a change in accounting estimate.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation charge for each year is recognised in profit or loss unless it is included in the carrying amount of another asset.

Impairment tests are performed on property, plant and equipment when there is an indicator that they may be impaired. When the carrying amount of an item of property, plant and equipment is assessed to be higher than the estimated recoverable amount, an impairment loss is recognised immediately in profit or loss to bring the carrying amount in line with the recoverable amount.

1.3 Intangible assets

An intangible asset is recognised when:

- it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and
- the cost of the asset can be measured reliably.

Intangible assets are initially recognised at cost.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

Item	Depreciation method	Average useful life
Computer software	Straight line	3 years

1.4 Financial instruments

Initial recognition and measurement

Financial instruments are recognised initially when the company becomes a party to the contractual provisions of the instruments.

The company classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement.

Subsequent measurement

Financial instruments at fair value through profit or loss are subsequently measured at fair value, with gains and losses arising from changes in fair value being included in profit or loss for the period.
Financial liabilities at amortised cost are subsequently measured at amortised cost, using the effective interest method.

Accounting Policy Information

1.4 Financial instruments (continued)

Derecognition

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the company has transferred substantially all risks and rewards of ownership.

Impairment of financial assets

At each reporting date the company assesses all financial assets, other than those at fair value through profit or loss, to determine whether there is objective evidence that a financial asset or group of financial assets has been impaired.
For amounts due to the company, significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default of payments are all considered indicators of impairment.

In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is considered an indicator of impairment. If any such evidence exists for available- for-sale financial assets, the cumulative loss - measured as the difference between the acquisition cost and current fair value, less any impairment loss on that financial asset previously recognised in profit or loss - is removed from equity as a reclassification adjustment to other comprehensive income and recognised in profit or loss.

Impairment losses are recognised in profit or loss

Impairment losses are reversed when an increase in the financial asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to the restriction that the carrying amount of the financial asset at the date that the impairment is reversed shall not exceed what the carrying amount would have been had the impairment not been recognised.

Loans to / (from) related parties

These include loans to and from holding companies, fellow subsidiaries, subsidiaries, joint ventures and associates and are recognised initially at fair value plus direct transaction costs.
Loans to group companies are classified as loans and receivables.
Loans from group companies are classified as financial liabilities measured at amortised cost.

Trade and other receivables

Trade receivables are measured at initial recognition at fair value, and are subsequently measured at amortised cost using the effective interest rate method. Appropriate allowances for estimated irrecoverable amounts are recognised in profit or loss when there is objective evidence that the asset is impaired. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the trade receivable is impaired. The allowance recognised is measured as the difference between the asset’s carrying amount and the present value of estimated future cash flows discounted at the effective interest rate computed at initial recognition.

The carrying amount of the asset is reduced through the use of an allowance account, and the amount of the loss is recognised in profit or loss within operating expenses. When a trade receivable is uncollectable, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited against operating expenses in profit or loss.

Trade and other receivables are classified as loans and receivables

Trade and other payables

Trade payables are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These are initially and subsequently recorded at fair value

Accounting Policy Information

1.4 Financial instruments (continued)

Fair value measurement hierarchy

IFRS 13 requires certain disclosure which require the classification of financial assets and financial liabilities measured at fair value using a fair value measurement hierarchy. The company determines the fair value of its financial statements on the basis of the following hierarchy:

Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - inputs other than quoted prices included within level 1 that are observable for the assets or liabilities, either directly (that is, as prices) or indirectly (that is derived from prices); and

Level 3 - inputs for the assets or liabilities that are not based on observable market data (that is, unobservable inputs).

1.5 Tax

Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

Current tax liabilities (assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the tax authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities

A deferred tax asset is recognised for the carry forward of unused tax losses and unused STC credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused STC credits can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax expenses

Current and deferred taxes are recognised as income or an expense and included in profit or loss for the period, except to the extent that the tax arises from:

- a transaction or event which is recognised, in the same or a different period, to other comprehensive income, or
- a business combination.

Current tax and deferred taxes are charged or credited to other comprehensive income if the tax relates to items that are credited or charged, in the same or a different period, to other comprehensive income.

Current tax and deferred taxes are charged or credited directly to equity if the tax relates to items that are credited or charged, in the same or a different period, directly in equity.

Accounting Policy Information

1.6 Leases

All leases of low value assets and leases with a duration of 12 months or less are recognised in the statement of profit or loss.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the group's incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:
• amounts expected to be payable under any residual value guarantee;
• the exercise price of any purchase option granted in favour of the company if it is reasonable certain to assess that option;
• any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right of use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:
• lease payments made at or before commencement of the lease;
• initial direct costs incurred; and
• the amount of any provision recognised where the group is contractually required to dismantle, remove or restore the leased asset.

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

When the company revises its estimate of the term of any lease (because, for example, it re-assesses the probability of a lessee extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted at the same discount rate that applied on lease commencement. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease terms.

Finance leases - lessee

Finance leases are recognised as assets and liabilities in the statement of financial position at amounts equal to the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

The discount rate used in calculating the present value of the minimum lease payments is the interest rate implicit in the lease.

The lease payments are apportioned between the finance charge and reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate on the remaining balance of the liability.

1.7 Impairment of non-financial assets

The company assesses at each end of the reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset.

Irrespective of whether there is any indication of impairment, the company also:

- tests intangible assets with an indefinite useful life or intangible assets not yet available for use for impairment annually by comparing its carrying amount with its recoverable amount. This impairment test is performed during the annual period and at the same time every period.
- tests goodwill acquired in a business combination for impairment annually.

Accounting Policy Information

1.7 Impairment of non-financial assets (continued)

If there is any indication that an asset may be impaired, the recoverable amount is estimated for the individual asset. If it is not possible to estimate the recoverable amount of the individual asset, the recoverable amount of the cash-generating unit to which the asset belongs is determined.

The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs to sell and its value in use.

If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. That reduction is an impairment loss.

An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in profit or loss. Any impairment loss of a revalued asset is treated as a revaluation decrease.

1.8 Share capital and equity

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Ordinary shares are recognised at par value and classified as 'share capital' in equity. Any amounts received from the issue of shares in excess of par value is classified as 'share premium' in equity. Dividends are recognised as a liability in the company in which they are declared.

1.9 Employee benefits

Short-term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as paid vacation leave and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.

1.10 Provisions and contingencies

Provisions are recognised when:

- the company has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

The amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, the reimbursement shall be recognised when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The reimbursement shall be treated as a separate asset. The amount recognised for the reimbursement shall not exceed the amount of the provision.

Provisions are not recognised for future operating losses.

If an entity has a contract that is onerous, the present obligation under the contract shall be recognised and measured as a provision.

Contingent assets and contingent liabilities are not recognised.

Accounting Policy Information

1.11 Revenue

The company recognises revenue to depict the transfer of services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those services.
For each contract with a customer;

- identifies the contract with a customer
- identifies the performance obligations in the contract;
- determines the transaction price which takes into account estimates of variable consideration and the time value of money;
- allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct service to be delivered;
- and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the or services promised;

When the outcome of the transaction involving the rendering of services cannot be estimated reliably, revenue shall be recognised only to the extent of the expenses recognised that are recoverable.

Service revenue is recognised by reference to the stage of completion of the transaction at the end of the reporting period. Stage of completion is determined by the travel dates of bookings completed at reporting date

Revenue is measured at the fair value of the consideration received or receivable and represents the amounts receivable for goods and services provided in the normal course of business, net of trade discounts and volume rebates, and value added tax.

Interest is recognised, in profit or loss, using the effective interest rate method.

1.12 Cost of sales

The related cost of providing services recognised as revenue in the current period is included in cost of sales.

1.13 Borrowing costs

Borrowing costs are recognised as an expense in the period in which they are incurred.

1.14 Translation of foreign currencies

Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in Namibia Dollars, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

At the end of the reporting period:

- foreign currency monetary items are translated using the closing rate;
- non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction; and
- non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous annual financial statements are recognised in profit or loss in the period in which they arise.

When a gain or loss on a non-monetary item is recognised to other comprehensive income and accumulated in equity, any exchange component of that gain or loss is recognised to other comprehensive income and accumulated in equity. When a gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is recognised in profit or loss.

Cash flows arising from transactions in a foreign currency are recorded in Namibia Dollars by applying to the foreign currency amount the exchange rate between the Namibia Dollar and the foreign currency at the date of the cash flow.

Figures in Namibia Dollar	2025	2024

2. New Standards and Interpretations

2.1 Standards and interpretations effective and adopted in the current year

In the current year, the company has adopted the following standards and interpretations that are effective for the current financial year and that are relevant to its operations:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
• Lack of exchangeability: amendments to IAS 21	1 January 2025	Unlikely there will be a material impact

2.2 Standards and interpretations not yet effective

The company has chosen not to early adopt the following standards and interpretations, which have been published and are mandatory for the company's accounting periods beginning on or after 1 January, 2026 or later periods:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
• Subsidiaries without Public Accountability: Disclosures :IFRS 19	1 January 2027	Unlikely there will be a material impact
• Amendments to Financial Instruments: Disclosures : IFRS 7	1 January 2026	Unlikely there will be a material impact
• Amendments to Financial Instruments: Disclosures : IFRS 9	1 January 2026	Unlikely there will be a material impact
• Amendments to Statement of Cash Flows: IAS 10	1 January 2026	Unlikely there will be a material impact
• Amendments to Financial Instruments: Classification and Measurement : IFRS 9	1 January 2026	Unlikely there will be a material impact
• Presentation and Disclosure of the Annual Financial Statements: IFRS 18	1 January 2027	There will be a structural impact on the face of the Statement of Profit or Loss and other Comprehensive Income

Trade receivables	1,357,766	1,624,934
Deposits	49,348	51,348
Non-financial instruments:		
Value Added Tax	1,572,431	381,816
Prepayments	1,662,292	326,432
Total trade and other receivables	**4,641,837**	**2,384,530**

Split between non-current and current portions

Current assets	4,641,837	2,384,530

Notes to the Annual Financial Statements

6. Trade and other receivables (continued)

Trade and other receivables past due but not impaired

Trade and other receivables which are less than 3 months past due are not considered to be impaired. At 31 December 2025 N$ nil (2024: N$ nil) were past due but not impaired.

The amounts past due but not impaired is as follows:

	2025 Estimated gross carrying amount at default	2025 Total	2024 Estimated gross carrying amount at default	2024 Total
Not past due:	1,373,632	1,373,632	1,544,480	1,544,480
Less than 30 days past due: 33% (2024: 5%)	445,999	445,999	78,787	78,787
31 - 60 days past due: 0% (2024: 0%)	(36,507)	(36,507)	1,667	1,667
61 - 90 days past due: 0% (2024: 0%)	(160)	(160)	-	-
91 - 120 days past due: 0% (2024: 0%)	(425,198)	(425,198)	-	-
Total	**1,357,766**	**1,357,766**	**1,624,934**	**1,624,934**

7. Cash and cash equivalents

Cash and cash equivalents consist of:

Cash on hand	-	1,229
Bank balances	6,706,521	5,014,690
Short-term deposits	5,927,909	288,423
	12,634,430	**5,304,342**

8. Share capital

16. Operating profit

Operating profit for the year is stated after charging the following, amongst others:

Auditor's remuneration - external		
Audit fees	234,873	203,143
Remuneration, other than to employees		
Administrative and managerial services	1,520,695	1,988,378
Consulting and professional services	29,062	19,530
Secretarial services	424	17,640
	1,550,181	**2,025,548**
Employee costs		
Salaries, wages, bonuses and other benefits	7,712,686	7,047,959
Depreciation and amortisation		
Depreciation of property, plant and equipment	46,384	48,924

Expenses by nature

The total cost of sales, selling and distribution expenses, marketing expenses, general and administrative expenses, and other operating expenses are analysed by nature as follows:

Costs to render travel administration services	125,822,973	97,804,316
Employee costs	7,712,686	7,047,959
Depreciation and amortisation	46,384	48,924
Other expenses	5,677,815	5,661,759
	139,259,858	**110,562,958**

17. Investment income

Interest income		
Investments in financial assets:		
Bank	449,486	146,092

18. Finance costs

Interest paid	-	578

19. Taxation

Major components of the tax income

Current		
Local income tax - current period	282,897	88,534
Deferred		
Originating and reversing temporary differences	(4,140,925)	-
	(3,858,028)	**88,534**

Figures in Namibia Dollar	2025	2024

19. Taxation (continued)

Reconciliation of the tax expense

Reconciliation between accounting profit and tax expense.

Accounting profit	4,785,793	2,340,335
Tax at the applicable tax rate of 30% (2024: 31%)	1,435,738	725,504
Tax effect of adjustments on taxable income		
Deferred tax	(4,140,925)	-
Tax losses carried forward	(1,152,841)	(636,970)
	(3,858,028)	**88,534**

The company made a tax provision in line with Section 21 (Revised). Under this Section, for the purpose of determining the taxable income derived by the taxpayer from carrying on a trade, there is set-off against the income so derived of any balance of assessed loss incurred by the taxpayer in a previous year which has been carried forward from the preceding year of assessment, provided that the amount allowed as set-off does not exceed N$ 1 million or 80% of the amount of the current year's taxable income determined, whichever is the greater. This is effective for the years of assessments beginning on or after 01 January 2024.

The company had current year's taxable income of N$ 4,714,955 (2024: N$ 1,434,295) of which 80% (N$3,771,964) (2024: N$ 1,147,436) was utilised to set-off against the carried-forward assessed tax losses of N$ 18,633,676 (2024: N$ 19,781,113).

The estimated tax loss available for set off against future taxable income is N$ 14,861,712 (2024: N$18,633,676).

20. Cash generated from/(used in) operations

Profit before taxation	4,785,793	2,340,335
Adjustments for:		
Depreciation and amortisation	46,384	48,924
Losses / (Gains) on foreign exchange	413,540	(134,289)
Interest income	(449,486)	(146,092)
Finance costs	-	578
Changes in working capital:		
Trade and other receivables	(2,257,304)	293,664
Trade and other payables	5,136,539	(3,976,355)
	7,675,466	**(1,573,235)**

21. Tax refunded / (paid)

Balance at beginning of the year	(88,534)	-
Current tax for the year recognised in profit or loss	(282,897)	(88,534)
Balance at end of the year	32,732	88,534
	(338,699)	**-**

Notes to the Annual Financial Statements

Administration fees paid to related parties		
Private Safaris (Proprietary) Limited	2,827,410	182,791

23. Risk management

Capital risk management

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholder and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholder, return capital to shareholder, issue new shares or sell assets to reduce debt.

The company monitors capital on the basis of budgeted expenditure. The company uses working capital and loan from its shareholder to fund capital and operational expenses. The company also issued preference shares to the shareholder subsequent to year-end for additional capital contribution.

The gearing ratio at 2025 and 2024 respectively were as follows:

Trade and other payables	9	20,589,640	15,453,101
Cash and cash equivalents	7	(12,634,430)	(5,304,342)
Net borrowings		**7,955,210**	**10,148,759**
Equity		917,396	(7,726,425)
Gearing ratio		867 %	(131)%

Figures in Namibia Dollar	2025	2024

23. Risk management (continued)

Financial risk management

The company is exposed to market risk through its use of financial instruments and specifically to liquidity risk, interest risk and credit risk which results from both its operating and investing activities. The company's risk management is coordinated by its ultimate parent, in co-operation with the board of directors, and focuses on actively securing the company's short to medium term cash flows by minimising the exposure to financial markets and institutions. The company does not engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the company is exposed to are described below:

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management does not foresee any material cash expenditure in the near future which could result in the utilisation of the bank account.

The company’s risk to liquidity is a result of the funds available to cover future commitments. The company manages liquidity risk through rolling forecast of the company's liquidity reserves (comprise undrawn borrowing facility and cash and cash equivalents).

The table below analyses the company’s financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

2025

		Carrying amount
Current liabilities		
Trade and other payables	9	22,297,143

2024

		Carrying amount
Current liabilities		
Trade and other payables	9	15,453,100

Notes to the Annual Financial Statements

Figures in Namibia Dollar	2025	2024

23. Risk management (continued)

Interest rate risk

As the company has no significant interest-bearing assets, the company's income and operating cash flows are substantially independent of changes in market interest rates.

The company's interest rate risk arises from financing from a group company. There are no loans between the companies for the year under review (2024: N$ nil.)
The company analyses its interest rate exposure on a dynamic basis. Various scenarios are simulated taking into consideration refinancing, renewal of existing positions, alternative financing and hedging. Based on these scenarios, the company calculates the impact on profit and loss of a defined interest rate shift. For each simulation, the same interest rate shift is used for all currencies.

Credit risk

Credit risk consists mainly of cash deposits, cash equivalents, derivative financial instruments and trade debtors. The company only deposits cash with major banks with high quality credit standing and limits exposure to any one counter-party.

Trade receivables comprise a widespread customer base. Management evaluated credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors.

Directors' Responsibilities and Approval

The directors are required in terms of the Companies Act of South Africa to maintain adequate accounting records and are responsible for the content and integrity of the financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the company as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with IFRS Accounting Standards.

The financial statements are prepared in accordance with IFRS Accounting Standards and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the directors set standards for internal control aimed at reducing the risk of error or loss in a cost-effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The directors have reviewed the company's cash flow forecast for the year to 31 December 2026 and, in light of this review and the current financial position, they are satisfied that the company has or had access to adequate resources to continue in operational existence for the foreseeable future.

The independent reviewer is responsible for independently reviewing and reporting on the company's financial statements. The financial statements have been examined by the company's independent reviewers and their report is presented on pages 6 to 7.

The financial statements set out on page 8, which have been prepared on the going concern basis, were approved by the directors on 9 June 2026 and were signed on their behalf by:

Approval of financial statements

V Barnard

MC Iyer

Directors' Report

The directors have pleasure in submitting their report on the financial statements of Private Safaris Proprietary Limited for the year ended 31 December 2025.

1. Nature of business

Private Safaris Proprietary Limited was incorporated in South Africa with interests in the Services industry. The company operates in South Africa.

There have been no material changes to the nature of the company's business from the prior year.

2. Review of financial results and activities

The financial statements have been prepared in accordance with IFRS Accounting Standards and the requirements of the Companies Act of South Africa. The accounting policies have been applied consistently compared to the prior year.

Full details of the financial position, results of operations and cash flows of the company are set out in these financial statements.

3. Share capital

There have been no changes to the authorised or issued share capital during the year under review.

4. Dividends

The company's dividend policy is to consider an interim and a final dividend in respect of each financial year. At its discretion, the directors may consider a special dividend, where appropriate. Depending on the perceived need to retain funds for expansion or operating purposes, the directors may pass on the payment of dividends.

Given the current state of the global economic environment, the directors believes that it would be more appropriate for the company to conserve cash and maintain adequate debt headroom to ensure that the company is best placed to withstand any prolonged adverse economic conditions. Therefore the directors has resolved not to declare a dividend for the financial year ended 31 December 2025.

The directors do not recommend the declaration of a dividend for the year.

5. Directorate

The directors in office at the date of this report are as follows:

Directors	Office	Designation
V Barnard	Chairperson	Executive
MC Iyer		Executive

Resignations

Directors	Cause of change	Designation	Date
MK Menon	Resignation	Executive	31 May 2025

6. Interests in associates and joint arrangements

Details of material interests in subsidiary companies are presented in the financial statements in note 5.

The interest of the company in the profits and losses of its subsidiaries for the year ended 31 December 2025 are as follows:

	Company	
	2025	2024
	R	R
Subsidaries		
Total profits before income tax	4,502,896	2,338,307

There were no significant acquisitions or divestitures during the year ended 31 December 2025.

Directors' Report

7. Ultimate holding company

The company's ultimate holding company is Fairfax Financial Holdings Limited which is incorporated in Toronto, Canada.

8. Events after the reporting period

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.

9. Going concern

We draw attention to the fact that at 31 December 2025, the company had accumulated losses of R 4,415,482 (2024: R22,377,978) and that the company's total liabilities exceed its total assets by R 3,915,482 (2024: R21,877,978).

Consequently, the annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The ability of the company to continue as a going concern has been confirmed through the intervention of the company’s shareholder, which continues to provide financial support to enable the company to meet its liabilities in the ordinary course of business and which shall extend to at least the next financial year end.

Also, the fact that the total liabilities exceed the assets has not hindered the company’s ability to pay its debts as they have become due in the normal course of business.

10. Review

The financial statements are subject to an independent review and have been reviewed by LPH Chartered Accountants Inc.

11. Secretary

The company secretary is Ms S Windust.

12. Employees

The average number of employees for the year under review was 36 (2024: 36).

Independent Reviewer's Report

To the Shareholder of Private Safaris Proprietary Limited

We have reviewed the financial statements of Private Safaris Proprietary Limited, set out on pages 8 to 40, which comprise the statement of financial position as at 31 December 2025, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

Directors' Responsibility for the Financial Statements

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Reviewer's Responsibility

Our responsibility is to express a conclusion on these financial statements. We conducted our review in accordance with the International Standard on Review Engagements (ISRE) 2400 (Revised), Engagements to Review Historical Financial Statements (ISRE 2400 (Revised)). ISRE 2400 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the financial statements, taken as a whole, are not prepared in all material respects in accordance with the applicable financial reporting framework. This Standard also requires us to comply with relevant ethical requirements.

A review of financial statements in accordance with ISRE 2400 (Revised) is a limited assurance engagement. The independent reviewer performs procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluates the evidence obtained.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, we do not express an audit opinion on these financial statements.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that these financial statements do not present fairly, in all material respects the financial position of Private Safaris Proprietary Limited as at 31 December 2025, and its financial performance and cash flows for the year then ended in accordance with IFRS Accounting Standards and the requirements of the Companies Act of South Africa.

Independent Reviewer's Report

Other Reports Required by the Companies Act of South Africa

The financial statements include the Directors' Report as required by the Companies Act of South Africa. The directors are responsible for the Directors' Report. Our conclusion on the financial statements does not cover the Directors' Report and we do not express any form of assurance conclusion thereon.

In connection with our independent review of the financial statements, we have read the Directors' Report and, in doing so, considered whether the Directors' Report is materially inconsistent with the financial statements or our knowledge obtained in the independent review, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the Directors' Report, we will report that fact. We have nothing to report in this regard.

Accounting Policies

1. Significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

1.1 Basis of preparation

The financial statements have been prepared on the going concern basis in accordance with, and in compliance with, IFRS Accounting Standards and FRIC Interpretations issued and effective at the time of preparing these financial statements and the Companies Act of South Africa as amended.

These financial statements comply with the requirements of the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and the Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council.

The financial statements have been prepared on the historic cost convention, unless otherwise stated in the accounting policies which follow and incorporate the material accounting policies set out below. They are presented in Rands, which is the company's functional currency.

These accounting policies are consistent with the previous period.

1.2 Material judgements and sources of estimation uncertainty

The preparation of financial statements in conformity with IFRS requires management, from time to time, to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Critical judgements in applying accounting policies

The critical judgements made by management in applying accounting policies, apart from those involving estimations, that have the most significant effect on the amounts recognised in the financial statements, are outlined as follows:

Loans and receivables/impairment

The company assesses its loans and receivables for impairment at each balance sheet date. In determining whether an impairment loss should be recorded in the income statement, the company makes judgements as to whether there is observable data indicating a measurable decrease in the estimated future cash flows from a financial asset.

Key sources of estimation uncertainty

Fair value estimation

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques such as estimated discounted cash flows and are used to determine fair value of financial instruments. Discounting factors are based on assumptions that correlated to market conditions existing at each balance sheet date.

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the company for similar financial instruments.

Useful lives of property, plant and equipment

Management assess the appropriateness of the useful lives of property, plant and equipment at the end of each reporting period. The useful lives of motor vehicles, furniture and computer equipment are determined based on company replacement policies for the various assets. Individual assets within these classes, which have a significant carrying amount are assessed separately to consider whether replacement will be necessary outside of normal replacement parameters. The useful life of manufacturing equipment is assessed annually based on factors including wear and tear, technological obsolescence and usage requirements.

When the estimated useful life of an asset differs from previous estimates, the change is applied prospectively in the determination of the depreciation charge.

Accounting Policies

1.2 Material judgements and sources of estimation uncertainty (continued)

Provisions

Provisions are inherently based on assumptions and estimates using the best information available. Additional disclosure of these estimates of provisions are included in note 14.

1.3 Property, plant and equipment

Property, plant and equipment are tangible assets which the company holds for its own use or for rental to others and which are expected to be used for more than one year.

An item of property, plant and equipment is recognised as an asset when it is probable that future economic benefits associated with the item will flow to the company, and the cost of the item can be measured reliably.

Property, plant and equipment is initially measured at cost. Cost includes all of the expenditure which is directly attributable to the acquisition or construction of the asset, including the capitalisation of borrowing costs on qualifying assets and adjustments in respect of hedge accounting, where appropriate.

Expenditure incurred subsequently for major services, additions to or replacements of parts of property, plant and equipment are capitalised if it is probable that future economic benefits associated with the expenditure will flow to the company and the cost can be measured reliably. Day to day servicing costs are included in profit or loss in the year in which they are incurred.

Property, plant and equipment is subsequently stated at cost less accumulated depreciation and impairment losses except for land which is not depreciated.

Depreciation of an asset commences when the asset is available for use as intended by management. Depreciation is charged to write off the asset's carrying amount over its estimated useful life to its estimated residual value, using a method that best reflects the pattern in which the asset's economic benefits are consumed by the company. Leased assets are depreciated in a consistent manner over the shorter of their expected useful lives and the lease term. Depreciation is not charged to an asset if its estimated residual value exceeds or is equal to its carrying amount. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale or derecognised.

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Average useful life
Furniture and fixtures	Straight line	5 years
Motor vehicles	Straight line	5 years
Office equipment	Straight line	3 years
Computer equipment - PC	Straight line	5 years
Computer equipment - Server	Straight line	5 years
Leasehold improvements	Straight line	5 years
Right of use assets	Straight line	4 years

The residual value, useful life and depreciation method of each asset are reviewed at the end of each reporting year. If the expectations differ from previous estimates, the change is accounted for prospectively as a change in accounting estimate.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation charge for each year is recognised in profit or loss unless it is included in the carrying amount of another asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its continued use or disposal. Any gain or loss arising from the derecognition of an item of property, plant and equipment, determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item, is included in profit or loss when the item is derecognised

Accounting Policies

1.4 Intangible assets

An intangible asset is recognised when:

- it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and
- the cost of the asset can be measured reliably.

Intangible assets are initially recognised at cost.

Intangible assets are carried at cost less any accumulated amortisation and any impairment losses.

The amortisation period and the amortisation method for intangible assets are reviewed every period-end.

The gain or loss arising from the derecognition of an intangible asset is included in profit or loss when the item is derecognised.The gain or loss arising from the derecognition of an intangible asset is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

Item	Depreciation method	Average useful life
Computer software	Straight line	3 years

1.5 Investments in subsidiaries

Investments in subsidiaries are carried at cost less any accumulated impairment losses. This excludes investments which are held for sale and are consequently accounted for in accordance with IFRS 5 Non-current Assets Held for Sale and Discontinued Operations.

The cost of an investment in a subsidiary is the aggregate of the fair value, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the company plus any costs directly attributable to the purchase of the subsidiary.

Accounting Policies

1.6 Financial instruments

Financial instruments held by the company are classified in accordance with the provisions of IFRS 9 Financial Instruments.

Broadly, the classification possibilities, which are adopted by the company, as applicable, are as follows:

Financial assets which are equity instruments:
- Mandatorily at fair value through profit or loss; or
- Designated as at fair value through other comprehensive income. (This designation is not available to equity instruments which are held for trading or which are contingent consideration in a business combination).

Financial assets which are debt instruments:
- Amortised cost. (This category applies only when the contractual terms of the instrument give rise, on specified dates, to cash flows that are solely payments of principal and interest on principal, and where the instrument is held under a business model whose objective is met by holding the instrument to collect contractual cash flows); or
- Fair value through other comprehensive income. (This category applies only when the contractual terms of the instrument give rise, on specified dates, to cash flows that are solely payments of principal and interest on principal, and where the instrument is held under a business model whose objective is achieved by both collecting contractual cash flows and selling the instruments); or
- Mandatorily at fair value through profit or loss. (This classification automatically applies to all debt instruments which do not qualify as at amortised cost or at fair value through other comprehensive income); or
- Designated at fair value through profit or loss. (This classification option can only be applied when it eliminates or significantly reduces an accounting mismatch).

Derivatives which are not part of a hedging relationship:
- Mandatorily at fair value through profit or loss.

Financial liabilities:
- Amortised cost; or
- Mandatorily at fair value through profit or loss. (This applies to contingent consideration in a business combination or to liabilities which are held for trading); or
- Designated at fair value through profit or loss. (This classification option can be applied when it eliminates or significantly reduces an accounting mismatch; the liability forms part of a group of financial instruments managed on a fair value basis; or it forms part of a contract containing an embedded derivative and the entire contract is designated as at fair value through profit or loss).

Note 26 Financial instruments and risk management presents the financial instruments held by the company based on their specific classifications.

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

The specific accounting policies for the classification, recognition and measurement of each type of financial instrument held by the company are presented below:

Loans receivable at amortised cost

Classification

Loans to group companies (note 11), are classified as financial assets subsequently measured at amortised cost.

They have been classified in this manner because the contractual terms of these loans give rise, on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding, and the company's business model is to collect the contractual cash flows on these loans.

Recognition and measurement

Loans receivable are recognised when the company becomes a party to the contractual provisions of the loan. The loans are measured, at initial recognition, at fair value plus transaction costs, if any.

They are subsequently measured at amortised cost.

Accounting Policies

1.6 Financial instruments (continued)

The amortised cost is the amount recognised on the loan initially, minus principal repayments, plus cumulative amortisation (interest) using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

Application of the effective interest method

Interest income is calculated using the effective interest method, and is included in profit or loss in investment income (note 19).

The application of the effective interest method to calculate interest income on a loan receivable is dependent on the credit risk of the loan as follows:

- The effective interest rate is applied to the gross carrying amount of the loan, provided the loan is not credit impaired. The gross carrying amount is the amortised cost before adjusting for a loss allowance.
- If a loan is purchased or originated as credit-impaired, then a credit-adjusted effective interest rate is applied to the amortised cost in the determination of interest. This treatment does not change over the life of the loan, even if it is no longer credit-impaired.
- If a loan was not purchased or originally credit-impaired, but it has subsequently become credit-impaired, then the effective interest rate is applied to the amortised cost of the loan in the determination of interest. If, in subsequent periods, the loan is no longer credit impaired, then the interest calculation reverts to applying the effective interest rate to the gross carrying amount.

Impairment

The company recognises a loss allowance for expected credit losses on all loans receivable measured at amortised cost. The amount of expected credit losses is updated at each reporting date.

The company measures the loss allowance at an amount equal to lifetime expected credit losses (lifetime ECL) when there has been a significant increase in credit risk since initial recognition. If the credit risk on a loan has not increased significantly since initial recognition, then the loss allowance for that loan is measured at 12 month expected credit losses (12 month ECL).

Measurement and recognition of expected credit losses

The company makes use of a provision matrix as a practical expedient to the determination of expected credit losses on trade and other receivables. The provision matrix is based on historic credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current and forecast direction of conditions at the reporting date, including the time value of money, where appropriate.

The customer base is widespread and does not show significantly different loss patterns for different customer segments. The loss allowance is calculated on a collective basis for all trade and other receivables in totality. Details of the provision matrix is presented in note 8.

Trade and other receivables

Classification

Trade and other receivables, excluding, when applicable, VAT and prepayments, are classified as financial assets subsequently measured at amortised cost (note 7).

They have been classified in this manner because their contractual terms give rise, on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding, and the company's business model is to collect the contractual cash flows on trade and other receivables.

Recognition and measurement

Trade and other receivables are recognised when the company becomes a party to the contractual provisions of the receivables. They are measured, at initial recognition, at fair value plus transaction costs, if any.

They are subsequently measured at amortised cost.

Accounting Policies

1.6 Financial instruments (continued)

The amortised cost is the amount recognised on the receivable initially, minus principal repayments, plus cumulative amortisation (interest) using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

Application of the effective interest method

For receivables which contain a significant financing component, interest income is calculated using the effective interest method, and is included in profit or loss in investment income (note 19).

The application of the effective interest method to calculate interest income on trade receivables is dependent on the credit risk of the receivable as follows:

- The effective interest rate is applied to the gross carrying amount of the receivable, provided the receivable is not credit impaired. The gross carrying amount is the amortised cost before adjusting for a loss allowance.
- If a receivable is a purchased or originated as credit-impaired, then a credit-adjusted effective interest rate is applied to the amortised cost in the determination of interest. This treatment does not change over the life of the receivable, even if it is no longer credit-impaired.
- If a receivable was not purchased or originally credit-impaired, but it has subsequently become credit-impaired, then the effective interest rate is applied to the amortised cost of the receivable in the determination of interest. If, in subsequent periods, the receivable is no longer credit impaired, then the interest calculation reverts to applying the effective interest rate to the gross carrying amount.

Impairment

The company recognises a loss allowance for expected credit losses on trade and other receivables, excluding VAT and prepayments. The amount of expected credit losses is updated at each reporting date.

The company measures the loss allowance for trade and other receivables at an amount equal to lifetime expected credit losses (lifetime ECL), which represents the expected credit losses that will result from all possible default events over the expected life of the receivable.

Measurement and recognition of expected credit losses

The company makes use of a provision matrix as a practical expedient to the determination of expected credit losses on trade and other receivables. The provision matrix is based on historic credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current and forecast direction of conditions at the reporting date, including the time value of money, where appropriate.

The customer base is widespread and does not show significantly different loss patterns for different customer segments. The loss allowance is calculated on a collective basis for all trade and other receivables in totality. Details of the provision matrix is presented in note 7.

An impairment gain or loss is recognised in profit or loss with a corresponding adjustment to the carrying amount of trade and other receivables, through use of a loss allowance account. The impairment loss is included in other operating expenses in profit or loss as a movement in credit loss allowance (note 18).

Borrowings and loans from related parties

Classification

Loans from group companies (note 11), are classified as financial liabilities subsequently measured at amortised cost.

Recognition and measurement

Borrowings and loans from related parties are recognised when the company becomes a party to the contractual provisions of the loan. The loans are measured, at initial recognition, at fair value plus transaction costs, if any.

They are subsequently measured at amortised cost using the effective interest method.

Accounting Policies

1.6 Financial instruments (continued)

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Interest expense, calculated on the effective interest method, is included in profit or loss in finance costs (note 20.)

Borrowings expose the company to liquidity risk and interest rate risk. Refer to note 26 for details of risk exposure and management thereof.

Trade and other payables

Classification

Trade and other payables (note 13), excluding VAT and amounts received in advance, are classified as financial liabilities subsequently measured at amortised cost.

Recognition and measurement

They are recognised when the company becomes a party to the contractual provisions, and are measured, at initial recognition, at fair value plus transaction costs, if any.

They are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

If trade and other payables contain a significant financing component, and the effective interest method results in the recognition of interest expense, then it is included in profit or loss in finance costs (note 20).

Trade and other payables expose the company to liquidity risk and possibly to interest rate risk. Refer to note 26 for details of risk exposure and management thereof.

Cash and cash equivalents

Cash and cash equivalents are stated at carrying amount which is deemed to be fair value.

Bank overdrafts

Bank overdrafts are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

1.7 Tax

Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

Current tax liabilities (assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the tax authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Accounting Policies

1.7 Tax (continued)

Deferred tax assets and liabilities

A deferred tax liability is recognised for all taxable temporary differences except to the extent that the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. A deferred tax asset is not recognised when it arises from the initial recognition of an asset or liability in a transaction at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

A deferred tax asset is recognised for the carry forward of unused tax losses to the extent that it is probable that future taxable profit will be available against which they can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax expenses

Current and deferred taxes are recognised as income or an expense and included in profit or loss for the period, except to the extent that the tax arises from:

- a transaction or event which is recognised, in the same or a different period, to other comprehensive income, or
- a business combination.

1.8 Leases

The company assesses whether a contract is, or contains a lease, at the inception of the contract.

A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

In order to assess whether a contract is, or contains a lease, management determine whether the asset under consideration is "identified", which means that the asset is either explicitly or implicitly specified in the contract and that the supplier does not have a substantial right of substitution throughout the period of use. Once management has concluded that the contract deals with an identified asset, the right to control the use thereof is considered. To this end, control over the use of an identified asset only exists when the company has the right to substantially all of the economic benefits from the use of the asset as well as the right to direct the use of the asset.

In circumstances where the determination of whether the contract is or contains a lease requires significant judgement, the relevant disclosures are provided in the significant judgments and sources of estimation uncertainty section of these accounting policies.

Accounting Policies

1.8 Leases (continued)

Company as lessee

A lease liability and corresponding right-of-use asset are recognised at the lease commencement date, for all lease agreements for which the company is a lessee, except for short-term leases of 12 months or less, or leases of low value assets. For these leases, the company recognises the lease payments as an operating expense (note 18) on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Details of leasing arrangements where the company is a lessee are presented in note 12 Leases (company as lessee).

Right-of-use assets

Right-of-use assets are presented as a separate line item on the Statement of Financial Position.

Lease payments included in the measurement of the lease liability comprise the following:

- the initial amount of the corresponding lease liability;
- any lease payments made at or before the commencement date;
- any initial direct costs incurred;
- any estimated costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, when the company incurs an obligation to do so, unless these costs are incurred to produce inventories; and
- less any lease incentives received.

Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. However, if a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the company expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. Depreciation starts at the commencement date of a lease.

For right-of-use assets which are depreciated over their useful lives, the useful lives are determined consistently with items of the same class of property, plant and equipment. Refer to the accounting policy for property, plant and equipment for details of useful lives.

1.9 Impairment of assets

The company assesses at each end of the reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset.

Irrespective of whether there is any indication of impairment, the company also:

- tests goodwill acquired in a business combination for impairment annually.

The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. That reduction is an impairment loss.

An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in profit or loss. Any impairment loss of a revalued asset is treated as a revaluation decrease.

An entity assesses at each reporting date whether there is any indication that an impairment loss recognised in prior periods for assets other than goodwill may no longer exist or may have decreased. If any such indication exists, the recoverable amounts of those assets are estimated.

The increased carrying amount of an asset other than goodwill attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation other than goodwill is recognised immediately in profit or loss. Any reversal of an impairment loss of a revalued asset is treated as a revaluation increase.

Accounting Policies

1.10 Share capital and equity

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Ordinary shares are classified as equity. Mandatorily redeemable preference shares are classified as liabilities.

If the company reacquires its own equity instruments, the consideration paid, including any directly attributable incremental costs (net of income taxes) on those instruments are deducted from equity until the shares are cancelled or reissued. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the company's own equity instruments. Consideration paid or received shall be recognised directly in equity.

1.11 Share based payments

Goods or services received or acquired in a share-based payment transaction are recognised when the goods or as the services are received. A corresponding increase in equity is recognised if the goods or services were received in an equity-settled share-based payment transaction or a liability if the goods or services were acquired in a cash-settled share-based payment transaction.

When the goods or services received or acquired in a share-based payment transaction do not qualify for recognition as assets, they are recognised as expenses.

For equity-settled share-based payment transactions the goods or services received and the corresponding increase in equity are measured, directly, at the fair value of the goods or services received provided that the fair value can be estimated reliably.

If the fair value of the goods or services received cannot be estimated reliably, or if the services received are employee services, their value and the corresponding increase in equity, are measured, indirectly, by reference to the fair value of the equity instruments granted.

For cash-settled share-based payment transactions, the goods or services acquired and the liability incurred are measured at the fair value of the liability. Until the liability is settled, the fair value of the liability is re-measured at each reporting date and at the date of settlement, with any changes in fair value recognised in profit or loss for the period.

Market conditions and non-vesting conditions are taken into account when estimating the fair value of the cash-settled share-based payment.

If the share based payments granted do not vest until the counterparty completes a specified period of service, company accounts for those services as they are rendered by the counterparty during the vesting period, (or on a straight line basis over the vesting period).

If the share based payments vest immediately the services received are recognised in full.

For share-based payment transactions in which the terms of the arrangement provide either the entity or the counterparty with the choice of whether the entity settles the transaction in cash (or other assets) or by issuing equity instruments, the components of that transaction are recorded, as a cash-settled share-based payment transaction if, and to the extent that, a liability to settle in cash or other assets has been incurred, or as an equity-settled share-based payment transaction if, and to the extent that, no such liability has been incurred.

As an exception, when the company is obligated, in terms of tax legislation, to withhold an amount of employees' tax associated with an equity-settled share-based payment transaction (thus creating a net settlement feature), the full transaction is still accounted for as an equity-settled share-based payment transaction.

Accounting Policies

1.12 Employee benefits

Short-term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as paid vacation leave and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.

The expected cost of profit sharing and bonus payments is recognised as an expense when there is a legal obligation to make such payments as a result of past performance.

1.13 Provisions and contingencies

Provisions are recognised when:

- the company has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

The amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

Contingent assets and contingent liabilities are not recognised. Contingencies are disclosed in note .

1.14 Revenue from contracts with customers

The company recognises revenue from the following major sources:

- Fees received for travelling administration

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The company recognises revenue when it transfers control of a product or service to a customer.

1.15 Borrowing costs

All borrowing costs are recognised as an expense in the period in which they are incurred.

1.16 Translation of foreign currencies

Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in Rands, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

At the end of the reporting period:

- foreign currency monetary items are translated using the closing rate;
- non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction; and
- non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in profit or loss in the period in which they arise.

Cash flows arising from transactions in a foreign currency are recorded in Rands by applying to the foreign currency amount the exchange rate between the Rand and the foreign currency at the date of the cash flow.

Accounting Policies

1.16 Translation of foreign currencies (continued)

Investments in subsidiaries, joint ventures and associates

The results and financial position of a foreign operation are translated into the functional currency using the following procedures:

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- income and expenses for each item of profit or loss are translated at exchange rates at the dates of the transactions; and
- all resulting exchange differences are recognised to other comprehensive income and accumulated as a separate component of equity.

Exchange differences arising on a monetary item that forms part of a net investment in a foreign operation are recognised initially to other comprehensive income and accumulated in the translation reserve. They are recognised in profit or loss as a reclassification adjustment through to other comprehensive income on disposal of net investment.

The cash flows of a foreign subsidiary are translated at the exchange rates between the functional currency and the foreign currency at the dates of the cash flows.

Figures in Rand	2025	2024

2. New Standards and Interpretations

2.1 Standards and interpretations not yet effective

The company has chosen not to early adopt the following standards and interpretations, which have been published and are mandatory for the company's accounting periods beginning on or after 01 January 2026 or later periods:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
• IFRS 19 Subsidiaries without Public Accountability: Disclosures	01 January 2027	Unlikely there will be a material impact
• IFRS 18 Presentation and Disclosure in Financial Statements	01 January 2027	Unlikely there will be a material impact
• Amendments to IFRS 1 First-time Adoption of International Financial Reporting Standards.	01 January 2026	Unlikely there will be a material impact
• Amendments to IFRS 7 Financial Instruments: Disclosures	01 January 2026	Unlikely there will be a material impact
• Amendments to IFRS 9 Financial Instruments	01 January 2026	Unlikely there will be a material impact
• Amendments to IFRS 10 Consolidated Financial Statements	01 January 2026	Unlikely there will be a material impact
• Amendments to IAS 10 Statement of Cash flows	01 January 2026	Unlikely there will be a material impact

Reconciliation of deferred tax asset / (liability)

At beginning of year	-	-
Change in temporary difference on provisions	475,301	158,927
Change in temporary difference on prepayments	(1,443,059)	(288,154)
Change in temporary difference on income received in advance	213,598	580,681
Change in temporary difference on lease liability	51,164	(3,891)
Change in temporary difference on investment	(226,800)	-
Deferred tax asset not recognised	-	(447,563)
Change in assessed loss available for set off against future taxable income	4,247,439	-
Recognition of deferred tax asset previously not recognised	5,949,507	-
	9,267,150	**-**

Recognition of deferred tax asset

An entity shall disclose the amount of a deferred tax asset and the nature of the evidence supporting its recognition, when:

- the utilisation of the deferred tax asset is dependent on future taxable profits in excess of the profits arising from the reversal of existing taxable temporary differences; and
- the entity has suffered a loss in either the current or preceding period in the tax jurisdiction to which the deferred tax asset relates.

Deferred tax asset has now been recognised on the assessed loss as it is unlikely that this will be utilised over the next 12 months.

7. Trade and other receivables

Financial instruments:		
Trade receivables	4,624,990	11,546,575
Accrued income	418,491	523,263
Trade receivables at amortised cost	5,043,481	12,069,838
Other receivables	16,000	26,495
Non-financial instruments:		
VAT	2,220,519	1,111,904
Total trade and other receivables	**7,280,000**	**13,208,237**

Split between non-current and current portions

Current assets	7,280,000	13,208,237

7. Trade and other receivables (continued)

Financial instrument and non-financial instrument components of trade and other receivables

At amortised cost	5,059,481	12,096,333
Non-financial instruments	2,220,519	1,111,904
	7,280,000	**13,208,237**

Exposure to credit risk

Trade receivables inherently expose the company to credit risk, being the risk that the company will incur financial loss if customers fail to make payments as they fall due.

The credit quality of trade and other receivables that are neither past nor due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rates. Long standing trading relationships exist with most of the company's customers and the company reviews the credit history, predominantly based on its own records, on a cyclical basis. Based on this, the company considers the credit quality of all fully performing amounts as satisfactory.

There have been no significant changes in the credit risk management policies and processes since the prior reporting period.

A loss allowance is recognised for all trade receivables, in accordance with IFRS 9 Financial Instruments, and is monitored at the end of each reporting period. In addition to the loss allowance, trade receivables are written off when there is no reasonable expectation of recovery, for example, when a debtor has been placed under liquidation. Trade receivables which have been written off are not subject to enforcement activities.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

Exposure to currency risk

The net carrying amounts, in Rand, of trade and other receivables, excluding non-financial instruments, are denominated in the following currencies. The amounts have been presented in Rand by converting the foreign currency amount at the closing rate at the reporting date.

The net carrying amounts, in foreign currency of the above exposure was as follows:

Rand Amount		
US Dollar	526,464	381,661
Euro	-	(32,459)
	526,464	**349,202**

Rand per unit of foreign currency:		
US Dollar	16.570	18.870
Euro	19.460	19.539

Fair value of trade and other receivables

The fair value of trade and other receivables approximates their carrying amounts.

8. Prepayments

Prepayments consists of expenses relating to the provision of services paid in advanced to secure preferential rates and early confirmation from suppliers. Prepayments are not discounted and are recognised and subsequently measured at cost.

Notes to the Financial Statements

Cash and cash equivalents pledged as security

Total cash and cash equivalents pledged as security for bank facilities The Standard Bank of South Africa Limited has issued guarantees to some of the company's trade creditors totalling ZAR 554,175 (2024: ZAR 554,175).	554,175	554,175

The guarantees serve to secure credit terms with some of the company's suppliers and become payable on default. There have been no defaults during the current or any preceding period to date.

10. Share capital

Authorised		
5,000 Ordinary shares of ZAR 100 each	500,000	500,000
Issued		
5,000 Ordinary shares of ZAR 100 each	500,000	500,000

The company is a private company and accordingly the right to transfer its shares is restricted and any invitation to the public to subscribe for any shares or debentures of the company is prohibited.

11. Loans from group companies

Holding company

Travel Circle International (Mauritius) Ltd This loan comprises working capital loans issued as a result of the COVID-19 pandemic. The loan bears interest at 7.80% per annum. The loan is unsecured and has no fixed terms of repayment. The loan was repaid in full in the current financial year.	-	11,512,681

Exposure to currency risk

Loans from subsidiaries

The net carrying amounts, in Rand, of loans from subsidiaries, are denominated in the following currencies. The amounts have been presented in Rand by converting the foreign currency amount at the closing rate at the reporting date.

Foreign currency amount		
US Dollar	-	11,512,681

Figures in Rand	2025	2024

12. Leases (company as lessee)

Net carrying amounts of right-of-use assets

The carrying amounts of right-of-use assets are as follows:

PPE subject to operating lease arrangements	1,706,997	2,494,842

Interest and expenses related to the lease

Interest expense on lease liabilities	233,802	298,221
Depreciation	787,845	787,845

Lease liabilities

Lease liabilities have been included in the borrowings line item on the statement of financial position.

The maturity analysis of lease liabilities is as follows:

Within one year	893,321	747,297
Two to five years	1,105,066	2,067,812
	1,998,387	**2,815,109**
Non-current liabilities	1,105,066	2,067,812
Current liabilities	893,321	747,297
	1,998,387	**2,815,109**

13. Trade and other payables

Financial instruments:		
Trade payables	26,633,551	22,097,108
Brochure contributions	-	(8,439)
Accrued expense	2,045,899	2,352,446
Other payables	221,804	208,234
Non-financial instruments:		
Amounts received in advance	14,686,777	13,895,675
	43,588,031	**38,545,024**

Financial instrument and non-financial instrument components of trade and other payables

At amortised cost	28,901,254	24,649,349
Non-financial instruments	14,686,777	13,895,675
	43,588,031	**38,545,024**

Exposure to currency risk

The net carrying amounts, in Rand, of trade and other payables, excluding non-financial instruments, are denominated in the following currencies.

Figures in Rand	2025	2024

13. Trade and other payables (continued)

Rand Amount		
Rand	28,335,475	21,285,209
US Dollar	565,774	-
Euro	-	(344,547)
Yen	-	463,410
Other	-	70,052
	28,901,249	**21,474,124**

Fair value of trade and other payables

Credit purchases are accepted and, for the greater part, settled on normal trading terms, thus the carrying values reasonably approximate fair values.

14. Provisions

Reconciliation of provisions - 2025

	Opening balance	Additions	Utilised during the year	Total
Provision for assurance fees	542,410	577,910	(542,410)	577,910

Capital risk management

The company's objective when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholder and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the company consists of debt, which includes the borrowings (excluding derivative financial liabilities) disclosed in notes 13, cash and cash equivalents disclosed in note 10, and equity as disclosed in the statement of financial position.

In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholder, return capital to shareholder, issue new shares or sell assets to reduce debt.

There are no externally imposed capital requirements.

There have been no changes to what the entity manages as capital, the strategy for capital maintenance or externally imposed capital requirements from the previous year.

The capital structure and gearing ratio of the company at the reporting date was as follows:

Loans from group companies	11	-	11,512,681
Lease liabilities		1,998,387	2,815,109
Trade and other payables	13	43,588,026	38,545,023

Net borrowings		**26,610,015**	**41,381,694**
Equity		(3,915,476)	(21,877,975)
Gearing ratio		(680)%	(189)%

Figures in Rand	2025	2024

26. Financial instruments and risk management (continued)

Financial risk management

Overview

The company is exposed to the following risks from its use of financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk (currency risk, interest rate risk and price risk).

The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the company's financial performance. Risk management is carried out under policies approved by the directors.

Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

Credit risk exposure arising on cash and cash equivalents is managed by the group through dealing with well-established financial institutions with high credit ratings.

Trade receivables comprise a widespread customer base. Management evaluated credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratingsin accordance with limits set by the board.

The utilisation of credit limits is regularly monitored. Credit loss allowances for expected credit losses are recognised for all debt instruments.

The maximum exposure to credit risk is presented in the table below:

		2025			2024		
		Gross carrying amount	**Credit loss allowance**	**Amortised cost / fair value**	**Gross carrying amount**	**Credit loss allowance**	**Amortised cost / fair value**
Trade and other receivables	7	7,280,000	-	7,280,000	13,208,237	-	13,208,237
Cash and cash equivalents	9	18,976,398	-	18,976,398	11,491,119	-	11,491,119
		26,256,398	**-**	**26,256,398**	**24,699,356**	**-**	**24,699,356**

Liquidity risk

The company's risk to liquidity is a result of the funds available to cover future commitments. The company manages liquidity risk through an ongoing review of future commitments and credit facilities.

Cash flow forecasts are prepared and adequate utilised borrowing facilities are monitored.

Foreign currency risk

The company operates internationally and is exposed to foreign exchange rate risk arising from various currency exposures. The company minimises exposure by purchasing and selling services through the use of current foreign currency accounts the company holds in all the major currencies it trades in.

The company does not hedge foreign exchange fluctuations. At year end the following items are uncovered:

Figures in Rand		2025	2024

26. Financial instruments and risk management (continued)

Exposure in foreign currency amounts

The net carrying amounts, in foreign currency of the above exposure was as follows:
Foreign currency exposure:

Current assets:			
Trade and other receivables - USD	7	565,774	381,661
Trade and other receivables - EUR	9	-	(32,459)
CFC bank accounts - USD		-	3,675,516
CFC bank accounts - EUR		-	5,632
Current liabilities:			
Trade creditors - EUR	9	39	(344,547)
Trade creditors - CHF		-	463,410
Trade creditors - INR		-	70,052
Net foreign currency exposure		**565,813**	**4,219,265**
Non-current liabilities:			
Loan from group companies	11	-	(11,512,681)

Exposure in foreign currency amounts

The net carrying amounts, in foreign currency of the above exposure was as follows:

Exchange rates

Rand per unit of foreign currency:		
USD	16.570	18.870
EUR	19.461	19.539
AED	4.511	5.137
CHF	20.915	20.822
INR	0.184	0.220

Interest rate risk

The company is exposed to interest rate risk in South Africa and Namibia. The company does not make use of interest rate derivatives and is therefore only exposed to variable interest rates.

Change in market interest rates affect the interest income of non-derivative variable interest rate financial instruments, the interest payments are of which are not designated as hedged items of cash flow hedges against interest rate risks. As a consequence, they are included in the calculation of the income related sensitivity.

Figures in Rand	2025	2024

26. Financial instruments and risk management (continued)

Interest rate sensitivity analysis

The following sensitivity analysis has been prepared using a sensitivity rate which is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. All other variables remain constant. The sensitivity analysis includes only financial instruments exposed to interest rate risk which were recognised at the reporting date. No changes were made to the methods and assumptions used in the preparation of the sensitivity analysis compared to the previous reporting period.

Note: There is no Profit and Loss account from Jan 1, 2012 as the business of Reem Tours and Travels LLC has been integrated into Desert Adventures Tourism LLC.

The notes on page 2-4 are an integral part of these financial statements.

Reem Tours & Travels LLC

Notes

(forming part of the financial statements)

1 Reporting entity

Reem Tours & Travels LLC is a limited liability company registered with the Department of Economic Development, Government of Dubai.

The registered office of the Reem Tours & Travels LLC is P.O. Box No. 6655, Dubai, United Arab Emirates.

The authorised and fully paid up share capital of the Company is U.A.E. Dirham 300,000 divided into 100 shares of U.A.E. Dirham AED 3,000.

SHARE HOLDINGS

The shareholding pattern of the Company as at 31st December 2025 and 31st December 2024 is as follows:

Name of the shareholder	Shareholding %
Travel Circle International (Mauritius) Limited	100%

The ultimate parent and ultimate controlling party of the Company is Fairfax Financial Holdings Limited, a company registered in Toronto, Ontario, Canada.

2) Basis of accounting

a) Statement of compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRSs") as issued by International Accounting Standards Board (IASB) and the preparation requirements of the UAE Federal Law No. (2) of 2015.

b) Basis of measurement

The financial statements have been prepared on the historical cost basis.

c) Functional and presentation currency

The financial statements are presented in United Arab Emirates Dirham ("AED"), which is the Company's functional currency.

d) Use of estimates and judgments

The preparation of the financial statements in conformity with IFRS requires management to

make judgments and estimates that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

3(a) Changes in significant accounting policies

The Company has initially applied IFRS 15 and IFRS 9 from 1 January 2018. A number of other new standards are also effective from 1 January 2018 but they do not have any material effect on the Company's financial statements.

Application of IFRS-9 and IFRS-15 did not have any material financial impact on the Company's financial statements.

3(a).2 *IFRS 9 Financial Instruments*

IFRS 9 sets out requirements for recognizing and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaces IAS 39 Financial Instruments: Recognition and Measurement.

As a result of the adoption of IFRS 9, the Company has adopted the consequential amendments to IAS 1 Presentation of Financial Statements, which require the charge for impairment of financial assets to be presented in a separate line item in the statement of profit or loss and OCI. Previously, the Company's approach was to include the impairment of trade receivables in administrative and general expenses.

(i) Classification and measurement of financial assets and financial liabilities

IFRS 9 contains three principal classification categories for financial assets: measured at amortized cost, fair value through other comprehensive income (FVOCI) and fair value through profit and loss account (FVTPL). The classification of financial assets under IFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. IFRS 9 eliminates the previous IAS 39 categories of held to maturity, loans and receivables and available for sale.

IFRS 9 largely retains the existing requirements in IAS 39 for the classification and measurement of financial liabilities.

The application of IFRS 9 has not had any material financial impact effect on the Company's financial statements.

(ii) Impairment of financial assets

IFRS 9 replaces the 'incurred loss' model in IAS 39 with an 'expected credit loss' (ECL) model. The new impairment model applies to financial assets measured at amortized cost, contract assets and debt investments at FVOCI, but not to investments in equity instruments. Under IFRS 9, credit losses are recognized earlier than under IAS 39.

For assets in the scope of the IFRS 9 impairment model, impairment losses are generally expected to increase and become more volatile. The Company has determined that the application of IFRS 9's impairment requirements at 1 January 2018 did not have any material financial impact on the allowance for impairment.

Transition

Changes if any, in accounting policies resulting from the adoption of IFRS 9 have been applied retrospectively.

3(b) Significant accounting policies

The Company has consistently applied the accounting policies set out below to all periods presented in these financial statements.

Financial instruments
Recognition and initial measurement

Trade receivables are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

Financial assets – Policy applicable from 1 January 2018

On initial recognition, a financial asset is classified as and measured at: amortized cost; FVOCI – debt investment; FVOCI – equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

3(b) Significant accounting policies (continued)

Financial instruments (continued)

Classification and subsequent measurement (continued)

Financial assets – Policy applicable from 1 January 2018 (continued)

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets – Subsequent measurement and gains and losses: Policy applicable from 1 January 2018

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are never reclassified to profit or loss.

Financial assets – Policy applicable prior to 1 January 2018

The Company has classified its financial assets into one of the following categories:

- loans and receivables;
- held to maturity;
- available for sale; and
- at FVTPL, and within this category as:
    - held for trading;
    - derivative hedging instruments; or
    - designated as at FVTPL.

3(b) Significant accounting policies (continued)

Financial instruments (continued)

Classification and subsequent measurement (continued)

Financial assets – Subsequent measurement and gains and losses: Policy applicable prior to 1 January 2018 (continued)

Financial assets at FVTPL	Measured at fair value and changes therein, including any interest or dividend income, were recognized in profit or loss.
Held-to-maturity financial assets	Measured at amortized cost using the effective interest method.
Loans and receivables	Measured at amortized cost using the effective interest method.
Available-for-sale financial assets	Measured at fair value and changes therein, other than impairment losses, interest income and foreign currency differences on debt instruments, were recognized in OCI and accumulated in the fair value reserve. When these assets were derecognized, the gain or loss accumulated in equity was reclassified to profit or loss.

Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

Derecognition

Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company enters into transactions whereby it transfers assets recognized in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognized.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognized at fair value.

3(b) Significant accounting policies (continued)

Financial instruments (continued)

Derecognition (continued)

Financial liabilities(continued)

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Impairment

Non-derivative financial assets - Policy applicable from 1 January 2018

Financial instruments

The Company recognizes loss allowances for Expected Credit Losses (ECLs) on financial assets measured at amortized cost.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables and due from related parties are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on trade receivables has increased significantly if it is more than 90 days past due i.e. 120 days from the invoice date.

The Company considers trade receivables to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realizing security (if any is held); or
- the financial asset is more than 90 days past due

3(b) Significant accounting policies (continued)

Impairment (continued)

Non-derivative financial assets - Policy applicable from 1 January 2018 (continued)

Financial instruments (continued)

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:
- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise; or
- it is probable that the borrower will enter bankruptcy or other financial reorganization

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company has a policy of writing off the gross carrying amount when the financial asset is past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

3(b) Significant accounting policies (continued)

Impairment (continued)

Non-derivative financial assets - Policy applicable from 1 January 2018 (continued)

Financial instruments (continued)

Financial assets not classified as at FVTPL were assessed at each reporting date to determine whether there was objective evidence of impairment.

Objective evidence that financial assets were impaired included:
- default or delinquency by a debtor;
- restructuring of an amount due to the Company on terms that the Company would not consider otherwise;
- indications that a debtor or issuer would enter bankruptcy;
- adverse changes in the payment status of borrowers or issuers;
- observable data indicating that there was a measurable decrease in the expected cash flows from a Company of financial assets.

Financial assets measured at amortized cost

The Company considered evidence of impairment for these assets at both an individual asset and a collective level. All individually significant assets were individually assessed for impairment. Those found not to be impaired were then collectively assessed for any impairment that had been incurred but not yet individually identified. Assets that were not individually significant were collectively assessed for impairment. Collective assessment was carried out by Companying together assets with similar risk characteristics.

In assessing collective impairment, the Company used historical information on the timing of recoveries and the amount of loss incurred, and made an adjustment if current economic and credit conditions were such that the actual losses were likely to be greater or lesser than suggested by historical trends.

An impairment loss was calculated as the difference between an asset's carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses were recognized in profit or loss and reflected in an allowance account. When the Company considered that there were no realistic prospects of recovery of the asset, the relevant amounts were written off. If the amount of impairment loss subsequently decreased and the decrease was related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss was reversed through profit or loss.

3(b) Significant accounting policies (continued)

Impairment (continued)

Non-derivative financial assets - Policy applicable from 1 January 2018 (continued)

Non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets, investment property and inventories to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognized whenever the carrying amount of the asset exceeds the recoverable amount. Impairment losses, if any, are recognized in the statement of profit or loss.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment losses are recognized in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognized in profit or loss.

Impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognized.

SURAT PERNYATAAN DIREKSI
TENTANG TANGGUNG JAWAB ATAS
LAPORAN KEUANGAN
PT ASIAN TRAILS INDONESIA
TANGGAL 31 DESEMBER 2025
DAN UNTUK TAHUN YANG BERAKHIR
PADA TANGGALTERSEBUT

Saya yang bertanda tangan di bawah ini:

Nama	: Bjorn Schimanski
Alamat Kantor	: Jl. Bypass Ngurah Rai No. 260 Sanur Denpasar - Bali 80228
Alamat Rumah	: Jl. Betngandang I No. 6E, Sanur Kauh, Denpasar Selatan - Bali
Jabatan	: Direktur

Menyatakan bahwa:

1. Bertanggung jawab atas penyusunan dan penyajian laporan keuangan PT Asian Trails Indonesia ("Perusahaan").
2. Laporan keuangan Perusahaan telah disusun dan disajikan sesuai dengan Standar Akuntansi Keuangan di Indonesia.
3. a. Semua informasi dalam laporan keuangan Perusahaan telah dimuat secara lengkap dan benar.
   b. Laporan keuangan Perusahaan tidak mengandung informasi atau fakta material yang tidak benar, dan tidak menghilangkan informasi atau fakta material.
4. Bertanggung jawab atas sistem pengendalian internal dalam Perusahaan.

Demikian pernyataan ini dibuat dengan sebenarnya.

BOARD OF DIRECTORS' STATEMENT LETTER
REGARDING THE RESPONSIBILITY FOR
THE FINANCIAL STATEMENTS
PT ASIAN TRAILS INDONESIA
AS OF DECEMBER 31, 2025
AND FOR THE YEAR THEN ENDED

I, the undersigned:

Laporan Auditor Independen

Laporan No. 00412/2.0851/AU.1/05/0272-1/1/V/2026

Pemegang Saham, Dewan Komisaris dan Direksi

PT Asian Trails Indonesia

Opini

Kami telah mengaudit laporan keuangan PT Asian Trails Indonesia ("Perusahaan"), yang terdiri dari laporan posisi keuangan tanggal 31 Desember 2025, serta laporan laba rugi dan penghasilan komprehensif lain, laporan perubahan ekuitas, dan laporan arus kas untuk tahun yang berakhir pada tanggal tersebut, serta catatan atas laporan keuangan, termasuk informasi kebijakan akuntansi material.

Menurut opini kami, laporan keuangan terlampir menyajikan secara wajar, dalam semua hal yang material, posisi keuangan Perusahaan tanggal 31 Desember 2025, serta kinerja keuangan dan arus kasnya untuk tahun yang berakhir pada tanggal tersebut, sesuai dengan Standar Akuntansi Keuangan Indonesia.

Basis Opini

Kami melaksanakan audit kami berdasarkan Standar Audit yang ditetapkan oleh Institut Akuntan Publik Indonesia. Tanggung jawab kami menurut standar tersebut diuraikan lebih lanjut dalam paragraf Tanggung Jawab Auditor terhadap Audit atas Laporan Keuangan pada laporan kami. Kami independen terhadap Perusahaan berdasarkan ketentuan etika yang relevan dalam audit kami atas laporan keuangan di Indonesia, dan kami telah memenuhi tanggung jawab etika lainnya berdasarkan ketentuan tersebut. Kami yakin bahwa bukti audit yang telah kami peroleh adalah cukup dan tepat untuk menyediakan suatu basis bagi opini audit kami.

Independent Auditor's Report

Report No. 00412/2.0851/AU.1/05/0272-1/1/V/2026

The Shareholders, the Boards of Commissioner and Directors

PT Asian Trails Indonesia

Opinion

We have audited the financial statements of PT Asian Trails Indonesia (the "Company"), which comprise the statement of financial position as at December 31, 2025, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2025, and its financial performance and its cash flows for the year then ended, in accordance with Indonesian Financial Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing established by the Indonesian Institute of Certified Public Accountants. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements paragraph of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Indonesia, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

The original report included herein is in the Indonesian language.

Hal Lain

Laporan keuangan Perusahaan pada tanggal 31 Desember 2024 dan untuk tahun yang berakhir pada tanggal tersebut diaudit oleh auditor independen lain yang menyatakan opini tanpa modifikasian atas laporan keuangan tersebut pada tanggal 17 Maret 2025.

Other Matter

The Company's financial statements as at December 31, 2024 and for the year then ended were audited by another independent auditor who expressed an unmodified opinion on the financial statements on March 17, 2025.

Tanggung Jawab Manajemen dan Pihak yang Bertanggung Jawab atas Tata Kelola terhadap Laporan Keuangan

Manajemen bertanggung jawab atas penyusunan dan penyajian wajar laporan keuangan tersebut sesuai dengan Standar Akuntansi Keuangan Indonesia, dan atas pengendalian internal yang dianggap perlu oleh manajemen untuk memungkinkan penyusunan laporan keuangan yang bebas dari kesalahan penyajian material, baik yang disebabkan oleh kecurangan maupun kesalahan.

Dalam penyusunan laporan keuangan, manajemen bertanggung jawab untuk menilai kemampuan Perusahaan dalam mempertahankan kelangsungan usahanya, mengungkapkan, sesuai dengan kondisinya, hal-hal yang berkaitan dengan kelangsungan usaha, dan menggunakan basis akuntansi kelangsungan usaha, kecuali manajemen memiliki intensi untuk melikuidasi Perusahaan atau menghentikan operasi, atau tidak memiliki alternatif yang realistis selain melaksanakannya.

Pihak yang bertanggung jawab atas tata kelola bertanggung jawab untuk mengawasi proses pelaporan keuangan Perusahaan.

Responsibilities of Management and Those Charged with Governance for the Financial Statements
